

## American Journey Chapter And Unit Test

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

NEW YORK TIMES BESTSELLER • Finalist for the PEN/USA Award in Creative Nonfiction, the Thurber Prize for American Humor, and the Audie Award in Biography/Memoir This Random House Reader's Circle edition includes a reading group guide and a conversation between Firoozeh Dumas and Khaled Hosseini, author of *The Kite Runner*! "Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America."—San Francisco Chronicle

In 1972, when she was seven, Firoozeh Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father's glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. *Funny in Farsi* chronicles the American journey of Dumas's wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozeh herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (hot dogs and hush puppies?—a complete mystery), American traditions (Thanksgiving turkey?—an even greater mystery, since it tastes like nothing), and American culture (Firoozeh's parents laugh uproariously at Bob Hope on television, although they don't get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for *Funny in Farsi* "Heartfelt and hilarious—in any language."—Glamour "A joyful success."—Newsday "What's charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It's the brilliance of true sophistication at work."—Los Angeles Times Book Review "Often hilarious, always interesting . . . Like the movie *My Big Fat Greek Wedding*, this book describes with humor the intersection and overlapping of two cultures."—The Providence Journal "A humorous and introspective chronicle of a life filled with love—of family, country, and heritage."—Jimmy Carter "Delightfully refreshing."—Milwaukee Journal Sentinel "[*Funny in Farsi*] brings us

closer to discovering what it means to be an American.”—San Jose Mercury News

The author describes his quest to discover his parents' roots in rural Mississippi, exploring the proud--and shameful--culture that makes up his family's--and the state's--heritage. Reprint. 17,500 first printing.

After injuring his hand, a silversmith's apprentice in Boston becomes a messenger for the Sons of Liberty in the days before the American Revolution. Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

A textbook on United States history for students in grades 6-8, from the first Americans through the Civil War.

Valuable teaching moments and life lessons are illustrated in a personal and colorful story told by a successful immigrant parent. Immigrants struggle with merging two cultures. An American Journey teaches life lessons with issues that are critical to immigrants: faith, values, family, marriage, home, education, and friends.

Colin Powell, one of America's most admired public figures, reveals the principles that have shaped his life and career in this inspiring and engrossing memoir. A beautiful companion to his previous memoir, the #1 New York Times bestseller My American Journey, Powell's It Worked for Me: In Life and Leadership is a trove of wisdom for anyone hoping to achieve their goals and turn their dreams into reality. A message of strength and endurance from a man who has dedicated his life to public service, It Worked for Me is a book with the power to show readers everywhere how to achieve a more fulfilling life and career.

An astonishing story that puts a human face on the ongoing debate about immigration reform in the United States, now updated with a new Epilogue and Afterword, photos of Enrique and his family, an author interview, and more—the definitive edition of a classic of contemporary America Based on the Los Angeles Times newspaper series that won two Pulitzer Prizes, one for feature writing and another for feature photography, this page-turner about the power of family is a popular text in classrooms and a touchstone for communities across the country to engage in meaningful discussions about this essential American subject. Enrique's Journey recounts the unforgettable quest of a Honduran boy looking for his mother, eleven years after she is forced to leave her starving family to find work in the United States. Braving unimaginable peril, often clinging to the sides and tops of freight trains, Enrique travels through hostile worlds full of thugs, bandits, and corrupt cops. But he pushes forward, relying on his wit, courage, hope, and the kindness of strangers. As Isabel Allende writes: “This is a twenty-first-century Odyssey. If you are going to read only one nonfiction book this year, it has to be this one.” Praise for Enrique's Journey “Magnificent . . . Enrique's Journey is about love. It's about family. It's about home.”—The Washington Post Book World “[A] searing report from the immigration frontlines . . . as harrowing as it is heartbreaking.”—People (four stars) “Stunning . . . As an adventure narrative alone, Enrique's Journey is a worthy read. . . . Nazario's impressive piece of reporting [turns] the current immigration controversy from a political story into a personal one.”—Entertainment Weekly “Gripping and harrowing . . . a story begging to be told.”—The Christian Science Monitor “[A] prodigious feat of reporting . . . [Sonia Nazario is]

