'Making a paradigm shift, Sen writes, "Parenting is not just about bringing up children. It is about growing up and transforming ourselves to be better human beings." Urban parents, working or stay-at-home, would do well to get themselves a copy. Actually, make that every parent.'

- India Today 'Although there are endless discussions on what is good and not good for children, Shelja has a simple belief - a happy mother is the best thing for children.'

- The Hindu 'Alive with anecdotes, distilled theory and authentic empathy, this gift of a book nudges us gently and playfully through a reflective connect with ourselves and our children into the world of life-affirming parenting! 'I enjoyed reading this book and being a first-time mom, it was that much more enlightening. A real eye-opener and one of my favourite books on parenting so far.' - Sneha, www.amazon.com

'This is a well-written book - very powerful topic, but written in a very lucid style and makes for "easy" reading. Reinforces the "basics on parenting" in a great way and leaves an impression! The section dealing with teens and pre-teens is especially good.' - Namrata Singh, www.amazon.com

I accept and love you the way you are. You are unique, you are different and you are you. I will not compare you with others, I will not constantly keep expecting and demanding what you might not be able to do or give. As parents, we foist our dreams and aspirations on our children, push them to be more than we could ever be. But do we have the courage and honesty to look within and ask what drives our parenting - our own needs or those of our children? More crucially, are we able to accept them and respect them for who they are? Child & adolescent psychologist and family therapist Shelja Sen formulates five anchors of parenting to help you connect with the immense wisdom that is already present in you: Connect (create the foundation of parenting); Coach (build the necessary

skills in children through an understanding of their unique wiring and temperament); Care (nurture ourselves for a more wholesome life); Community (build caring ecosystems for children to thrive in) and Commit (sustain the courage and compassion). Groundbreaking, essential reading.

An international bestseller, Klaus Kinski's memoir has become a cult classic, telling the story of his fascinating life, from his tortured, poverty-stricken childhood in prewar Berlin to his rise to international stardom as a film actor. Probably the most outrageous autobiography ever--less a memoir than a hyperbolically pornographic performance piece.--Newsweek. photos.

Why is it so difficult to remain married in the twenty-first century, and what can you do about it? We all know that half of today's marriages end in divorce, but we tend to believe that our own marriages are safe. As psychiatrist John Jacobs explains in this fresh and impassioned book, marriages today are incredibly fragile, and unless a couple understands what is making contemporary marriage so vulnerable to dissolution, the marriage is at risk. Part of the problem is that people refuse to see how social and historical forces have changed the very meaning of marriage, causing serious interpersonal unhappiness. Because of increased longevity, married people live together longer than at any time in history.

There's been an erosion of the social and cultural forces that traditionally kept marriages together. Confusion over gender-role responsibilities, increased expectations of sexual satisfaction, and intense time pressures on couples to work and be successful all create marital stress. And yet, most people don't acknowledge the problems in their marriage until it is too late. We tend to believe in the "lies of marriage" -- such concepts as soul mates, unconditional love, that children improve a relationship, that the sexual revolution has made marital sex more pleasurable, or that egalitarian marriage offers couples easy solutions -- and forget to engage in the constant hardwork required to keep our marriages alive. Dr. Jacobs believes that most marriages have significant problems at some time, but until we recognize the new realities of marriage and develop the skills required to sustain a loving, intimate relationship, marriages are at risk. Of course marriage is about love. But that's just the beginning.

From the New York Times bestselling author of *Through a Dog's Eyes*—the inspiration for the PBS documentary—a paradigm-shifting approach to living with and loving our dogs. There are few people who understand dogs better than Jennifer Arnold. Twenty-five years after she founded Canine Assistants, a nationally recognized nonprofit that raises and provides service dogs for people with disabilities, Arnold had an epiphany. She'd always approached the education of dogs with kindness and compassion—eschewing the faux science of fear and domination-based training methods. And she'd always understood dogs to be uniquely, uncannily attuned to their human companions; in fact she depended on it—she knew that the bond that developed between a person and their service dog was the single greatest predictor of that partnership's success and, conversely, failure to bond brought about anxiety and distress in dogs. But it wasn't until recent scientific findings confirmed her hands-on experience with dogs' intuitive social skills that she was willing to put this bold idea to the test: Dogs who bond with us completely and

