The first book in a laugh-out-loud funny adventure series for 8+ readers from popular radio personalities Greg James and Chris Smith. When Murph Cooper rocks up to his new school several weeks into the beginning of term, he can't help but feel a bit out of his depth. And it's not because he's worried about where to sit, and making friends, and fitting in, or not knowing where the loos are. It's because his mum has enrolled him at a school for superheroes by mistake. And unlike his fellow students, who can all control the weather or fly or conjure tiny

horses from thin air, Murph has no special abilities whatsoever. But just because you don't have superpowers, it doesn't mean you can't save the day. Let's hope Murph realises that, and quick - because not far away is a great big bad guy who is half man and half wasp, and his mind is abuzz with evil plans .It's time for Kid Normal to become a hero! Perfect for fans of David Solomons, David Baddiel and Danny Wallace.

In the '90s there is no longer the golden rule of magazine design. While most magazines (weeklies and monthlies) maintain formats in which an array of editorial contents are placed, many "alternative" publications are experimenting with totally mutable design schemes, and sometimes overall sizes and shapes. For some, consistency has become the hobgoblin of creativity; for others it's a must. Magazines Inside and Out represents the diverse visual approach practiced today. This book shows how various methods are practiced; how current styles are reinterpreted by different designers; how unique design identities are established; and how conceptual thinking pervades the design of the best magazines.

crazy replace can't with maybe When “Renaissance runner” (New York Times) Alexi Pappas—Olympic athlete, actress, filmmaker, and writer—was four years old, her mother died by suicide, drastically altering the course of Pappas’s life and setting her on a search for female role models. When her father signed his bereaved daughter up for sports teams as a way to keep her busy, female athletes became the first women Pappas looked up to, and her Olympic dream was born. At the same time, Pappas had big creative dreams, too: She wanted to make movies, write, and act. Despite setbacks and hardships, Pappas refused to pick just one lane. She put in a tremendous amount of hard work and wouldn’t let anything stand in her way until she achieved all of her dreams, however unrelated they may seem to outsiders. In a single year, 2016, she made her Olympic debut as a distance runner and wrote, directed, and starred in her first feature film. But great highs are often accompanied by deep lows; with joy comes sorrow. In *Bravey*, Pappas fearlessly and honestly shares her battle with post-Olympic depression and describes how she emerged on the other side as a thriving and self-actualized woman. Unflinching, exuberant, and always entertaining, *Bravey* showcases Pappas’s signature, charming voice as she reflects upon the touchstone moments in her life and the lessons that have powered her career as both an athlete and an artist—foremost among them, how to be brave. Pappas’s experiences reveal how we can all overcome hardship, befriend pain, celebrate victory, relish the loyalty found in teammates, and claim joy. In short: how every one of us can become a bravey.
