One OCD neat freak alien. One human woman. Both are abducted and held captive in a very unsterile environment. What more could go wrong? Simmi: I've broken free and I've also freed the human who was held captive with me. But I don't know where we are, and I don't know where my home is. The local wildlife may be smaller than I am, and maybe they don't have fangs near as large as mine, but I'm still terrified. My issues with germs--and my uncompromising avoidance of all the things that I'm afraid of coming into contact with--is going to get me killed in this wilderness. Thankfully, Aurora lets me follow her. Thankfully, she seems to know the way out of this endless and inhospitable woodland and desert biome. But by the end of our journey, she'll suspect she's harboring a contagion. I have no way to know it, but she's afraid to tell me. Afraid of how I'll react once I find out what she's carrying.\*\*\*Note: This 40K, Standalone story is intended for readers 18+ due to romantic elements and adult themes. There is no cheating. There is one really germphobic alien. Thankfully, there's also a really understanding woman who is starting to fall for him. Spoiler: They're totally gonna have a Happily Ever After... just as soon as they can get off this planet that's trying to kill them.

weak, I shall be her strength. She was stolen from her world by our captors. Now her survival is my responsibility. It is her duty to endure my lust, respect my nest mates and honour our union with offspring. I revere this giver of life, as is the way." ~ Venomous One, formerly of Rök, enslaved gladiator Abducted from Earth and transported to a slave planet in an unknown galaxy, Lumen finds herself, shackled, naked and put on display before an alien horde. Told the males will battle for the right to slake their lusts with her body, she would become the slave of slaves. Venomous One, a proud warrior enslaved, has given up hope of returning to his home world and finding a life mate. When a female is tossed into the arena his soul demands he claim her. Winning his mate by Right of Might, he vows to protect Lumen and be a good provider, no matter how ugly her human appearance. Rescued by Venomous' people, the couple face space pirates, the condemnation of an alien government, galactic war, and a deadlier threat from within the warrior's own kindred.

They can't break me. I wasn't prepared for what came after I got arrested and sent to prison. Finding my sister in that hellhole should've been easy. I wasn't prepared to survive an alien planet straight out of a prehistoric nightmare. Facing my fears to withstand the creatures that wanted to eat me, and the four alien men that watched me like a morsel they wanted to sink their teeth into... I wasn't prepared for any of it. But I sure as hell wouldn't let it break me. --- This story contains a reverse harem (m/m/f/m/m) of fish-man, element wielding, alien heroes, mature content, violence, and probably too

BASH: I dislike people. I despise humans. A cruel mandate from one of my region's rulers has saddled me with a slew of little alien humans: I'm to put them to work. One problem? I run a rock quarry, where humans' thin skin is a detriment to productivity. Overseeing these humans is like trying to herd yanaks. If I don't burn, beat, or strangle them to death by the day's end, it will be a miracle. ISLA: I can tell the boss likes me, because I'm not dead. Bash is abrasive and acerbic, like some sort of alien love child between Michael Caine and Miss Hannigan. And maybe Ebenezer Scrooge. Bash is a little... anti-human race. But he's not all bad. Sure, he's a little growly and he sets things on fire when he gets mad, but even villains need a friend. And here? Bash is

The New York Times–bestselling author “takes readers to a realm where Faerie and mortal worlds intersect and spins a darkly magical story” (Library Journal). After eloping with her mysterious cousin Cornelius, Eden Fleming discovers he is, in reality, a powerful, otherworldly being, a guardian of the forest, and she was “given” to him by her father in a bargain for the latter’s life. Though her feelings for the forest lord are real, Eden flees—only to learn she is pregnant with his halfling child. Years later, following a loveless marriage, Eden returns to the dilapidated estate where she last saw Cornelius. And when he finds her there, a devastating lie will be exposed—one that will reveal Cornelius’s true heart, heal Eden’s shattered soul, and save the magical realm they have both come to love. Based on the ancient English legend of Herne the Hunter, The Forest Lord is “sheer magic . . . utterly romantic and impossible to put down” (Mary Balogh). “Magical, mystical, and moving, Krinard’s book has a surprise villain and a nice twist at the end. Fans of Nora Roberts’ Irish trilogy [Jewels of the Sun, Tears of the Moon, Heart of the Sea] and Karen Fox’s Buttercup Baby will be delighted by this fantasy and its underlying ecological message.” —Booklist

A fresh, new Canadian author, who is comparable to Marion Zimmer Bradley, debuts a brand new fantasy trilogy for all ages. The quest is on to find the coveted Stone of the Stars on the mystical isle of Trynisia, once a place where humans dwelt side by side with dragons. Four have set off on their journey to reach it: Ailia, a daydreaming bookworm; Damion, a devoted missionary; Jomar, a half-breed soldier-slave; and Lorelyn, quite possibly a prophesied savior, who will one day guide her people in a battle against the Dark God. But can they reach the isle and the Stone of the Stars before the tyrannical God-King Khalazar finds it and uses it to rule the world?

And Audra has just been drafted. She can take her chances on her own, or select a guardian. The deal is simple, if barbaric: sex, in exchange for food and safety from the other two hundred men in zone four. It's a terrifying proposal. The men are violent, filthy degenerates. Then Audra sees Tyson at the edge of the crowd. A hulking, scarred figure, the other men call him a savage, but his clothes are clean, and he's holding a freshly caught rabbit. He can clearly protect what's his. As compassionate as he is powerful, Tyson ignites something fierce in Audra, and their connection is white-hot. The problem? Every thirty days, she'll have to pick a new guardian. Now that he's found Audra, Ty has every intention of keeping her for himself. Even if he has to destroy the fragile zone four peace treaty to do it.

I've been abducted by aliens and auctioned to an alien pirate. My epic love of movies sort of comes in handy, what with all the sci-fi suddenly in my face. But with my new 'owners,' I'm safe for the first time in a long time--and so is my little girl. Not that everything is all raindrops on roses, and innocent kittens: they're pirates. They've got a real addiction to plundering, and a passion for purloining. I'm pretty fond of the former, but when it comes to the thieving, I'm afraid they're going to take more than my body... My life was nothing like theirs. I spent way too much time burying my secret in the dirt, over and over, to make sure of it. Gods no. That wasn't my future...Until the sky lit up and an angry star sent all the Mist tribes into a desperate frenzy for the beasts of legend to bleed new life into our people. It wasn't supposed to turn out this way. I didn't mean to touch him, but what's done is done. Do I have what it takes to seduce a dragon? Don't know, but hold my bola-I'm about to find out.
