During the first half of the 20th century, radio’s hunger for captivating characters and stories could not be sated. Three national networks and dozens of independent stations had to fill a vast expanse of air time with comedy, adventure, mystery, drama and music, night after night. It’s no surprise that producers and writers looked to outside sources, drawing some of old-time radio’s most beloved characters (Sherlock Holmes, Tarzan, Hopalong Cassidy, Buck Rogers) directly from books. This work examines individual characters that jumped from prose to radio and a number of programs that specialized in dramatizing literature. It covers mystery and detective shows, adventure stories, westerns, and science fiction, and anthology shows that adapted novels by such greats as Twain, Steinbeck and Dickens. The text explores how the writers and producers approached the source material—what they changed, what they kept and what they left out.

A level 2 Oxford Bookworms Library graded reader. This version includes an audio book: listen to the story as you read. Written for Learners of English by John Escott. What does the name ‘Agatha Christie’ mean? To many people, it means a book about a murder mystery – a ‘whodunnit’. ‘I’m reading an Agatha Christie,’ people say. ‘I’m not sure who the murderer is – I think it’s . . .’ But they are usually wrong, because it is not easy to guess the murderer’s name before the end of the book. But who was Agatha Christie? What was she like? Was her life quiet and unexciting, or was it full of interest and adventure? Was there a mystery in her life, too?

Death and Garden Narratives in Literature, Art and Film: Song of Death in Paradise explores the combination of two motifs, death and gardens, to show how the two subjects are intertwined and used in various media and cultural contexts. Using cultural, literary, film, and art history theories, the contributors analyze various death and garden sceneries in literary works by Arthur Machen, Agatha Christie, J.K. Rowling, as well as in superhero comics, films, and cultural and art contexts such as Ian Hamilton Finley’s “Little Sparta,” the poetic verses from the Karoo Desert National Botanical Garden in South Africa, and the Australian wilderness.

Includes a new introduction from Sophie Hannah, bestselling author of THE MONOGRAM MURDERS. Agatha Christie was not only the biggest selling writer of detective stories the world has ever known, she was also a mystery in herself, giving only the rarest interviews, declining absolutely to become any sort of public figure, and a mystery too in the manner in which she achieved her astonishing success. H R F Keating, a crime novelist and respected reviewer of crime fiction, brought together a dozen distinguished writers from both sides of the Atlantic to throw light on this double mystery. Some analyse the art itself; some explain the reasons for her success, not just the books, but also in film and theatre. The approaches are penetrating, affectionate, enthusiastic, analytical, funny - even critical. Together, they give an almost unique insight into the life and work of the First Lady of Crime.

H.C. Bailey’s detective Reggie Fortune was one of the most popular protagonists of the Golden Age of detective fiction. Fortune appeared in nine novels yet it was in a series of 84 short stories that were published from 1920 to 1940 where he truly shone, combining elements of several popular archetypes—the eccentric logician, the forensic investigator, the hard-boiled interrogator, the psychological profiler, the defender of justice. This critical study examines the Fortune stories in the context of other popular detective fiction of the era. Bailey’s classics are distinguished by well-clued puzzles, brilliant sleuthing, vivid description and social critique, with Fortune evoking images of Don Quixote and the Arthurian Knights in his pursuit of truth and justice in an uncaring world.

Frederic Dannay (1905–1982) was—with his partner Manfred Lee—the creator of the Ellery Queen detective novels and short stories. Dannay was also a literary historian and critic, and the editor of the renowned Ellery Queen Mystery Magazine. Queen—both a pen name and the fictional protagonist of the stories—was also a vital force behind the continuing popularity of crime fiction in the early to mid-20th century, after the deaths of Arthur Conan Doyle, G.K. Chesterton, Melville Davisson Post, and other Old Masters of the genre. This book presents the first critical study of Ellery Queen’s role in the preservation of the detective short story. Many of the writers, characters and stories EQMM championed are covered, including such celebrated authors as Allingham, Ambler, Ellin, Innes, Vickers, and even William Butler Yeats.

This is the first extended text-based analysis of the social and political implications of the Harry Potter phenomenon. Arguments are primarily based on close readings of the first four Harry Potter books and the first two films - in other words, a 'text-to-world' method is followed. This study does not assume that the phenomenon concerns children alone, or should be lightly dismissed as a matter of pure entertainment. The amount of money, media coverage, and ideological unease involved indicates otherwise. The first part provides a survey of responses (both of general readers and critics) to the Harry Potter books. Some of the methodological decisions underlying this study itself are also explained here. The second part examines the presentation of certain themes, including gender, race and desire, in the Harry Potter books, with a view to understanding how these may impinge on social and political concerns of our world.

The Murder on the Links is a work of detective fiction by Agatha Christie, first published in the UK by The Bodley Head in May 1923, and in the US by Dodd, Mead & Co in the same year. It features Hercule Poirot and Arthur Hastings. The story takes place in northern France, giving Poirot a hostile competitor from the Paris Sûreté. Poirot's long memory for past or similar crimes proves useful in resolving the crimes. The book is notable for a subplot in which Hastings falls in love, a development "greatly desired on Agatha's part... parcelling off Hastings to wedded bliss in the Argentine.

In Agatha Christie's classic, Five Little Pigs, beloved detective Hercule Poirot races to solve a case from out of the past. Beautiful Caroline Crale was convicted of poisoning her husband, but just like the nursery rhyme, there were five other "little pigs" who could have done it: Philip Blake (the stockbroker), who went to market; Meredith Blake (the amateur herbalist), who stayed at home; Elsa Greer (the three-time divorcée), who had her roast beef; Cecilia Williams (the devoted governess), who had none; and Angela Warren (the disfigured sister), who cried all the way home. Sixteen years later, Caroline's daughter is determined to prove her mother's innocence, and Poirot just can't get that nursery rhyme out of his mind.
