In what is widely hailed as the best of his many novels, Charles Bukowski details the long, lonely years of his own hardscrabble youth in the raw voice of alter ego Henry Chinaski. From a harrowingly cheerless childhood in Germany through acne-riddled high school years and his adolescent discoveries of alcohol, women, and the Los Angeles Public Library's collection of D. H. Lawrence, *Ham on Rye* offers a crude, brutal, and savagely funny portrait of an outcast's coming-of-age during the desperate days of the Great Depression.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — *Irish Times*

Now more than ever, teachers need the instruction in Fighting Fake News! to teach students how to locate, evaluate, synthesize, and communicate information. Grades 4-6

What happens when a woman falls in love with her stalker? I'm not the type of woman who actually inspires passion in any guy, much less one who makes it a habit to watch me because he's obsessed. I'm a curvy, plain Jane. I like my chips, chocolate, and junk food, and it definitely shows. I'm an educated geek who would rather have my nose in a computer instead of a fashion magazine. But none of those things seem to matter to Stalker. He sees something in me that I don't see in myself, and I don't know why. I'm terrified, yet I'm inexplicably intrigued. I'm cautious by nature, but something makes me want to know who he is, and why he gives a sh\*t about somebody like me. I know falling for a man I've never seen in the light of day is dangerous. Does he stalk me because he wants to own me, control me, and make me into the woman he thinks that I am? Does he want to hurt me, or is he just a lost soul like me? And why did it feel so good to touch him under the cover of darkness? Is he my nightmare or my dearest stalker? Getting to know him might be foolish, but for some reason, I just can't walk away... Author's note: This is a red-hot, sexy, curvy girl serial romance with an obsessed, alpha male stalker. Read at your own risk.

**NEW YORK TIMES BESTSELLER** • The “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

"It began as a mistake." By middle age, Henry Chinaski has lost more than twelve years of his life to the U.S. Postal Service. In a world where his three true, bitter pleasures are women, booze, and racetrack betting, he somehow drags his hangover out of bed every dawn to lug waterlogged mailbags up mud-soaked mountains, outsmart vicious guard dogs, and pray to survive the day-to-day trials of sadistic bosses and certifiable coworkers. This classic 1971 novel—the one that catapulted its author to national fame—is the perfect introduction to the grimly hysterical world of legendary writer, poet, and Dirty Old Man Charles Bukowski and his fictional alter ego, Chinaski.

Once Upon a Time meets Game of Thrones in New York Times bestselling author Gena Showalter's magical, romantic dark fantasy series, in which the fairy tales we know and love are prophecies of the future. Welcome to the Forest of Good and Evil, where villains may be heroes and heroes may be villains...it all depends on who you ask. In the realm of Enchantia, creatures of legend still exist, magic is the norm, and fairy tales are real. Raised in the human world, Everly Morrow has no idea she's a fairy-tale princess—until she begins to commune with mirrors. Soon, a horrifying truth is revealed. She is fated to be Snow White's

greatest enemy, the Evil Queen. With powers beyond her imagination or control, Everly returns to the land of her birth. There, she meets Roth Charmaine, the supposed Prince Charming. Their attraction is undeniable, but their relationship is doomed. As Everly faces disasters and betrayals, giving in to her dark side proves more tempting. Can she resist, or will she become the villain she was born to be? Critics love *The Evil Queen*: “Showalter (the Everlife books) delivers an entertaining series opener that condemns prejudice while championing self-determination. Romance-sweet and steamy, gay and straight-features prominently, action and humor abound, and the mystery of how each character figures into the legend imparts intrigue.”—Publishers Weekly “The novel's conceit has a lot of potential with its deconstruction of a cherished fairy tale, an interesting take on good and evil as actions rather than fate, and a long cast of characters in ever evolving roles that will leave readers wondering who they are supposed to be.”—Kirkus Reviews *The Forest of Good and Evil Series: The Evil Queen The Glass Queen*

