She must journey into the ancient records and retrieve the knowledge that broke this ancient couple and humanity itself apart. The death-bed promise this ancient couple made to each other eons ago is also the key to humanity's own resurrection. It is this—the Butterfly Promise—that will return us to our true powers and to our wholeness once again.

An inner journey into the multiple landscapes of the creative unconscious, guiding us through twelve thousand years of human history, with in-depth experiences of initiations and sacred rites.

In this exquisitely rendered memoir set on the high plains of Texas, Pulitzer Prize winner Gail Caldwell transforms into art what it is like to come of age in a particular time and place. *A Strong West Wind* begins in the 1950s in the wilds of the Texas Panhandle—a place of both boredom and beauty, its flat horizons broken only by oil derricks, grain elevators, and church steeples. Its story belongs to a girl who grew up surrounded by dust storms and cattle ranches and summer lightning, who took refuge from the vastness of the land and the ever-present wind by retreating into books. What she found there, from renegade women to men who lit out for the territory, turned out to offer a blueprint for her own future. Caldwell would grow up to become a writer, but first she would have to fall in love with a man who was every mother's nightmare, live through the anguish and fire of the Vietnam years, and defy the father she adored, who had served as a master sergeant in the Second World War. *A Strong West Wind* is a memoir of culture and history—of fathers and daughters, of two world wars and the passionate rebellions of the sixties. But it is also about the mythology of place and the evolution of a sensibility: about how literature can shape and even anticipate a life. Caldwell possesses the extraordinary ability to illuminate the desires, stories, and lives of ordinary people. Written with humanity, urgency, and beautiful restraint, *A Strong West Wind* is a magical and unforgettable book, destined to become an American classic.

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

Understanding the contours of your social network can dramatically enhance personal relationships, work life, and even your global impact. Are you an Expansionist, a Broker, or a Convener? The answer matters more than you think. . . . Yale professor Marissa King shows how anyone can build more meaningful and productive relationships based on insights from neuroscience, psychology, and network analytics. Conventional wisdom says it's the size of your network that matters, but social science research has proven there is more to it. King explains that the quality and structure of our relationships has the greatest impact on our personal and professional lives. As she shows, there are three basic types of networks, so readers can see the role they are already playing: Expansionist, Broker, or Convener. This network decoder enables readers to own their network style and modify it for better alignment with their life plans and values. High-quality connections in your social network strongly predict cognitive functioning, emotional resilience, and satisfaction at work. A well-structured network is likely to boost the quality of your ideas, as

well as your pay. Beyond the office, social connections are the lifeblood of our health and happiness. The compiled results from dozens of previous studies found that our social relationships have an effect on our likelihood of dying prematurely—equivalent to obesity or smoking. Rich stories of Expansionists like Vernon Jordan, Brokers like Yo-Yo Ma, and Conveners like Anna Wintour, as well as personal experiences from King's own world of connections, inform this warm, engaging, revelatory investigation into some of the most consequential decisions we can make about the trajectory of our lives.

An exploration of the scientific, historical, and paranormal qualities of quartz crystals and ancient crystal skulls • Explores the use of crystals throughout history, including their role in Atlantis and in alien technology • Offers step-by-step instructions to successfully use crystals in scrying, meditation, and Enochian magic • Includes never-before-published scientific findings on the author's crystal skull as well as other crystal skulls researched at the British Museum • Explains how the Space-Time Crystal Matrix connects the physical world with the spiritual and may be the communication technology of the future Known for his in-depth scientific work on the Shroud of Turin and the Great Pyramid of Giza, John DeSalvo, Ph.D., now sets his sights on quartz crystals and their mystical counterpart, crystal skulls. Exploring the use of crystals from Mesopotamia and ancient Egypt to present-day technology, including their use in ritual and ceremonial magic and their importance in ancient religious literature, he examines the many physical and chemical properties of quartz crystals and explains how their crystalline lattice structure is the key to their amazing abilities, both scientific and paranormal. Reviewing the many paranormal claims about crystal skulls, DeSalvo reveals the scientific findings on his own ancient crystal skull as well as research by the British Museum on other famous crystal skulls. His investigation also extends to the recent discovery in Tibet of a trove of Dropa discs--grooved stones allegedly recording an ancient alien visit to Earth. Highlighting the use of quartz crystals and crystal skulls for psychic and spiritual purposes, DeSalvo offers step-by-step instructions for their use in scrying, meditation, and Enochian magic, including communication with angels. Reviewing accounts of power crystals in Atlantis and their use in alien technology, he explains how crystals connect the physical world with the spiritual via a powerful communication network linking all crystals and their memories--the Space-Time Crystal Matrix, a spiritual technology lost to the ages but which may become the communication system of the future.

Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya, a Pleiadian goddess. Satya describes the huge cosmic drama taking place simultaneously in nine dimensions, with Earth as the chosen theater. The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution; the Pleiadians will be there to guide us for that leap. This shift is the coming Age of Light, and the entry of our solar system into the Photon Band and the Age of Aquarius.

Thoroughly examines the diverse aspects of an often misunderstood spirituality--from angels and aliens to reincarnation and the Merkaba--and features magickal practice, spellcraft, and thirty exercises for dimension travel, healing, meditation, and more.

Artificial intelligence (AI) is a field within computer science that is attempting to build enhanced intelligence into computer systems. This book traces the history of the subject, from the early dreams of eighteenth-century (and earlier) pioneers to the more successful work of today's AI engineers. AI is becoming more and more a part of everyone's life. The technology is already embedded in face-recognizing cameras, speech-recognition software, Internet search engines, and health-care robots, among other applications. The book's many diagrams and easy-to-understand descriptions of AI programs will help the casual reader gain an understanding of how these and other AI systems actually work. Its thorough (but unobtrusive) end-of-chapter notes containing citations to important source materials will be of great use to AI scholars and researchers. This book promises to be the definitive history of a field that has captivated the imaginations of scientists, philosophers, and writers for centuries.

Since precious few architectural drawings and no theoretical treatises on architecture remain from the premodern Islamic world, the Timurid pattern scroll in the collection of the Topkapi Palace Museum Library is an exceedingly rich and valuable source of information. In the course of her in-depth analysis of this scroll dating from the late fifteenth or early sixteenth century, Gülru Necipoğlu throws new light on the conceptualization, recording, and transmission of architectural design in the Islamic world between the tenth and sixteenth centuries. Her text has particularly far-reaching implications for recent discussions on vision, subjectivity, and the semiotics of abstract representation. She also compares the Islamic understanding of geometry with that found in medieval Western art, making this book particularly valuable for all historians and critics of architecture. The scroll, with its 114 individual geometric patterns for wall surfaces and vaulting, is reproduced entirely in color in this elegant, large-format volume.

An extensive catalogue includes illustrations showing the underlying geometries (in the form of incised "dead" drawings) from which the individual patterns are generated. An essay by Mohammad al-Asad discusses the geometry of the muqarnas and demonstrates by means of CAD drawings how one of the scroll's patterns could be used to design a three-dimensional vault.

Advancing in Enlightenment contains forty-four years of metaphysical study of the most profound channeled teachings from five of America's teachers with the highest integrity. With seven simple chapters, this book combines the wisdom of the ages to master the physical reality that surrounds you to personally improve your life. Spiritual knowledge allows one to manifest the life of one's dreams in balance with inner peace while projecting that peaceful state out to the rest of the world.

The material world is made of atoms, and the majority of chemical elements has two or more stable isotopes. The existence of isotopes and their applications are well known. Yet, there is little appreciation of isotopic diversity as a singular phenomenon of nature. This book discusses aspects of isotopic diversity in terms of a singular principle: "isotopicity".

