Hawai'i's multicultural heritage through its traditional arts. The "edu-tainment" spectacle revealed a richly complex Hawai'i few tourists ever see and one never before or since replicated in a national space. The program was restaged a year later in Honolulu for a local audience and subsequently inspired several spin-offs in Hawai'i. In both Washington, D.C., and Honolulu, the program instigated a new paradigm for cultural representation. Based on archival research and extensive interviews with festival organizers and participants, this innovative cross-disciplinary study uncovers the behind-the-scenes negotiations and processes that inform the national spectacle of the Smithsonian Folklife Festival. Intersecting the fields of museum studies, folklore studies, Hawaiian studies, performance studies, cultural studies, and American studies, *Aloha* supplies a nuanced analysis of how the carefully crafted staging of Hawai'i's cultural diversity was used to serve a national narrative of utopian multiculturalism--one that collapsed social inequities and tensions, masked colonial history, and subordinated indigenous politics--while empowering Hawai'i's traditional artists and providing a model for cultural tourism that has had long-lasting effects. Heather Diamond deftly positions the 1989 program within a history of institutional intervention in the traditional arts of Hawai'i's ethnic groups as well as in relation to local cultural revivals and the tourist industry. By tracing the planning, fieldwork, site design, performance, and aftermath stages of the program, she examines the uneven processes through which local culture is transformed into national culture and raises

questions about the stakes involved in cultural tourism for both culture bearers and culture brokers.

Culinary Tourism is the first book to consider food as both a destination and a means for tourism. The book's contributors examine the many intersections of food, culture and tourism in public and commercial contexts, in private and domestic settings, and around the world. The contributors argue that the sensory experience of eating provides people with a unique means of communication. Editor Lucy explains how and why interest in foreign food is expanding tastes and leading to commercial profit in America, but the book also show how tourism combines personal experiences with cultural and social attitudes toward food and the circumstances for adventurous eating.

What do we learn from eating? About ourselves? Others? In this unique memoir of a life shaped by the pleasures of the table, Doris Friedensohn uses eating as an occasion for inquiry. Munching on

quesadillas and kimchi in her suburban New Jersey neighborhood, she reflects on her exploration of food over fifty years and across four continents. Relishing couscous in Tunisia and khachapuri in the Republic of Georgia, she explores the ways strangers come together and maintain their differences through food. As a young woman, Friedensohn was determined not to be a provincial American. Chinese, French, Mexican, and Mediterranean cuisines beckoned to her like mysterious suitors. She responded, pursuing suckling pig, snails, baba ghanoush, tripe, jellyfish, and anything with rosemary or cumin. Each rendezvous with an unfamiliar food was a celebration of cosmopolitan living. Friedensohn's memories range from Thanksgiving at a Middle Eastern restaurant to the taste of fried grasshoppers in Oaxaca. Her wry dramas of the dining room, restaurant, market, and kitchen ripple with tensions—political, religious, psychological, and spiritual. *Eating as I Go* is one woman's distinctive mélange of memoir, traveler's tale, and cultural commentary.

Hawaii has one of the richest culinary heritages in the United States. diverse culinary influences. In *The Food of Paradise: Exploring Hawaii's Culinary Heritage*, Rachel Laudan takes readers on a thoughtful, wide-ranging tour of Hawaii's farms and gardens, fish auctions and vegetable markets, fairs and carnivals, mom-and-pop stores and lunch wagons, to uncover the delightful complexities and incongruities in Hawaii's culinary history that have led to such creations as saimin, crack seed, and butter mochi. Part personal memoir, part historical narrative, part cookbook, *The Food of Paradise* begins with a series of essays that describe Laudan's initial encounter with a particular Local Food, an encounter that puzzled her and eventually led to tracing its origins and influence in Hawaii. Representative recipes follow. Like pidgin, the creole language created by Hawaii's early immigrants, Local Food is a creole cuisine created by three distinct culinary influences: Pacific, American and European, and Asian. In her attempt "to decipher Hawaii's culinary Babel", Laudan examines the contributions of each, including the introduction of new ingredients and the adaptation of traditional dishes to Hawaii's way of life. More than 150 recipes, photographs, a bibliography of Hawaii's cookbooks, and an extensive glossary make *The Food of Paradise* an invaluable resource for cooks, food historians, and Hawaiian buffs.

