Washed Up Skye Moody, 2010-08-03 The ocean gives up many prizes, just setting them on our beaches for us to find. From rubber ducks that started out somewhere in Indonesia to land Venice Beach, to an intact refrigerator makes it way to the Jersey Shore. Chunks of beeswax found on the Oregon coast are the packing remnants of 18th century Spanish gold. Author Skye Moody walks the coast, dons her wet suit, and heads out to sea to understand the excellent debris that accrues along the tideline. There she finds advanced military technology applied to locating buried Rolexes, hardcore competitive beachcombing conventions, and isolated beach communities whose residents are like flotsam congregated at the slightest obstacle on the coastline. This book confirms that the world is a mysterious place and that treasure is out there to be found.

Mrs. McNosh Hangs Up Her Wash Sarah Weeks, 2002-05-07 Each Monday at dawn, Mrs. Nelly McNosh brings out a barrel and does a big wash. Mrs. McNosh's wash is certainly big-and definitely wacky. You'll be surprised to see what is hanging on her clothesline by the end of the day! Sarah Weeks's hilarious tale, complemented by Nadine Bernard Westcott's lighthearted illustrations, is perfect for reading aloud.

Washed Ashore Kelly Crull, 2022 Angela Haseltine Pozzi makes animal sculptures from plastic that washes up on beaches. Photos of these sculptures are paired with facts about featured sea creatures and the impacts of plastic on sea life.

Tangled Up Tia Louise, 2021-12-02 First, do no harm... It's the start of my oath as a doctor, and breaking that oath is how I began my career. Only I didn't just do harm, I watched a man die right in front of me. And not just any man-a man I hated. I thought his death would bring me peace, but it haunts me to this day. Every close call sparks memories of what I did

to him, to me, to her. I have to go back and face what I've done or end my career. Seeing her hits me harder than the regret. She's still so beautiful with long, dark hair, bright amber eyes, luscious curves. She still dominates my heart, my mind, my bed. But she's different now-stronger, bolder, unafraid. We're a mess, tangled up in a web I created. But I'm determined to heal these wounds, to fix this break. One thing is certain, I won't say goodbye to her again. (A STAND-ALONE, contemporary romance in the Bayside Heroes world. Small-town, second-chance romance with a touch of suspense. No cheating. No cliffhanger.)

Washed Ashore Kerr Thomson, 2017-05-30 A unique, moving thriller for teens of all ages--set by the sea and with a dark undercurrent underneath--and a perfect summer read that's A Long Walk to Water meets Eliot Schrefer. On a wild Scottish island, a tragedy washes up on the storm-beaten shore: the bodies of a whale and a man. Fraser, desperate for adventure, and Hayley, visiting from Texas, become tangled in the mystery. But Fraser's younger brother Dunny is distraught by the discovery. He hasn't spoken in years, and lately he's been acting more strangely than ever. Together, the three meet a man living in the abandoned caves nearby. They start to wonder if he might lie at the center of something darker than they had previously thought. For the whispering sea conceals a terrible secret, and to discover the truth, one of them must learn to listen...

All the Light We Cannot See Anthony Doerr, 2014-05-06 *NOW A NETFLIX LIMITED SERIES—from producer and director Shawn Levy (Stranger Things) starring Mark Ruffalo, Hugh Laurie, and newcomer Aria Mia Loberti* Winner of the Pulitzer Prize and National Book Award finalist, the beloved instant New York Times bestseller and New York Times Book Review Top 10 Book about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in

the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer “whose sentences never fail to thrill” (Los Angeles Times).

Beyond the Bright Sea Lauren Wolk, 2017-05-02 - Winner of the 2018 Scott O'Dell Award for Historical Fiction - From the bestselling author of *Echo Mountain* and Newbery Honor-winner *Wolf Hollow*, *Beyond the Bright Sea* is an acclaimed best book of the year. Twelve-year-old Crow has lived her entire life on a tiny, isolated piece of the starkly beautiful Elizabeth Islands in Massachusetts. Abandoned and set adrift in a small boat when she was just hours old, Crow's only companions are Osh, the man who rescued and raised her, and Miss Maggie, their fierce and affectionate neighbor across the sandbar. Crow has always been curious about the world around her, but it isn't until the night a mysterious fire appears across the water that the unspoken question of her own history forms in her heart. Soon, an unstoppable chain of events is triggered, leading Crow down a path of discovery and danger. Vivid and heart-wrenching, Lauren Wolk's *Beyond the Bright Sea* is a gorgeously crafted and tensely paced tale that explores questions of identity, belonging, and the true meaning of family.

Fewer, Better Things Glenn Adamson, 2018-08-07 From the former director of the Museum of Arts and Design in New York, a timely and passionate case for the role of the well-designed object in the digital age. Curator and scholar Glenn Adamson opens *Fewer, Better Things* by contrasting his beloved childhood teddy bear to the smartphones and digital tablets children have today. He laments that many children and adults are losing touch with the material objects that have nurtured human development for thousands of years. The objects are still here, but we seem to care less and know less about them. In his presentations to groups, he often asks an audience member what he or she knows about the chair the person is sitting in. Few people know much more than whether it's made of wood, plastic, or metal. If we know little about how things are made, it's hard to remain connected to the world around us. *Fewer, Better Things* explores the history of craft in its many forms, explaining how raw materials, tools, design, and technique come together to produce beauty and utility in handmade or manufactured items. Whether describing the implements used in a traditional Japanese tea ceremony, the use of woodworking tools, or the use of new fabrication technologies, Adamson writes expertly and lovingly about the aesthetics of objects, and the care and attention that goes into producing them. Reading this wise and elegant book is a truly

transformative experience.

