Disability is a broad, heterogeneous, and porous identity, and that diversity is reflected in the variety of bodily conditions under discussion here, including autism and intellectual disability, deafness, blindness, and mobility impairment often coupled with bodily deformity. Cultural Disability Studies has, from its inception, been oriented toward physical and sensory disabilities, and has generally been less effective in dealing with cognitive and intellectual impairments and with the sorts of emotions and behaviors that in our era are often medicalized as "mental illness." In that context, it is notable that so many of these essays are centrally concerned with madness, that broad and ever-shifting cultural category. There is also in impressive diversity of subject matter including YouTube videos, Ghanaian drumming, Cirque du Soleil, piano competitions, castrati, medieval smoking songs, and popular musicals. Amid this diversity of time, place, style, medium, and topic, the chapters share two core commitments. First, they are united in their theoretical and methodological connection to Disability Studies, especially its central idea that disability is a social and cultural construction. Disability both shapes and is shaped by culture, including musical culture. Second, these essays individually and collectively make the case that disability is not something at the periphery of culture and music, but something central to our art and to our humanity.

The story of the Phantom of the Opera, a half-crazed musician hiding in the labyrinth of the famous Paris Opera House and creating a number of strange and mysterious events to further the career of a beautiful young singer, is today regarded as one of the most famous of all horror stories: widely mentioned in the same breath as Frankenstein and Dracula. Yet the fame of this novel is based almost entirely on the various film versions, while the original book has been largely ignored and is rarely in print. An Accelerated Reader® Title

Musical.

In August 2005, University of Kansas Freshman John Woosley picked up a copy of Gaston Leroux's book "The Phantom of the Opera" and decided he was going to make the first truly faithful film adaptation. It was going to be feature length, done while in college, and for \$20,000. Four years later, Woosley released the film Angel of Music, about a modern day reporter investigating a dark secret behind the classic novel. Between those two moments, Woosley faced constant struggles from cast, crew, students, and teachers, but was able to overcome them all to make an original film that would leave a lasting impression on the Phantom mythology. For anyone who has ever been told you can't do something, Woosley shows that in the end, persistence does indeed pay off.

Everyone in the Opera Populaire knew about the infamous Opera Ghost. They all respected and feared his word. And when he was presumed dead after the chandelier crash, all of Paris rejoiced. But behind the mask that the world was shown, Erik had a life. In a world where appearance is everything, he had been shunned from birth all because of his deformed face. But perhaps there are some out in the world who had not judged him by looks alone. There are many secrets about his life that he never shared, not even with the few who dared to know him closely. The Phantom had a past and now he has a future. And perhaps, in that future, he will have another chance at happiness. Lauren Coker dives into the world of the rejected, lost man named Erik in her companion novel to the musical by Andrew Lloyd Webber. Her story tells of the Phantom's lonely life, his everlasting love, and his broken heart. But above all else, The Phantom's Lullaby tells of hope. Hope for the life and for the love that he had been forever denied.

ABOUT THE BOOK In my elementary school, the library had a small section dedicated to children's versions of classic novel adaptations. Even now, I can remember that my favorite adaptation was "The Phantom of the Opera." The translation was a watered-down version with plenty of pictures, and I was intrigued by the mysterious 'Angel of Music' who enchanted the pretty little Christine Daaé. This gentleman could throw his voice as if to sound disembodied, he taught Christine to sing, and he loved her fiercely and passionately. The phantom's story stayed with me until my freshman year at high school, when much to my delight, I saw Andrew Lloyd Webber's musical adaptation as my first Broadway production. I bought the original score book (which I still possess years later), and kept the entire bus awake by singing the haunting music throughout the fourteen-hour ride back home. She has a BA in English Literature and a Master's in Public Administration, both from the University of Georgia. EXCERPT FROM THE BOOK "The Phantom of the Opera" was inspired by a corpse that Leroux chanced upon in the catacombs of the Opera House in Paris while working on a story about the prisoners of the Paris Commune held there. The expansive underground structures beneath the Paris Opera House, kindled his imagination, and Leroux was able to unleash a passionate tale of misguided and unrequited love. As a book, the "Phantom of the Opera" received very little literary praise. Critics and readers enjoyed the suspense, but they found the story implausible, and the plot convoluted. It wasn't until 1925, when Universal Studio made a silent film version of the novel casting Lon Cheney as the Phantom, that his story started getting popular attention. The cinematic phantom was so gruesome that women were forewarned to bring smelling salts to the theater lest they faint, and

