

Anything Could Happen English Edition

This is the most innovative, comprehensive, and scholarly bilingual dictionary of Russian idioms available today. It includes close to 14,000 idioms, set expressions, and sayings found in contemporary colloquial Russian and in literature from the nineteenth century to the present. The Russian idioms are provided with many English equivalents to render idioms in various contexts. Illustrative examples are cited to show how the idioms are used in context. Each entry also contains a grammatical description of the idiom, a definition—an innovative feature for a bilingual dictionary—and stylistic and usage information. A most notable part of the work is the alphanumeric index that makes finding the right expression very easy.

Describes how, in her home country of Iran, the author became trapped in a terrifying marriage of bigamy, violence, and degradation and her desperate attempt to escape a world where she was faceless and nameless. Reprint.

ITOH'S GHOST Manchuria 1945 The suicide of a Japanese soldier obscures the terrible crimes committed there. Japan 1952 Seven years later Itoh returns. His ghost terrorizes anyone who remembers. Akiko, Itoh's daughter, is kidnapped. A mysterious letter leads Itoh's lover on a perilous journey to find him. Itoh's enemies will track him down and kill him before he incriminates them. Can Itoh's Ghost bring the truth to light before it's too late?

When you're in love with the wrong person for the right reasons, anything could happen. Tretch lives in a very small town where everybody's in everybody else's business. Which makes it hard for him to be in love with his straight best friend. For his part, Matt is completely oblivious to the way Tretch feels – and Tretch can't tell whether that makes it better or worse. The problem with living a lie is that the lie can slowly become your life. For Tretch, the problem isn't just with Matt. His family has no idea who he really is and what he's really thinking. The girl at the local bookstore has no clue how off-base her crush on him is. And the guy at school who's a thorn in Tretch's side doesn't realize how close to the truth he's hitting. Tretch has spent a lot of time dancing alone in his room, but now he's got to step outside his comfort zone and into the wider world. Because like love, a true self can rarely be contained. Anything Could Happen is a poignant, hard-hitting exploration of love and friendship, a provocative debut that shows that sometimes we have to let things fall apart before we can make them whole again. This collaborative book explores the artistic and aesthetic development of shojo, or girl, manga and discusses the significance of both shojo manga and the concept of shojo, or girl culture. It features contributions from manga critics, educators, and researchers from both manga's home country of Japan and abroad, looking at shojo and shojo manga's influence both locally and globally. Finally, it presents original interviews of shojo manga-ka, or artists, who discuss their work and their views on this distinct type of popular visual culture.

In *The Quantum Universe*, Brian Cox and Jeff Forshaw approach the world of quantum mechanics in the same way they did in *Why Does E=mc²?* and make fundamental scientific principles accessible—and fascinating—to everyone. The subatomic realm has a reputation for weirdness, spawning any number of profound misunderstandings, journeys into Eastern mysticism, and woolly pronouncements on the interconnectedness of all things. Cox and Forshaw's contention? There is no need for quantum mechanics to be viewed this way. There is a lot of mileage in the “weirdness” of the quantum world, and it often leads to confusion and, frankly, bad science. *The Quantum Universe* cuts through the Wu Li and asks what observations of the natural world made it necessary, how it was constructed, and why we are confident that, for all its apparent strangeness, it is a good theory. The quantum mechanics of *The Quantum Universe* provide a concrete model of nature that is comparable in its essence to Newton's laws of motion, Maxwell's theory of electricity and magnetism, and Einstein's theory of relativity.

Ikonomou's stories convey the plight of those worst affected by the Greek economic crisis--laid-off workers, hungry children. In the urban sprawl between Athens and Piraeus, the narratives roam restlessly through the impoverished working-class quarters located off the tourist routes. Everyone is dreaming of escape: to the mountains, to an island or a palatial estate, into a Hans Christian Andersen story world. What are they fleeing? The old woes--gossip, watchful neighbors, the oppression and indifference of the rich--now made infinitely worse. In Ikonomou's concrete streets, the rain is always looming, the politicians' slogans are ignored, and the police remain a violent, threatening presence offstage. Yet even at the edge of destitution, his men and women act for themselves, trying to preserve what little solidarity remains in a deeply atomized society, and in one way or another finding their own voice. There is faith here, deep faith--though little or none in those who habitually ask for it. From the Trade Paperback edition.

