Towards the end of her life, the French philosopher and mystic Simone Weil (1909-43) was working on a tragedy, *Venice Saved*. Appearing here in English for the first time, this play explores the realisation of Weil's own thoughts on tragedy. A figure of affliction, a central theme in Weil's religious metaphysics, the central character offers a unique insight into Weil's broader philosophical interest in truth and justice, and provides a fresh perspective on the wider conception of tragedy itself. The play depicts the plot by a group of Spanish mercenaries to sack Venice in 1618 and how it fails when one conspirator, Jaffier, betrays them to the Venetian authorities, because he feels compassion for the city's beauty. The edition includes notes on the play by the translators as well as introductory material on: the life of Weil; the genesis and purport of the play; Weil and the tragic; the issues raised by translating *Venice Saved*. With additional suggestions for further reading, the volume opens up an area of interest and research: the literary Weil.

Can your worst enemy become the love of your life? A fun, feisty, feel-good romance for fans of Sophie Kinsella and Meg Cabot. Jennifer and Ian have known each other for seven years. They are leaders of two different teams in the same London bank, and are constantly engaged in a running battle to be number one. Ian is a handsome, wealthy and sought-

after bachelor; Jennifer is a feisty, independent lawyer. When they are thrown together to work on the same project, Ian makes Jenny an offer she can't refuse: to have free reign of their rich client if she pretends to be his girlfriend. Soon, it becomes more and more difficult to tell the difference between fiction and reality... What readers are saying about LOVE TO HATE YOU: 'A light-hearted novel about love, (im)possibilities and challenges in the workplace' Tu Style. 'Anna Premoli, for me, is the best of the genre. This book made me laugh and fall in love – I read it four times!' 'I loved this novel from beginning to end ... If you want a book that is fun and romantic at the same time, I would definitely recommend it.' 'A beautiful love story ... I read it in just two days!'

This Italian reference grammar provides students, teachers and others interested in the Italian language with a comprehensive, accessible and jargon-free guide to the forms and structure of Italian. Whatever their level of knowledge of the language, learners of Italian will find this book indispensable: it gives clear and detailed explanations of everything from the most elementary facts such as the relation between spelling and pronunciation, or the forms of the article, to more advanced points such as the various nuances of the subjunctive. Formal or archaic discourse is distinguished from informal, everyday usage, and regionalisms are also indicated where appropriate. The authors have taken care to make it an easy and illuminating reference tool: extensive cross-referencing enables readers to quickly find the information they require, and also stimulates them to discover new, related facts.

An advisor to Italian publishing houses, a translator of Freud and Jung, a friend of Montale and Calvino, Roberto Bazlen was nothing if not a literary man, but kept his writings to himself. Here, translated into English for the first time, the

reader will discover Bazlen's private oeuvre: an unfinished novel, *The Sea Captain*, which bears comparison with the fiction of Kafka and Beckett; a selection of entries from his notebooks dealing with topics as various as whether or not there is an "animal Jahweh" and the aesthetic limitations of the cinema; a trio of essays on his native city of Trieste; and a sampling of his editorial letters. *Notes Without a Text* is an introduction to the work of one of the unknown masters of twentieth-century European literature.

Draws from twentieth-century French thought on film and aesthetics to address the philosophical significance of the pervasiveness of screens in contemporary technological life as well as the mutation of philosophy that such a pervasiveness seems to require. In *The Flesh of Images*, Mauro Carbone analyzed Merleau-Ponty's interest in film and modern painting as it relates to his aesthetic theory and as it illuminates our contemporary relationship to images. *Philosophy-Screens* broadens the work undertaken in this earlier book, looking at the ideas of other twentieth-century thinkers concerning the relationship between philosophy and film, and extending that analysis to address our experience of electronic and digital screens in the twenty-first century. In the first part of the book, Carbone examines the ways that Sartre, Merleau-Ponty, Lyotard, and Deleuze grappled with the philosophical significance of cinema as a novel aesthetic medium unfolding in the twentieth century. He then considers the significance of this philosophical framework for understanding the digital revolution, in particular the extent to which we are increasingly and comprehensively connected with screens. Smartphones, tablets, and computers have become a primary referential optical apparatus for everyday life in ways that influence the experience not only of seeing but also of thinking and desiring. Carbone's *Philosophy-Screens* follows Deleuze's call for "a philosophy-cinema"

