When I fell, I fell hard. After refusing to choose between good and evil, high or low, Heaven or Hell, I was exiled and fell from my pedestal and landed in a cesspit that was Earth. Stripped of my wings, and left with only two of the five gifts that I was gifted with from Him, I've been forced to live my immortal life amongst the humans. Make no mistake, as much as a punishment for choosing neither side this was supposed to be, it's become my sanctuary, my haven. Although a disaster when I landed, Earth has become my home, a place where I can blend with the humans, live my endless life moving from one place to another. That is until my home is invaded by four angels, all hell bent on making me to choose a side. They're in for a sure surprise when they realise my choice will forever and always be the same: humanity. A foreign concept to any angel. Well, any angel but me, it seems. Yes, humanity have their flaws, but so do I. I'll choose my perfectly imperfect life, and there's not a damn thing any angel can do to change that. So, yeah, I fell hard. But I fell for the flaws of being human even harder. *This is a Reverse Harem novel! #whychoose* Recommended 18+ due to mature language and situations.

Footnotes.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. A Libertarian Walks Into a Bear is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, *Fallen Angels* has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, *Fallen Angels* "reaches deep into the minds of soldiers" and makes "readers feel they are there, deep in the heart of war." *Fallen Angels* has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. *Fallen Angels* was #16 on the American Library Association's list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.

Edgar Award Finalist: The hunt for a vanished singer leads a detective into the depths of the occult in this "terrific" novel (Stephen King). Big-band frontman Johnny Favorite was singing for the troops when a Luftwaffe fighter squadron strafed the bandstand, killing the crowd and leaving the singer near death. The army returned him to a private hospital in upstate New York, leaving him to live out his days as a vegetable while the world forgot him. But Louis Cyphre never forgets. Cyphre had a contract with the singer, stipulating payment upon Johnny's death—payment that will be denied as long as Johnny clings to life. When Cyphre hires private investigator Harry Angel to find Johnny at the hospital, Angel learns that the singer has disappeared. It is no ordinary missing-person's case. Everyone he questions dies soon after, as Angel's investigation ensnares him in a bizarre tangle of black magic, carnival freaks, and grisly voodoo. When the sinister Louis Cyphre begins appearing in Angel's dreams, the detective fears for his life, his sanity, and his soul. *Falling Angel* was the basis for the Alan Parker film *Angel Heart*, starring Mickey Rourke, Robert De Niro, and Lisa Bonet. This ebook features an illustrated biography of William Hjortsberg including rare photos from the author's personal collection.

Don't be fooled by the soft fairy tale beginning of this work, *When an Angel Falls*, as it offers you another theory on how we all came into existence. Because of the current calamitous state of the world that suffers from an obvious racial divide and a drastic decline in moral fortitude, there is a clear distinction between good and evil. From the Kremlin in Russia that undermined the democracy of the Western world, to the ISIS demonic plague that is wreaking havoc in Levant in the Middle East as well as in selective countries around the world, Satan and his demons appear to be tapping into a series of triangulations, using the social network, spearfishing tactics, and dog whistling conversion methods. This triangulation starts at the point of 2 billion social media followers, followed by a seven-step breakdown to the mark of the beast. This would be explained in detail in the story should you choose to read it. The end of the world's cycle is fast approaching. This has prompted God to send his three "Top" angels, Gabriel, Raphael, and Michael, the Archangel, who is leading the team, to earth. They are on an assignment for Him! They would literally and physically destroy and rip apart anything that tries to derail their mission to right the wrong on the earth. Stephan Smith, a morally, insightful man of faith, was touched by the angel Gabriel, and he, along with journalist Christopher Rogers, and detective Danny Stone, forms a team in California to shut down a series of wrongdoing perpetrated by white supremacists in an effort to disrupt Satan's major diabolical plot. Thousands of miles away in London, England, Carla Wallace, a lawyer, who is accompanied by her cousin, Sandra Wright, who has the same moral strength and faith, was touched by the angel Raphael, and they, along with Brent Russell, an MI-5 agent, team up to stop a series of events designed to change the world as we know it. Dunstan Archer, who worked as an elderly caretaker in Cleburne County, Alabama, was incarnated as Andrealphus, one of Lucifer's fallen angels. After Lucifer and his selective angels took up residence on the earth, Andrealphus soon realized that he was caught up in the politics and evil conspiracies of the day. Once he realized that he made a mistake, he decided to flee with hopes of getting back into God's good graces. He and both of his friends, Dr. Angela Romano and Julian Bates, took an adventurous trip to the Great Angel Falls of South America, Venezuela in order to assist Sam Watson his mentor, who was incarnated by Gabriel. Every effort had to be made to defuse the dark angel's plot. Filled with riveting, heart-stopping twists and turns, this tale is an eye-opener and a page-turner!

