Thomas Moore is the renowned author of *Care of the Soul*, the classic #1 New York Times bestseller. In *Ageless Soul*, Moore reveals a fresh, optimistic, and rewarding path toward aging, one that need not be feared, but rather embraced and cherished. In Moore's view, aging is the process by which one becomes a more distinctive, complex, fulfilled, loving, and connected person. Using examples from his practice as a psychotherapist and teacher who lectures widely on the soul of medicine and spirituality, Moore argues for a new vision of aging: as a dramatic series of initiations, rather than a diminishing experience, one that each of us has the tools—experience, maturity, fulfillment—to live out. Subjects include: \*Why melancholy is a natural part of aging, and how to accept it, rather than confuse it with depression \*The vital role of the elder and mentor in the lives of younger people \*The many paths of spiritual growth and learning that open later in life \*Sex and sensuality \*Building new communities and leaving a legacy *Ageless Soul* will teach readers how to embrace the richness of experience and how to take life on, accept invitations to new vitality, and feel fulfilled as they get older.

This remarkable book examines the complex history of Japanese colonial and postcolonial interactions with Korea, particularly in matters of cultural policy. E. Taylor Atkins focuses on past and present Japanese fascination with Korean culture as he reassesses colonial anthropology, heritage curation, cultural policy, and Korean performance art in Japanese mass media culture. Atkins challenges the prevailing view that imperial Japan demonstrated contempt for

Koreans through suppression of Korean culture. In his analysis, the Japanese preoccupation with Koreana provided the empire with a poignant vision of its own past, now lost--including communal living and social solidarity--which then allowed Japanese to grieve for their former selves. At the same time, the specific objects of Japan's gaze--folk theater, dances, shamanism, music, and material heritage--became emblems of national identity in postcolonial Korea.

The population over age 50 is larger than ever in history. According to the U.S. Census Bureau, 32.1 percent of the U.S. population were age 50 and over in 2011. This demographic is also healthier, more aware, more youthful, and more vocal than any previous older generation. Thanks to ongoing medical discoveries, the sexual revolution, and the Internet, today's seniors are also sexier than ever — or at least they're now willing to talk and ask about sex as never before. They are the generation that discovered clitoral orgasms, vibrators, and Viagra, and

there's no stopping the thirst for knowledge and pleasure now. Since 2005, Joan Price has penned *Better Than I Ever Expected: Straight Talk About Sex After Sixty* and emerged as the go-to sexpert for the over-50 population. Price's savvy advice, honesty, helpfulness, and humor garnered awareness in the media, in professional circles of therapists and sex educators, and among the huge population of people over 50 who hunger for real information from an age appropriate author. Price tackles it all in this definitive guide to sex and aging: health, fun (and function), disability, dating, illness, orgasms, G-spots, P-spots, polyamory, kink, and much more.

His portraits of her, shocking and erotic, are the finest work he has ever done - yet to reveal them could destroy his career for ever. As his passion for her deepens, so does his obsession with the past she will not talk about. Terrified of losing her, he is unable to live with her silence; and as he probes for the truth, he finds himself swept up in the world Belinda has fled from, a world of Hollywood money, lust and dark family secrets. "Fearless, illuminating" criticism from a New York Times—bestselling author and legendary teacher, "proving . . . that true art is moral and not trivial" (Los Angeles Times). Novelist John Gardner's thesis in *On Moral Fiction* is simple: "True art is by its nature moral." It is also an audacious statement, as Gardner asserts an inherent value in life and in art. Since the book's first publication, the passion behind Gardner's assertion has both provoked and inspired readers. In examining the work of his peers, Gardner analyzes what has gone wrong, in his view, in modern art and literature, and how shortcomings in artistic criticism have contributed to the problem. He develops his argument by showing how artists and critics can reintroduce morality and substance to their work to improve society and cultivate our morality. *On Moral Fiction* is an essential read in which Gardner presents his thoughtfully developed criteria for the elements he believes are essential to art and its creation. This ebook features an illustrated biography of John Gardner, including original letters, rare photos, and never-before-seen documents from the Gardner family and the University of Rochester Archives.