that can account for these fundamental changes in perception and aesthetic production, and adapts it to twenty-first-century concerns. “Mauro Carbone is one of the very best interpreters of French philosophy in general and aesthetics in particular. This book furthers recent research he has undertaken on cinema and more specifically its significance both in twentieth-century debates in philosophy and its role in our cultural experience. This is an insightful and informative book and will be of interest to a broad spectrum of readers.” — Stephen Watson, University of Notre Dame

The aim of this practical and user-friendly A to Z handbook is to enable the interested reader to gain quick and easy access to entries relating to or associated with emotional and behavioral difficulties. It focuses on adult problems as well as those of children and adolescents. The entries clearly and succinctly define and explain emotional behavioral terms and some of the different ways in which emotional and behavioral problems can be approached or treated. Where appropriate, entries are accompanied by a brief bibliography. Useful addresses and contact phone numbers are also provided where appropriate. This guide is useful for all teachers, mentors, social workers, educational social workers, educational psychologists, counselors, care workers, students and other professionals and voluntary workers in allied fields. It will also be of interest to parents and carers.

This volume, the first comprehensive study of Triestine literature in English, originally reassesses Trieste's literary identity, paying particular attention to the period between 1918 and 1954 when local writing became intensely aware of its local specificity and some of its central motifs came prominently to the fore. Trieste's singular border identity, mirrored in a variegated literary output, emerges here as laden with complexities and ambiguities, such as the controversial notion of triestinita, the ambiguous relation with nationalism, specifically in its Fascist inflection, and the anxieties generated by repeated re-definitions of the area's historical borders.

Describing how to give individuals an opportunity to discover how their symbolic perceptions are organized, what needs to happen for these to change, and how they can develop as a result, this text includes three client transcripts.

Play is "an occasion of pure waste: waste of time, energy, ingenuity, skill, and often of money." It is also an essential element of human social and spiritual development. In this study, Roger Caillois defines play as a voluntary activity that occurs in a pure space, isolated and protected from the rest of life. Within limits set by rules that provide a level playing field, players

move toward an unpredictable outcome by responding to their opponents' actions. Caillois qualifies types of games and ways of playing, from the improvisation characteristic of children's play to the disciplined pursuit of solutions to gratuitously difficult puzzles. He also examines the means by which games become part of daily life, ultimately giving cultures their most characteristic customs and institutions.

A fun, feisty romance, perfect for fans of Sophie Kinsella and Paige Toon. What girl doesn't dream of an amazing promotion working on the other side of the world? This once in a lifetime opportunity is presented to 28-year-old investment banker, Maddison Johnson and instantly fills her with abject fear. It isn't the New York transfer she had set her heart on... she's going to South Korea, instead. To make things worse, her boss Mark Kim doesn't go out of his way to make it easy for her to adapt to her new environment. Plunged into a world she knows nothing about with a man she can't stand, Maddison finds herself forced to adapt and grow up quickly. Maybe in the process she will stumble over something wonderful and quite unexpected... What people are saying about YOU DRIVE ME CRAZY: 'I found myself gutted I had to

put the book down and go to bed after my first stint of reading' 'Very entertaining, really interesting that the storyline revolved around working life as well as the personal'

"One of Paul Celan's most important books of poems, *Threadsun* follows the Green Integer press publication of *Breathturn*, which received international critical acclaim. Consisting of 105 poems, arranged in five cycles, *Threadsun* was composed between September 1965 and June 1967. If *Breathturn* was the opening gambit of Celan's "turn," the entry into the late work, then *Threadsun* - the volume that may have received the least amount of commentary and analysis to date - may be said to be not only an extension or continuation of the previous volume, but the full-blown realization of Celan's late work."--BOOK JACKET.

