In Hong Kong a beautiful woman is pushed off a balcony to her death. In London a young American is gunned down outside the U.S. embassy. In Washington a senior CIA official vanishes into thin air. Random, unrelated events? Or pieces of the same puzzle? These events are no accidents, it seems, when it is discovered that the woman in Hong Kong had a CIA lover. That the London murder was a case of mistaken identity, and that the intended target was the wife of CIA senior deputy Drum MacNeil, who has since gone missing. To find MacNeil, investigators are taking a close look at his past actions, public and private. And at his restless wife, Carrie, who is doing her best to play the part of the innocent victim, even though it's increasingly clear that Drum's life has been a carefully constructed lie. Carrie MacNeil is about to learn firsthand about the evil of treachery. And in this business there are no fair-trade rules.

A powerful analysis of why lies and falsehoods spread so rapidly now, and how we can reform our laws and policies regarding speech to alleviate the problem. Lying has been with us from time immemorial. Yet today is different-and in many respects worse. All over the world, people are circulating damaging lies, and these falsehoods are amplified as never before through powerful social media platforms that reach billions.

Liars are saying that COVID-19 is a hoax. They are claiming that vaccines cause autism. They are lying about public officials and about people who aspire to high office. They are lying about their friends and neighbors. They are trying to sell products on the basis of untruths. Unfriendly governments, including Russia, are circulating lies in order to destabilize other nations, including the United Kingdom and the United States. In the face of those problems, the renowned legal scholar Cass Sunstein probes the fundamental question of how we can deter lies while also protecting freedom of speech. To be sure, we cannot eliminate lying, nor should we try to do so. Sunstein shows why free societies must generally allow falsehoods and lies, which cannot and should not be excised from democratic debate. A main reason is that we cannot trust governments to make unbiased judgments about what counts as "fake news." However, governments should have the power to regulate specific kinds of falsehoods: those that genuinely endanger health, safety, and the capacity of the public to govern itself. Sunstein also suggests that private institutions, such as Facebook and Twitter, have a great deal of room to stop the spread of falsehoods, and they should be exercising their authority far more than they are now doing. As Sunstein contends, we are allowing far too many lies, including those that both threaten public health and undermine the foundations of democracy itself.

When the mutilated body of Mayra Cabral de Melo, a well-known stripper, is found by the side of a dusty road, detective Edgar "Lefty" Mendieta has personal reasons for bringing the culprit to justice. Mayra had no shortage of ardent, deluded, and downright dangerous admirers, and Lefty himself is haunted by one steamy night he spent in her generous company. So begins an investigation that will bring him ever closer to the murderous world of the narcos, who are waging a war of bloody attrition against the Mexican state. The country is a powder keg, waiting for a spark, and Mendieta is about to enter the darkest days of his life. Corrupt politicians, failed boxers, and unscrupulous arms dealers all lie in wait along the path to justice. But none of this can prepare him for his run-in with the FBI, when the father of the president of the United States is attacked while on

Eddie Chapman was a charming criminal, a con man, and a philanderer. He was also one of the most remarkable double agents Britain has ever produced. In 1941, after training as German spy in occupied France, Chapman was parachuted into Britain with a revolver, a wireless, and a cyanide pill, with orders from the Abwehr to blow up an airplane factory. Instead, he contacted M15, the British Secret service, and for the next four years, Chapman worked as a double agent, a lone British spy at the heart of the German Secret Service. Inside the

traitor was a man of loyalty; inside the villain was a hero. The problem for Chapman, his spymasters, and his lovers was to know where one persona ended and the other began. Based on recently declassified files, Agent Zigzag tells Chapman's full story for the first time. It's a gripping tale of loyalty, love, treachery, espionage, and the thin and shifting line between fidelity and betrayal. Perhaps you might be wondering how a certain crazy frog came to be known as Secret Agent Disco Dancer? Well, one prickly pig is here to tell you; one Earnest T. Bacon who is always more trouble than he's worth. Will Fredrico Frillyfoam survive the mad pork chop's clinical trial? Or is something more dubious in store for him? Lovers and Liars brings together Paul Alan Fahey's thrilling gay historical wartime romances for the first time in one box set. Contains the stories: Bomber's Moon: Following one's heart can be a dangerous game, as Leslie Atwater discovers in this exciting story set during the early stages of the London Blitz. Leslie's investigation into his lover Edward's death takes him from Central London to a lighthouse on the English Channel. Tension mounts and, in a showdown with German spies, bombs fall, people die, and Leslie gets more than

he bargains for in his search for the truth behind his lover's untimely death.