A record of past lives experienced through hypnotic regression • Unlocks the primordial memory bank of planetary consciousness • Explores the past lives of spiritual teacher Barbara Hand Clow at sacred sites during historical periods critical to the development of human consciousness • With illustrations by Angela Werneke, illustrator of Medicine Cards • First editions collectively sold 60,000 copies Combined for the first time in one updated and revised volume, the three books of The Mind Chronicles Trilogy--Eye of the Centaur, Heart of the Christos, and Signet of Atlantis--show that all the places, times, and beings we have ever known exist now in our memory banks. Using the mind state produced during 100 sessions of hypnotic regression, Barbara Hand Clow unlocks the primordial memory bank--the records of time in which all humans participate--offering readers critical information to reflect upon now. In The Mind Chronicles, Clow guides readers through 100,000 years of human history, using in-depth experiences of initiations and sacred ceremonies to illuminate the forgotten wisdom of our ancestors. She shows that this ancient knowledge, which is contained deep within all of us, is becoming even more relevant as the Mayan Calendar comes to a close and a new stage of evolution begins.

The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amarah Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves,

raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing. Revised and updated edition of the classic astrology text on predicting and navigating life crises • Provides charts for the transits of Saturn, Uranus, and Chiron--now updated through 2050--to predict your personal growth cycles and timing of kundalini rising • Shares tools to cope with the intensity of spiritual emergency and direct the kundalini energy released during planetary passages • Includes a new preface by the author reflecting on 20 years of success stories since the book's initial publication • No astrological chart needed to use this book In this updated edition of *Liquid Light of Sex*, renowned astrologer and spiritual teacher Barbara Hand Clow explores the connection between life crises in your 30s, 40s, and 50s and the key astrological passages of Saturn, Uranus, and Chiron in your birth chart. She explains how kundalini energy--the "liquid light of sex" that lies at the base of the spine--is activated during these planetary transits, rising through the chakras and triggering the process of spiritual emergency, and in many cases, a cascade of health, emotional, and relationship problems as well as extreme anxiety. She shows that by understanding these astrological transits, you can be prepared for turbulent periods and successfully navigate them by creatively channeling the spiritual fire of kundalini. Clow provides astrological charts--now updated through 2050 for those born between 1930 and 2000--detailing the cycles of Saturn, Uranus, and Chiron, so you do not need your birth chart to use this book. She explains how to use the charts to predict the onset and completion of each kundalini activation and corresponding crisis. She shares tools for individuals and therapists to cope with the intensity of spiritual emergency and too much fire energy, unblock the chakras, and integrate the power of kundalini for physical, emotional, and spiritual growth. Reflecting on 20 years of success stories since the book's initial publication, Clow presents a road map for using celestial cycles to navigate positively and productively in times of great life change.

- Bestselling author Barbara Hand Clow examines legendary cataclysms and shows how we are about to overcome the collective fear they have instilled in us.
- The long-awaited follow-up that continues the revelations begun in *The Pleiadian Agenda*, which has sold more than 60,000 copies.
- Explains why, contrary to many prophets of doom, we are actually on the cusp of an era of incredible creative growth. The recent discovery of the remains of ancient villages buried beneath the Black Sea is the latest instance of mounting evidence that many of the "mythic" catastrophes of history--the fall of Atlantis, the Biblical Flood--were actual events. In *Catastrophobia* Barbara Hand Clow shows that a series of cataclysmic disasters, caused by a massive disturbance in the Earth's crust 11,500 years ago, rocked the world and left humanity's collective psyche permanently scarred. We are a wounded species, and this unprocessed fear, passed from generation to generation, is responsible for our constant expectations of apocalypse, from Y2K to the famed end of the Mayan calendar in 2012. *Catastrophobia* reveals the insidious global forces that have used these collective fears to control humanity for thousands of years. But we are in the midst of a tremendous shift in the Earth's 26,000-year precessional cycle, and there is every indication that the changes in consciousness over the last 30 years are the beginnings of a collective healing from these deep fears, heralding a new age where we will see that the era of cataclysms is ending and a time of extraordinary creative activity is at hand.

