

Against The Law The Classic Account Of A Homosexual In 1950s Britain

Philosophy of Law provides a rich overview of the diverse theoretical justifications for our legal rules, systems, and practices. Utilizes the work of both classical and contemporary philosophers to illuminate the relationship between law and morality Introduces students to the philosophical underpinnings of International Law and its increasing importance as we face globalization Features concrete examples in the form of cases significant to the evolution of law Contrasts Anglo-American law with foreign institutions and practices such as those in China, Japan, India, Ireland and Canada Incorporates diverse perspectives on the philosophy of law ranging from canonical material to feminist theory, critical theory, postmodernism, and critical race theory

Excerpt from A Treatise on the Law of Marine Collisions To the average practitioner it matters little by what mental processes an author is induced to pursue any given line of investigation, so long as the results of his labor are embodied in practical form, are accurate in detail, and are to be relied on as stating the law. I shall therefore make no apology for presenting to the public this

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

treatise on the law of Marine Collisions. The importance of the subject-matter, the pleasure I have derived in pursuing this line of investigation, are the only justification offered. I have endeavored to state what the general maritime law governing the navigation of shipping is, rather than what it should be, as viewed from my point of observation. I have, however, had occasion in a few instances to dissent from the established canons of the courts, where it has appeared to me the reasons for the same are obsolete, and that a different rule would be better. In all instances, how ever, I have stated what the weight of authority is, and have endeavored not to create confusion by substituting my own views for those entitled to greater consideration. Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human*

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

With over sixty cases as support, this text presents the philosophy of law as a perpetual series of debates with overlapping lines and cross connections. Using law as a focus to bring into relief many social and political issues of pressing importance in contemporary society, this book encourages readers to think critically and philosophically. *Classic Readings and Cases in the Philosophy of Law* centers on five major questions: What is law? What, if any, connection must there be between law and morality? When should law be used to restrict the

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

liberty of individuals? To what extent should democratic states permit civil disobedience? What, if anything, justifies the infliction of punishment on those who violate the law? The extensive anthology of cases covers the mundane to the grandest of constitutional issues, including controversial topics like ownership of genetic material, capital punishment, and gay rights. Brief introductions to each case describe the central issue being litigated, the legal reasoning of the justices—both majority and dissenting—the decision of the court, and its philosophical significance.

Excerpt from A Practical Treatise on the Law of Covenants for Title Since the publication of the last edition, the law upon the subject of this treatise has been much amplified by judicial decision, and important legislation has been enacted upon the subjects of implied covenants for title, the form of covenants, covenants by married women, covenants running with the land, and the operation of covenants by way of estoppel. The last subject has, in particular, been carefully reconsidered in the eleventh chapter, and it is believed that a more comprehensive view of the law is now presented. This growth of the subject has required the introduction of much new matter, but as the old has been condensed, the size of the volume is not increased. To his former pupil, Mr. Charles Chauncey Binney, as also in part to Mr. Frederick M. Leonard, the author

Shang, Yang. *The Book of Lord Shang. A Classic of the Chinese School of Law.* Translated from the Chinese with Introduction and Notes by Dr. J.J.L.

Duyvendak. London: Arthur Probsthain, 1928. xiv, 346 pp. Reprinted 2003 by The Lawbook Exchange, Ltd. LCCN 2002024318. ISBN 1-58477-241-7. Cloth. \$80. * Reprint of Volume XVII in Probsthain's Oriental Series. With a Chinese index and an index of names and references. The Book of Lord Shang was probably compiled sometime between 359 and 338 BCE. Along with the Han Fei-Tzu, it is one of the two principal sources of Legalism, a school of Chinese political thought. Legalism asserts that human behavior must be controlled

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

through written law rather than through ritual, custom or ethics because people are innately selfish and ignorant. The law is not effective when it is based on goodness or virtue; it is effective when it compels obedience. This is essential to preserve the stability of the State. Roscoe Pound recommended this book for the study of old Chinese law in *Outlines of Lectures on Jurisprudence* (5th ed.) 235. Excerpt from *A Treatise on the Law of Personal Property* The object of the present edition has been two-fold, namely To eliminate entirely from the original work so much of its text as is inapplicable in the United States, and to supply, instead, a further presentation, upon the latest authorities, English and American, of the law of the subjects treated of in the retained text, together with that of sundry topics of importance not therein discussed. The few notes which have been retained are, as indicated by the initials G. W, the work of the learned editors of the last edition of *Williams on Personal Property*, Messrs. Gerhard and Wetherill, of the Philadelphia bar. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from A Treatise on the Law of Railroads, Vol. 8 In using the table Of cases, it should be borne in mind that courts and text-books sometimes cite cases with the full name of the railroad corporation, sometimes with the brief or popular name, and often merely as Railroad. SO far as possible, different citations Of the same case, from different sources, have been placed under the full and proper name of the road; but as it has not been always practicable to trace up the cases inadequately cited, the reader who cannot find the case he seeks under its full title, will do well to look also under the word Railroad. Excerpt from Treatise on the Law of Executions The necessity for and utility of a work on so important a branch of the Law, as that relating to final process, has often occurred to the Author in his practice. The only reason that suggested itself to his mind why a work of this kind had not been published, was, that the means for the enforcement of all final adjudications,

