A propulsive, incendiary novel about faith, race, class, and what it means to have a home, from Joshua Cohen, "a major American writer" (The New York Times) NAMED ONE OF THE BEST BOOKS OF THE YEAR BY VULTURE AND BOOKFORUM One of the boldest voices of his generation, Joshua Cohen returns with *Moving Kings*, a powerful and provocative novel that interweaves, in profoundly intimate terms, the housing crisis in America's poor black and Hispanic neighborhoods with the world's oldest conflict, in the Middle East. The year is 2015, and twenty-one-year-olds Yoav and Uri, veterans of the last Gaza War, have just completed their compulsory military service in the Israel Defense Forces. In keeping with national tradition, they take a year off for rest, recovery, and travel. They come to New York City and begin working for Yoav's distant cousin David King—a proud American patriot, Republican, and Jew, and the recently divorced proprietor of King's Moving Inc., a heavyweight in the tri-state area's moving and storage industries. Yoav and Uri now must struggle to become reacquainted with civilian life, but it's not easy to move beyond their traumatic pasts when their days are spent kicking down doors as eviction-movers in the ungentrified corners of the Bronx, Brooklyn, and Queens, throwing out delinquent tenants and seizing their possessions. And what starts off as a profitable if eerily familiar job—an "Occupation"—quickly turns violent when they encounter one homeowner seeking revenge. Praise for *Moving Kings* "A Jewish Sopranos . . . utterly engrossing, full of passionate sympathy . . . Cohen is an extraordinary prose stylist, surely one of the most prodigious at work in American fiction today."—James Wood, *The New Yorker* "Brilliant . . . It feels master-planned to slowly unsettle your convictions, as the best novels do. . . . Cohen has a brain-on-fire intellect and a Balzac-grade enthusiasm for understanding varieties of experience."—Los Angeles Times "Moving Kings is a lit fuse, a force let loose, a creeping flame heading for demolition, and Cohen himself is a master of argot and wit."—Cynthia Ozick "A dazzling and poignant book."—Rachel Kushner "Cohen's writing is filled with sharp turns of phrase and elegant rhythms. . . . The denouement is as vengeful as any Old Testament plot twist. . . . Cohen has become one of America's top young novelists."—Time

It was 1976 when Leon and Michael Spinks first punched their way into America's living rooms. That year, they became the first brothers to win Olympic gold in the same Games. Shortly thereafter, they became the first brothers to win the heavyweight title: Leon toppled The Greatest, Muhammad Ali; Michael beat the unbeatable Larry Holmes. With a cast of characters that includes Ali, Holmes, Mike Tyson, Gerry Cooney, Dwight Qawi, Eddie Mustafa Muhammad and dozens of friends, relatives, and boxing figures,

ONE PUNCH FROM THE PROMISED LAND tells the unlikely story of the Spinks brothers. Their rise from the Pruitt-Igoe housing disaster. Their divergent paths of success. And their relationship with America. The book also uncovers stories never before made public: the big paydays, the high living, the backroom deals. It's not afraid to tackle an issue rarely discussed: Does the heavyweight title deliver on its promise to young men in the inner city? This is the definitive story of Leon and Michael Spinks. And a cross-examination of heavyweight boxing in 20th century America.

The surprising and compelling story of two rival geniuses in an all-out race to decode one of the world's most famous documents—the Rosetta Stone—and their twenty-year-long battle to solve the mystery of ancient Egypt's hieroglyphs. The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum ever year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. Carved in ancient Egypt, the Rosetta Stone carried the same message in different languages—in Greek using Greek letters, and in Egyptian using picture-writing called hieroglyphs. Until its discovery, no one in the world knew how to read the hieroglyphs that covered every temple and text and statue in Egypt. Dominating the world for thirty centuries, ancient Egypt was the mightiest empire the world had ever known, yet everything about it—the pyramids, mummies, the Sphinx—was shrouded in mystery. Whoever was able to decipher the Rosetta Stone, and learn how to read hieroglyphs, would solve that mystery and fling open a door that had been locked for two thousand years. Two brilliant rivals set out to win that prize. One was English, the other French, at a time when England and France were enemies and the world's two great superpowers. The Writing of the Gods chronicles this high-stakes intellectual race in which the winner would win glory for both himself and his nation. A riveting portrait of empires both ancient and modern, this is an unparalleled look at the culture and history of ancient Egypt and a fascinating, fast-paced story of human folly and discovery unlike any other.

Tyson Fury is colossal - six feet nine inches tall and a whisker under 20 stones in weight. He is spectacularly fast. He has a punch that could knock over a rhino and he can dance and weave like no one since the great Muhammad Ali. When he destroyed the fearsome Deontay Wilder in Las Vegas to become two-time world heavyweight champion in February 2020, the world held its breath. Fury was born in 1988 and named after Mike Tyson, who was then the world heavyweight champion. Tyson comes from a long line of gypsy bare knuckle fighters. His father, Gypsy John Fury and grandfather, Tiger Gorman, both fought as professionals. Tyson's success has not come easily, but he has fought the terrible battles of his personal life as bravely as those in the ring. In this extraordinary biography you will read how he overcame addiction to cocaine and alcohol and lost a staggering eight stone in weight to make his comeback. His bravery in talking about his mental health problems is an inspiration to many. Now he is happy and at the top of his game. Prior to liberalization, there was little scope for predatory behaviour in the aviation market. However, following deregulation, new entrants sought to compete with entrenched incumbents. Low-cost carriers (LCCs) gained significant market share, which in turn provoked many different kinds of defensive response. Having put pressure on established carriers, low-cost airlines are themselves feeling the pressure of competition from new operators. While it is normal and natural for airlines to react to competition - modifying their services, the ways in which they offer them and their prices - when does aggressive commercial behaviour go too far and become predation? This book considers what exactly is meant by 'predation' in the aviation environment, and explores the strategies LCCs adopt in order to gain market share, as well as the strategies of the established airlines in response to competition from new entrants to the market. It also addresses the key question of what competition policy should do to ensure intensive competition. Competition versus Predation in Aviation Markets brings together contributions from around the world, from airlines, government agencies, leading academics and consultants, providing a wealth of perspectives on a business practice crucial to airline survival.

