Andrea Zanzotto is one of the most important and acclaimed poets of postwar Italy. This collection of ninety-one pseudo-haiku in English and Italian—written over several months during 1984 and then revised slowly over the years—confirms his commitment to experimentation throughout his life. Haiku for a Season represents a multilevel experiment for Zanzotto: first, to compose poetry bilingually; and second, to write in a form foreign to Western poetry. The volume traces the life of a woman from youth to adulthood, using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions. With a lifelong interest in the intersections of nature and culture, Zanzotto displays here his usual precise and surprising sense of the living world. These never-before-published original poems in English appear alongside their Italian versions—not strict translations but parallel texts that can be read separately or in conjunction with the originals. As a sequence of interlinked poems, Haiku for a Season reveals Zanzotto also as a master poet of minimalism. Zanzotto's recent death is a blow to world poetry, and the publication of this book, the last that he approved in manuscript, will be an event in both the United States and in Italy.

A Civil War is a history of the wartime Italian Resistance, recounted by a historian who took part in the struggle against Mussolini's Fascist Republic. Since its publication in Italy, Claudio Pavone's masterwork has become indispensable to anyone seeking to understand this period and its continuing importance for the nation's identity. Pavone casts a sober eye on his protagonists' ethical and ideological motivations. He uncovers a multilayered conflict, in which class antagonisms, patriotism and political ideals all played a part. A clear understanding of this complexity allows him to explain many details of the post-war transition, as well as the legacy of the Resistance for modern Italy. In addition to being a monumental work of scholarship, A Civil War is a folk history, capturing events, personalities and attitudes that were on the verge of slipping entirely out of recollection to the detriment of Italy's understanding of itself and its past.

"Italy has been made; now we need to make the Italians," goes a familiar Italian saying. Mussolini was the first head of state to include women in this mandate. How the fascist dictatorship defined the place of women in modern Italy and how women experienced the Duce's rule are the subjects of Victoria de Grazia's new work. De Grazia draws on an array of sources—memoirs and novels, the images, songs, and events of mass culture, as well as government statistics and archival reports. She offers a broad yet detailed characterization of Italian women's ambiguous and ambivalent experience of a regime that promised modernity, yet denied women emancipation. Always attentive to the great diversity among women and careful to distinguish fascist rhetoric from the practices that really shaped daily existence, the author moves with ease from the public discourse about femininity to the images of women in propaganda and commercial culture. She analyzes fascist attempts to organize women and the ways in which Mussolini's intentions were received by women as social actors. The first study of women's experience under Italian fascism, this is also a history of the making of contemporary Italian society.

The history of totalitarian states bears witness to the fact that literature and print media can be manipulated and made into vehicles of mass deception. Censorship and Literature in Fascist Italy is the first comprehensive account of how the Fascists attempted to control Italy's literary production. Guido Bonsaver looks at how the country's major publishing houses and individual authors responded to the new cultural directives imposed by the Fascists. Throughout his study, Bonsaver uses rare and previously unexamined materials to shed light on important episodes in Italy's literary history, such as relationships between the regime and particular publishers, as well as individual cases involving renowned writers like Moravia, Da Verona, and Vittorini. Censorship and Literature in Fascist Italy charts the development of Fascist censorship laws and practices, including the creation of the Ministry of Popular Culture and the anti-Semitic crack-down of the late 1930s. Examining the breadth and scope of censorship in Fascist Italy, from Mussolini's role as "prime censor" to the specific experiences of female writers, this is a fascinating look at the vulnerability of culture under a dictatorship.

Gli intellettuali di sinistra non hanno più scuse. Al ritmo con cui procede il brave new world liberale, se non si delinea subito all'orizzonte nessun movimento popolare autonomo, capace di agire collettivamente su scala globale, purtroppo non è lontano il giorno in cui non rimarrà quasi più nulla da proteggere dagli artigli del lupo nel vecchio ovile umano. Ma non è, in fondo, ciò che Marx stesso sottolineava nel famoso capitolo del Capitale dedicato alla giornata lavorativa? "Nella smodata e cieca passione", scriveva, "nella sua avidità da lupo mannaro di pluslavoro, il capitale oltrepassa non solo gli estremi limiti morali della giornata lavorativa, ma anche quelli semplicemente fisici". Il lupo nell'ovile è una spietata critica al sistema liberale, da parte di uno dei più importanti filosofi contemporanei. From neorealism's resolve to Berlusconi revisionist melodramas, this book examines cinema's role in constructing memories of Fascist Italy. Italian cinema has both reflected and shaped popular perceptions of Fascism, reinforcing or challenging stereotypes, remembering selectively and silently forgetting the most shameful pages of Italy's history.

Quando nel 2003, a Roma, CasaPound Italia mise radici nel palazzo occupato di via Napoleone III, nessuno avrebbe potuto prevedere la sua rapidissima ascesa. Dalle piazze alle scuole, dai media ai consigli comunali, dalle periferie alle sottoculture musicali, fino ad arrivare alle elezioni politiche del marzo 2018. In quindici anni di attività, il movimento-partito di Iannone e Di Stefano è diventato l'organizzazione neofascista più solida nel frastagliato universo di estrema destra, guadagnando consensi in nuove fasce di popolazione. Un viaggio storico-politologico tra razzismo, apologia dello squadristo mussoliniano, militanza di strada in stile Alba Dorata e uso spregiudicato della comunicazione. In parole povere: chi sono e cosa vogliono i fascisti del terzo millennio? Dopo il libro scritto a quattro mani con Aldo Giannuli su Ordine Nuovo, Elia Rosati analizza l'ascesa delle moderne camicie nere in marcia nell'Italia della crisi. In appendice al volume, un saggio di Valerio Renzi sulle relazioni di CasaPound con la criminalità organizzata e sulla vicenda del "lupo solitario" Gianluca Casseri, il simpatizzante che nel 2011 uccise in pieno giorno a Firenze i senegalesi Samb Modou e Diop Mor. Nel saggio vi è anche un'intervista all'analista web Giovanni Baldini su come CasaPound sta utilizzando i social network.