“When I die and am in Heaven,” Christine Daaé’s father said, “I will send the Angel of Music to you.” It is with these words still in her ears years later that Christine accepts the disembodied voice that speaks to her to claim that divine title, and to give her singing lessons within her dressing room at the Paris Opera, as the fulfillment of her beloved father’s promise. And when those lessons lead her to a performance that astonishes the whole city, who could doubt but that the Angel had indeed come? Yet there is another, more sinister presence stalking about the Opéra Garnier: the Opera Ghost. A creature who not only makes inconvenient demands—such as the exclusive use of Box Five at every performance, as well as a sizable retainer paid monthly—but who also hangs a man for wandering into the wrong part of the Opera’s cavernous cellars, and sends a chandelier plunging down onto the heads of a packed house when his demands are not met. But is the Opéra truly host to so many supernatural phenomena, or could it be that the Angel and the Opera Ghost are in fact one and the same? And could it be also that he is far less angel than demon? And if so, will Christine realize her peril before it is too late? The Phantom of the Opera (1910) is a novel by French writer Gaston Leroux. Originally serialized in *Le Galois*, the novel was inspired by legends revolving around the Paris Opera from the early nineteenth century. Originally a journalist, Leroux turned to fiction after reading the works of Arthur Conan Doyle and Edgar Allan Poe. Despite its lack of success relative to Leroux's other novels, *The Phantom of the Opera* has become legendary through several adaptations for film, theater, and television, including Andrew Lloyd Webber's celebrated 1986 Broadway musical of the same name. In 1880s Paris, the legendary Palais Garnier Opera House is rumored to be haunted by a malignant entity. Known as the Phantom of the Opera, he has been linked to the hanging death of a stagehand in addition to several strange and mysterious occurrences. Just before a gala performance, a young Swedish soprano named Christine is called on to replace the opera's lead, who is suffering from a last-minute illness. From the audience, the Vicomte Raoul de Chagny recognizes Christine, his childhood sweetheart, and goes backstage after the opera has ended to reintroduce himself. While waiting by her dressing room, he hears her talking to an unknown man, but upon entering finds himself alone with Christine. Pressing her for information, she reveals that she has been receiving lessons from a figure she calls the Angel of Music, prompting suspicion and terror in Raoul, who is familiar with the legend of the Phantom. As Raoul makes his feelings for Christine known, the Phantom professes his love for his protégé, and a battle for her affection ensues. Caught in this love triangle, threatened on all sides by jealousy and pursuit, Christine struggles to hold on as her star in the Paris Opera rises. With a beautifully designed cover and professionally typeset manuscript, this edition of Gaston Leroux's *The Phantom of the Opera* is a

(Instrumental Solo). Nine songs from the Andrew Lloyd Webber masterpiece: All I Ask of You * Angel of Music * Masquerade * The Music of the Night * The Phantom of the Opera * The Point of No Return * Prima Donna * Think of Me * Wishing You Were Somehow Here Again. Three stories, based on characters from the original Phantom of the Opera novel. Three stories, revisiting that universe. A phantom who lives in hiding. An angel heard in dreams. There are Phantoms of the Mind, that send a lonely rape victim spiraling off into madness. There's The Portal, a place where darkness meets light. There is Little Lotte, the child who hears an angel sing. Unlike any stage or screen version, the focus is angel, not phantom. Ever present, he unites the threads of these tales.

Excerpt: Love Never Dies is a musical with music by Andrew Lloyd Webber, lyrics by Glenn Slater and later Charles Hart, and book by Lloyd Webber, Slater and Ben Elton. It is a sequel to the Lloyd Webber musical The Phantom of the Opera. The plot is not based on the story-line in the original book by Gaston Leroux, and Lloyd Webber has stated "I don't regard this as a sequel - it's a stand-alone piece." The musical is set in 1907, which Lloyd Webber states is "ten years roughly after the end of the original Phantom," although the events of the original actually took place in 1881. Christine Daae is invited to perform at Phantasma, a new attraction in Coney Island, by an anonymous impresario and, with her husband Raoul and son Gustave in tow, journeys to Brooklyn, unaware that it is the Phantom who has arranged her appearance in the popular beach resort. Although Lloyd Webber began working on Love Never Dies in 1990, it was not until 2007 that he began writing the music. The musical opened at the Adelphi Theatre in the West End on 9 March 2010 with previews from 22 February 2010. It was originally directed by Jack O'Brien and choreographed by Jerry Mitchell, however the show closed for four days in November 2010 for substantial re-writes, which were overseen by Lloyd Webber, and opened with new direction from Bill Kenwright. Set and costume designs were by Bob Crowley. The production is the first time a musical sequel has been staged in the West End....

French author Gaston Leroux unknowingly created a timeless and powerful character in his Erik, the Phantom of the Opera. Movies, books and musicals have retold the original tale, enhancing it with a sparse tease of detail that we may glimpse the tortured life of Erik. As outstanding as these renditions prove to be, there seems to be so many unanswered questions. The Angel of Music is an account of the very private adventures of Erik in his quest to love and be loved. As brilliant and gifted as he is, he cannot convey his feelings to Christine properly. Frustrated to the point of violence, his fantasy of a beautiful life with her is shattered and he despairs into his last breath. The nightingale that rescues him and loves him back to life is rewarded with a romantic adventure of epic proportions. Herein lies the testament of the Angel of Music and his beloved Christine.
