Why Startups Fail Tom Eisenmann, 2021-03-30 If you want your startup to succeed, you need to understand why startups fail. “Whether you’re a first-time founder or looking to bring innovation into a corporate environment, *Why Startups Fail* is essential reading.”—Eric Ries, founder and CEO, LTSE, and New York Times bestselling author of *The Lean Startup* and *The Startup Way* Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn’t answer it. So he launched a multiyear research project to find out. In *Why Startups Fail*, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of startup failures. • **Bad Bedfellows.** Startup success is thought to rest largely on the founder’s talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. • **False Starts.** In following the oft-cited advice to “fail fast” and to “launch before you’re ready,” founders risk wasting time and capital on the wrong solutions. • **False Promises.** Success with early adopters can be misleading and give founders unwarranted confidence to expand. • **Speed Traps.** Despite the pressure to “get big fast,” hypergrowth can spell disaster for even the most promising ventures. • **Help Wanted.** Rapidly scaling startups need lots of capital and talent, but they can make mistakes that leave them suddenly in short supply of both. • **Cascading Miracles.** Silicon Valley exhorts entrepreneurs to dream big. But the bigger the vision, the more things that can go wrong. Drawing on fascinating stories of ventures that failed to fulfill their early promise—from a home-furnishings retailer to a concierge dog-walking service, from a dating app to the inventor of a sophisticated social robot, from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles—Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns, along with a wealth of strategies and tactics for avoiding them. A must-read for founders at any stage of their entrepreneurial journey, *Why Startups Fail* is not merely a guide to preventing failure but also a roadmap charting the path to startup success.

After the Crash Emma Davies, 2021-03-16 He helped you move on... Until you discovered what he did. Louisa Adams has done her best to hold herself together in the years since she lost her husband in a car accident. But each morning she wakes to find his side of the bed cold is more painful than the last, and she's struggling to make ends meet as a writer. She must admit defeat and move into the crumbling seaside guest house her daughter just bought. Perhaps it might help put what's left of their broken family back together... There, Louisa is offered a final chance to save her career by writing an article on a local sand artist, Isaac. Except, when he turns to greet her - tall, handsome and weather-worn - something about him feels disturbingly familiar. Why, when he looks into her eyes, does she feel like he knows exactly who she is and everything she's been through? As they explore the rugged coastline's hidden coves together - living and laughing like she never thought she would again - Louisa is fascinated by this man who creates beautiful sculptures on the shoreline, but deep down she knows he's keeping a secret from her. The discovery of a charcoal scribble in one of his sketchbooks linking him to the death of her husband, confirms her deepest fear. Is she ready for what he will tell her, and will letting him in tear her family and her heart apart all over again? A heartbreaking, page-turning and completely unforgettable family drama you will read in one sitting. Perfect for anyone who loves Amanda Prowse, Kerry Fisher and Jodi Picoult. The Grace of Kings Ken Liu, 2015-04-07 One of the Time 100 Best Fantasy Books Of All Time Two men rebel together against tyranny—and then become rivals—in this first sweeping book of an epic fantasy series from Ken Liu, recipient of Hugo, Nebula, and World Fantasy awards. Hailed as one of the best books of 2015 by NPR. Wily, charming Kuni Garu, a bandit, and stern, fearless Mata Zyndu, the son of a deposed duke, seem like polar opposites. Yet, in the uprising against the emperor, the two quickly become the best of friends after a series of adventures fighting against vast conscripted armies, silk-draped airships, and shapeshifting gods. Once the emperor has been overthrown, however, they each find themselves the leader of separate factions—two sides with very different ideas about how the world should be run and the meaning of

justice. Fans of intrigue, intimate plots, and action will find a new series to embrace in the Dandelion Dynasty.

Flash Crash Liam Vaughan, 2020-05-12 [An] extraordinary tale—Wall Street Journal Compelling [and] engaging—Financial Times Magnificently detailed yet pacy...Think Trading Places meets Wall Street—Sunday Times (UK) The riveting story of a trading prodigy who amassed \$70 million from his childhood bedroom—until the US government accused him of helping trigger an unprecedented market collapse On May 6, 2010, financial markets around the world tumbled simultaneously and without warning. In the span of five minutes, a trillion dollars of valuation was lost. The Flash Crash, as it became known, represented what was then the fastest drop in market history. When share values rebounded less than half an hour later, experts around the globe were left perplexed. What had they just witnessed? Navinder Singh Sarao hardly seemed like a man who would shake the world's financial markets to their core. Raised in a working-class neighborhood in West London, Nav was a preternaturally gifted trader who played the markets like a computer game. By the age of thirty, he had left behind London's trading arcades, working instead out of his childhood home. For years the money poured in. But when lightning-fast electronic traders infiltrated markets and started eating into his profits, Nav built a system of his own to fight back. It worked—until 2015, when the FBI arrived at his door. Depending on whom you ask, Sarao was a scourge, a symbol of a financial system run horribly amok, or a folk hero who took on the tyranny of Wall Street and the high-frequency traders. A real-life financial thriller, *Flash Crash* uncovers the remarkable, behind-the-scenes narrative of a mystifying market crash, a globe-spanning investigation into international fraud, and a man at the center of them both.