In this brilliant and profoundly moving collection of ‘farewell letters’ written by servicemen and women to their loved ones, Siân Price offers a remarkable insight into the hearts and minds of some of the soldiers, sailors and airmen of the past three hundred years. Each letter provides an enduring snapshot of an impossible moment in time – when an individual stares death squarely in the face. Some were written or dictated as the person lay mortally wounded; many were written on the eve of a great charge or battle; others were written by soldiers who experienced premonitions of their death, or by kamikaze pilots and condemned prisoners. They write of the grim realities of battle, of daily hardships, of unquestioning patriotism or bitter regrets, of religious fervor or political disillusionment, of unrelenting optimism or sinking morale – and above all, they write of their love for their family and the desire to return to them one day. Be it an epitaph dictated on a Napoleonic battlefield, a staunch, unsentimental letter written by a Victorian officer, or an email from a soldier in modern day Afghanistan, these voices speak eloquently and forcefully of the tragedy of war and answer that fundamental human need to say goodbye.

A look at the human comedy from a prize-winning writer who is “bright, funny and tells it like it is” (St. Louis Post-Dispatch). In this insightful collection, an accomplished essayist and humorist offers a class in “Tyranny for Beginners;” warns about the snares of dinner parties; explains the mind-set of barbarians; suggests the perfect gift for Mother—a wildebeest—and tells what happens when his dog's barking drives him to thoughts of murder. Roger Rosenblatt forces us to laugh at the silliness of the world we have created, refocuses our minds on what really matters, and alerts us to the injustice and cruelty that lie just below the skin. A recipient of a Peabody Award, an Emmy, and two Polk Awards, and the author of *Rules for Aging and Making Toast*, he offers an entertaining and enlightening read filled with his “trademark droll wit” (Tulsa World). “The best thing about reading an essay by Rosenblatt is that he makes you think.” —Town & Country

Offers the first comprehensive survey of Mexican existentialism to appear in English. This book examines the emergence of existentialism in Mexico in the 1940s and the quest for a genuine Mexican philosophy that followed it. It focuses on the pivotal moments and key figures of the Hyperion group, including Emilio Uranga, Luis Villoro, Leopoldo Zea, and Jorge Portilla, who explored questions of interpretation, marginality, identity, and the role of philosophy. Carlos Alberto Sánchez was the first to introduce and emphasize the philosophical significance of the Hyperion group to readers of English in *The Suspension of Seriousness*, and in the present volume he examines its legacy and relevancy for the twenty-first century. Sánchez argues that there are lessons to be learned from Hyperion's project not only for Latino/a life in the United States but also for the lives of those on the fringes of contemporary, postmodern or postcolonial, economic, political, and cultural power.

The daughters of a ruthlessly ambitious family, Mary and Anne Boleyn are sent to the court of Henry VIII to attract the attention of the king, who first takes Mary as his mistress, in which role she bears him an illegitimate son, and then Anne as his wife. Reprint. 250,000 first printing. (A Columbia Pictures film, written by Peter Morgan, directed by Justin Chadwick, releasing Fall 2007, starring Natalie Portman, Scarlett Johansson, Eric Bana, and others) (Historical Fiction)

What is a hotel? As Caroline Field Levander and Matthew Pratt Guterl show us in this thought-provoking book, even though hotels are everywhere around us, we rarely consider their essential role in our modern existence and how they help frame our sense of who and what we are. They are, in fact, as centrally important as other powerful places like prisons, hospitals, or universities. More than simply structures

made of steel, concrete, and glass, hotels are social and political institutions that we invest with overlapping and contradictory meaning. These alluring places uniquely capture the realities of our world, where the lines between public and private, labor and leisure, fortune and failure, desire and despair are regularly blurred. Guiding readers through the story of hotels as places of troublesome possibility, as mazelike physical buildings, as inspirational touchstones for art and literature, and as unsettling, even disturbing, backdrops for the drama of everyday life, Levander and Guterl ensure that we will never think about this seemingly ordinary place in the same way again.

Critical voices within the culture and church frequently make the claim that Jesus never claimed to be God. If Jesus never made the claim to deity, why would the early church have held such a belief from its earliest days? *He Claimed to Be God* responds to this idea and reviews the various ways Jesus did claim to be God. It is aimed at doubters but also seeks to build the faith of believers and give them some ways to respond to the charge. Jesus claimed to have the attributes of God. Qualities such as sovereignty, omniscience, holiness, and love show that Jesus was claiming to be the God of the Old Testament. During the exploration of this topic, other apologetic issues come to the surface as we look briefly at the Trinity, the validity of miracles, and the power to exist as one of God's attributes. Uplifting and thoroughly supported by scripture, this theological study examines one aspect of the case for Christ and demonstrates that Jesus claimed to be God.