A playful guide to older-life sexuality shares the first-hand experiences of the author and other women, offering insight into the rewards and challenges of menopausal sex, the ways in which sex can be rendered more satisfying, and techniques for overcoming common issues.

*PERFECT STRANGERS: A Memoir of the Swinging 70's*, is an upbeat, tongue-in-cheek account of becoming sexually liberated and personally empowered-via three-plus years of rampant promiscuity. In 1974, I was twenty-nine, naïve, and deeply frustrated by my inability to achieve orgasm during intercourse with my husband, Paul. When I found him, naked and on top of my good friend, Cassandra, it wasn't the infidelity that hurt the most-it was the sizzling sex they were engaged in that cut to my core. Damn, I thought, watching her orgasm for what seemed like hours. Twelve years of marriage. We were never that hot! With that, my life changed in an instant, and my erotic journey began. I began dating, after splitting with Paul, hoping for another chance at happily ever after-but after a series of unsatisfying encounters, I gave up on love, and launched an all-out search for a sexually compatible perfect stranger. *PERFECT STRANGERS* spotlights the sensitive issue of

female sexual satisfaction. My adventures in the Land of Oz—otherwise known as mid-70s San Francisco—takes place in an era when casual sex seemed as easy as a handshake; but for a woman to achieve orgasm, vaginal or otherwise—well, good luck with that! My sex-positive tale touches on issues pertinent to countless women. My target audience is every woman who has ever faked an orgasm, every woman who has divorced, dated and struggled to start over, and every woman who has dared to live out a sexual fantasy—or dreamed of doing so.

Inspired by Oscar Wilde's classic novel *The Picture of Dorian Gray*, Mitzi Szereto's *Wilde Passions of Dorian Gray* continues where Wilde left off with the Faustian tale of a man of eternal youth and great physical beauty who lives a life of corruption, decadence and hedonism. The story begins in the bordellos of Jazz-Age Paris, moving to the opium dens of Marrakesh and the alluring anonymity of South America. In his pursuit of sensation and carnal thrills, Dorian's desires turn increasingly extreme and he leaves behind yet more devastation and death. He ultimately settles in present-day New Orleans, joining with a group of like-minded beings known as *The Night People*. They inadvertently return to Dorian his humanity when he falls in love with a young woman he rescues from becoming their victim. She will be his redemption, but she will also be his final curse.

A trade paperback reissue of National Book Award finalist Mary Gaitskill's debut collection, *Bad Behavior*—powerful stories about dislocation, longing, and desire which depict a disenchanting and rebellious urban fringe generation that is searching for human connection. • Now a classic: *Bad Behavior* made critical waves when it first published, heralding Gaitskill's arrival on the literary scene and her establishment as one of the sharpest, erotically charged, and audaciously funny writing talents of contemporary literature. Michiko Kakutani of *The New York Times* called it "Pinteresque," saying, "Ms. Gaitskill writes with such authority, such radar-perfect detail, that she is able to make even the most extreme situations seem real... her reportorial candor, uncompromised by sentimentality or voyeuristic charm...underscores the strength of her debut."

In Volume One of this study, "Outer Work," we described managing our orgasmic response so as to cultivate "erotic trance," the altered state of consciousness that is the foundation of all Tantric activity; and we used it to climb the "diamond ladder" of mystical ascent to a rung characterized by the management of overwhelming emotions. Now in Volume Two, "Inner Work," we turn our attention away from "outer" goals having to do with our physiology and our relation to society at large and its prescriptions, to the much more subtle "interior" changes occurring in our consciousness. Continuing our climb up the rungs of the diamond ladder, we are introduced to the landscape of mysticism, a topography whose several regions are each characterized by the mastery of a different psychological capacity. Yoga gives us an interior ladder in the form of the subtle body that is comprised of the chakras, each of which opens onto a distinctly different emotional realm. In this work our "feeling function" becomes highly differentiated. Tibetan mandala meditation disciplines our imaginative capacity, as we bring the heavenly palace of copulating gods and goddesses into being. By cultivating emptiness, we pare away our attachments to the memories that have been holding us back and the aspirations that narrow our future so that we can dwell in the present moment, without the props of doctrine and method. Passing beyond our personal self, we are introduced to the divine oneness of the cosmos, pulsing between accomplished union and the vision of that with which we are united. We return from such ecstasy to live our temporal lives on two planes simultaneously as spiritual wayfarers.

