by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of downloadable audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

This cds present six 35-minute lessons, each one covering key obstacles faced by nonnative English speakers. accompanying the cds is a booklet containing written pronunciation guidelines and transcriptions of the sound, words, and sentences you encounter on the recording.

New and expanded third edition of American Accent Training with 5 new audio CDs has four all-new chapters that cover the psychology of accent acquisition, American voice quality, a pronunciation overview, and an ESL instructor's guide. The new CDs feature professional male and female voices that have been carefully selected to represent that perfect American accent. With 30 years of extensive research, the unique AAT methodology has been refined to teach the American sound quickly and easily, paying special attention to: -- Voice quality, with emphasis on accurate presentation of the authentic American sound -- Pronunciation, with attention to all vowels, consonants, blends, and diphthongs -- Intonation, which focuses on syllable stress rules and word stress in a sentence -- Linking, or liaisons between phonetically transcribed sounds so students can "see" the sound.

American Accent Drills for British and Australian Speakers provides a

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

comprehensive guide to learning a "General American" accent, made specifically for native English speakers. Unlike most American accent guides, which are geared toward ESL learners, this handbook covers only the shifts that English speakers need to make – nothing more, nothing less. In addition to vowel and consonant drills, it covers the finer points of American intonation and elision, features that often elude English speakers of other dialects. Finally, it provides exercises for "owning" the dialect, finding authenticity and making it work for each individual actor in their own way. This is an excellent resource for students of speech and dialects, actors from the UK, Australia, and New Zealand, and advanced ESL learners who need to use an American accent on screen or on stage. American Accent Drills for British and Australian Speakers also includes access to downloadable audio files of the practice drills featured in the book, to help students practice and perfect their American accent.

This American English edition of English Grammar in Use can be used both as a classroom text and as a grammar reference for students. Each unit deals with a particular grammar point (or points), providing clear explanations and examples on the left-hand page, with exercises to check understanding on the facing right-hand page. The book covers many of the problems intermediate students of American English encounter, including tense usage, modals, conditionals, the subjunctive and prepositions. A separate answer key is available for self-study, individual work in the language laboratory and as an easy reference for teachers.

We may all speak the same language, but getting to grips with grammar is the ultimate challenge. You could be puzzled by prepositions, confused by comparatives, or muddled over modals. Thankfully, this complete visual aid to everything in the English language sets you straight with a clear and concise format for easy understanding. The rules of English grammar are beautifully presented with eye-catching illustrations, step-by-step graphics, and straightforward explanations to help you learn. Suitable for English language learners at all levels, including experienced English speakers looking for a recap of key language points, English for Everyone: English Grammar Guide covers basic, intermediate, and advanced grammar. There is no stone left unturned when it comes to the English language. All kinds of problems are solved, including tenses, verbs, adverbs, clauses, superlatives, and questions. You are encouraged to spot patterns and sequences in language to see the similarities and develop greater understanding. After an intensive review, test yourself with a range of speaking, reading, and writing exercises to see how far you have come. This essential grammar e-guide is part of DK's English for Everyone series, an exciting and educational self-study course to build up confidence and fluency. Whether you want to improve your grammar for school, study, exams (including TOEFL and IELTS), work, or travel, this is the perfect reading companion. Series Overview: English for Everyone series teaches all levels of English, from beginner to advanced, to speakers of English as a second language. Innovative visual learning methods introduce key language skills, grammar, and vocabulary, which are reinforced with a variety of speaking, reading, and writing exercises to make the English language easier to understand and learn. Visit www.dkefe.com to find out more. The audio CD contains all of the dialogues in the book.

Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.

Pittsburgh toilet, squeaky cheese, city chicken, shampoo banana, and Chevy in the Hole are all phrases that are familiar to Midwesterners but sound foreign to anyone living outside the region. This book explains not only what Midwesterners say but also how and why they say it and covers such topics as: the causes of the Northern cities vowel shift, why the accents in Fargo miss the nasality that's a hallmark of Minnesota speech, and why Chicagoans talk more like people from Buffalo than their next-door neighbors in Wisconsin. Readers from the Midwest will have a better understanding of why they talk the way they do, and readers who are not from the Midwest will know exactly what to say the next time someone ends a sentence with "eh?".

Improve Your Spoken English and Pronunciation: American Accent for Success in Business This comprehensive instructional workbook comes with SEVEN HOURS OF FREE, DOWNLOADABLE AUDIO. The course is designed to teach foreign-born students and professionals already functioning in English how to speak clearly, correctly, and confidently. The book provides detailed instruction on the pronunciation of all of the sounds of standard American English. Extensive exercises include contrast pairs (to help speakers distinguish between sounds), along with business vocabulary words and sentences, workplace dialogues, and common idiomatic expressions. Key pronunciation rules are explained. Numerous opportunities are provided to refine intonation and inflection, minimize nervousness, and

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

develop a natural American speech pattern. Included in the book is a guide to the most problematic sounds for non-native speakers, organized by 22 first languages. The free audio download in convenient MP3 format includes instruction and all of the workbook exercises, taught by the author.