A well-researched work of fiction from bestselling author Barbara Hand Clow • A contemporary spiritual and erotic thriller that reveals esoteric teachings on Jesus and Mary Magdalene, holy relics, sacred sexuality, and art • Contains hidden secrets on the use of crystals as well as extraordinary information about secret societies • Continues the story from *Revelations of the Ruby Crystal* • From the bestselling author of *The Pleiadian Agenda* (98,000 copies sold) and *The Mayan Code* (57,000 copies sold) Shortly after his wedding at his family's ancient castle in Tuscany, sophisticated and mysterious Armando Pierleoni reveals his richly symbolic painting of the love between Jesus and Mary Magdalene to his bride Jennifer. Deeply affecting all who view it, the alchemical portrayal leads Armando, Jennifer, and their friends on a contemporary journey into the esoteric mysteries of divine marriage, sacred sexuality, the Black Madonna, and the transformative power of holy relics. The group of friends--Jennifer's journalist brother Simon, his mystical wife Sarah, Jungian analyst Lorenzo, exotically beautiful and insightful Claudia, and Armando and Jennifer--discover past-life connections and the power of sacred sex as a path to the divine. They explore how the Knights Templar collected the bones of the Jesus family from the Talpiot tomb in Jerusalem and eventually placed them in reliquaries throughout the world--including within the Medici Chapel in Florence and in the Four Corners region of the American Southwest. When Armando's magical painting of Jesus and Mary Magdalene goes on display in the Medici Chapel and is viewed by thousands, the painting's power coalesces with Aquarian vibrations to trigger a mass kundalini rising within the Chapel, activating the sacred bones in the reliquaries. The activated bones enable the Light to flow into the world, awakening Christ Consciousness around the globe.

Andrew Jary's translation of Rimbaud's extraordinary poetic statement, written in 1873. The sensual, viloent and anguished emotion in Rimbaud's visionary 'alchemy of the word' remains startling, unsurpassed, and continues to inspire poets.

Alchemy of Nine Dimensions Decoding the Vertical Axis, Crop Circles, and the Mayan Calendar Hampton Roads Publishing Company Incorporated

The ultimate source text of Enochian Magic never before available in book form • Contains the actual and complete Tables of Enoch given to Dr. John Dee by the Angels • Explains the difference between Dee's Tables of Enoch and the apocryphal Book of Enoch • Includes directions for powerful magic rituals and meditations using these tables • Presents a reconstruction of the possible 49th missing Table of Enoch Originally considered a vital part of inspirational literature used by the early church, the Book of Enoch never made it into the canon or accepted books of the Old Testament because of its strange and mysterious content about Enoch's experiences in the higher realms, or heavens. The real Book of Enoch, which is a set of almost 100 mystical tables, was given again to humankind in the 1580s, when it was conveyed directly by angels to Dr. John Dee, a 16th-century mathematician, scientist, occultist, and the astrologer of Queen Elizabeth I. Called "the most important book ever given to man by God" by Dee's angelic messengers, the Book (or Tables) of Enoch is said to hold all the secrets of heaven and earth and the physical and spiritual realms. Decoding the Enochian Secrets reproduces for the first time ever the exact and complete copy of these tables, which are housed in the British Library. The tables are written in the handwriting of Dr. Dee and Edward Kelly, Dee's assistant and scribe. The tables also include the phonetic pronunciations, written by Dee in the margins, of all the magical Enochian Calls. Covering the history of this Book or Tables of Enoch, John DeSalvo explains the difference between these tables and the apocryphal Book of Enoch and examines how later magicians such as Aleister Crowley used them. Including Enochian Magic Meditations and rituals, Decoding the Enochian Secrets presents the source text to the most powerful form of magic known to mankind. This is a revised and expanded edition of Barbara and Gerry Clow's classic 2004 text. This sequel to the bestselling underground classic *The Pleiadian Agenda* outlines their theory of the nine dimensions of human consciousness and how those nine dimensions have become essential to our evolutionary survival. Incorporating the research and insight of the Swedish biologist Carl Calleman, the Clows demonstrate how recent scientific discoveries validate their theories. The existence of the nine dimensions of human consciousness can be proved by science. The most controversial aspect of this book is their exploration of the Mayan prophecies. Counter to much of the prevailing opinion, the fulfillment of the prophecies will not result in the Apocalypse, but will usher in a new and expanded era of human consciousness. They also assert that the beginning of this new era begins not on December 21, 2012—but on October 28, 2011—making the time of the great shift in consciousness just around the corner. Provocative and informative, the Clows have provided an explanation and roadmap for the future. It will be embraced by all who are interested in the evolution of human consciousness.

