**Trusted Leader** David Horsager,2021-03-30 Without trust, people and businesses fail. Trusted Leader provides a framework for building trust so that you and your organizations can perform at your best. "A lack of trust is your biggest expense," says Wall Street Journal bestselling author David Horsager. Without trust, transactions cannot occur. Without trust, influence is destroyed. Without trust, leaders lose their people. Trust can be either your most vulnerable weakness or your greatest asset. Horsager introduces readers to his Eight Pillars of Trust through the journey of a senior leader who

thought success was certain. Follow CEO Ethan Parker as he discovers the power of trust and how to apply it amid the complexities of leadership, change, and culture transformation. The Eight Pillars of Trust (Clarity, Compassion, Character, Competency, Commitment, Connection, Contribution, and Consistency) are based on Horsager's original research and extensive experience working with Fortune 500 companies and top government agencies around the globe. In addition to the business parable, this book is rich in practical advice for implementing each of the Eight Pillars. You will learn strategies to increase alignment, overcome attrition, and get absolutely clear on executing your top priorities. Horsager offers a road map for how to become the most trusted expert in your industry.

Kumba Africa Sampson Ejike Odum, 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during Harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the Harmattan. That was the Africa of old we will always remember. In Africa today, the story has changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from their farms are almost fading away. The huts are now gradually being replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now being replaced by heavy trucks and lorries. African traditional methods of healing are now being substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

*The Legendary Custom Cars and Hot Rods of Gene Winfield* David Grant, 2008 Of all of the pioneering custom-car builders to come to prominence in the 1950s--Harry Westergard, George Barris, and Dean Jeffries, among others--one of the most prolific was a young man from Modesto, California, named Gene Winfield. Cutting his teeth in California's hopping postwar hot rod scene, Gene eventually gravitated toward custom cars, becoming one of the medium's preeminent and most-sought-after practitioners. For the first time, Gene's career is examined in this volume fully illustrated with photography from Gene's personal archive. Written by longtime Winfield employee David Grant, *The Legendary Hot Rods and Custom Cars of Gene Winfield* is culled from hours of interviews with Gene and recounts everything from his early days in Modesto and his first shop in a converted backyard chicken coop, to his role in forming the Century Toppers car club, his involvement in dry lakes and circle-track racing, the formation of Winfield's Custom Shop in 1955, and the impressive string of vehicles that followed. Cars featured include the Ford convertible that graced the second issue of *Rod & Custom*, the 1950 Solar Scene Mercury Coupe, the 1956 Mercury called Jade Idol, and the Ford King T that won the 1963 AMBR award, among dozens of others. Grant also delves into Winfield's involvement with model-maker AMT, movie and TV vehicles for such projects as *The Man from U.N.C.L.E.* and *Get Smart*, and reminisces from Winfield's contemporaries.
