Nel giugno del 2018 presso la Scuola Archeologica Italiana ad Atene si è svolto il convegno internazionale di studi Monetary and Social Aspects of Hellenistic Crete, al quale hanno partecipato numerosi studiosi di diversi ambiti disciplinari impegnati in ricerche su Creta in epoca ellenistica 1. L'idea di organizzare l'incontro scaturiva dalla volontà di avviare una discussione tra numismatici, archeologi, storici, epigrafisti su aspetti della società cretese tra la fine del IV e il I a.C., al fine di indagare l'incidenza che la moneta ha avuto nello sviluppo delle comunità locali, vuoi se emessa in risposta a esigenze di spesa per assetti urbanistici e difensivi, vuoi se connessa a pratiche di mercenariato o per mobilitazioni di carattere militare, vuoi se funzionale a relazioni commerciali o a scelte di politiche interne e/o esterne [...]

Renata Cantilena

Verdi's dark and gripping musical drama, set in 18th-century Spain and Italy, is among the most popular of his works with opera audiences. Reprinted from the authoritative G. Ricordi full-score edition.

The sixth volume in the Institute of Classical Archaeology's series on the rural countryside (chora) of Metaponto is a study of the Greek settlement at Sant'Angelo Vecchio. Located on a slope overlooking the Basento River, the site illustrates the extraordinary variety of settlements and uses of the territory from prehistory through the current day. Excavators brought to light a Late Archaic farmhouse, evidence of a sanctuary near a spring, and a cluster of eight burials of the mid-fifth century BC, but the most impressive remains belong to a production area with kilns. Active in the Hellenistic, Late Republican, and Early Imperial periods, these kilns illuminate important and lesser-known features of production in the chora of a Greek city and also chronicle the occupation of the territory in these periods. The thorough, diachronic presentation of the evidence from Sant'Angelo Vecchio is complemented by specialist studies on the environment, landscape, and artifacts, which date from prehistory to the post-medieval period. Significantly, the evidence spans the range of Greek site types (farmhouse, necropolis, sanctuary, and production center) as well as the Greek dates (from the Archaic to Early Imperial periods) highlighted during ICA's survey of the Metapontine chora. In this regard, Chora 6 enhances the four volumes of The Chora of Metaponto 3: Archaeological Field Survey—Bradano to Basento and provides further insight into how sites in the chora interacted throughout its history.

(Study Score). Elliot Carter is considered one of the most significant composers of the 20th century whose works are usually quite involved and intellectual. This full score includes extensive notes on seating for the players, types of instruments used, performance suggestions and program notes. Instrumentation: Piano, Harpsichord and 2 chamber ensembles. Parts available on rental.

Critical edition of the complete works of Pietro Antonio Locatelli, collected, evaluated and presented in 10 volumes.

This volume comprises forty-eight essays, presented by friends, colleagues and students in honour of Florentino García Martínez. The articles are primarily in the field of the Dead Sea Scrolls, but also cover many other fields of Second Temple Judaism, from late biblical texts and Septuagint up to the pseudepigrapha and early rabbinic writings.
