Goodbye Christopher Robin: A.A. Milne and the Making of Winnie-the-Pooh is drawn from Ann Thwaite's Whitbread Award-winning biography of A. A. Milne, one of England's most successful writers. After serving in the First World War, Milne wrote a number of well-received plays, but his greatest triumph came when he created Winnie-the-Pooh, Piglet, Tigger, Eeyore and, of course, Christopher Robin, the adventurous little boy based on his own son. Goodbye Christopher Robin inspired the film directed by Simon Curtis and starring Domhnall Gleeson, Margot Robbie and Kelly Macdonald. It offers the reader a glimpse into the relationship between Milne and the real-life Christopher Robin, whose toys inspired the magical world of the Hundred Acre Wood. Goodbye Christopher Robin is a story of celebrity, a story of both the joys and pains of success and, ultimately, the story of how one man created a series of enchanting tales that brought hope and comfort to an England ravaged by the First World War.

Ann Christopher is a British sculptor who works primarily in cast bronze, stainless steel, silver, and fabricated Corten steel. Her award-winning nonfigurative work comprises both large and small sculptures and site-specific commissions. Her titles including "First Wall," "Black Line," and "Split Reflection" possess a simplicity that is belied by the complex connotations of the sculptures themselves. Upon closer inspection, these elegant and understated works reveal

connections with a vast spectrum of sources from across the globe, such as rock formations in Israel, fossils from the Cretaceous chalks of Hertfordshire, prehistoric standing stones in Avebury, and early Aegean figurines. The marks Christopher makes on her works are suggestive both of natural processes, such as weathering, and of the forms and tools of mechanized industry. In this definitive publication, bold photography expertly showcases the detail of her astonishing sculptures."

"A significant novel, beautifully crafted and deeply felt. Beha creates a high bonfire of our era's vanities. . . .This is a novel to savor."- Colum McCann Through baseball, finance, media, and religion, Beha traces the passing of the torch from the old establishment to the new meritocracy, exploring how each generation's failure helped land us where we are today. What makes a life, Sam Waxworth sometimes wondered—self or circumstance? On the day Sam Waxworth arrives in New York to write for the Interviewer, a street-corner preacher declares that the world is coming to an end. A data journalist and recent media celebrity—he correctly forecast every outcome of the 2008 election—Sam knows a few things about predicting the future. But when projection meets reality, life gets complicated. His first assignment for the Interviewer is a profile of disgraced political columnist Frank Doyle, known to Sam for the sentimental works of baseball lore that first sparked his love of the game. When Sam meets Frank at Citi Field for the Mets' home opener, he finds himself unexpectedly ushered into Doyle's crumbling family empire. Kit, the matriarch, lost her investment bank to the financial crisis; Eddie, their son, hasn't been the same since his second combat tour in Iraq; Eddie's best friend from childhood, the fantastically successful hedge funder Justin Price, is starting to see cracks in his spotless public image. And then there's Frank's daughter, Margo, with whom Sam becomes involved—just as his wife, Lucy, arrives from Wisconsin. While their lives seem inextricable, none of them know how close they are to losing everything, including each other. Sweeping in scope yet meticulous in its construction, *The Index of Self-Destructive Acts* is a remarkable family portrait and a masterful evocation of New York City and its institutions. Over the course of a single baseball season, Christopher Beha traces the passing of the torch from the old establishment to the new meritocracy, exploring how each generation's failure helped land us where we are today. Whether or not the world is ending, Beha's characters are all headed to apocalypses of their own making.

The gilded adventures of Ramses the Damned, iconic creation of the legendary bestselling author, continue in this breathtakingly suspenseful tale of a titanic supernatural power unleashed on the eve of war. A pharaoh made immortal by a mysterious and powerful elixir, Ramses the Great became counselor and lover to some of Egypt's greatest and most powerful rulers before he was awakened from centuries of slumber to the mystifying and dazzling world of Edwardian England. Having vanquished foes both human and supernatural, he's found love with the beautiful heiress Julie Stratford, daughter of Lawrence Stratford, the slain archeologist who discovered his tomb. Now, with the outbreak of a world war looming, Ramses and those immortals brought forth from the mists of history by his resurrection will face their greatest test yet. Russian assassins bearing weapons of immense power have assembled under one command: all those who loved Lawrence Stratford must die. From the glowing jewels at their necks comes an incredible supernatural force: the power to bring statues to life. As Ramses and his allies, including the immortal queens Cleopatra and Bektaten, gather together to battle these threats, Ramses reveals that the great weapon may have roots in an ancient Egyptian ritual designed to render pharaohs humble before Osiris, the god of the underworld. The resulting journey will take them across storm-tossed seas and into the forests of northern Russia, where they will confront a terrifying collision of tortured political ambitions and religious fervor held in thrall to a Godlike power. But the true answers they seek will lie beyond the border between life and death, within realms that defy the imagination of even an immortal such as Ramses the Great. In *Ramses the Damned: The Reign of Osiris*, Anne Rice, revered and beloved storyteller ("queen of gothic lit, the maestro of the monstrous and the diva of the devious" --The Philadelphia Inquirer), in collaboration with her son, acclaimed bestselling novelist Christopher Rice ("a magician; a master" --Peter Straub), bring us another thrilling, seductive tale of high adventure, romance, history, and suspense. A thought experiment in future-shock survivalism' Robert MacFarlane 'Gripping ... of all science fiction's apocalypses, this is one of the most haunting' Financial Times WITH AN INTRODUCTION BY ROBERT MACFARLANE A post-apocalyptic vision of the world pushed to the brink by famine, John Christopher's science fiction masterpiece The Death of Grass includes an introduction by Robert MacFarlane in Penguin Modern Classics. At first the virus wiping out grass and crops is of little concern to John Custance. It has decimated Asia, causing mass starvation and riots, but Europe is safe and a counter-virus is expected any day. Except, it turns out, the governments have been lying to their people. When the deadly disease hits Britain, society starts to descend into barbarism. As John and his family try to make it across country to the safety of his brother's farm in a hidden valley, their humanity is tested to its very limits. A chilling psychological thriller and one of the greatest post-apocalyptic novels ever written, The Death of Grass shows people struggling to hold on to their identities as the familiar world disintegrates - and the terrible price they must pay for surviving. John Christopher (1922-2012) was the pen name of Samuel Youd, a prolific writer of science fiction. His novels were popular during the 1950s and 1960s, most notably The Death Of Grass (1956), The World in Winter (1962), and Wrinkle in the Skin (1965), all works depicting ordinary people struggling in the midst of apocalyptic catastrophes. In 1966 he started writing science-fiction for adolescents; The Tripods trilogy, the Prince in Waiting trilogy (also known as the Sword of the Spirits trilogy) and The Lotus Caves are still widely read today. If you enjoyed The Death of Grass, you might like John Wyndham's The Day of the Triffids, also available in Penguin Modern Classics.