Napoli/New York/Hollywood is an absorbing investigation of the significant impact that Italian immigrant actors, musicians, and directors—and the southern Italian stage traditions they embodied—have had on the history of Hollywood cinema and American media, from 1895 to the present day. In a unique exploration of the transnational communication between American and Italian film industries, media or performing arts as practiced in Naples, New York, San Francisco, and Los Angeles, this groundbreaking book looks at the historical context and institutional film history from the illuminating perspective of the performers themselves—the workers who lend their bodies and their performance culture to screen representations. In doing so, the author brings to light the cultural work of families and generations of

artists that have contributed not only to American film culture, but also to the cultural construction and evolution of “Italian-ness” over the past century. Napoli/New York/Hollywood offers a major contribution to our understanding of the role of southern Italian culture in American cinema, from the silent era to contemporary film. Using a provocative interdisciplinary approach, the author associates southern Italian culture with modernity and the immigrants’ preservation of cultural traditions with innovations in the mode of production and in the use of media technologies (theatrical venues, music records, radio, ethnic films). Each chapter synthesizes a wealth of previously under-studied material and displays the author’s exceptional ability to cover transnational cinematic issues within an historical context. For example, her analysis of the period from the end of World War I until the beginning of sound in film production in the end of the 1920s, delivers a meaningful revision of the relationship between Fascism and American cinema, and Italian emigration. Napoli/New York/Hollywood examines the careers of those Italian performers who were Italian not only because of their origins but because their theatrical culture was Italian, a culture that embraced high and low, tragedy and comedy, music, dance and even acrobatics, naturalism, and improvisation. Their previously unexplored story—that of the Italian diaspora’s influence on American cinema—is here meticulously reconstructed through rich primary sources, deep archival research, extensive film analysis, and an enlightening series of interviews with heirs to these traditions, including Francis

Coppola and his sister Talia Shire, John Turturro, Nancy Savoca, James Gandolfini, David Chase, Joe Dante, and Annabella Sciorra.

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

An erudite and witty collection of Umberto Eco's essays on mass culture from the 1960s through the 1980s, including major pieces which have not been translated into English before. The discussion is framed by opposing characterizations of current intellectuals as apocalyptic and opposed to all mass culture, or as integrated intellectuals, so much a part of mass culture as to be unaware of serving it. Organized in four main parts, "Mass Culture: Apocalypse Postponed," "Mass Media and the Limits of Communication," "The Rise and Fall of Counter-Cultures," and "In Search of Italian

Genius," Eco looks at a variety of topics and cultural productions, including the world of Charlie Brown, distinctions between highbrow and lowbrow, the future of literacy, Chinese comic strips, whether countercultures exist, Fellini's Ginger and Fred, and the Italian genius industry.

On June 23rd, 1950, Pavese, Italy's greatest modern writer received the coveted Strega Award for his novel *Among Women Only*. On August 26th, in a small hotel in his home town of Turin, he took his own life. Shortly before his death, he methodically destroyed all his private papers. His diary is all that remains and for this the contemporary reader can be grateful. Contemporary speculation attributed this tragedy to either an unhappy love affair with the American film star Constance Dawling or his growing disillusionment with the Italian Communist Party. His Diaries, however, reveal a man whose art was his only means of repressing the specter of suicide which had haunted him since childhood: an obsession that finally overwhelmed him. As John Taylor notes, he possessed something much more precious than a political theory: a natural sensitivity to the plight and dignity of common people, be they bums, priests, grape-pickers, gas station attendants, office workers, or anonymous girls picked up on the street (though to women, the author could--as he admitted--be as misogynous as he was affectionate). Bitter and incisive, *This Business of Living*, is both moving and painful to read and stands with James Joyce's *Letters* and Andre Gide's *Journals* as one of the great literary testaments of the twentieth century.

In this work, Marcus interprets a body of work that managed to transcend the decline of Italian cinema's prominence within the industry during the last two decades of the 20th-century.