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

were, in the United States as in England, governed solely by local Statutes. As each State had its own code and mode of procedure, so it had its own mode of enforcing final process; and such modes were so varied, so unlike, that it would be almost an impossibility to harmonize and systematize the adjudications. The Author, having occasion to examine many cases relating to this branch of the Law, was surprised at the similarity and unanimity. Of the decisions, and upon further investigation he ascertained, that the diversity in the Statute Laws of England and the various. Excerpt from A Treatise on the Law of Real Property The author gladly gives credit to the legal writers and authorities on whom he has always based his work as a student and teacher as well as a writer. For that part of the work devoted to the history of the law of real property and the common law of England, special credit is due to Digby's History of the Law of Real Property, and Williams Real Property. Most of the lists of cases used as the basis of the work were drawn from the American and English Cyclopaedia of Law, Cyc., Washburn on Real Property, and the admirable and more extensive works on real property by Professor Tiffany and Professor Reeves. These cases were examined and the notes taken therefrom became

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

the basis of the text. Professor Gray's cases on property have been the basis of the author's work as student and teacher, and have been drawn from freely in this work. His work on Perpetuities, together with his cases on that topic, constitute the basis of the chapter on Perpetuities. Special credit is also due Professor Tiffany's comprehensive and scholarly work on Landlord and Tenant. Wm. F. Walsh. New York University Law School. November, 1915. Excerpt from Treatise on the Law of Evidence, Vol. 2 Civil actions, when considered with reference to the nature of the injury suffered, or of the remedy sought, are commonly distributed into the three several kinds of real, personal, and mixed. Real actions, as they are seldom resorted to in the present day, are not included within the design of this treatise; and

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

the only mixed action, which will be considered, is the action of Ejectment. The other class, consisting of personal actions. Is far the most numerous, and these are usually divided into such as are founded on tort or wrong, independently of any contract. Of the first kind, the actions, here treated of, are actions of assumpsit, covenant, and debt. Of the latter kind, are sections on the Case, Replevin, and Trespass. Only a few of this class of actions on the Case have been selected for discussion; those selected are the actions for Defamation. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. PHILOSOPHY OF LAW examines such topics as the concept of law, the dispute between natural law theorists and legal positivists, the relations between law and morality, criminal responsibility and legal punishment, rights of the individual against the state, justice and equality, and legal evidence as compared with scientific evidence. Readings, selected from both philosophy and law journals, include classic texts, contemporary theoretical developments and well-known current court cases.

This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society. This second edition expands the previous volume by adding additional statements. Included are commentaries on Edward A. Ross's *Social Control: A*

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

Survey of the Foundations of Order, Karl N. Llewellyn's Jurisprudence: Realism in Theory and Practice, Jerome Frank's Law and the Modern Mind, Leon Petrazycki's Law and Morality, and Karl Renner's The Institutions of Private Law and their Social Functions. The goal of Classic Writings in Law and Society is to acquaint a new generation of students with classic writings by diverse social and legal scholars?ranging from Henry Sumner Maine, Oliver Wendell Holmes, Jr., and Hans Kelsen to Eugen Ehrlich, Nicholas S. Timasheff, and Richard Quinney. This work continues to demonstrate their contemporary theoretical relevance. Accordingly, each chapter speaks of the scholars' work in general, how the particular book under consideration fits into that corpus, and how the book is assessed in a present day context. These essays have a clear relation to the "classic" tradition in sociolegal thought. Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post-classic approach in law and social inquiry?an approach that can be found in such orientations as critical legal studies, chaos theory in law, and legal semiotics. Classic Writings in Law and Society includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment, social control, joint stock companies, business firms and nation-states in the study of law and society.