Women of the baby boomer generation know and trust Iris Krasnow as a writer who speaks candidly to the issues that concern them most. In the months following the publication of her most recent book, *The Secret Lives of Wives*, Krasnow addressed thousands of women, and she discovered that two subjects dominated her audiences' conversations: sex and change. Maybe Mab was real. Maybe not. Maybe Mab was the fury. Maybe she was the courage. Maybe later on she was the sex . . . A tiny fairy winging her way through the jasmine-scented L.A. night. A little girl caught in a grown-up glitz-and-glitter world of superstars and supermodels. A too beautiful boy with a secret he can never share . . . From the author of Weetzie Bat comes a magical, mesmerizing tale of transformation. This is the story of Barbie Marks, who dreams of being the one behind the Cyclops eye of the camera, not the voiceless one in front of it; who longs to run away to New York City where she can be herself, not some barley flesh-and-blood version of the plastic doll she was named after. It is the story of Griffin Tyler, whose androgynous beauty hides the dark pain he holds inside. And finally it is the story of Mab, a pinkie-sized, magenta-haired, straight-talking fairy, who may or may not be real but who helps Barbie and Griffin uncover the strength beneath the pain, and who teaches that love—like a sparkling web of light spinning around our bodies and our souls—is what can heal even the deepest scars.

The story of an American woman's love affair with Japan and her intimate relationships with the many men and women she meets

A passionate memoir, *Ageless Lust, An Improbable Love Affair*, is an authentic and unique lust-morphed-love romance novel about a steep age gap relationship. It was December 2009. A septuagenarian widower and a surgeon by trade, I was ready to retire and also leave the U.S. Five months beforehand, my life intersected with a drop-dead gorgeous lass. She was the 42-year-old Vronica (an 'e' less Veronica), a single mother of two kindergarten-age children. The sexual attraction between us was instantaneous. The revolting age difference (31-years) was not even noticed or discussed. Fast forward to five months of passionate love and lust sexcapades, the time for the last goodbye arrived. Before heading for the airport, Vronica handed me a sendoff card dated May 23rd, 2010, that ended with a few words of enchantress wisdom. 'Darling, we both know that this will not be a final goodbye! I am leaving it open-ended and breathlessly wait for your return!' Fourteen hours later, I was standing on the revered grounds of the Promised Land, 7500 miles away from my heart I left behind in Los Angeles. My sexual bonanza morphed into feelings of deep love doomed by an unbridgeable separation. After weeks of phone calls, text messages, emails, and Skype-sex, Vronica arrived to be with me for my 74th birthday. The twelve days of an insane honeymoon ended with her returning to her motherly duties. In a deep slump, I admitted I would not want to live without her. After lengthy reflections and back-and-forth deliberations, Vronica agreed with my plan to return for a trial time. A short time after that, I re-crossed a sea, an ocean, and two continents to rejoin her in the City of Angels. My brief visit became permanent, and the rest is history, as they say. On December 20th, 2019, we celebrated a decade of a loving and lusting togetherness. Not time or the 31-year age difference separated us. Her sorcerer's premonition, expressed in her farewell card, proved her right. P.S. To pen sentences on paper or screen was never my cup of tea. Vronica and I have a unique and implausible tale of love and lust that attested that genuine love has no age limits. Therefore, it should come at no surprise that this time, I couldn't resist sharing this true romantic tale with the public at large. Hence, the concept of this book was born.