A keepsake album for all fans celebrating the centennial of the funny papers. Co-published with the Ohio State University Library & Randolph-Macon College.

122 fantastic stories from Britain's best crime writers For ten years the Mammoth Best British Crime series has been publishing an annual volume of the most outstanding crime and mystery short fiction published in the UK. Over 400 stories by the very best writers in the field have been published. Contributors have included, among many others, Mark Billingham, Liza Cody, Roger Jon Ellory, Reginald Hill, Peter James, Simon Kernick, Alexander McCall Smith, Val McDermid, John Mortimer, Anne Perry, Ian Rankin, Derek Raymond and Andrew Taylor. On several occasions, stories published in *The Mammoth Book of Best British Crime* have won some of the most prestigious awards in the field, including the Crime Writers Association Short Story Dagger, The Mystery Writers of America Edgar award and the Anthony award, while countless others have featured on the respective shortlists. This truly bumper collection of over 120 stories, an omnibus edition of Volumes 7, 8 and 9, showcases as ever the impressive breadth of crime writing, from cosy tales of detection to noir mayhem and psychological suspense and terror. There are puzzles to solve, nagging questions about the nature of the society in which we live, but, above all, there is an abundance of first-class entertainment. Over 1600 pages of outstanding crime fiction by: Lin Anderson, Kate Atkinson, Ian Ayris, Ray Banks, Robert Barnard, Colin Bateman, Mark Billingham, Nigel Bird, Tony Black, Stephen Booth, Paul D. Brazill, Simon Brett, Gerard Brennan, Christopher Brookmyre, Alison Bruce, Ken Bruen, Declan Burke, Col Bury, Tom Cain, Ann Cleeves, Liza Cody, Natasha Cooper, Bernie Crosthwaite, Judith Cutler, Colin Dexter, Martin Edwards, Matthew J. Elliott, Kate Ellis, R. J. Ellory, Chris Ewan, Christopher Fowler, Simon R. Green, Jon Courtenay Grimwood, Allan Guthrie, Sophie Hannah, John Harvey, Mick Herron, David Hewson, Reginald Hill, Matt Hilton, Kate Horsley, Peter James, Paul Johnston, L. Kennedy, Bill Kirton, John Lawton, Simon Levack, Michael Z. Lewin, Toby Litt, Peter Lovesey, Phil Lovesey, Stuart MacBride, Adrian Magson, Barry Maitland, Alexander McCall Smith, Keith McCarthy, Val McDermid, Brian McGilloway, Denise Mina, Steve Mosby, Edward Marston, Amy Myers, Barbara Nadel, Stuart Neville, Christine Poulson, Ian Rankin, Sarah Rayne, Peter Robinson, Nicholas Royle, Zoë Sharp, Roz Southey, Sally Spedding, Jay Stringer, Andrew Taylor, Marilyn Todd, Peter Turnbull, L. C. Tyler, Simon Kernick, Nick Quantrill, Sheila Quigley, Louise Welsh, Marc Werner and Kevin Wignall. Catharine (Katy) Cabot, a young American woman in Europe, was for many years a patient of C.G. Jung and she was also a part of his Zurich circle from the 1930's through the 1950's. She kept a diary, recording the details of her psychoanalytic sessions with Jung along with her inner and outer experiences. 'Onkel' (Uncle), as Jung was known to her, became an integral part of her life in those years and he, his family and their friends all figure prominently in her life story as it unfolds in these pages. The journals include descriptions of therapy sessions, interpretations of dreams, sketches, letters, fragments of dialogue and Katy's reflections on how her life was developing. There are stories from the famous Psychological Club of Zurich, the Eranos Conferences in Ascona and other historic occasions in the circle around Jung. This fascinating account provides a rare portrait of Jung's Zurich in those creative years and of the life of a unique individual as she - with the help of her psychoanalyst - coped with life's vicissitudes. We see how doctor and patient worked with the stuff of her life, some of it specific to her, much of it universal and timeless.