amazingly thorough and intrepid.”—Newsday

Aukai Collins Has Been Described As A Beefylinebacker Blue-Eyed All-American Mujahid Holy Warrior Who Has Led A Life Of Faith, Danger, And Espionage In Some Of The Most Perilous War Zones On The Face Of The Earth. His Amazing Journey Started In 1993, When A Fellow Worshiper In His San Diego Mosque Suggested That He Go To Bosnia To Stop The Serb-Sponsored Genocide That Was Taking Place There. This Eventually Led Him To Usama Bin Laden'S Training Camps In Afghanistan, Where He Trained With The Most Aggressive And Terrifying Mujahideen In The World. But When Ahmed Omar Saeed Sheikh - The Man Accused Of Luring Wall Street Journal Journalist Daniel Pearl To His Death - Asked Him To Raid A Town In Kashmir That Would Include Hostage Taking And The Killing Of Civilians, Collin'S Life Took Another Turn. Although He Saw Jihad As The Highest Level Of Faith, And Would Even Lose A Leg While Fighting Jihad In Chechnya, Worldwide Attacks By Islamic Terrorists Shocked Him And He Became Disillusioned By The Way Some Were Using Islam To Further Their Own Ends Or Attack Innocents. He Was Recruited By The Us Government As An Undercover Operative In The Fight Against Terrorism. His Callous Treatment By Inept Members Of The Law Enforcement And Intelligence Community Provides Insight Into Why The Us Government Can'T Fight Against Something It Doesn'T Understand. The Fbi And Cia Have Now Spent Millions Of Dollars To Understand The Events That Led Up To September 11, Even As The Information Was Theirs For The Taking. Collins Not Only Became Acquainted With One Of The Hijackers, He Was Also Invited By Usama Bin Laden To Return To Afghanistan. My Jihad Is A Personal Story About The Biggest Threat To World Peace And Stability In Our Generation, As Told By An Insider On Both Sides Of The Conflict. (Published In Collaboration With The Globalpequot Press, U Sa)

An illuminating history of North America's eleven rival cultural regions that explodes the red state-blue state myth. North America was settled by people with distinct religious, political, and ethnographic characteristics, creating regional cultures that have been at odds with one another ever since. Subsequent immigrants didn't confront or assimilate into an "American" or "Canadian" culture, but rather into one of the eleven distinct regional ones that spread over the continent each staking out mutually exclusive territory. In *American Nations*, Colin Woodard leads us on a journey through the history of our fractured continent, and the rivalries and alliances between its component nations, which conform to neither state nor international boundaries. He illustrates and explains why "American" values vary sharply from one region to another. Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how intranational differences have played a pivotal role at every point in the continent's history, from the American Revolution and the Civil War to the tumultuous sixties and the "blue county/red county" maps of recent presidential elections. *American Nations* is a revolutionary and revelatory take on America's myriad identities and how the conflicts between them have shaped our past and are molding our future.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London

and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

My American Journey Random House Digital, Inc.

J. M. Adovasio has spent the last thirty years at the center of one of our most fiery scientific debates: Who were the first humans in the Americas, and how and when did they get there? At its heart, *The First Americans* is the story of the revolution in thinking that Adovasio and his fellow archaeologists have brought about, and the firestorm it has ignited. As he writes, "The work of lifetimes has been put at risk, reputations have been damaged, an astounding amount of silliness and even profound stupidity has been taken as serious thought, and always lurking in the background of all the argumentation and gnashing of tenets has been the question of whether the field of archaeology can ever be pursued as a science."

Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe. Reprint.

An enraging, necessary look at the private prison system, and a convincing clarion call for prison reform." —NPR.org New York Times Book Review 10 Best Books of 2018 \* One of President Barack Obama's favorite books of 2018 \* Winner of the 2019 J. Anthony Lukas Book Prize \* Winner of the Helen Bernstein Book Award for Excellence in Journalism \* Winner of the 2019 RFK Book and Journalism Award \* A New York Times Notable Book A groundbreaking and brave inside reckoning with the nexus of prison and profit in America: in one Louisiana prison and over the course of our country's history. In 2014, Shane Bauer was hired for \$9 an hour to work as an entry-level prison guard at a private prison in Winnfield, Louisiana. An award-winning investigative journalist, he used his real name; there was no meaningful background check. Four months later, his employment came to an abrupt end. But he had seen enough, and in short order he wrote an exposé about his experiences that won a National Magazine Award and became the most-read feature in the history of the magazine *Mother Jones*. Still, there was much more that he needed to say. In *American Prison*, Bauer weaves a much deeper reckoning with his experiences together with a thoroughly researched history of for-profit prisons in America from their origins in the decades before the Civil War. For, as he soon realized, we can't understand the cruelty of our current system and its place in the larger story of mass incarceration without understanding where it came from. Private prisons became entrenched in the South as part of a systemic effort to keep the African-American labor force in place in the aftermath of slavery, and the echoes of these shameful origins are with us still. The private prison system is deliberately unaccountable to public scrutiny. Private prisons are not incentivized to tend to the health of their inmates, or to feed them well, or to attract and retain a highly-trained prison staff. Though Bauer befriends some of his colleagues and

sympathizes with their plight, the chronic dysfunction of their lives only adds to the prison's sense of chaos. To his horror, Bauer finds himself becoming crueler and more aggressive the longer he works in the prison, and he is far from alone. A blistering indictment of the private prison system, and the powerful forces that drive it, *American Prison* is a necessary human document about the true face of justice in America.