Internationally noted astrologer, ceremonial leader, and author Barbara Hand Clow presents a nine-dimensional picture of our galaxy--along with meditations for accessing each level--as well as an investigation of the scientific implications of her communications with the Pleiadians. The vibrational energies of earth harmonically support the electromagnetic force of all living things and the game we play of reality. Holographic and quantum theory affirm that the observer and the observed are one: the body is actually blinking on and off and is sensitive to the entire range of electromagnetic frequencies. While technology in the hands of a secret government, with its overt and covert hold on minds and bodies, is careening down the telescoping aisle of time, it is accompanied by a tremendous acceleration of possible consciousness toward Knowing that the reality that we intend for ourselves is indeed tentatively located in but a few grids within the holographic infinity that Matters, the All-That-Is: by our pranic energy there manifest we yet create our own reality. This book is a piece of the ever-growing network of dissent urgently seeking a window denied by all media to a consciousness of compassion for All-That-Is. Global agony comes to dominate a book about earth and human energies.

New Age culture is generally regarded as a modern manifestation of Western millenarianism - a concept built around the expectation of an imminent historical crisis followed by the inauguration of a golden age which occupies a key place in the history of Western ideas. *The New Age in the Modern West* argues that New Age culture is part of a family of ideas,

including utopianism, which construct alternative futures and drive revolutionary change. Nicholas Campion traces New Age ideas back to ancient cosmology, and questions the concepts of the Enlightenment and the theory of progress. He considers the contributions of the key figures of the 18th century, the legacy of the astronomer Isaac Newton and the Swedish visionary Emanuel Swedenborg, as well as the theosophist, H.P. Blavatsky, the psychologist, C.G. Jung, and the writer and artist, Jose Arguelles. He also pays particular attention to the beat writers of the 1950s, the counterculture of the 1960s, concepts of the Aquarian Age and prophecies of the end of the Maya Calendar in 2012. Lastly he examines neoconservatism as both a reaction against the 1960s and as a utopian phenomenon. *The New Age in the Modern West* is an important book for anyone interested in countercultural and revolutionary ideas in the modern West.