The Book of Lord Shang A Classic of the Chinese School of Law The Lawbook Exchange, Ltd. A classic study of popular resistance to the momentous changes of 17th century England In 17th Century England, the law was not an instrument of justice - it was an instrument of oppression. The enclosures of common land, loss of many traditional rights and draconian punishments for minor transgressions changed the lives of the peasantry and created a landless class of wage labourers. In this, the last book published during his lifetime, renowned

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

historian of the English Revolution Christopher Hill explores the immense social changes that occurred and the expressions of liberty against the law through the literary culture of the times and the hero-worship of the outlaw. As well as chapters on gypsies and vagabonds, Hill analyses class, religion and the shift away from the importance of the church after the Reformation. *Liberty Against the Law* is a late classic of Hill's work, and essential reading for anyone interested in the history and politics of the 17th Century.

Excerpt from *A Treatise on the Law of Insurance*, Vol. 1 of 2 Leading cases on the Law relating to Real Property, Con veyancing, and the Construction of Wills. By owen D. Tudor, Esq., of the Middle Temple. With Notes, by a Member of the Suffolk Bar. 1 vol. 8vo. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from *Treatise on the Law of Municipal Corporations* We have popularized and made use of municipal institutions to such an extent as to constitute one of the most striking features of our government. It owes to them, indeed, in a great degree, its decentralized character. When the English Municipal Corporations Reform Act of 1835 was passed there were in England and Wales, excluding London, only two hundred and forty-six places exercising municipal functions; and their aggregate population did not exceed two millions -of people. In this country our municipal corporations are numbered by thousands, and the inhabitants subjected to their rule by millions. This is a classic manual of fiqh rulings based on Shafi'i School of jurisprudence and includes original Arabic texts and translations from classic works of prominent Muslim scholars such as al Ghazali, al Nawawi, al Qurtubi, al Dhahabi and others. It is an indispensable reference for every Muslim or student of Islam who needs to research on Islamic rulings on daily Muslim life.

Excerpt from Illustrative Cases on the Law of Sales If the H. C. Keeble Company, instead of having the cotton stored in the warehouse of Phillips 81 Parish, had retained possession of it until, without any authority or license from the appellee, the cotton itself was delivered to the bank in pledge to secure the payment of the note of the H. C. Keeble Company, it is plain that the bank would not have acquired any greater title to the property than that company had to confer, and the appellee would have been entitled to recover the cotton from the bank, or to hold the bank liable for its conversion. But it is claimed that the factor, having stored the cotton in a warehouse, and obtained warehouse receipts therefor to itself, was enabled, by the transfer of those receipts, to confer upon the bank a claim to the cotton which must prevail against the title of the true owner. Section

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

1178 Of the Code is relied upon as giving this effect to the transfer Of warehouse receipts by the persons to whom they are issued. The clause of that section upon which this claim is based is in the following words: The receipt of a warehouseman, on which the words 'not negotiable' are not plainly written or stamped, may be transferred by the indorsement thereof, and any person to whom the same is transferred must be deemed and taken to be the owner of the things or property therein specified, so far as to give validity to any pledge, lien, or transfer made or created by such person. The United States of America has been blessed with the world's greatest political success formula. In a little over a century, this formula allowed a small segment of the human family—less than 6 percent—to become the richest nation

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

on earth. It allowed them to create more than half of the world's total output in production and enjoy the highest standard of living in the history of the world. In this book, we learn how the Founding Fathers discovered this success formula. Much of this discovery is told in the words of the Founders themselves, so that the reader can feel the power of their minds sweeping away thousands of years of bad government and illogical laws to formulate a whole new society based on human freedom. By returning to the roots of the Founders' thinking, and contemplating the logic that they used in establishing the Constitution, we can better understand the challenges and solutions that confront us in today's political world. This eBook includes the original index, illustrations, footnotes, table of contents and page numbering from the printed format.

Excerpt from Readings on the History and System of the Common Law For the English Laws, although not written, may as it should seem, and that without any absurdity, be termed Laws. For, if from the mere want of writing only, they should not be considered as Laws, then, unquestionably, writing would seem to confer more authority upon' Laws themselves, than either the Equity of the persons constituting, or the reason of those framing them. French political libertarian and economist CLAUDE FRDRIK BASTIAT (1801-1850) was one of the most eloquent champions of the concept that property rights and individual freedoms flowed from natural law. Here, in this 1850 classic, a powerful refutation of Karl Marx's Communist Manifesto, published two years earlier, Bastiat discusses: . what is law? . why socialism constitutes legal plunder . the proper function of the law . the law and morality . "the vicious circle of socialism" . the basis for stable government . and more.