**A Newbery Honor Winner**  
**A New York Times Bestseller**  
This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

**NEW YORK TIMES BESTSELLER** • A searing, deeply moving memoir of illness and recovery that traces one young woman's journey from diagnosis to remission to re-entry into "normal" life—from the author of the *Life, Interrupted* column in *The New York Times* "I was immersed for the whole ride and would follow Jaouad anywhere. . . . Her writing restores the moon, lights the way as we learn to endure the unknown."—Chanel Miller, *The New York Times Book Review*  
"Beautifully crafted . . . affecting . . . a transformative read . . . Jaouad's insights about the self, connectedness, uncertainty and time speak to all of us."—*The Washington Post*  
In the summer after graduating from college, Suleika Jaouad was preparing, as they say in commencement speeches, to enter "the real world." She had fallen in love and moved to Paris to pursue her dream of becoming a war correspondent. The real world she found, however, would take her into a very different kind of conflict zone. It started with an itch—first on her feet, then up her legs, like a thousand invisible mosquito bites. Next came the exhaustion, and the six-hour naps that only deepened her fatigue. Then a trip to the doctor and, a few weeks shy of her twenty-third birthday, a diagnosis: leukemia, with a 35 percent chance of survival. Just like that, the life she had imagined for herself had gone up in flames. By the time Jaouad flew home to New York, she had lost her job, her apartment, and her independence. She would spend much of the next four years in a hospital bed, fighting for her life and chronicling the saga in a column for *The New York Times*. When Jaouad finally walked out of the cancer ward—after countless rounds of chemo, a clinical trial, and a bone marrow transplant—she was, according to the doctors, cured. But as she would soon learn, a cure is not where the work of healing ends; it's where it begins. She had spent the past 1,500 days in desperate pursuit of one goal—to survive. And now that she'd done so, she realized that she had no idea how to live. How would she reenter the world and live again? How could she reclaim what had been lost? Jaouad embarked—with her new best friend, Oscar, a scruffy terrier mutt—on a 100-day, 15,000-mile road trip across the country. She set out to meet some of the strangers who had written to her during her years in the hospital: a teenage girl in Florida also recovering from cancer; a teacher in California grieving the death of her son; a death-row inmate in Texas who'd spent his own years confined to a room. What she learned on this trip is that the divide between sick and well is porous, that the vast majority of us will travel back and forth between these realms throughout our lives. *Between Two Kingdoms* is a profound chronicle of

survivorship and a fierce, tender, and inspiring exploration of what it means to begin again. How far has the American Dream been accessible to black characters in African American literature? The answer to this question requires a deep probing of the emotional and ideological patterns delineated in Black American narratives. This book traces the African American journey from the plantation to the power dome through multiple socio-artistic perspectives of Black American authorship. It captures numerous referential inventions ranging from the 'colored' to the 'Black American,' while throwing light on the transforming status of America's Native Son, the marked visibility of its Invisible Man, and endless aspirations hovering Just Above My Head. This book highlights how these narratives—despite their authors being fundamentally different in their respective approaches—are connected to each other. A celebration of the great railways of America begins with the steam locomotives of the past and concludes with today's powerful streamlined machines

Legacies; an American Journey, recounts the history of one family of Italian-American soldiers and policemen, and their long battle against the Mafia, Fascism and Communism. It details their sacrifices, triumphs and losses. This book recounts their flight to America to escape the Mafia's and Mussolini's vengeance, and their military service in the American army during World War II and Vietnam.

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's *The Oregon Trail* is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. *The New Yorker* described his first travel narrative, *Flight of Passage*, as “a funny, cocky gem of a book,” and with *The Oregon Trail* he seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an “incurably filthy” Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel, *The Oregon Trail* draws readers into the journey of a lifetime.