Weep Not for the Past: In early 1941, U-boats patrol offshore and are a constant threat to British livelihood, as are the daily bombings in London. Leslie befriends an enigmatic woman who resembles his favorite actress. But when disaster strikes, Leslie, Edward, and Leslie's cousin Caroline must work together to discover the truth. Was it a tragic accident or premeditated murder?

A Manx Tale: In late summer 1941, Caroline and her new husband Cyril are honeymooning on the Isle of Man. In spite of the war raging around them, Caroline is enchanted by the small island's history, quaint customs and superstitious beliefs. But as unexplainable events unfold, she becomes increasingly aware of sinister forces at work. Will logic and rationality prevail, or will it take a bit of magic and island whimsy to sort everything out?

A Christmas in Kent: It's December 1941. Caroline, Cyril, Edward, and Leslie are home for Christmas from their recent exploits. On the surface all seems right within Caroline's world, yet there's something bothering her that can't be ignored much longer. Christmas in Kent proves to be full of surprises.

A Deadly Game of Malice: Caroline Graham is six months pregnant, miserable, and bored. Then a rash of poison pen letters circulate in the village and residents start to die. With Leslie's help, Caroline must use all her cunning and put her life at risk to uncover a cold-blooded

murderer -- a killer who continues to raise the stakes in a deadly game of malice. Kindred Spirit: A bomb explodes near St. Andrew's Home for Boys, unearthing a skeleton of a young boy. As Leslie, Edward, and Robert set about identifying the remains, the shocking discovery stirs up an old antagonism between the two brothers and brings to light a series of repressed memories for Leslie. Ultimately, it rests on Leslie and Edward to solve the senseless murder of a kindred spirit. What kinds of persons do we aspire to be, and how do our aspirations fit with our ideas of rationality? In Agent-Centered Morality, George Harris argues that most of us aspire to a certain sort of integrity: We wish to be respectful of and sympathetic to others, and to be loving parents, friends, and members of our communities. Against a prevailing Kantian consensus, Harris offers an Aristotelian view of the problems presented by practical reason, problems of integrating all our concerns into a coherent, meaningful life in a way that preserves our integrity. The task of solving these problems is "the integration test." Systematically addressing the work of major Kantian thinkers, Harris shows that even the most advanced contemporary versions of the Kantian view fail to integrate all of the values that correspond to what we call a moral life. By demonstrating how the meaning of life and practical reason are internally related, he constructs from Aristotle's thought a conceptual scheme that successfully

integrates all the characteristics that make a life meaningful, without jeopardizing the place of any. Harris's elucidation of this approach is a major contribution to debates on human agency, practical reason, and morality.

FICTION. Bob Gluck writes: "Mike Amnasan is an amazing writer. His spare prose displays the brutal equations of power, variables and constants that shape consciousness and flesh. His is a take-no-prisoners minimalism where needs are isolated in a kind of silence: the need to be recognized, the need to be touched, the need to dominate, and strongest of all the need to explain. Here is the spectacle of ferocious creativity and disappointment, a drama in which hope is continually dispatched and revived."

Just how does someone, who works for a bank handling money day in and day out, steal \$100,000.00 in \$100's and \$50's without being caught on surveillance cameras or by your own coworkers? Daniel has to find out, or else his client, Melanie Thompson, a young vivacious woman, divorced and the mother of three young boys, will go to prison for the rest of her life. Melanie tells Daniel she didn't steal the money. As Daniel tries to put the pieces of the puzzle together, the case gets really ugly. The bank manager is found dead and now Daniel has to defend Melanie against the charge of bank robbery as well as murder in the First Degree. Daniel pits his private investigator, Jessica Kim, against both the FBI agent investigating the alleged crime and the insurance company who had to pay the claim loss for the money allegedly stolen by Melanie. To make matters worse, a mysterious man begins to pay Melanie's legal fees. He remains anonymous by paying with cash slipped through the mail slot in the door to Daniel's office.