NEW YORK TIMES BESTSELLER • Wonderfully tender and hilariously funny, *Eligible* tackles gender, class, courtship, and family as Curtis Sittenfeld reaffirms herself as one of the most dazzling authors writing today. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE TIMES (UK) This version of the Bennet family—and Mr. Darcy—is one that you have and haven't met before: Liz is a magazine writer in her late thirties who, like her yoga instructor older sister, Jane, lives in New York City. When their father has a health scare, they return to their childhood home in Cincinnati to help—and discover that the sprawling Tudor they grew up in is crumbling and the family is in disarray. Youngest sisters Kitty and Lydia are too busy with their CrossFit workouts and Paleo diets to get jobs. Mary, the middle sister, is earning her third online master's degree and barely leaves her room, except for those mysterious Tuesday-night outings she won't discuss. And Mrs. Bennet has one thing on her mind: how to marry off her daughters, especially as Jane's fortieth birthday fast approaches. Enter Chip Bingley, a handsome new-in-town doctor who recently appeared on the juggernaut reality TV dating show *Eligible*. At a Fourth of July barbecue, Chip takes an immediate interest in Jane, but Chip's friend neurosurgeon Fitzwilliam Darcy reveals himself to Liz to be much less charming. . . . And yet, first impressions can be deceiving. Praise for *Eligible* “Even the most ardent Austenite will soon find herself seduced.”—O: The Oprah Magazine “Blissful . . . Sittenfeld modernizes the classic in such a stylish, witty way you'd guess even Jane Austen would be pleased.”—People (book of the week) “[A] sparkling, fresh contemporary retelling.”—Entertainment Weekly “[Sittenfeld] is the ideal modern-day reinterpreter. Her special skill lies not just in her clear, clean writing, but in her general amusement about the world, her arch, pithy, dropped-mike observations about behavior, character and motivation. She can spot hypocrisy, cant, self-contradiction and absurdity ten miles away. She's the one you want to leave the party with, so she can explain what really happened. . . . Not since *Clueless*, which transported Emma to Beverly Hills, has Austen been so delightfully interpreted. . . . Sittenfeld writes so well—her sentences are so good and her story so satisfying. . . . As a reader, let me just say: Three cheers for

Curtis Sittenfeld and her astute, sharp and ebullient anthropological interest in the human condition.”—Sarah Lyall, *The New York Times Book Review* “A clever, uproarious evolution of Austen’s story.”—*The Denver Post* “If there exists a more perfect pairing than Curtis Sittenfeld and Jane Austen, we dare you to find it. . . . Sittenfeld makes an already irresistible story even more beguiling and charming.”—*Elle* “A playful, wickedly smart retelling of Jane Austen’s *Pride and Prejudice*.”—*BuzzFeed* “Sittenfeld is an obvious choice to re-create Jane Austen’s comedy of manners. [She] is a master at dissecting social norms to reveal the truths of human nature underneath.”—*The Millions* “A hugely entertaining and surprisingly unpredictable book, bursting with wit and charm.”—*The Irish Times* “An unputdownable retelling of the beloved classic.”—*PopSugar*

A top performance expert reveals the secret behind many top athletes and executives: creating a heroic alter ego to activate when the chips are down. There’s only one person in the way of you untapping your potential: You. There’s also one person who can move you out of the way so you can perform at your peak. That person is already inside you. You just need to unlock them. This other part of you is your Alter Ego. After twenty-one years of working with elite athletes, performers and leaders, Todd Herman has discovered how you can use your alter ego to achieve the seemingly impossible. It all clicked for Todd when he met Bo Jackson. When Herman met Bo Jackson, the professional athlete told him, “Bo Jackson never played a down of football in his entire life.” Bo explained that when he was young, he’d get into trouble because chaos caused by his anger issues. Then, he saw Friday the 13th and became fascinated by the cold, calculating nature of Jason Vorhees. In that moment, he resolved to stop being Bo Jackson, and start being Jason the moment he stepped on the field. In this transformative guide, Herman teaches you how to create and control an Alter Ego like Bo—and the thousands of other athletes, business leaders, entrepreneurs, and entertainers who have used this simple tool to change their lives. Herman also shares his own story: he knew that inside was a confident, self-assured, intelligent person who could help others get better results in their lives. When he started using Superman’s classic trick—putting on a pair of glasses—he learned to trigger the specific traits he needed to achieve his goals. The Alter Ego Effect is not about creating a false mask—it’s about finding the hero already inside you. It’s a proven way of overcoming the self-doubt,

negativity, and insecurity that hold you back, and empowering you to ultimately become your best self.

An authorised reissue of the long out of print classic textbook, *Advanced Calculus* by the late Dr Lynn Loomis and Dr Shlomo Sternberg both of Harvard University has been a revered but hard to find textbook for the advanced calculus course for decades. This book is based on an honors course in advanced calculus that the authors gave in the 1960's. The foundational material, presented in the unstarred sections of Chapters 1 through 11, was normally covered, but different applications of this basic material were stressed from year to year, and the book therefore contains more material than was covered in any one year. It can accordingly be used (with omissions) as a text for a year's course in advanced calculus, or as a text for a three-semester introduction to analysis. The prerequisites are a good grounding in the calculus of one variable from a mathematically rigorous point of view, together with some acquaintance with linear algebra. The reader should be familiar with limit and continuity type arguments and have a certain amount of mathematical sophistication. As possible introductory texts, we mention *Differential and Integral Calculus* by R Courant, *Calculus* by T Apostol, *Calculus* by M Spivak, and *Pure Mathematics* by G Hardy. The reader should also have some experience with partial derivatives. In overall plan the book divides roughly into a first half which develops the calculus (principally the differential calculus) in the setting of normed vector spaces, and a second half which deals with the calculus of differentiable manifolds.
