"Imagine it is the seventh century. As most of Europe continues its descent into a long period of intellectually dormancy, a quiet yet powerful academic revolution is erupting in another corner of the world. Over the next centuries, the geniuses of Muslim society will thrust the boundaries of knowledge forward to such a degree that their innovations still shape civilizations to this day. The staggering achievements of these men and women influenced the development of modern mathematics, science, engineering, and medicine. 1001 Inventions: The Enduring Legacy of Muslim Civilization sheds new light on this golden era that was once lost to so many, and celebrates the heritage that we all share"--P. The Islamic Ritualized Prayer is one of the most important pillars of Islam and will be the first thing we'll be questioned about on the Day of Judgement. It is our duty as parents to teach our little ones about our gift of Salah in which we connect with our Creator five times a day. We must start teaching our children as early as seven years old as we were instructed by our Prophet, peace be upon him, by creating a positive atmosphere that encourages them to pray and forming a habit. Little Zaid's Journey to Salah takes us on Zaid's journey to how he was introduced to the Islamic Ritualized Prayer. Zaid shares the story of his first trip to his local Mosque with his dad and shares the story of how he went from praying once a day to five times a day. Zaid also teaches us the purpose of Salah, why we pray, and how to perform wudu (ablution) and perform the prayer. What better way to teach your child than learning it from a beautiful little story narrated by their peer with beautiful colorful illustrations that they'll love. The story of Zaid's Journey to Salah is guaranteed to teach, inspire, and encourage your child to love and look forward to praying and connecting with his Creator.

The perfect book to teach pre-school children about the most important acts in Islam.

"It's easy to feel a sense of peace after completing Fawzia Gilani's Cinderella. This humble version of the classic fairy tale is a gentle reminder that victory comes as much from a peaceful soul as a beautiful dress and a dramatic confrontation." - Luxury Reading Cinderella is one of the oldest, best-known, and most loved stories worldwide, with hundreds of cultural variants and re-tellings from ancient Egypt and China to the present day. In this version we follow the trials and tribulations of the sweet, gentle, and pious Zahra when her parents die and she is left at the mercy of an uncaring stepmother and stepsisters. This is a well-crafted Islamic version of the classic tale in which faith, goodness, and prayer are rewarded in the end. The charming, richly detailed illustrations of Shireen Adams, set in medieval Andalusia, help bring the text to life.

The book presents the life of the Prophet Muhammad, upon whom be peace, from his childhood in the desert to his divine mission and early preaching in Makkah. It goes on to describe the hostility of Makkans towards his message, their total boycott of him and his family, the Night Journey to seven heavens and the migration from Makkah to Madinah. In Madinah he was welcomed and lived there for ten years teaching and calling people to the divine truth. His life went through stages of poverty, prosperity, defeat and success. Yet whatever his state of well-being or hardship, he never once strayed from the path of moderation. At all times, and right till the end, he remained the patient and grateful servant of the Almighty, bringing his message of peace and truth to all mankind.

skilled in geometry, ingenious devices (Ibival), music and astronomy. According to Ibn al-Nad!m and Ibn Khallikän their weakest subject was astronomy, but this seems to conflict with the opinions of Ibn Yunus and al-Blrun!, both good judges, who spoke highly of the accuracy of the Banu Musa's astronomical observations. Mul)ammad, who was the most influential of the brothers, specialised in gcomctry and astronomy, and excellcd Al)mad in all the sciences except in the construction of ingenious devices. Al-l: lasan was a brilliant geometrician with aretenlive memoryand great powers of deduction. A rival onee tried to discredit him in front of al-Ma'mun hy saying that al- l: lasan had read only six of the thirteen books of Euclid's Elements. Al-l: lasan replied by saying that it was unnecessary for him to read the remainder because he could arrive at the answers to any of Euclid's problem s by deduction. Al-Ma'mun acknowledged al-l: lasan 's skill, but did not excuse him, saying: "laziness has prevented you from 2 reading the whole of it-it is to geometry as the lctters a, b, t, 111 are to speech and writing." (H. 264). Al-l: lasan is rarely mentioned by name elsewhere in the sources and may have preferred to devote his time to scholarship, whereas his brothers were involved in a variety of undertakings. At the time of their entry into the House of Wisdom the Banu Musil were paar and needy (H.