unconditionally will seek to please us and, with minimal cues, can learn to make remarkably sophisticated decisions about their own behavior. Sure, dogs can be taught commands such as “sit,” “stay,” and “heel,” but even the kindest reward and punishment models were merely manipulating dogs’ behavior, rather than unleashing their unique social genius and innate ability to navigate the world. In this groundbreaking, persuasive, and heartfelt book, Arnold shows us how every dog—no matter their age—can thrive through Bond-Based Choice Teaching. Her proprietary method has been hailed by leading canine behavioral scientists and is being adopted by notable dog trainers, advocates, humane societies, and puppies behind bars programs across the country. For this liberating, revolutionary method to succeed, Arnold says, love really is all you need. Advance praise for *Love Is All You Need* “Jennifer Arnold, who has trained service dogs for the past twenty years for people with physical disabilities, offers a window into the world of ‘man’s best friend.’ Arnold, who believes that dogs are attuned to their owner’s needs and emotions, shares tips she thinks every dog owner should know.”—ABC News “[Arnold] takes pride in facilitating the powerful relationship between every service dog and its owner—a bond that is as much about companionship and comfort as it is about health and safety.”—Everyday Health “Within the world of dogs and canine behavior there are only a handful of people who truly ‘move the needle’ when it comes to innovation, novel approaches, and intuitive thinking—Jennifer Arnold is one of those rare few. Constantly pushing boundaries of traditional thought, she not only provides fresh perspectives about how we interact with and learn from man’s best friend, she fearlessly forges new paths that stimulate and engage dog lovers as well as behavior experts and explores possibilities which previously may have seemed out of reach.”—Victoria

Maggie Layne has no desire to become a stereotypical,

snotty, Stepford wife like her mother or a professional Vegas Sugar Baby like her sister. Maggie wants more than the hollow, soul sucking existence of selling yourself to the highest bidder, which contrary to popular belief by certain Layne women, although marketable, is not a skill. Bugsy Siegel proved lucrative empires are built on the addictions of others. Like Siegel, Maggie chose to exploit an addiction of countless citizens around the Vegas Valley and opened her coffee shop, Caffeinated. Unlike Siegel, Maggie built something far greater than a gaming empire. She built a life she's proud of, for herself and her daughter, Addie. On the surface, Maggie appears to have everything she's ever wanted, but inside, she's lonely. An existence she resigned herself to when her husband walked out, four years ago. Why would she allow herself to be sucked in again by such a fleeting emotion? How do you give someone that kind of power when you know the devastation love and lies leave behind? Firefighter Nick DePere has two addictions, Maggie's coffee and Maggie. For two years, he's played the role of friendly neighborhood fireman waiting for Maggie to indicate she's ready to allow another man into her heart. Thanks to a hair-brained scheme devised by Maggie's meddling bestie, Nick may wait forever for that chance. How do you convince a woman who's sworn off men for the rest of her life to take a leap of faith, one last time... for you? How do you make her believe you will catch her and never let her go? All You Need Is Love and Coffee is a stand-alone sexy romantic comedy that will totally hit you in the feels. Note: Due to adult language and situations this book is intended for readers over 18. Written decades before Eat, Pray, Love, this inspiring memoir details one woman's incredible journey through India to bring Eastern spirituality to the Western world. Even before she arrived at the ashram of Maharishi Mahesh Yogi, founder of Transcendental Meditation, in Rishikesh, India, a city at the

foothills of the Himalayas along the banks of the Ganges River, in 1962, Nancy Cooke de Herrera lived a lifetime of adventure. During the 1950s, she traveled the globe as a goodwill ambassador of the US State Department, giving lectures on American fashion, culture, and customs. But when her beloved husband, Luis, died, de Herrera sought a life of greater meaning. The Maharishi became her guru, mentor, and friend, and in return she served as his publicist, spreading his message of peace and love wherever she went. In this remarkable autobiography, with a foreword by Deepak Chopra, de Herrera recounts not only her international escapades but also her inner journey to spiritual enlightenment. Trained by the Maharishi, she returned home and taught meditation to troubled youth, HIV/AIDS patients, and celebrities such as Madonna, Sheryl Crow, and Greta Garbo. Her publicity efforts led to the explosion of interest in meditation, yoga, and Eastern spirituality in America. Rich in endearing anecdotes about life at the ashram with famous visitors, including the Beatles, Mia Farrow, and Mike Love, and pieces of timeless wisdom, *All You Need Is Love* reveals a life lived with compassion, open-mindedness, and the belief that one person can change the world.