Laura Huang, an award-winning Harvard Business School professor, shows that success is about gaining an edge: that elusive quality that gives you an upper hand and attracts attention and support. Some people seem to naturally have it. Now, Huang teaches the rest of us how to create our own from the challenges and biases we think hold us back, and turning them to work in our favor. How do you find a competitive edge when the obstacles feel insurmountable? How do you get people to take you seriously when they're predisposed not to, and perhaps have already written you off? Laura Huang has come up against that problem many times--and so has anyone who's ever felt out of place or underestimated. Many of us sit back quietly, hoping that our hard work and effort will speak for itself. Or we try to force ourselves into the mold of who we think is "successful," stifling the creativity and charm that makes us unique and memorable. In *Edge*, Huang offers a different approach. She argues that success is rarely just about the quality of our ideas, credentials, and skills, or our effort. Instead, achieving success hinges on how well we shape others' perceptions--of our strengths, certainly, but also our flaws. It's about creating our own edge by confronting the factors that seem like shortcomings and turning them into assets that make others take notice. Huang draws from her groundbreaking research on entrepreneurial intuition, persuasion, and implicit decision-making, to impart her profound findings and share stories of previously-overlooked Olympians, assistants-turned-executives, and flailing companies that made momentous

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

turnarounds. Through her deeply-researched framework, Huang shows how we can turn weaknesses into strengths and create an edge in any situation. She explains how an entrepreneur scored a massive investment despite initially being disparaged for his foreign accent, and how a first-time political candidate overcame voters' doubts about his physical disabilities. Edge shows that success is about knowing who you are and using that knowledge unapologetically and strategically. This book will teach you how to find your unique edge and keep it sharp.

An expat's witty and insightful exploration of English and American cultural differences through the lens of language that will leave readers gobsmacked In *That's Not English*, the seemingly superficial differences between British and American English open the door to a deeper exploration of a historic and fascinating cultural divide. In each of the thirty chapters, Erin Moore explains a different word we use that says more about us than we think. For example, "Quite" exposes the tension between English reserve and American enthusiasm; in "Moreish," she addresses our snacking habits. In "Partner," she examines marriage equality; in "Pull," the theme is dating and sex; "Cheers" is about drinking; and "Knackered" covers how we raise our kids. The result is a cultural history in miniature and an expatriate's survival guide. American by birth, Moore is a former book editor who specialized in spotting British books—including *Eats, Shoots & Leaves*—for the US market. She's spent the last seven years living in England with her Anglo American husband and a small daughter with an English accent. *That's Not English* is the perfect companion for modern Anglophiles and the ten million British and

American travelers who visit one another's countries each year.

Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. Here's How to Do Accent Modification is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.

The audio contains all the dialogues and pronunciation pointers found in the book so you can listen along and practice your speaking skills as you read. The dialogues are read by native speakers and are a great way to work on accent reduction. If you're looking for a fun and easy way to improve your English language skills, this is the book for you!

Updated to reflect questions found on the most recent ESL tests, this book presents

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd App Cook

400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

A comprehensive accent reduction guide for self-study, including a book, an interactive CD-ROM, and 4 audio CDs. With a hard plastic media case.

This second edition provides extensive activities to help college-bound students develop clear speech and appropriate intonation. -- Vowels, consonants, stress, and intonation -- Recognition and production activities -- Paired communicative practice -- Sounds in isolation, sentences, dialogues, and rhymes

Do You Like the Way Your English Accent Sounds? How you sound in English matters. Research shows this very clearly. Native speakers judge people with clear, easy to understand accents as proficient in English (even if in reality they're only beginners). On the other hand,

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

they judge people whose accents are hard to understand as being low-level (Even if they're Written as a guide for people who already have a basic understanding of English and want to improve their ability to speak it the way it is spoken in the United States.

"A guide to speaking and pronouncing American English for everyone who speaks English as a second language"--Container.

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area. Developed by acclaimed speech consultant and accent specialist Susan Cameron, Perfecting Your English Pronunciation features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

Intended to help develop communication skills for professional advancement and social situations. It is recommended that students use the book in the initial stages of learning. Then practice again and again relying primarily on the sound discs.

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate

Download Free American Accent Training A Guide To Speaking And Pronouncing English For Anyone Who Speaks As Second Language Book Cd Ann Cook

common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."