*Behind Closed Doors: The Addiction To Power And Control*, is the back-story of McMillian's play in book form, *The Anatomy Of A Woman Abused: One Woman's Journey*. *The Anatomy* is loosely based on McMillian's twelve-year struggle to survive an abusive marriage. *Behind Closed Doors*, shares details of how early events in her life impacted subsequent life choices. In a published interview with *Trumpet Magazine* McMillian revealed that most of her life was

spent searching for a male figure to mirror the close relationship she had with her father. He died suddenly when she was ten years old. She said, "My relationship with my father was the only example of a positive relationship that I had known, up until his passing. I had the preconceived notion that all men would be like him. I was very naive". - Jaisun McMillian

**#1 NEW YORK TIMES BESTSELLER** • "A great American success story . . . an endearing and well-written book."—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

The first trade paperback edition of the New York Times best-seller about West Point's Class of 1966, by Pulitzer Prize-winning journalist Rick Atkinson. This is the story of the twenty-five-year adventure of the generation of officers who fought in Vietnam. With novelistic detail, Atkinson tells the story of West Point's Class of 1966 primarily through the experiences of three classmates and the women they loved—from the boisterous cadet years and youthful romances to the fires of Vietnam, where dozens of their classmates died and hundreds more grew disillusioned, to the hard peace and family adjustments that followed. The rich cast of characters includes Douglas MacArthur, William Westmoreland, and a score of other memorable figures. The West Point Class of 1966 straddled a fault line in American history, and Rick Atkinson's masterly book speaks for a generation of American men and women about innocence, patriotism, and the price we pay for our dreams.

The American Journey Reconstruction to the Present is the last half of The American Journey and begins in 1864 (Unit 6). There is a two chapter review Prologue from pre-exploration to Reconstruction. The Declaration of Independence, The United States Constitution, and the Citizenship Handbook are also included. Paired with The American Republic to 1877, the two books create a seamless two-year scope and sequence for middle school. Its unparalleled author team, including the National Geographic, ensures accuracy in every detail of the narrative, maps, and charts. Features Accessible Reading and Reading Strategies Are a Priority Exclusive! Foldables student-made three-dimensional graphic organizers are a unique strategy that helps students read effectively and also can be used as assessment or study tools. A Guide to Reading, Reading Checks, and a Summary in every chapter keep students on track as they learn to read for information and process what they've read. The extensive use of graphics, maps, and photography creates a visual/verbal approach that appeals to all your students. Relevance is Part of Every Lesson TIME Notebooks allow students to step into the past, learning about everyday life in various periods and the hot topics of different eras. What Life Was Like and Hands-On History fully engage students in learning and give them an understanding of parallels between earlier generations and their own. National Geographic Brings its Unequaled Expertise to

Every Page Colorful, easy-to-read maps help students understand the where and why of history. Geography and History features show students how geography and events intertwine to create the history of a location or nation. Continual Practice in Social Studies Skills The program emphasizes skill development from reading maps to analyzing primary and secondary sources to exploring the connections between history and geography, economics, government, citizenship, and current events. Abundant Opportunities for Students to Demonstrate Proficiency The Standardized Test Practice provides systematic, ongoing test preparation. As your students learn, they are simultaneously preparing to demonstrate their knowledge of American history in standardized test formats.

The former Secretary of State recalls his youth, his military service, and his rise to the heights of America's political and military elite.

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

A classic Canadian story of the bravery and ingenuity of three animals who find their way home. First published in 1961, *The Incredible Journey* tells the story of three pets: a young Labrador retriever, an old bull terrier, and a Siamese cat. While their owners are away in England, they are being cared for by a family friend at his home in the country. But a miscommunication occurs between the friend and his housekeeper when he goes on a hunting trip, and the animals are left alone for a several hours, with a gnawing instinct that something has gone wrong. They soon set off on a journey to find home, which instinct tells them is to the west. They travel 400 kilometres across the Northern Ontario wilderness, facing many obstacles along the way: swift-flowing rivers and the rugged landscape; wild animals and unsympathetic humans; starvation, injuries and sheer exhaustion. Separately they would not have survived, but together this disparate group prevails, and they find their way home to the family they love.

A warm, intimate portrait of Jackie Robinson, America's sports icon, told from the unique perspective of a unique insider: his only daughter. Sharon Robinson shares memories of her famous father in this warm loving biography of the man who broke the color barrier in baseball. Jackie Robinson was an outstanding athlete, a devoted family man and a dedicated civil rights activist. The author explores the fascinating circumstances surrounding Jackie Robinson's breakthrough. She also tells the off-the-field story of Robinson's hard-won victories and the inspiring effect he had on his family, his community. . . his country! Includes never-before-published letters by Jackie Robinson, as well as photos from the Robinson family archives.
