While pushing the boundaries of the left/right political spectrum, she looks at how grassroots social movements offer alternative ways to view ideological differences, from cluster-concepts to micro-discourses, and even a planetary galaxy. Expanded coverage includes: a new chapter on nationalism and globalization, which examines the work of Samuel Huntington, Kenichi Ohmae, Benjamin Barber, and many more, to explore fundamentalism in Islamic politics increased coverage of global environmental politics, including Shiva's *Stolen Harvest* and Kelly's *Thinking Green*, examining the relationships between developed and developing countries fresh material on socialist politics post-1989 and the rise of neo-fascist movements in the United States and Europe, including
