Many people today feel trapped and unsatisfied with the way their lives are going, but those who do can take heart. Daniel Cleland is living proof that you can have it all-adventure, spiritual health, emotional fulfillment, and business success-if you are open to unique experiences, prepared to take risks, and willing to ignore the limits that you have imposed on yourself. Daniel's fearless curiosity and entrepreneurial vision carried him deep into the Peruvian jungle, a world away from his native Ontario and farther from the mundane than he ever thought possible. In the Amazon rain forest, he participated in shamanic rituals involving the powerful medicinal plant ayahuasca. The insights and enlightenment he gained awakened him to new commercial as well as spiritual opportunities and led him to create the Ayahuasca Adventure Center and Pulse Tours in the jungle's heart. PULSE OF THE JUNGLE is Daniel's fascinating chronicle of cultural immersion and bold innovation, coupled with enlightening stories of colleagues, artists, and others who also sought and achieved profound change in their lives. It will educate, enthrall, entertain, and illuminate while encouraging readers to embark on their own transformative life journeys.

journeying to the spirit world, interacting with spirit guides, and performing soul retrievals? This book is Paul J. McAllister's answer to that question. What makes the book interesting is that, unlike many how-to shamanic books, *My Journeys To The Spirit World* focuses on the author's personal journeying experiences. Between June 2011 and June 2013 the author made approximately 200 journeys to the spirit world; journaling each visit immediately after it occurred. This book presents the thirty plus most memorable journeys. It includes details of his interactions with power animals and spirit guides, the intentions for each journey, and the beneficial results of contacting the spirit world. In Chapter One the author describes initial spirit contacts he had while vacationing in Hawaii in 2011. Back on the mainland two weeks later, Paul was awakened from a sound sleep by Hawaiian spirits and given the opportunity to follow a new path. He accepted their invitation. In Chapter Two, the author briefly describes his personal spiritual quest. Following Catholicism into adulthood, the author's life took a turn into alternative spiritual ideas including years spent studying Rosicrucianism, Buddhism, Transcendental Meditation, the Order of the Golden Dawn, and ultimately shamanic practice. Chapter Three relates how he began journeying on his own. The author describes purchasing *Awakening to the Spirit World* by Sandra Ingeman and Hank Wesselman, reading their instructions on journeying, and using the accompanying CD to journey easily into and out of the spirit world. After several months, he decided to verify his experiences and signed up for a class titled

"Introduction to Shamanic Journeying" by Lauren Torres, a certified teacher of shamanic practices. Chapters Four and Five describe the author's success in confirming his own experiences through that training. Paul describes his journeys during four shamanic training courses as well as his own personal journeys during this timeframe. The author uses Chapter Six as an introduction to the process of healing by describing his experiences during three years as a practitioner of chakra healing. This chapter also sets the stage for discussions of soul retrievals and soul retrieval training which are covered in Chapter Seven. Chapter Eight describes four soul retrievals and includes positive post retrieval comments from each of the clients. Chapter Nine discusses the use of drums, rattles, dreams, omens, other forms of divination, and how these tools compliment healing and soul retrievals. Chapter Ten focuses on a discussion of our outmoded definition of reality, the fact that journeying is the inherent right of all human beings, and how journeying will help us discover our individual purpose which in turn will help us implement the destiny of all humanity. My Journeys To The Spirit World, is not a dry, intellectual approach to shamanic journeying. Rather it is an exciting, sometimes emotional retelling of the author's personal view of the journeying process. It is the wonderful culmination of a life long spiritual search. A profound and in-depth dialog of Spirit-guided insights describing the nature of the soul essence and presenting imaginative, practical tools to transform human dramas. Addressing commonly asked questions, Opening a Window to the Soul

presents a unique way to understand how the world operates, heal painful emotions, get along with difficult people, and clear unhealthy patterns. With potent examples from the author's personal journey as well as client sessions, the messages are compassionate, enlightening and universally applicable. Topics include: the nature of the soul essence; what's between lives; soul memories, emotions, ego, and creative thought as aspects of the Earth Suit; how past life experiences impact present time; the soul family as relating to childhood and karmic agreements; love relationships and soul mates; working with the Spirit team (soul family guides) and soul purpose.

Her first book, *Cosmic Journeys*, described a visitation that she had in her earlier life by an energy form that she calls Radiant Lady. When Radiant Lady first appeared forty years ago, she said nothing, leaving McKnight wondering about the purpose of her visit. In 2003, Radiant Lady suddenly reappeared, announcing to McKnight that they had a mission to accomplish together. Radiant Lady acts as "tour guide" into other dimensions where McKnight meets non-physical energies who share their own personal experiences of the dimensions which they inhabit. Gus is a very curious indoor cat that just wants a taste of the outdoors. He finds out in this story that he may be in for more than he bargained for. This story was inspired by the antics of our very own cat who was able to sneak outside on more than one occasion. It was born when our children would ask if he was okay, and if he would return. We often talked about the fun adventures he was probably having, but it also provided the opportunity to talk about loss at the child's pace. This wonderfully illustrated book follows Gus in his adventure. This book is great for kid's imaginations and can be a good tool to help cope with a lost pet.

