Welsh Gothic, the first study of its kind, introduces readers to the array of Welsh Gothic literature published from 1780 to the present day. Informed by postcolonial and psychoanalytic theory, it argues that many of the fears encoded in Welsh Gothic writing are specific to the history of Welsh people, telling us much about the changing ways in which Welsh people have historically seen themselves and been perceived by others. The first part of the book explores Welsh Gothic writing from its beginnings in the last decades of the eighteenth century to 1997. The second part focuses on figures specific to the Welsh Gothic genre who enter literature from folk lore and local superstition, such as the sin-eater, c?n Annwn (hellhounds), dark druids and Welsh witches.

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

A collection of in-depth studies of the work of seven Welsh female poets writing in English, namely Jane Cave, Ann Julia Hatton, Felicia Hemans, Maria James, Sarah Williams, Emily Jane Pfeiffer and Anna Walter Thomas.

The first volume in the new series *Gender Studies in Wales*, this book argues that the way in which people came to perceive and to represent themselves as Welsh was profoundly affected by the gender ideologies prevalent during the Romantic and Victorian periods. "Nineteenth-Century Women's Writing in Wales: Nation, Gender and Identity" introduces readers to a hundred Welsh women authors at work during the years 1780-1900, some writing in Welsh and some in English. In so doing, it rescues many of these authors from critical neglect and oblivion. In the second half of the nineteenth century in particular, Welsh women writers in both languages were numerous and enjoyed a degree of influence on Welsh culture easily commensurate with that of women writers today. By covering the nineteenth century chronologically, this book traces the coming into being of the Welsh nation as its women in particular saw it, and as they helped to create it.

This period witnessed the first full flowering of women's writing in Britain. This illuminating volume features leading scholars who draw upon the last 25 years of scholarship and textual recovery to demonstrate the literary and cultural significance of women in the period, discussing writers such as Austen, Wollstonecraft and Mary Shelley.

In the period following the French revolution in 1789, Welsh poets continually reflected on the extraordinary new era in which they lived through their writing. Effortlessly ranging from Wales's deep and distant history to accounts of the most topical and urgent current affairs, their poems on war, Welshness, druids, parted lovers and sublime landscapes encompass the beautiful, the brutal and the mysterious. Facing a future that often seemed agonisingly uncertain, poets in Wales used their verses to voice their thoughts and feelings about events that had rocked the whole of Europe, and whose effects continued to be felt long after 1789. This new selection of poetry from Wales sets recently-discovered manuscript texts alongside little-known early printed poems, offering a full and accessible introduction to Welsh poetry in English in the period 1780-1820.

*Nation and Migration* explores the significant contributions of Scotland, Ireland, and Wales to the development of a British Atlantic literature and culture, moving beyond traditional studies of transatlantic literature that focus on what Stephen Spender has described as the "love-hate relations" between the United States and England. By allowing England to stand in for the British archipelago, Juliet Shields argues, recent literary scholarship has oversimplified the processes through which the new United States differentiated itself culturally from Britain and underestimated the impact of migration on British nation formation during the late eighteenth and early nineteenth centuries. In short, *Nation and Migration* provides a literary history for a nation that still considers itself a land of immigrants. Scottish, Irish, and Welsh migrants brought with them to the American colonies and early republic stories and traditions very different from those shared by English settlers. Americans looked to these stories for narratives of cultural and racial origins through which to legitimate their new nation. Writers situated in Britain's Celtic peripheries in turn drew on American discourses of rights and liberties to assert the cultural independence of Scotland, Ireland, and Wales from the English imperial center. The stories that late eighteenth- and early nineteenth-century Britons and Americans told about transatlantic migration and settlement, whether from the position of migrant or observer, reveal the tenuousness and fragility of Britain and the United States as relatively new national entities. These stories illustrate the dialectical relationship between nation and migration.

Examines Welsh writing in English in the context of critical debates concerning the rise of cultural nationalism and the 'invention' of Great Britain as a nation in the eighteenth century. This study investigates the ways in which Anglophone literature from and about Wales imagines the nation and its culture in a range of genres.

Inclusive, cutting-edge essay collection by leading scholars on Victorian women poets and their diverse poetic forms and identities.

The relationship between nation and queer sexuality has long been a fraught one, for the sustaining myths of the former are often at odds with the needs of the latter. This collection of essays introduces readers to important historical and cultural figures and moments in queer life, and it addresses some of the urgent questions of queer belonging that face Wales today.