Whitewash Joseph Keon, 2010-11-23 North Americans are some of the least healthy people on Earth. Despite advanced medical care and one of the highest standards of living in the world, one in three Americans will be diagnosed with cancer in their lifetime and 50% of US children are overweight. This crisis in personal health is largely the result of chronically poor dietary and lifestyle choices. In *Whitewash*, Joseph Keon unveils how North Americans unwittingly sabotage their health every day by drinking milk, and shows that our obsession with calcium is unwarranted. Citing scientific literature, *Whitewash* builds an unassailable case that not only is milk unnecessary for human health; its inclusion in the diet may increase the risk of serious diseases including: prostate, breast, and ovarian cancers osteoporosis diabetes vascular disease Crohn's disease. Many of America's dairy herds contain sick and immunocompromised animals whose tainted milk regularly makes it to market. Cow's milk is also a sink for environmental contaminants, and has been found to contain traces of pesticides, dioxins, PCBs, rocket fuel, and even radioactive isotopes. *Whitewash* offers a completely fresh, candid and comprehensively documented look behind dairy's deceptively green pastures, and gives readers a hopeful picture of life after milk.

Blood Grove Walter Mosley, 2021-02-02 Master of craft and narrative Walter Mosley returns with this crowning achievement in the Easy Rawlins saga, in which the iconic detective's loyalties are tested on the sun-soaked streets of Southern California (National Book Foundation) It is 1969, and flames can be seen on the horizon, protest wafts like smoke through the thick air, and Easy Rawlins, the Black private detective whose small agency finally has its own office, gets a visit from a white Vietnam veteran. The young man comes to Easy with a story that makes little sense. He and his lover, a beautiful young woman, were attacked in a citrus grove at the city's outskirts. He may have killed a man, and the woman and his dog are now missing. Inclined to turn down what sounds like nothing but trouble, Easy takes the case when he realizes how damaged the young vet is from his war experiences—the bond between veterans superseding all other considerations. The veteran is not Easy's only unlooked-for trouble. Easy's adopted daughter Feather's white uncle shows up uninvited, raising questions and unsettling the life Easy has long forged for the now young woman. Where Feather sees a family reunion, Easy suspects something else, something that will break his heart. *Blood Grove* is a crackling, moody, and thrilling race through a California of hippies and tycoons, radicals and sociopaths, cops and grifters, both men and women. Easy will need the help of his friends—from the genius Jackson Blue to the dangerous Mouse Alexander, Fearless Jones, and Christmas Black—to make sense of a case that reveals the darkest impulses humans harbor. *Blood Grove* is a novel of vast scope and intimate insight, and a soulful call for justice by any means necessary.

Washed with Sun Jeremy Foster, 2014-08-15 South Africa is recognized as a site of both political turmoil and natural beauty, and yet little work has been done in connecting these defining national characteristics. *Washed with Sun* achieves this conjunction in its multidisciplinary study of South Africa as a space at once natural and constructed. Weaving together practical, aesthetic, and ideological analyses, Jeremy Foster examines the role of landscape in forming the cultural iconographies and spatialities that shaped the imaginary geography of emerging nationhood. Looking in particular at the years following the British victory in the second Boer War, from 1902 to 1930, Foster discusses the influence of painting, writing, architecture, and photography on the construction of a shared, romanticized landscape subjectivity that was perceived as inseparable from being South African, and thus helped forge the imagined community of white South Africa. In its innovative approach to South Africa's history, *Washed with Sun* breaks important new ground, combining the persuasive theory of cultural geography with the material specificity of landscape history.

The Outrun: A Memoir Amy Liptrot, 2017-04-25 "It's wild writing: sexy, unguarded, raw, and ardent ... highly recommended."—*The Millions* After a decade of heavy partying and hard drinking in London, Amy Liptrot returns home to

Orkney, a remote island off the north of Scotland. The Outrun maps Amy's inspiring recovery as she walks along windy coasts, swims in icy Atlantic waters, tracks Orkney's wildlife, and reconnects with her parents, revisiting and rediscovering the place that shaped her. A Guardian Best Nonfiction Book of 2016 Sunday Times Top Ten Bestseller New Statesman Book of the Year

All That Is James Salter, 2013-04-02 An extraordinary literary event, a major new novel by the PEN/Faulkner winner and acclaimed master: a sweeping, seductive, deeply moving story set in the years after World War II. From his experiences as a young naval officer in battles off Okinawa, Philip Bowman returns to America and finds a position as a book editor. It is a time when publishing is still largely a private affair—a scattered family of small houses here and in Europe—a time of gatherings in fabled apartments and conversations that continue long into the night. In this world of dinners, deals, and literary careers, Bowman finds that he fits in perfectly. But despite his success, what eludes him is love. His first marriage goes bad, another fails to happen, and finally he meets a woman who enthralls him—before setting him on a course he could never have imagined for himself. Romantic and haunting, *All That Is* explores a life unfolding in a world on the brink of change. It is a dazzling, sometimes devastating labyrinth of love and ambition, a fiercely intimate account of the great shocks and grand pleasures of being alive.