"A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, The David Story is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation

are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

This is the story of the new King of the Kop. When Mohamed Salah signed for Liverpool from Rome in 2017, his record fee was initially greeted with some scepticism. While he'd been singled out as a future star back in Egypt, and performed well at the Italian club, no one could have predicted the impact he was to have at Anfield. Scoring an unprecedented thirty-two goals in thirty-six

games for the club, he became the sensation of the Premier League. Not only that, but he has also won over fans of all stripes with his humility and grace off the pitch, as well as his versatility and flair on it. Few players have inspired such fervent admiration so quickly, with chants of his name still reverberating around Anfield, and after just one season, he's already on his way to becoming a Liverpool legend. In this insightful biography, bestselling sports writer Frank Worrall examines Salah's electrifying debut season at Liverpool and the highs and lows that brought him there.

"Nonstop Metropolis, the culminating volume in a trilogy of atlases, conveys innumerable unbound experiences of New York City through twenty-six imaginative maps and informative essays. Bringing together the insights of dozens of experts—from linguists to music historians, ethnographers, urbanists, and environmental journalists—amplified by cartographers, artists, and photographers, it explores all five boroughs of New York City and parts of nearby New Jersey. We are invited to travel through Manhattan's playgrounds, from polyglot Queens to many-faceted Brooklyn, and from the resilient Bronx to the mystical kung fu hip-hop mecca of Staten Island. The contributors to this exquisitely designed and gorgeously illustrated volume celebrate New York City's unique vitality, its incubation of the avant-garde, and its literary history, but they also critique its racial and economic inequality, environmental impact, and erasure of its past. Nonstop Metropolis allows us to excavate New York's buried layers, to scrutinize its political heft, and to discover the unexpected in one of the most iconic cities in the world. It is both a challenge and homage to how New Yorkers think of their city, and how the world sees this capital of capitalism, culture, immigration, and more." -- Publisher's description.

When he outpointed Wladimir Klitschko, on one of the greatest nights in British boxing history, Tyson Fury sat on top of the world. But, with the help of his family, Fury dealt with his issues and launched a boxing comeback--after shedding an incredible 140 pounds! Fury eased back with a couple of straightforward wins. Then, in what appeared a foolhardy, if very brave, move, he challenged unbeaten KO specialist Deontay Wilder for the WBC heavyweight championship in Los Angeles. The humor-laden, heart-wrenching, inspirational story of a boxer who conquered the world, lost everything--and then got it back.

Bullied as a boy in the toughest, poorest neighborhood in Brooklyn, Tyson grew up to become one of the most ferocious boxers of all time—and the youngest heavyweight champion ever. But his brilliance in the ring was often compromised by reckless behavior. Yet—even after hitting rock bottom—the man who once admitted being addicted “to everything” fought his way back, achieving triumphant success as an actor and newfound happiness and stability as a father and husband. Brutal, honest, raw, and often hilarious, Undisputed Truth is the singular journey of an inspiring American original.

On the night of 29 April 2017, at Wembley Stadium, Anthony Joshua knocked down and defeated the Ukraine's former world heavyweight champion, Vladimir Klitschko. In doing so, he added the WBA and IBO heavyweight titles to the IBF belt he already held. That bald statement of fact does little justice to what proved to be one of the finest heavyweight contests of all time, in which a brilliant but relatively inexperienced fighter took on, and eventually defeated, one of the finest boxers of his or any other age. It was a twelve-round fight before a record post-War crowd, and for eleven of those rounds it could have gone either way; indeed, in Round 6 it looked as though Joshua was finished when a massive right hand from Klitschko sent him to the canvas. But the fight also harked back to an earlier era of true sportsmen, far outshining the hype and flummery of lesser fighters, with Joshua as graceful and generous in victory as Klitschko was in defeat. For once, boxing lived up to its description as 'the Noble Art', and is all the richer for it. In this, the first post-Klitschko fight study of this remarkable boxer, bestselling sports writer Frank Worrall looks at the life and career of a young man who has won all nineteen of his professional fights by KO. Since that glorious day in 2012, when Joshua won gold at the London Olympics, he has shown himself to be a true gentleman - but a fighter to the core. At twenty-seven, he has a glittering career ahead of him, and it seems certain that he is poised to revive heavyweight boxing and usher in a new Golden Age.

Paul O'Rourke is a man made of contradictions: he loves the world, but doesn't know how to live in it. He's a Luddite addicted to his iPhone, a dentist with a nicotine habit, a rabid Red Sox fan devastated by their victories, and an atheist not quite willing to let go of God. Then someone begins to impersonate Paul online, and he watches in horror as a website, a Facebook page, and a Twitter account are created in his name. What begins as an outrageous violation of his privacy soon becomes something more soul-frightening: the possibility that the online "Paul" might be a better version of the real thing. As Paul's quest to learn why his identity has been stolen deepens, he is forced to confront his troubled past and his uncertain future in a life disturbingly split between the real and the virtual. At once laugh-out-loud funny about the absurdities of the modern world, and indelibly profound about the eternal questions of the meaning of life, love and truth, *TO RISE AGAIN AT A DECENT HOUR* is a deeply moving and constantly surprising tour de force.