While in a state of despair after the death of his brother, the author is visited by Acharya, an Indian mystic. Using astral projection, Acharya takes him out of the physical world onto the astral planes of the 'afterlife'. Each astral plane teaches something new about life and death, karma and the ego. Through a series of meetings with the 'dead' – including his brother – the author comes to realise how irrational it is to fear death. Through his teaching, Acharya opens up a whole vision of life in the world that follows this, a world where anything is possible. Based on notes taken immediately following out-body experiences, this book is both enlightening and absorbing. It gives the reader a direct insight into the unknown mysteries of life and death.

A meditation on that intangible part of ourselves that we call the Soul. In a series of short poems, written in a spare and simple but compressed style, Nicki Leonie takes us through the development of the Soul, starting out as a blank canvas and gaining form and colour as we change and grow as humans. We see the dangers that come from living without feeling, learning or understanding. Beside each poem is a photograph of a landscape - trees, rivers, waterfalls - showing the Soul's natural affinity with the poetry of the natural world.

dynamics of Love that deeply affect the Black community. This collection fosters a myriad of experiences that celebrate and highlight the significance of Black Love as a catalyst for revolution, freedom, and unity. These experiences range from spirituality, activism, the power of music, sweet romance, and empowerment to stigmas and trauma plaguing our community. Black Love Matters: A Journey of Soul Stories include "Congratulations," a soul story about a young woman who is deeply hurt because the Love of her life chose to marry another, which causes her to make a conscious decision to undergo the process of healing so that she may love freely. The preface of this collection is dedicated to Prince Rogers Nelson-his brilliance and passion in his art is a reflection of pure magic and Love. Thus, sparking inspiration to pen this collection to urge people of African descent to remember the beauty and power of Black Love-that it is revolutionary and that it matters.

This book is designed as a workbook to help you overcome self defeating behavior. It explores some of the ways that you may have contracted the limiting, deep seated beliefs that are keeping you stuck in negative patterns. It is presented in a humorous and somewhat sagacious way, which gets "in your face" and makes you think. This work touches on many of the world religions, just enough to help you understand how they, along with parental and peer pressures

have led you to think and act the way you do. It also looks at the possibility of soul choices and karma and even alien influences as a reason for your actions. Above all it gives you tools you can use to rethink your deepest beliefs thereby recreate your reality, regardless of where it came from.

The Adventure of I is one of the most complete, logical and practical books written about the power of the human mind, Universal Consciousness, the Laws and Principles of the Universe, and your ability to direct your mind and create the life you desire with the power of your will. This book will take you on a journey to the centre of your reality where you will discover the mighty I within, and in so doing, you will come to understand just what is meant by the greatest maxim of all time, 'Know Thyself'. It is unlike other books on the subject in that it is founded on what is called Top-Down-Living, which is to live life from the higher vantage point of your Real Self. Only by raising your degree of consciousness above the Physical Plane of your physical experience and the Mental Plane of your thoughts, desires and emotions, can you have directive power over them. Trying to change your physical experience at the degree of consciousness of the physical you is akin to manipulating an already printed photograph and expecting the changes to be reflected when you print it out again from the original negative. The Adventure of I teaches you how to change the 'original' so as to create lasting change in your life. You will gain an unparalleled understanding of the underlying mental nature of the Universe and how your mind creates your reality

through It. You will discover the masculine and feminine principles of your mind and how they work together for the same purpose that is creation. You will learn precisely why your mind must, by definition, be one and the same with the One Universal Mind of The Absolute in Its entirety, for which nothing is impossible. You will learn about the seven Universal Laws and other Principles that govern everything and everyone in the Universe, and how to use the Higher Laws to master the Lower Laws and transcend the influence of polarity and rhythm in your life. You will learn practical techniques for consciously creating your experience of reality, one desire at a time, under the direction of your will and the knowing of your intuition. You will discover long-lost secrets about the nature of the Universe and your mind's central place within Its Omnipotence, and much more. Ultimately, The Adventure of I will empower you to utter the most profound statement, 'I AM I', with full authority, and in so doing, you will become the master of your destiny.

Excerpt: "Dan - ad astra!" Dan heard the order. Ad astra. To the stars. It was a toast the two of them had shared back in college, when they first stepped onto the roads which would lead them into space. It had been John's idea to use the toast as a code word now. Dan didn't even take a deep breath before executing the order. He'd practiced this with Majel enough times in the simulator - not the part about having a gunman in the bridge, but if that order was ever given, it would be a true crisis. He checked the screen again. Visual range in only fifteen seconds. No time for anything else. He rapidly initiated the program, said a quick prayer, and pressed the Enter button on his keyboard. Immediately, the ship began to shudder. This book is a heavily revised second edition of the original volume. The story length has been increased by about 60%, adding enormously more background to the characters and deepening of the personality of the world and crew. If you've already read the first edition, you won't need to read this version to catch up - but fans of the series are sure to enjoy this expanded and improved "Author's Preferred Edition"!
