Randi Barrow is back with another gripping heroic World War II story about a boy and his best friend, a German shepherd! In 1941, the Germans began the long, bloody siege on Leningrad. During the chaos, twelve-year-old Ivan is sent to live with relatives when his mother's job is moved to the mountains. But it is a long and dangerous journey to get out of Leningrad. After settling into a new town it falls under Nazi occupation and Ivan is picked by Axel Recht, an especially heinous soldier, to come work for the Nazis. One of Ivan's more pleasant tasks is to train Alex's dogs. Yet Ivan is determined to use his position to undermine the Nazis and rescue the dogs. But Ivan underestimates Axel's attachment to Zasha and Thor, and soon finds himself being hunted by a ruthless soldier who will stop at nothing to get his dogs back. As World War II rages around them, Ivan must find a way to hide from Axel, protect Zasha and Thor, avoid the constant barrage of deadly bombings, and survive in the devastating conditions of a city cut off from the world.

Get ready for one of Kinsey Millhone's "wildest adventures yet" (San Francisco Examiner) from #1 New York Times bestselling author Sue Grafton Kinsey's skills are about to be sorely tested. She is about to meet her duplicitous match in a couple of world-class prevaricators who quite literally take her for the ride of her life. "L" Is for Lawless: Call it Kinsey Millhone in bad company. Call it a mystery without a murder, a treasure hunt without a map, a quest novel with truly mixed-up motives. Call it the return of Kinsey as bad girl-- quick-witted and quicksilver, smart-mouthed and smart-alecky-- poking her nose into everyone's dirty laundry as she joins up with a modern-day Bonnie and Clyde in an Our Gang comedy that will take her halfway across the country and leave her with a major headache and an empty bank balance. America's favorite borderline delinquent is back with her one-liners on tap and her energy level on high, romping through her fastest and funniest adventure in this, her twelfth foray into the alphabet of crime. A charming circular story where the tiniest animal just might be the most powerful. When the Elephant walks, he scares the Bear. When the Bear runs away, he scares the Crocodile. When the Crocodile swims for his life, he scares the Wild Hog . . . and so on, down to the Mouse. And who could be scared of the little Mouse? The last spread answers this question in a way that

will delight small children-and the endearing animals, rhythmic text, and hilarious illustrations will make this book a favorite.

When Uno arrives in the forest one beautiful day, there are many fascinating and extraordinary animals there to greet him. And one entirely unexceptional Snortlepig. Uno loves the forest so much, he decides to live there. But, in time, a little village grows up around his house. Then a town, then a city . . . and soon Uno realises that the animals and plants have begun to disappear . . . From the creator of the international bestsellers *Animalia*, *The Waterhole* and *Jungle Drums*, here is an illuminating blend of storybook, puzzle book and numbers book - a moving and timely tale about how we all unknowingly affect the environment around us, just by being there, and how we can always learn from our mistakes and find ways of doing things better. Join Graeme Base in this beautifully illustrated, funny and moving story about environment, ecology, and human's ability to affect the world around them - for better and for worse - and learn basic maths concepts along the way, as Uno learns that it's all a question of balance.

My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!

Whether you're just starting out as a songwriter, you're an experienced songwriter or just looking for a new perspective on the beautiful craft of songwriting, *Song Maps - A New System to Write Your Best Lyrics* offers fresh insights to help you write your very best lyrics. Does any of the following sound familiar? You worry that the lyrics you write just don't deliver their full potential but can't figure out why, even though technically they tick all the right boxes. You have great ideas but your finished lyrics somehow fall short of the emotional impact you wanted and, as a result, your songs get passed over. You have a busy schedule with limited time to write and have wasted too many hours chasing un-writable lyric ideas. You wonder how some professional songwriters always seem to get a particular dynamic in their lyrics, consistently writing songs better than 90% of what you hear on the radio. You are perhaps nervous about going into a pro co-writing session because you fear your ideas aren't worth bringing into the writing room. You know you have so many great titles waiting to be written but haven't found a way of systematically developing them into well-crafted lyrics. After writing an amazing hooky Chorus and a great supporting first Verse, you hit the dreaded wall that is "second verse curse". In *Song Maps - A New System to Write Your Best Lyrics*, I deliver simple, logical, well-defined solutions to these issues and more: I give you seven well-developed professional templates for you to bring your lyrics to life. I also provide you with a tried and tested process for writing lyrics using Song Maps. And I'll reveal the songwriter's secret weapon. Much of this book contains new material. This is because, while I enjoyed building a firm foundation of knowledge about the craft from the songwriting programs at Berklee Music School and other sources, I discovered Song Maps afterwards, from my experience as a professional songwriter, writing either on my own or in the writing rooms of Nashville. Having been signed as a staff songwriter at Universal Music Publishing in Nashville, being nominated and winning awards for my songs including Grammys, Doves and hymn-writing awards, and after spending many years studying thousands of techniques and developing them in my own songwriting and in the writing room, I've had the privilege of teaching the material in this book to hundreds of songwriters and seeing a step change in their writing. I have been blessed to watch them find their authentic voice in writing ideas to their full potential, helping them achieve their dream to move from writing flat 2D lyrics to fabulous High Definition full-color 3D lyrics. As you assimilate Song Maps into your writing workflow, your songwriting will shift away from tentative, self-conscious, inhibited writing to strong, bold, intentional and vulnerable writing that does full justice to your original ideas, ultimately allowing you to make the impact you deserve as a songwriter. If you implement the simple, easy-to-understand concepts in this book, I promise you your songs will be better crafted than 90% of the songs you hear on the radio. It will also transform your effectiveness as a co-writer. Importantly, no matter where your songs end up, you will be confident you have written a brilliant lyric and you have served your co-writers well. Let this book help you transform your lyric writing by using Song Maps in your songwriting workflow and take your song ideas to their ultimate potential by writing your best, truly golden, spectacular songs.