Crashing Through Robert Kurson, 2008-08-19 Mike May spent his life crashing through. Blinded at age three, he defied expectations by breaking world records in downhill speed skiing, joining the CIA, and becoming a successful inventor, entrepreneur, and family man. He had never yearned for vision. Then, in 1999, a chance encounter brought startling news: a revolutionary stem cell transplant surgery could restore May's vision. It would allow him to drive, to read, to see his children's faces. But the procedure was filled with gambles, some of them deadly, others beyond May's wildest dreams. Beautifully written and thrillingly told, *Crashing Through* is a journey of suspense, daring, romance, and insight into the mysteries of vision and the brain. Robert Kurson gives us a fascinating account of one man's choice to explore what it means to see—and to truly live. Praise for the National Bestseller *Crashing Through*: "An incredible human story [told] in gripping fashion . . . a great read." -Chicago Sun-Times "Inspiring." -USA Today "[An] astonishing story . . . memorably told . . . May is remarkable. . . . Don't be surprised if your own vision mists over now and then." -Chicago Tribune "[A] moving account [of] an extraordinary character." -People "Terrific . . . [a] genuinely fascinating account of the nature of human vision." -The Washington Post "Kurson is a man with natural curiosity and one who can feel the excitement life has to offer. One of his great gifts is he makes you feel it, too." -The Kansas City Star "Propulsive . . . a gripping adventure story." -Entertainment Weekly NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE CHICAGO TRIBUNE

I Love Jesus, But I Want to Die Sarah J. Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Fall and Rise Mitchell Zuckoff, 2019-04-30 “Better and more comprehensive than any prior account. . . . Those of us who lived through those days will find the book cathartic; those rising generations who were too young to remember 9/11, or who weren’t yet born, will find it revelatory.” — John Farmer, senior counsel to the 9/11 Commission and author of *The Ground Truth* “With his rigorous research and moral clarity, Mitchell Zuckoff has provided us with an invaluable service. He has deepened our understanding of what happened on 9/11 and recorded the voices of the victims and the survivors. What’s more, he has ensured that we never forget.” —David Grann, #1 New York Times bestselling author of *Killers of the Flower Moon* Years in the making, this spellbinding, heartbreaking, and ultimately uplifting narrative is an unforgettable portrait of 9/11. This is a 9/11 book like no other. Masterfully weaving together multiple strands of the events in New York, at the Pentagon, and in Shanksville, Pennsylvania, *Fall and Rise* is a mesmerizing, minute-by-minute account of that terrible day. In the days and months after 9/11, Mitchell Zuckoff, then a reporter for the *Boston Globe*, wrote about the attacks, the victims, and their families. After further years of meticulous reporting, Zuckoff has filled *Fall and Rise* with voices of the lost and the saved. The result is an utterly gripping book, filled with intimate stories of people most affected by the events of that sunny Tuesday in September: an out-of-work actor stuck in an elevator in the North Tower of the World Trade Center; the heroes aboard Flight 93 deciding to take action; a veteran trapped in the inferno in the Pentagon; the fire chief among the first on the scene in sleepy Shanksville; a team of firefighters racing to save an injured woman and themselves; and the men, women, and children flying across country to see loved ones or for work who suddenly faced terrorists bent on murder. *Fall and Rise* will open new avenues of understanding for everyone who thinks they know the story of 9/11, bringing to life—and in some

cases, bringing back to life—the extraordinary ordinary people who experienced the worst day in modern American history. Destined to be a classic, *Fall and Rise* will move, shock, inspire, and fill hearts with love and admiration for the human spirit as it triumphs in the face of horrifying events.

Post-Crash Economics Omar Feraboli, Carlo J. Morelli, 2017-11-21 This book demonstrates the continuing relevance of economics for understanding the world, through a restatement of the importance of plurality and heterodox ideas for teaching and research. The Great Financial Crash of 2007-8 gave rise to a widespread critique of economics for its inability to explain the most significant economic event since the 1930s. The current straightjacket of neo-classical undergraduate economic teaching and research hinders students' understanding of the world they live in. The chapters in this book provide examples to demonstrate the importance of pluralistic and heterodox ideas from across the breadth of economics. The authors' plurality of approach is indicative of the fact that economics is a much broader discipline than the dominant neo-classical orthodoxy would suggest. This volume provides undergraduate students with a range of alternative ideas and university lecturers with examples whereby the curricula have been broadened to include pluralist and heterodox ideas.

The Book of the Dead Muriel Rukeyser, 2018 Written in response to the Hawk's Nest Tunnel disaster of 1931 in Gauley Bridge, West Virginia, *The Book of the Dead* is an important part of West Virginia's cultural heritage and a powerful account of one of the worst industrial catastrophes in American history. The poems collected here investigate the roots of a tragedy that killed hundreds of workers, most of them African American. They are a rare engagement with the overlap between race

and environment in Appalachia. Published for the first time alongside photographs by Nancy Naumburg, who accompanied Rukeyser to Gauley Bridge in 1936, this edition of *The Book of the Dead* includes an introduction by Catherine Venable Moore, whose writing on the topic has been anthologized in *Best American Essays*.