Whatever your reasons for pursuing entrepreneurial work, it's essential to know a couple of basic guidelines before diving in. My observations based on the experiences I've gathered so far in my entrepreneurial journey are discussed in this book which may help new startups to learn as I've learnt in my early stage. The factor here is that you won't be successful if you let the naysayers hold you back. The only way to be successful is to believe in yourself. Remember, more than 30 publishers rejected Carrie before acceptance. If he'd given up, he wouldn't be one of the most well-known and profitable authors in the world. Getting inspiration from successful people leads us to the right and thoughtful way. My father, Farid Ahammed, inspired me a lot as he is a well-known entrepreneur himself; he is my mentor and idol. Much love, Sohel Farid,

Two well-known channelers share the spiritual messages of Adamus Saint-Germain, the ascended master and teacher from the angelic Crimson Council. Adamus Saint-Germain has manifested in many lifetimes, expressing various identities in many adventures on Earth: from a rebellious rabbi in the time of Jesus to Mark Twain. Many believe that Adamus Saint-Germain is here today to teach us about new consciousness and new energy. In *Live Your Divinity*, the wisdom of Adamus comes through loud and clear in the plaintalking voice of Geoffrey Hoppe. Culled from Adamus's messages given before

live audiences around the world, these excerpts relay that, ultimately, personal growth and spiritual development can only be realized through an increased awareness of the very experience the reader is already having on their path of awakening. Live Your Divinity is for those who are waking up and hungry for channeled information from the ascended masters. It reinforces, clarifies, validates, and encourages bringing readers increased awareness as they move through the Awakening Zone.

How do we know a cat is a cat . . . and why do we call it a cat? An "intriguing and often fascinating" look at words, perceptions, and the relationship

between them (Newark Star-Ledger). In *Kant and the Platypus*, the renowned semiotician, philosopher, and bestselling author of *The Name of the Rose* and *Foucault's Pendulum* explores the question of how much of our perception of things is based on cognitive ability, and how much on linguistic resources. In six remarkable essays, Umberto Eco explores in depth questions of reality, perception, and experience. Basing his ideas on common sense, Eco shares a vast wealth of literary and historical knowledge, touching on issues that affect us every day. At once philosophical and amusing, *Kant and the Platypus* is a tour of the world of our senses, told by a master of knowing what is real and what is not. "An erudite, detailed inquiry into the philosophy of mind . . . Here, Eco is continental philosopher, semiotician, and cognitive scientist rolled all into one." —Library Journal (starred review)

An indolent college student creates a chaotic fictional world in this classic of Irish literature: "A marvel of imagination, language, and humor" (New Republic). In this comic masterpiece, our unnamed narrator—a student at University College, Dublin, who spends more time drinking and working on his novel

than attending classes—creates a character, a pub owner named Trellis, who himself is devoted mainly to writing and sleeping. Soon Trellis is collaborating with an author of cowboy romances, and from there unspools a brilliantly unpredictable adventure that James Joyce himself called “a really funny book.”

“’Tis the odd joke of modern Irish literature—of the three novelists in its holy trinity, James Joyce, Samuel Beckett and Flann O’Brien, the easiest and most accessible of the lot is O’Brien. . . . Flann O’Brien was too much his own man, Ireland’s man, to speak in any but his own tongue.” —The Washington Post

“As with Scott Fitzgerald, there is a brilliant ease in [O’Brien’s] prose, a poignant grace glimmering off every page.” —John Updike

“One of the best books of our century.” —Graham Greene

Praise for Ben Pastor's *Lumen*: "Pastor's plot is well crafted, her prose sharp. . . . A disturbing mix of detection and reflection."—Publishers Weekly "Rivets the reader with its twist of historical realities. A historical piece, it faithfully reproduces the grim canvas of war. A character study, it captures the thoughts and actions of real people, not stereotypes."—The Free Lance-Star "And don't miss *Lumen* by Ben Pastor. . . . An interesting, original, and melancholy tale."—Literary Review Italy, September 1943. The Italian government switches sides and declares war on Germany. The north of Italy is controlled by the fascist puppets of Germany; the south liberated by Allied forces fighting their way up the peninsula. Having survived hell on the Russian front, Wehrmacht major and aristocrat Baron Martin von Bora is sent to Verona. He is ordered to investigate the murder of a prominent local fascist: a bizarre death threatening to discredit the regime's public image. The prime suspect is the victim's twenty-eight-year-old widow Clara. Haunted by his record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of

the Holocaust, a breathless chase begins. Ben Pastor, born and now back in Italy, lived for thirty years in the United States, working as a university professor in Vermont. The first in the Martin Bora series, *Lumen*, was published by Bitter Lemon Press in May 2011.