A debut novel from bestselling author Barbara Hand Clow • An intricately layered erotic thriller that reveals esoteric teachings on prophecy, power, ritual, and divination • Includes dramatic insights into the suppressed discoveries of the first Christian heretics and secret power rituals at work in the Vatican • From the author of *The Pleiadian Agenda* and *The Mayan Code* In her debut as a novelist, bestselling author and acclaimed spiritual teacher Barbara Hand Clow weaves an erotically charged story of romance, deep earth forces, psychic powers, aristocracy, and Vatican world control centered on an ancient ruby that inspires mystical visions. Set in Rome in 2012, the story follows Sarah Adamson, a beautiful young Catholic graduate student from Boston studying at the Vatican Library for her thesis on the first Christian heretic, Marcion of Pontus. She is being courted by two utterly different men: Simon Appel, a descendent of the kabbalist Isaac Luria who covers Vatican affairs for the New York Times, and Armando Pierleoni, the heir to an ancient Italian aristocratic family with strong ties to the Vatican. After a terrible encounter with the dark side at a castle in Tuscany, Sarah is given a ring set with a ruby crystal, a powerful stone that was once the third eye of an ancient Buddha statue in Nepal. With the mystic ring on her finger, Sarah's visionary abilities are ignited. She remembers her past life as the Sibyl of Cumae, a Roman oracle whose powers are now being channeled by the Vatican to maintain world control. As Sarah's research and visions reveal the cause of evil in the Church and Simon's reporting exposes the depth of the sexual abuse scandals surrounding the Vatican, the two form an alliance with an ex-lover of both Simon and Armando, Claudia, who describes secret priestly power rituals going on in Vatican City. As the heightened energies of the winter solstice of 2012 arrive and 2013 dawns, will Simon and Sarah be able to harness their divine powers for transformation? Will the Vatican seek new direction as it elects a new pope? Revealing the very nature of how evil gets into the world, this novel of romance, mystery, heresy, and spirituality uncovers the esoteric foundations for the emergence of a golden new age. The author faces archetypal, cosmic lords within herself. These inner lords are a reflection of humankind's age-old struggle with "the gods who came down to Earth," who intervened with human reality and limited our freedom.

Within you is a greater, wiser self that is not bound by your fears, worries, or perceived limitations. Dr. José Luis Stevens calls this the Inner Shaman—the part of you that connects directly to the true source of the universe. "The shamans of every tradition know that the physical world we can see and touch is a mere shadow of the true spirit world," writes Dr. Stevens. Bestselling author Barbara Hand Clow shows how the Mayan Calendar is a bridge to galactic wisdom that fosters personal growth and human evolution • Unearths the meaning behind the calendar, its message for modern civilization, and what will happen when the calendar ends • Reveals how time acceleration is a manifestation of the acceleration of consciousness • By the author of *The Pleiadian Agenda* *The Mayan Code* is a deep exploration of how, as we approach the end of the Mayan Calendar, time and consciousness are accelerating, giving us a new understanding of the universe. Using Carl Johan Calleman's research, as well as the ideas of other Mayan Calendar scholars, Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth--the World Mind. These great patterns culminate in 2011, and then during 2012 major astrological influences will inspire us to attain oneness and enlightenment. *The Mayan Code* shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy. These stages of evolution are converging during the final stage of the Calendar, the period between 1999 and 2011. War and territoriality, resource management and separation from nature, are all part of daily events we must process during these few short years: evidence of the tightening spiral of time that we experience as time speeding up. Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution--now referred to as the awakening of the World Mind.

The Guardian's Best Science Book of 2017: the fascinating science and history of the air we breathe. It's invisible. It's ever-present. Without it, you would die in minutes. And it has an epic story to tell. In *Caesar's Last Breath*, New York Times bestselling author Sam Kean takes us on a journey through the periodic table, around the globe, and across time to tell the story of the air we breathe, which, it turns out, is also the story of earth and our existence on it. With every breath, you literally inhale the history of the world. On the ides of March, 44 BC, Julius Caesar died of stab wounds on the Senate floor, but the story of his last breath is still unfolding; in fact, you're probably inhaling some of it now. Of the

sextillions of molecules entering or leaving your lungs at this moment, some might well bear traces of Cleopatra's perfumes, German mustard gas, particles exhaled by dinosaurs or emitted by atomic bombs, even remnants of stardust from the universe's creation. Tracing the origins and ingredients of our atmosphere, Kean reveals how the alchemy of air reshaped our continents, steered human progress, powered revolutions, and continues to influence everything we do. Along the way, we'll swim with radioactive pigs, witness the most important chemical reactions humans have discovered, and join the crowd at the Moulin Rouge for some of the crudest performance art of all time. Lively, witty, and filled with the astounding science of ordinary life, Caesar's Last Breath illuminates the science stories swirling around us every second.