The triumphant true story of the native Hawaiian cowboys who shocked America at the 1908 world rodeo championships "An inspiring and impeccably crafted story of against-all-odds triumph." —Simon Winchester "Groundbreaking. ... Not only a must-read, but an essential addition. ... One of the best single volumes on the rise and diversity of the North American cattle industry and the cowboy culture." —True West In August 1908, three unknown riders arrived in Cheyenne, Wyoming, their hats adorned with wildflowers, to compete in the world's greatest rodeo. Steer-roping virtuoso Ikuia Purdy and his

cousins Jack Low and Archie Ka'au'a had travelled 4,200 miles from Hawaii, of all places, to test themselves against the toughest riders in the West. Dismissed by whites, who considered themselves the only true cowboys, the native Hawaiians would astonish the country, returning home champions—and American legends. An unforgettable human drama set against the rough-knuckled frontier, David Wolman and Julian Smith's Aloha Rodeo unspools the fascinating and little-known true story of the Hawaiian cowboys, or paniolo, whose 1908 adventure upended the conventional history of the American West. What few understood when the three paniolo rode into Cheyenne is that the Hawaiians were no underdogs. They were the product of a deeply engrained cattle culture that was twice as old as that of the Great Plains, for Hawaiians had been chasing cattle over the islands' rugged volcanic slopes and through thick tropical forests since the late 1700s. Tracing the life story of Purdy and his cousins, Wolman and Smith delve into the dual histories of ranching and cowboys in the islands, and the meteoric rise and sudden fall of Cheyenne, "Holy City of the Cow." At the turn of the twentieth century, larger-than-life personalities like "Buffalo Bill" Cody and Theodore Roosevelt capitalized on a national obsession with the Wild West and helped transform Cheyenne's annual Frontier Days celebration into an unparalleled rodeo

spectacle, the “Daddy of ‘em All.” The hopes of all Hawaii rode on the three riders’ shoulders during those dusty days in August 1908. The U.S. had forcibly annexed the islands just a decade earlier. The young Hawaiians brought the pride of a people struggling to preserve their cultural identity and anxious about their future under the rule of overlords an ocean away. In Cheyenne, they didn’t just astound the locals; they also overturned simplistic thinking about cattle country, the binary narrative of “cowboys versus Indians,” and the very concept of the Wild West. Blending sport and history, while exploring questions of identity, imperialism, and race, Aloha Rodeo spotlights an overlooked and riveting chapter in the saga of the American West. The story of Hawaiian cooking, by a two-time Top Chef finalist and Fan Favorite, through 100 recipes that embody the beautiful cross-cultural exchange of the islands. "Poke has hit the mainland! Meaning "to slice or cut" in Hawaiian, poke is pieces of raw ahi marinated in soy sauce and sesame oil and topped with seaweed. The dish has a long history in Hawaii: It originated as simple sustenance, the raw fish just a way to eat and live on an island. But it has survived many decades, influenced by different chefs' creativity over time. Today this classic can be made with almost anything as its base--think salmon or beets--and with a multitude of different seasonings, mix-ins, and serving options. Now, Hawaiian food writer and professional cook Martha Cheng gives a fresh take on this casual, savory dish that's supereasy to make. A gateway to Hawaiian food and a new spin on ever-popular Asian cuisine, The Poke cookbook will be at home in any kitchen"--

The book features the world-famous fusion cooking of Pacific Rim pioneer Roy Yamaguchi, who blends European with Asian styles of cooking, while emphasizing seafood and fresh island ingredients. Filled with over 460 beautiful photos, this book gives a historical account of Hawaii's fashion industry.
