A consistent format for chapters on body system tumors includes coverage of incidence and risk factors, pathology, natural behavior of tumors, history and clinical signs, diagnostic techniques and workup, treatment options, and prognosis for specific malignancies. A systems approach to the diagnosis and management of cancer facilitates access to information about the many malignancies affecting small animal patients. Nearly 500 color images provide accurate depictions of specific diseases and procedures. Helpful drug formularies provide quick access to information on indications, toxicities, and recommended dosages for chemotherapeutic and analgesic drugs used in cancer treatment. Expert contributors provide in-depth coverage of the most current information in his or her respective specialty in veterinary oncology. Chemotherapy protocols are included when case studies prove clinical efficacy. Discussion of compassion and supportive care for the management of pain, nutritional needs, and grief includes methods for handling the pet's pain and nutritional complications as well as the pet owner's grief when treatment is not successful. Thoroughly UPDATED chapters cover the most recent changes in the clinical management of melanoma, mast cell tumors, tumors of the skeletal system, tumors of the endocrine system, tumors of the mammary gland, urinary cancers, nervous system cancers, lymphoma, and histiocytic diseases. Praise for False Memories: "It was rich. Like eating a large slice of cheese cake with blueberry topping. I finished reading it today-did what it was suppose to do-kept my interest, created a deeper mystery surrounding the artist, brought up controversy, cleared a few questions, and much, much more. This will be a book, not just for collectors, but for anyone wanting to know a little about the psyche of a painter. Brilliant!" -Lynn Vermillion False memories is a psychologist's term for memories cleverly and conveniently created by the subconscious mind. Since the theory of reincarnation is not widely accepted, we tend to explain away memories of previous lives as false memories. Contemporary American painter Anton Brzezinski would be the first to agree that his own memories of previous lives are productions of his prodigious imagination-but Brzezinski's memories of his own experiences need no exaggeration to make them fascinating. In False Memories: Adventures of the Living Dali, with the exception of the pseudo-author Gabrielle Mallarm, people who appear as characters in this book are not fictitious. This is a work of fiction, but even the wildest incidents described here really occurred!

Jess has been in love with her best friend, Kate, for seven years, but her feelings have never been returned. One night they sleep together, and Jess finds out how much it is possible to be hurt by someone close. Jess and Kate struggle to redefine their friendship. They spend a week at Jess's family holiday house in a small seaside town, Awatangi, intending to make the time to talk things through, but the conversations never happen. Kate makes vague promises, but begins to have second thoughts. Jess wants Kate, and nothing else, and is heartbroken that isn't enough. Jess decides – while everything is changing in her life – that she doesn't want to go on living in the city, that she wants to return to Awatangi. Part of her hopes some physical distance between them may help things with Kate, and part of her – frustrated and upset – simply wants to leave Kate behind. In Awatangi, Jess meets Keri, a local lawyer who has also recently returned home. Like Jess, Keri surfs, and like Jess, she seems to feel some attachment to her family roots in Awatangi. Jess is drawn to Keri, but forces herself not to let anything happen. Despite everything, Kate is still Jess's closest friend, and she has loved Kate all her life. She feels she has to give the situation with Kate as long as she can to work itself out. Awatangi is about coping with feelings for a close friend that are not returned, set in a small holiday township on the West Coast of the South Island of New Zealand. It is an exploration of getting what you've always wanted and it not being enough, of being in love with one person and wanting another, and of finding out that life doesn't always turn out as expected. A Fast-Paced, Keep-You-Guessing Whodunit with a Dash of Romance When a valuable Salvador Dali painting belonging to her grandmother's friend is mysteriously replaced by a forgery, FBI Special Agent Serena Jones is called in to investigate. Serena hopes finding the thief will also mean finally measuring up to Nana's expectations. But when the evidence points to members of the owner's own household, it becomes increasingly clear that Serena won't be winning any popularity contests. The Dali isn't the only painting that's fallen prey to the forgery-replacing thief, raising the specter of a sophisticated theft ring--one with links to dirty cops, an aspiring young artist, and the unsolved murder of Serena's grandfather. With plenty of edge-of-your-seat moments, Another Day, Another Dali gives the plucky Serena Jones--and readers--a new high-stakes case to crack.

Her wild and vivid visions inspire an icon... Nothing is more important to prim, colorblind Dolors Posa than family and living down the shame of her illegitimate birth, but when the sudden onset of fantastical visions threaten her sterling reputation, she must search for answers before the inhabitants of the tiny village of Cadaqués brand her as demente— crazy like her mother. In a quest to stop her hallucinations, she befriends a beautiful, intoxicating fortune teller and her handsome anarchist brother, as well as becoming a reluctant muse for thirteen-year-old Salvador Dali. In a summer that changes everything, Dolors must choose between her family's reputation and a life filled with adventure, friendship, rapturous color and the possibility of love. Set against the political upheaval of 1917 Spain, Dali Summer captures the fierce spirit of Catalonia, the generosity and stubbornness of its people and the blossoming promise of a woman who thought life was bland and empty and had long ago had passed her by.

An extraordinary memoir of fortune, fraud, and the master of modern art Art dealer Stan Lauryssens made millions in modern art, but he sold only one name: Salvador Dalí. The surrealist painter's work was a hot commodity for the newly rich, investors, and shady businessmen looking to launder their black-market cash. Stan didn't mind looking the other way; he just hoped the buyers would look the other way as well. The artworks he sold came from some very questionable sources, but he soon discovered that the shadiest source of all was Dalí himself. The more successful Stan became, the closer he came to Dalí, until he found himself living next door to the aging artist, in the Catalonian hills. While hiding from Interpol's detectives, Stan spent his time with the artists, musicians, business associates, and eccentrics who surrounded Dalí. He learned about Dalí's secret history, the studio of artists who produced his work, and the moneymaking machine that kept Dalí's extravagant lifestyle afloat long after his creativity began to flounder. Dalí & I offers a behind-the-scenes view of the commerce and conspiracy that go hand in hand in the international art world, written by a man who has been to the top only to discover that it's not so different from the bottom.
