Everything worth doing is going to have some obstacles. Some people look at setbacks as evidence that whatever it is they've been striving for just wasn't meant to be. But according to bestselling author and master motivator John Mason, the moment most people give up is the moment of their greatest opportunity. In this inspiring book, Mason gives readers fifty-two keys to never giving up on their dreams. He shows them how to ask the right questions when they are on the verge of quitting, how to avoid unnecessary trouble, and how to keep their energy level up in the face of setbacks. Whether readers are building a business, a family, a portfolio, or relationships, they'll find the strength and motivation to go on, break through, and claim the prize. It's not WHO Jael was that makes her special but WHAT she did for God. What Jael did was she heard God's call and faithfully obeyed. What Jael did was not self-serving, but was God's bidding. What Jael did was exactly what God planned for her, and she did to the best of her feminine ability. How ironic that God choose a gentile woman, whose ancestors worshipped idols, for such a major task. What message do we see in this story? It shows us that God does not view us as saved or unsaved. Jael was neither Israelite nor male but God used her anyway. God used her in a way that requires the faith of a Christian and the courage of a male, yet she was neither. God used the least and less likely one in the village. She was a nomad, the one that did not belong.

Buried in the bowels of one of the several intelligence agencies in the US government is an office of clandestine medical personnel. Their mission is to analyze the health and mental state of international persons of interest and report their findings to America's policymakers. The team is on call 24/7 to comment on and analyze any written observations, pictures or videos of such persons of interest that may come into the hands of the U.S. government. The goal is to provide timely information to policymakers and negotiators so that the United States of America may achieve maximum success in dealing with the people concerned. Usually this is done in the safe confines of the Agency walls, but sometimes the analysts are forced to place themselves in harms way. Through it all and despite the circumstances, their Code of Honor is to Do No Harm.

THE AMERICAN EDITION Satan is being outsourced. According to the Powers That Be, Hell isn't hellish enough, and Satan is given seven days to figure out how to bring back the fire and brimstone days of Hell's fury. The Devil takes on human form-a ramshackle, disease ridden body-and sets out on a road trip exploring new and novel miseries of the human condition to save his job. From L.A. to Miami, Satan, accompanied by Eustice Seeney, the only man who managed to escape Hell twice (and live to never shut up about it), some bent doctors, an average medium femme fatale with a Tarot tattoo, and an angelic escort service hit the road. Satan manages to finagle his way into one mess of life's affairs after another culminating in an explosive finale revealing who or what puts the lighting in our dreams, and begs the question of who would rid the world of the Devil they know?

The winner is the one who refuses to lose. *Fall Seven Times, Stand Up Eight* presents 52 key principles, actions, and encouragements that equip readers to develop the perseverance and determination that lead to real success.