Roberto Benigni, the Italian comedian, actor, director, and writer, gained international fame when his film *La vita è bella/ Life Is Beautiful* (1997) won three Oscars in 1999, including Best Foreign Film and Best Actor. Benigni has been a steady presence in Italian popular culture since the mid-1970s. This book introduces Benigni's performances in film, stage, and television, little known outside of Italy, with an emphasis on the cultural and intellectual backdrops that characterize his films, including his origins among the Tuscan rhyming poets and his experiences in the Roman avant-garde theater. Benigni's statements about his experiences and apprenticeships with cinema notables like Cesare Zavattini and Federico Fellini reveal a wealth of fresh information and confirm the sense that there is more to this madcap buffoon than meets the eye.

What is the function of art in the era of digital globalization? How can one think of art institutions in an age defined by planetary civil war, growing inequality, and proprietary digital technology? The boundaries of such institutions have grown fuzzy. They extend from a region where the audience is

pumped for tweets to a future of “neurocurating,” in which paintings surveil their audience via facial recognition and eye tracking to assess their popularity and to scan for suspicious activity. In *Duty Free Art*, filmmaker and writer Hito Steyerl wonders how we can appreciate, or even make art, in the present age. What can we do when arms manufacturers sponsor museums, and some of the world’s most valuable artworks are used as currency in a global futures market detached from productive work? Can we distinguish between information, fake news, and the digital white noise that bombards our everyday lives? Exploring subjects as diverse as video games, WikiLeaks files, the proliferation of freeports, and political actions, she exposes the paradoxes within globalization, political economies, visual culture, and the status of art production.

There are few individuals whose work has had such wide-ranging, long-lasting effects as that of C.G. Jung. In this text, Von Franz shows the development of Jung's ideas from their origins to their empirical documentation in his numerous books, papers and recorded lectures.

---- Every club player knows the problem: the opening has ended, and now what? First find the right plan, then the good moves will follow! With this book, International Master Herman Grooten presents to amateur players a complete and structured course on: how to recognize key characteristics in all types of positions how to make use of those characteristics to choose the right plan His teachings are based on the famous "Elements" of Wilhelm Steinitz, but Grooten has significantly expanded and updated the work of the first World Champion. He supplies many modern examples, tested in his own practice as a coach of talented youngsters. In Chess Strategy for Club Players you will learn the basic elements of positional understanding: -- pawn structure -- piece placement -- lead in development -- open files -- weaknesses -- space advantage -- king safety -- exploiting small advantages. The author also explains what to do when, in a given position, the basic principles seem to point in different directions. Each chapter of this fundamental primer ends with a set of highly instructive exercises.

Cacciari discusses Vienna at a crucial turning point in Western thinking, as the 19th century ended, treating this extraordinarily rich concentration of people and events as the hub upon which wheeled into the 20th century. There are two stories here. One is the now legendary tale of a defiant Jew's refusal to abandon God, even in the face of the greatest suffering the world has known, a testament of faith that has taken on an unpredictable and fascinating life of its own and has often been thought to be a direct testament from the Holocaust. The parallel

story is that of Zvi Kolitz, the true author, whose connection to Yosl Rakover has been obscured over the fifty years since its original appearance. German journalist Paul Badde tells how a young man came to write this classic response to evil, and then was nearly written out of its history. With brief commentaries by French philosopher Emmanuel Levinas and Leon Wieseltier, author of *Kaddish*, this edition presents a religious classic and the very human story behind it. In the context of increased movement across borders, this book examines how key cultural texts and concepts are transferred between nations and languages as well as across different media. The texts examined in this book are considered fundamental to their source culture and can also take on a particular relevance to other (target) cultures. The chapters investigate cultural transfers and differences realised through translation and reflect critically upon the implications of these with regard to matters of cultural identity. The book offers an important contribution to cultural approaches in translation studies, with ramifications across different disciplines, including literary studies, history, philosophy, and gender studies. The chapters offer a range of cultural and methodological frameworks and are written by scholars from a variety of language and cultural backgrounds, Western and Eastern.