Excerpt from A Treatise on the Law of Evidence, Vol. 1 The last Edition of the Treatise on Evidence having been long out of print, a Seventh is now submitted to the Profession and to the Public, carefully revised, and very materially enlarged. In preparing the present Edition, I have been fortunate in obtaining the valuable assistance of my friend, Mr. Amos. On quitting the practice of the bar, for other occupations of a different kind, I found it would no longer be in my

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

power to give that unremitting attention to professional studies, without which I could not hope to carry on such a work with any prospect of success. I was, therefore, glad to avail myself of the aid of a friend, whose talents and professional knowledge are well known and highly appreciated. Of this Edition, I have revised the whole of the First Volume, inserting the cases recently decided, and making many alterations which appeared to be improvements. The section in the Second Volume, which treats of Actions against Commissioners of Sewers, is mine: and, I believe, it is the first which has been written on that subject. Excerpt from A Treatise on the Law of Insurance At the time of beginning this treatise, it was intended that it should include the whole subject of insurance, not

Download Ebook Against The Law The Classic Account Of A Homosexual In 1950s Britain

excepting the legal proceedings, but it was found to be impracticable to pursue the work upon this plan, without extending it to more than one volume. Under these circumstances, it was thought expedient to omit the legal proceedings, as being the part of the subject, of the least practical importance, since the legal proceedings upon a policy, do not differ materially from those upon other written contracts. The different parts of the subject of insurance are so blended together, and implicated with each other, as to render a simple and methodical arrangement very difficult, and, in the opinion of some persons, even impossible. The perplexity which seems, in some degree, to belong to the subject, was increased, in consequence of the numerous points and decisions, which had not been embodied in any elementary work. If it shall be found that the difficulties, arising from these causes, have not been wholly overcome, and that some cases and points are not inserted in the places, where they might have been most appropriately introduced, I hope that the very great difficulty of disentangling, and reducing to complete order, such multifarious and complicated materials, will be regarded as some apology for any defect of this sort. digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Excerpt from Selection of Cases on the Law of Carriers, Vol. 1 Y. B. 12 13 Ed. III. 244 Detinue of chattels to the value of 100l. Against an Abbot by a man and his wife, on a bailment, made by the father of the wife when she was under age, of chattels to be delivered to his daughter, when she was of full age, at her will; and they counted that he delivered pots, linen, cloths, and 20l. In a bag sealed up, etc. Pole. He demands money, which naturally sounds in an action of debt or account; judgment of the count. Stanford. We did not count of a loan which sounds in debt, nor of a receipt of money for profit, which would give an action of account but of money delivered in keeping under seal, etc., which could not be changed; and if your house were burnt, that would be an answer. For over 70 years, prospective and enrolled law students have been assigned to read a text that prepares them what they are about to encounter. That text is Bramble Bush. This classic answers questions that all students have when starting law school, and virtually takes them inside the classroom like no other text. It gives factual examples, detailed information, and practical explanations. Bramble Bush is required reading in numerous law schools and is recommended

by many Law School Deans. An outgrowth of Professor Llewellyn's introductory lectures at Columbia University School of Law, Bramble Bush continues to be the best introduction to the study of law for both potential and enrolled law students. Excerpt from A Selection of Cases on the Law of Contracts When the first edition was published there was no recent comprehensive treatise on the laws of contracts, and for that reason the collection of decisions in the notes to the cases was somewhat elaborate. To bring these annotations down to the present time with similar fullness would have undesirably expanded the size of the book and in view of the existence of several newly published exhaustive treatises on the subject has seemed unnecessary. stopped but the necessities of the practicing lawyer and the precedent of previous editions seemed to call for a summary of the law of stamps; and this I have accordingly added in a separate book, which the student, who will find in it little to reward him, can avoid. Although I have endeavored, in the manner above stated, to throw the work, so far as its principal divisions are concerned, into a somewhat more systematic and logical form, I cannot flatter myself that I have carried out my design into all the details of the work. Such a task would have required far more leisure than I have been able to find in the short interval which has elapsed since the last edition, which is now exhausted, was published. Some little I have done, and more I hope to do, if I am permitted to revise another edition; but I must trust to the indulgence of the profession to excuse many defects of which I am painfully conscious. The reader will notice that the type has been enlarged, and that the Index is no longer printed in double columns, an alteration which will be found considerably to increase the facility of using it, as it admits of easier distinction of the subjects falling under each head by variations of the marginal spaces. The head-notes of the different chapters, which, being printed in double columns and without reference to the pages, were quite useless, have been omitted. Excerpt from Select Cases and Other Authorities on the Law of Property The professors in the Harvard Law School who conduct the courses given to first-year students have, after conference, decided to make material changes in most of these courses. A statement concerning this will be found in the report of Dean Thayer for the year 1913-1914. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
