Anne Lamott claims the two best prayers she knows are: "Help me, help me, help me" and "Thank you, thank you, thank you." She has a friend whose morning prayer each day is "Whatever," and whose evening prayer is "Oh, well." Anne thinks of Jesus as "Casper the friendly savior" and describes God as "one crafty mother." Despite--or because of--her irreverence, faith is a natural subject for Anne Lamott. Since *Operating Instructions* and *Bird by Bird*, her fans have been waiting for her to write the book that explained how she came to the big-hearted, grateful, generous faith that she so often alluded to in her two earlier nonfiction books. The people in Anne Lamott's real life are like beloved characters in a favorite series for her readers--her friend Pammy, her son, Sam, and the many funny and wise folks who attend her church are all familiar. And *Traveling Mercies* is a welcome return to those lives, as well as an introduction to new companions Lamott treats with the same candor, insight, and tenderness. Lamott's faith isn't about easy answers, which is part of what endears her to believers as well as nonbelievers. Against all odds, she came to believe in God and then, even more miraculously, in herself. As she puts it, "My coming to faith did not start with a leap but rather a series of staggers." At once tough, personal, affectionate, wise, and very funny, *Traveling Mercies* tells in exuberant detail how Anne Lamott learned to shine the light of faith on the darkest part of ordinary life, exposing surprising pockets of meaning and hope.

Rule the world and take control of your emotional and mental health from where you sit, stand, and sleep. The Holistic Home is based on an original lifestyle concept focused on creating a dynamic, healthy, and thoughtful space within yourself and your home by combining three planes of action—mind, body, and spirit—that result in profound change. The condition of the mind affects the psychology of how you dwell: subconscious influences, decorating with intention, and allowing your emotional issues and challenges to manifest in your space. The physical aspects of your design space, such as furniture positioning, design elements, sustainability, wellness, and organization, are representative of your relationship with your body. And finally, the spirit refers to all the invisible energies within you and your home—feng shui, atmosphere, and the soul of your home. Years ago, author and holistic feng shui expert Laura Benko was diagnosed with a rare cancer. Around that time, a book serendipitously fell on her head. She took this as a much-needed sign to devote the next decade of her life to research and hundreds of transformative holistic design consultations. Her clients' real-life, inspiring stories, along with specific actions and tips, have become the foundation for The Holistic Home. Chapter by chapter, you'll learn how to holistically tackle it all—relationships, clutter, health, communities, inner balance, and more—by looking within your immediate environment to make direct connections in your life.

"I had spent most of my childhood thinking I was a dog, and suspect I had aged in dog years. By the time I was ten I had discovered the pain of unbearable loss. I had felt joy and jealousy. Most important of all, I knew how to love and how to let myself be loved. All these things I learned through animals. Horses and dogs were my family and my friends. This is their story as much as it is mine." Clare Balding grew up in an unusual household. Her father a champion horse trainer, they shared their lives with more than one hundred thoroughbred racehorses, mares, foals, and ponies, as well as an ever-present pack of dogs, on a sprawling estate in the

Hampshire Downs. As a child, Clare happily rode the legendary racehorse Mill Reef and received her first pony, Valkyrie, as a gift from Her Majesty the Queen of England. But Clare ranked low in the family pecking order—as a girl, she was decidedly below her younger brother, and both of them were certainly below the horses. Left to her own devices, she had to learn life's toughest lessons through the animals, and through her adventures in the stables and the surrounding idyllic English countryside. From her struggles at boarding school to her triumphs as an amateur jockey and event rider, Clare weaves her own coming-of-age story through portraits of the beloved horses and dogs, from the protective Candy to the unruly Frank, who were her earliest friends. The running family joke was that “women ain't people.” Clare has to prove them wrong, to make her voice heard—but first she had to make sure she had something to say. *My Animals and Other Family* is a witty, brave, and moving account of stumbling—often literally—into one's true self.

Lorna Byrne has helped millions of people around the world by calling on them to realise that they each have a guardian angel and by showing them that can ask for help from God and the angels. Lorna is often asked for help on how to ask and how to pray, so in this new book she gives detailed advice and also includes prayers for different occasions. She says: 'Sometimes our prayers are so focussed on asking for things, we forget to listen out for what God, the angels and our love ones are trying to tell us. God always has this abundance of blessings

prepared for us, small blessings and great blessings. He wants to give every individual great life-changing blessings, beginning when that individual is born. God will do everything to make it happen, but He will never infringe on an individual's free will, which a good reason for us to engage intelligent conversation with him - listening as well as asking - in prayer.'

Most American heroes aren't in our history books, nor do they have monuments erected in their honor. Their names aren't in the headline news or memorialized in song. The true hero is simply someone who makes a difference-large or small-in the lives of others.

Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In *Love from Heaven*, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. *Love from Heaven* will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

At the center is a passionate man who is a highly educated benefactor and knows he can help others find retribution. This is a story of hope, love, life and redemption. Best-selling author and "angel lady" Doreen Virtue has written her first book for children! Thank You, Angels! introduces young children to the world of angels and teaches them how these heavenly beings can help them in many ways. Kids will learn how to ask an angel for help, how to recognize an angel's voice, and what signs angels may use to let kids know that they're there. This book offers children a sense of comfort and peace by showing them that they're never alone. A collection of children's stories by international bestselling author Lorna Byrne. Lorna Byrne says we all see angels when we are young children, but are gradually conditioned to screen them out. Here, for the first time, she has written stories, inspired by real life, of seven children whose lives were transformed and made better by their interaction with their guardian angels. Among these, there is a story of a little girl called Suzy, paralysed from birth and unable to play with other children. Angels play with her and bring her great happiness. In another story a little girl called Emma is mean to her classmates and gets her little brothers into trouble at home. Her guardian angel gradually prompts her towards a more harmonious and happy life. Tommy feels he is an outsider because he is no good at football. Then with his guardian angel's loving help and attention, Tommy scores a brilliant goal! Lorna began telling stories to her daughter Aileen at an age when, like all children, she was beginning to focus far more on the material world and less on spiritual influences. These stories are written to show children the ways in which they can ask for help from their guardian angels and perhaps even to catch a glimpse of them.