This document, which consists of approximately 2900 lecture slides, offers a wealth of information on many topics relevant to programming in C++, including coverage of the C++ language itself, the C++ standard library and a variety of other libraries, numerous software tools, and an assortment of other programming-related topics. The coverage of the C++ language and standard library is current with the C++20 standard. **C++ PROGRAMMING LANGUAGE.** Many aspects of the C++ language are covered from introductory to more advanced. This material includes: the preprocessor, language basics (objects, types, values, operators, expressions, control-flow constructs, functions, namespaces, and comparison), classes, templates (function, class, variable, and alias templates, variadic templates, template specialization, and SFINAE), concepts, lambda expressions, inheritance (run-time polymorphism and CRTP), exceptions (exception safety and RAII), smart pointers, memory management (new and delete operators and expressions, placement new, and allocators), rvalue references (move semantics and perfect forwarding), coroutines, concurrency (memory models, and happens-before and synchronizes-with relationships), modules, compile-time computation, and various other topics (e.g., copy elision and initialization). **C++ STANDARD LIBRARY AND VARIOUS OTHER LIBRARIES.** Various aspects of the C++ standard library are covered including: containers, iterators, algorithms, ranges, I/O streams, time measurement, and concurrency support (threads, mutexes, condition variables, promises and futures, atomics, and fences). A number of Boost libraries are discussed, including the Intrusive, Iterator, and Container libraries. The OpenGL library and GLSL are discussed at length, along with several related libraries, including: GLFW, GLUT, and GLM. The CGAL library is also discussed in some detail. **SOFTWARE TOOLS.** A variety of software tools are discussed, including: static analysis tools (e.g., Clang Tidy and Clang Static Analyzer), code sanitizers (e.g., ASan, LSan, MSan, TSan, and UBSan), debugging and testing tools (e.g., Valgrind, LLVM XRay, and Catch2), performance analysis tools

(e.g., Perf, PAPI, Gprof, and Valgrind/Callgrind), build tools (e.g., CMake and Make), version control systems (e.g., Git), code coverage analysis tools (e.g., Gcov, LLVM Cov, and Lcov), online C++ compilers (e.g., Compiler Explorer and C++ Insights), and code completion tools (e.g., YouCompleteMe, and LSP clients/servers). OTHER TOPICS. An assortment of other programming-related topics are also covered, including: data structures, algorithms, computer arithmetic (e.g., floating-point arithmetic and interval arithmetic), cache-efficient algorithms, vectorization, good programming practices, software documentation, software testing (e.g., static and dynamic testing, and structural coverage analysis), and compilers and linkers (e.g., Itanium C++ ABI).

In *It Could Happen Here*, Bruce Judson, author of *Go It Alone!*, explains why revolution is possible in the United States—and makes the most disturbing case yet for why our economics are leading us inevitably toward a just such a crisis. Underscoring the historically dangerous levels of inequality in our country today, *It Could Happen Here* “will cause you to think about the risks for a nation divided between haves and have nots.” (Walter Isaacson)

Work hard, be kind, and amazing things will happen *Amazing Things Will Happen* offers straightforward advice that can be put into action to improve your life. Through personal anecdotes from the author's life, and interviews of successful individuals across several industries, this book demonstrates how to achieve success, in all aspects of life, through hard work and acts of kindness. Split into five sections, this book details how to begin the self-improvement journey. Explains how to cope with the situation you are currently in, and how to make the most of it until you can break free Shares exercises and practices that can help define your goals and how to set realistic tasks to reach them Helps you to navigate the seas of doubters and obstacles to get to where you want to be Ensures that you help others, once you have reached your goals Each of us has different goals in life, but everyone wants to succeed, and have as much fun as possible along the way. *Amazing Things Will Happen* shows how to get on this path to success.

The groundbreaking *Audio Culture: Readings in Modern Music* maps the aural and discursive terrain of vanguard music today, highlighting the various rewirings of musical composition and performance that have taken place over the past few decades. The book explores the interconnections among such forms as minimalism, indeterminacy, musique concrète, free improvisation, experimental music, avant-rock, dub reggae, ambient music, hip hop, and techno via writings by philosophers, cultural theorists, and composers. This revised and expanded edition of *Audio Culture* contains twenty-five additional essays, including four newly-commissioned pieces. It includes writing by some of the most important musical thinkers of the past half-century, among them John Cage, Brian Eno, Ornette Coleman, Pauline Oliveros, Maryanne Amacher, Glenn Gould, Umberto Eco, Jacques Attali, Simon Reynolds, Eliane Radigue, David Toop, John Zorn, Karlheinz Stockhausen, and many others. Each essay has its own short introduction, helping readers place essays within musical, historical, and conceptual contexts. The volume concludes with a glossary, a timeline, and an extensive discography--back cover.