Spike is on his own again and while encountering new faces and old familiar ones he is taking control of his destiny and the consequences of being a vampire with a soul.

In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old Susanna Kaysen was put in a taxi and sent to McLean Hospital. She spent most of the next two years in the ward for teenage girls in a psychiatric hospital as renowned for its famous clientele—Sylvia Plath, Robert Lowell, James Taylor, and Ray Charles—as for its progressive methods of treating those who could afford its sanctuary. Kaysen's memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers. It is a brilliant evocation of a "parallel universe" set within the kaleidoscopically shifting landscape of the late sixties. *Girl, Interrupted* is a clear-sighted, unflinching document that gives lasting and specific dimension to our definitions of sane and insane, mental illness and recovery.

In possibly the craziest *Angel* volume yet, we find out what happened to Gunn, Drusilla, Angel, and Spike in the aftermath of the Fall, which includes comas, insane asylums, a

comic con, and even Angel's movie adaptation. With stories by fan-favorite writer Brian Lynch and a two-issue arc co-written by Drusilla herself, Juliet Landau, this collection shows you just how insane Angel's world can get.

Haderlap is an accomplished poet, and that lyricism leaves clear traces on this ravishing debut, which won the prestigious Bachmann Prize in 2011. The descriptions are sensual, and the unusual similes and metaphors occasionally change perspective unexpectedly. Angel of Oblivion deals with harrowing subjects - murder, torture, persecution and discrimination of an ethnic minority - in intricate and lyrical prose. The novel tells the story of a family from the Slovenian minority in Austria. The first-person narrator starts off with her childhood memories of rural life, in a community anchored in the past. Yet behind this rural idyll, an unresolved conflict is smouldering. At first, the child wonders about the border to Yugoslavia, which runs not far away from her home. Then gradually the stories that the adults tell at every opportunity start to make sense. All the locals are scarred by the war. Her grandfather, we find out, was a partisan fighting the Nazis from forest hideouts. Her grandmother was arrested and survived Ravensbrück. As the narrator grows older, she finds out more. Through conversations at family gatherings and long nights talking to her grandmother, she learns that her father was arrested by the Austrian police and tortured - at the age of ten - to extract information on the whereabouts of his father. Her grandmother lost her foster-daughter and many friends and relatives in Ravensbrück and only escaped the gas chamber by hiding inside the camp itself. The narrator begins to notice the frequent suicides and violent deaths in her home region, and she develops an eye for how the Slovenians are treated by the majority of German-speaking Austrians. As an adult, the narrator becomes politicised and openly criticises the way in which Austria deals with the war and its own Nazi past. In the closing section, she visits Ravensbrück and finds it strangely lifeless - realising that her personal memories of her grandmother are stronger. Illuminating an almost forgotten chapter of European history and the European present, the book deals with family dynamics scarred by war and torture - a dominant grandmother, a long-suffering mother, a violent father who loves his children but is impossible to live with. And interwoven with this is compelling reflection on storytelling: the narrator hoping to rid herself of the emotional burden of her past and to tell stories on behalf of those who cannot. From the Trade Paperback edition.
