Believe it or not, as they stood at the foot of the cross, the original disciples who walked in close companionship with Jesus knew nothing of the real mission of the man they followed. They did not realize who Christ was, why He came, why He had to suffer, and what was to be gained by His suffering. They did not know what happened on the cross, or during the three days and nights in the tomb before His resurrection. They did not know why the incarnation was important, or that it even was an incarnation. All they could see was the undeserved suffering of their friend and rabbi. Now, legendary Bible teacher E. W. Kenyon reveals hidden truths there were not fully understood until the Pauline Revelation of the Epistles. Until God revealed these truths to the apostle Paul, no one understood why Christ came...why His death on the cross was necessary...or what exactly occurred in the tomb. They did not comprehend the good news: that because of these events, we now become the righteousness of God, people who can stand in God's presence without a sense of guilt, shame, or inferiority. This is the miracle of redemption and the miracle of New Creation. It is the confidence to overcome the devil, to heal disease, and to call Lazarus out of the tomb. To this day, far too many believers share the disciple's view of Jesus: a biographical account of the things He did, the words He spoke, and the suffering He endured. Because of this limited revelation, their Christian faith will experience the same fears and doubts the disciples were left with the day Jesus was crucified. Like the apostles at Pentecost, we must move beyond sense knowledge and into the Spirit realm. We must move beyond religion and into a living and active truth if we are to truly walk in a powerful and overcoming faith.

"The instant a man knows that he is the righteousness of God in Christ, and knows what that righteousness means, Satan is defeated." --E. W. Kenyon In this classic Christian work, legendary Bible teacher E. W. Kenyon fully describes biblical righteousness. The church has been good at teaching about man's need of righteousness, his weakness and his inability to please God. But far too many believers remain in that shameful state of sin condemnation because the church has neglected to proclaim who we are in Christ, that righteousness is not reserved for someday in heaven--it is available to us now! Unless you know who you are, and what you are in Christ, you cannot live a victorious life; Satan, sin, and disease will be your masters. Righteousness is the ability to stand in the presence of God without any sense of guilt or inferiority. If you live a life of weakness and defeat, it is because you do not know what you are in Christ. The supreme need of the church at this hour is to know who we are in Christ, to fully comprehend how the Father Himself looks upon us, and to walk in the knowledge that righteousness can be ours today.

An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. "Written by three experts in the field, *Deep Learning* is the only comprehensive book on the subject." —Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX  
Deep learning is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models, autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. *Deep Learning* can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.

What does Identification mean? It means our complete union with Jesus in His substitutionary sacrifice. The teaching of Identification is the "legal" side of redemption. It unveils to us what God did for us in Christ from the time He went to the cross until He sat down at the right hand of the Father. Christ became one with us in sin so that we might become one with Him in righteousness. He became as we were so that we might be as He is now. In identification, we have one of the richest phases of redemption. There is a twofold oneness: first, His oneness with our sin and humanity on the cross; second, our oneness with Him in His glory on the throne. These teachings unveil who we are in Christ and how the Father sees us in the Son. The vital aspect of redemption is what the Holy Spirit, through the Word, is doing in us now. When these truths really gain the ascendancy in our lives, they will make us spiritual "supermen." It will be the end of our spiritual weakness and failure. We will no longer struggle for faith, for all things are already ours. We will no longer pray for power, for Christ is in us. We will no longer feel the awful bondage of sin-consciousness, for we are the righteousness of God in Christ.