That the Beatles were an unprecedented phenomenon is a given. In *Can't Buy Me Love*, Jonathan Gould explains why, placing the Fab Four in the broad and tumultuous panorama of their time and place, rooting their story in the social context that girded both their rise and their demise. Nearly twenty years in the making, *Can't Buy Me Love* is a masterful work of group biography, cultural history, and musical criticism. Beginning with their adolescence in Liverpool, Gould describes the seminal influences—from Elvis Presley and Chuck Berry to The Goon Show and Alice's Adventures in Wonderland—that shaped the Beatles both as individuals and as a group. In addition to chronicling their growth as singers,

songwriters, and instrumentalists, he highlights the advances in recording technology that made their sound both possible and unique, as well as the developments in television and radio that lent an explosive force to their popular success. With a musician's ear, Gould sensitively evokes the timeless appeal of the Lennon-McCartney collaboration and their emergence as one of the most creative and significant songwriting teams in history. Behind the scenes Gould explores the pivotal roles played by manager Brian Epstein and producer George Martin, credits the influence on the Beatles' music of contemporaries like Bob Dylan, Brian Wilson, and Ravi Shankar, and traces the gradual escalation of the fractious internal rivalries that led to the group's breakup after their final masterpiece, *Abbey Road*. Most significantly, by chronicling their revolutionary impact on popular culture during the 1960s, *Can't Buy Me Love* illuminates the Beatles as a charismatic phenomenon of international proportions, whose anarchic energy and unexpected import was derived from the historic shifts in fortune that transformed the relationship between Britain and America in the decades after World War II. From the Beats in America and the Angry Young Men in England to the shadow of the Profumo Affair and JFK's assassination, Gould captures the pulse of a time that made the Beatles possible—and even necessary. As seen through the prism of the Beatles and their music, an entire generation's experience comes astonishingly to life. Beautifully written, consistently insightful, and utterly original, *Can't Buy Me Love* is a landmark work about the Beatles, Britain, and America.

A close friend and business manager for the legendary group portrays the personal lives of the members of the Beatles, from their youth in Liverpool to their rise to success in the world of pop music to the death of John Lennon in 1980.

Winner of the 2020 Baillie Gifford Prize for Non-Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time "If you want to know what it was like to live those extraordinary Beatles years in real time, read this book." —Alan Johnson, *The Spectator* Though fifty years have passed since the breakup of the Beatles, the fab four continue to occupy an utterly unique place in popular culture. Their influence extends far beyond music and into realms as diverse as fashion and fine art, sexual politics and religion. When they appeared on *The Ed Sullivan Show* in 1964, fresh off the plane from England, they provoked an epidemic of hoarse-throated fandom that continues to this day. Who better, then, to capture the Beatles phenomenon than Craig Brown—the inimitable author of *Ninety-Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society? This wide-ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore. When actress Eleanor Bron touched down at Heathrow with the Beatles, she thought that a flock of starlings had alighted on the roof of the terminal—only to discover that the birds were in fact young women screaming at the top of their lungs. One journalist, mistaken for Paul McCartney as he trailed the band in his car, found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield. Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant's heartbeat so as to induce a hypnotic state in listeners? And just how many people have employed the services of a Canadian dentist who bought John Lennon's tooth at auction, extracted its DNA, and now offers paternity tests to those hoping to sue his estate? 150 Glimpses of the Beatles

is, above all, a distinctively kaleidoscopic examination of the Beatles' effect on the world around them and the world they helped bring into being. Part anthropology and part memoir, and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen, this book is a humorous, elegiac, and at times madcap take on the Beatles' role in the making of the sixties and of music as we know it.

This is an examination of India's bourgeois, its lifestyle and aspirations as manifested in fiction and film. It looks at idealised womanhood and examines how these are reworked in narratives, how conflicts are resolved and new models developed.

The only major collection of illustrated Beatles lyrics in book form, this commemorative edition features autobiographical comments and quotes from the Fab Four, interpretation of the lyrics from 206 songs, lavish, full-color illustrations, and specially commissioned photographs.

Whom do we choose when we fall in love? How do we make the love-object into what we want? These are questions which only became important at the end of the nineteenth century, as Freud began to formulate a new discipline which would be called psychoanalysis. Freud argues Klaus

Theweleit, was the first theoretician of the new situation: boy

versus girl in the world series of love. Theweleit looks at a number of relationships: Alfred Hitchcock and Alma Reville; the triangle of Hannah Arendt, Martin Heidegger and Elfriede Heidegger; Jung and Sabina Spielrein. But the key figure is Freud himself. Who would, who could Freud choose? As it happened, Freud proposed to Martha Bernays. The 1,500 letters of Freud's courtship became something like the first psychoanalysis; without knowing it, Martha Bernays became an analytic-instance. But *Object-Choice* is not only a study of the founder of psychoanalysis, it is also an illuminating lexicon of love in the twentieth century. Freud is accompanied here by Jimi Hendrix, the Kinks and the Velvet Underground. Like Theweleit's *Male Fantasies*, this is a collage book, mixing auto-biography, theory and pop culture, and always haunted by history, above all the history of Nazism. As an epilogue, Theweleit brings Freud back to the scene of his courtship, and the Beatles back to Hamburg, in an exploration of that city's Wandsbek district, once home to an important Jewish community. His comments on the transformations and destruction that Wandsbek has endured form an elegiac tribute to German Jewry, and a powerful conclusion to this remarkable book.