Examining popular contexts of Greek revivalism associated with women, Comet challenges the masculine narrative of English Classicism by demonstrating that it thrived in non-male spaces, as an ephemeral ideal that betrayed a distrust of democratic rhetoric that ignored the social inequities of the classical world.

The ranks of English women writers rose steeply in the late 19th and early 20th centuries, contributing to the era's revolutionary social movements as well as to transforming literary genres in prose and poetry. The phenomena of 'the new' — 'New Women', 'New Unionism', 'New Imperialism', 'New Ethics', 'New Critics', 'New Journalism', 'New Man' — are this moment's touchstones. This book tracks the period's new social phenomena and unfolds its distinctively modern modes of writing. It provides expert introductions amid new insights into women's writing throughout the United Kingdom and around the globe.

Reads Victorian literature and science as artful practices that surpass the theories and discourses supposed to contain them.

*Poetry, Geography, Gender* explores literary and geographical analysis, cultural criticism and gender politics in the work of such well-known literary figures as Gwyneth Lewis, Menna Elfyn, Christine Evans and Gillian Clarke, alongside newer names like Zoë Skoulding and Samantha Wynne-Rhydderch. Drawing on her unpublished interviews with many of the featured poets, Alice Entwistle examines how and why their various senses of affiliation with a shared cultural hinterland should encourage us to rethink the relationship between nation, identity and literary aesthetics in post-devolution Wales. This series of lively and detailed close readings reveals how writers use the textual terrain of the poem, both literally and metaphorically, to register and script aesthetic as well as geo-political and cultural-historical change. As an innovative critical study, this volume thus takes particular interest in the ways in which author, text and territory help to inform and produce each other in the culturally complex and confident small nation that is twenty-first-century Wales.

A radically unorthodox portrait of the lives of the Welsh is offered in this social history of Wales from 1789–1870. A large range of social subjects—rich landlords in the south, poor peasants in the north, and such unspeakable persons as bastard children and wizards—are discussed along with engrossing analyses of such unusual institutions as the insane asylum and the rural festival. By interpreting the life experiences and emotions of individual people within Welsh society, this inquiry opens up the fascinating and heretofore hidden world of Wales during the rise of industrial Europe.

Includes both books and articles.

Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse. Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I.

This book is about mapping the future of eighteenth-century women's writing and feminist literary history, in an academic culture that is not shy of declaring their obsolescence. It asks: what can or should unite us as scholars devoted to the recovery and study of women's literary history in an era of big data, on the one hand, and ever more narrowly defined specialization, on the other? Leading scholars from the UK and US answer this question in thought-provoking, cross-disciplinary and often polemical essays. Contributors attend to the achievements of eighteenth-century women writers and the scholars who have devoted their lives to them, and map new directions for the advancement of research in the area. They collectively argue that eighteenth-century women's literary history has a future, and that feminism was, and always should be, at its heart. Featuring a Preface by Isobel Grundy, and a Postscript by Cora Kaplan.

*Women's Ghost Literature in Nineteenth-Century Britain* examines the Female Gothic genre and how it expanded to include not only gender concerns but also social critiques of repressed sexuality, economics and imperialism.

A magazine of tales, travels, essays, and poems.

This essay collection rediscovers and reassesses a host of still little-known, pre-1914, Welsh women writers. In the last few decades considerable advances have been made towards rediscovering, contextualising, and analysing women's writing from Wales. The combined influences of the post-1960s women's movement, the 1990s Welsh devolution successes, and the development of the 'Four Nations' school of British literary criticism, have together effected significant advances in the field of Welsh feminist literary studies. This book focuses in particular on: the fifteenth- to eighteenth-century Welsh-language bards, such as Gwerful Mechain, Angharad James, and Marged Dafydd; the seventeenth- and eighteenth-century English-language poets, including Katherine Philips, Jane Brereton, Anne Penny, and Anne Hughes; contributors to the Romantic movement in Wales, such as the poets and novelists Mary Robinson and Ann of Swansea; the mid-nineteenth-century protesting voice of polemicists such as Jane Williams (Ysgafell); the Victorian English-language novelists, for example Louisa Matilda Spooner, Anne Beale, Amy Dillwyn, Allen Raine, and Mallt Williams, and their concern with national, class, and gender identities; and early twentieth-century Welsh-language writers engaged with Welsh Home Rule and women's suffrage issues, such as Gwyneth Vaughan and Eluned Morgan. This book was originally published as a special issue of *Women's Writing*.