Joseph Conrad (1857-1924) is widely considered one of the great modern writers in English literature. This 21-volume set contains titles, originally published between 1976 and 1990 as well as a biography from 1957 written by one of his closest friends. The first 18 books are a set of concordances and indexes to Conrad's printed works, which were part of a project directed by Todd K. Bender at the University of Wisconsin-Madison, USA and are among the first attempts to use the power of computers to enhance our reading environment and assist in lexicography, scholarly editing, and literary analysis. The set also contains a meticulously compiled bibliography of writings on Joseph Conrad, as well as an original and powerful analysis of his major work.

Occasionally, a tale comes along that has been lost in the mists of time. Often the story starts out as just another mundane event in daily life until something else comes out from behind the shadows. And when it does, nobody can escape the fire storm that follows, especially when the masked one demands so much of our attention. Because in the end, the consequences of his actions eventually consume all of those in its path. William McBride was such a person in the early 14th century, when he came in contact with the Logan brothers of Lanark, who were also known to the locals as the Gemini Knights. These brothers were Templar Knights of the Scottish Order and they carried out a number of dangerous exploits in their time. And as William McBride found out in later life, the times he spent with the brothers would eventually place him on a path that could have a profound impact on the City of Jerusalem at the end time. To some, this story may appear to be just another old wives tale, worthy of a good read and then placed on the book shelf to gather dust from now on. However, to others the story of the Gemini Knights has more than just a ring of truth to it in some kind of old fashioned way. Enough, to engage the mind in more than a simple observation of the material that William McBride collected over his life time. So, if you have an inquisitive mind and want to gain a glimpse into the future, the only question you have to ask yourself is. 'Do I have the courage to read the book and judge for myself?'

Given the popular and scholarly interest in the First World War it is surprising how little contemporary literary work is available. This five-volume reset edition aims to redress this balance, making available an extensive collection of newly-edited short stories, novels and plays from 1914–19.

Despite the advances of radio and television and increasing mobility and urbanization, spoken English is by no means becoming more like the written standard. English dialect grammar, however, is still a new and relatively undeveloped area of research, and most studies to date are either restricted regionally, or based on impressionistic statements. This book provides the first thorough empirical study of the field of non-standard negation across Great Britain.

Colonialism, war and regeneration: There may be no more extreme loss than loss of country, identity, historical context and cultural recognition and support. Also the sense of tension is high when blood has been spilt for a cause. In that case, the nervous system is already shattered. What can possibly remain for it but some kind of transcendent or mystical regeneration? A father and daughter cross swords, but which is which and who has righteousness and justice on their side? Traditional colonialism has had to die but what will be reborn in its place? Death brings regeneration. But war and

loss are eternal. I may never write again, but I have brought you this. Here is the legacy of the death of previous generations that supported what they thought was right, which turned out not to be.

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

Benson. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.

Kresley Studying abroad was my chance to gain independence away from my privileged life in California. But, when there's a kidnapping attempt on my life, I'm forced to return home to finish college. I just never expected to get stuck with a pompous, know-it-all bodyguard who watches my every move with nothing but disdain. One whose good looks don't soften the cold, impenetrable wall he wears like armor. Tristan I pride myself on being a professional and taking my job as a bodyguard seriously. But, nothing could prepare me for the high maintenance, rich girl I'm hired to protect. She's got a smart mouth, is hell-bent on pushing my buttons, and doesn't take the threats against her seriously. And despite the nightmares that plague her dreams, or the fact that I'm the only one who knows about them, I'm not there to befriend her. I'm there to protect her...no matter how much she intrigues me. Jabs will be exchanged, glares will become the norm, jealousy will rear its ugly head, and sparks...well those damn things will inevitably fly. But will it all come with a dangerous price?

Anything Could HappenScholastic Inc.

Against the backdrop of occupied Tokyo, a young girl searches for her missing older sister, who has disappeared into the world of bars and dance halls. In the process, her story will become intertwined with those of others trying to make sense of their lives in a post-war world: a thirteen-year-old Japanese Canadian "repat," a school teacher who translates love letters from American GIs, and a Japanese-American soldier serving with the Occupation forces. An emotionally gripping portrait of a battered nation, *The Translation of Love* mines this turbulent period to show how war irrevocably shapes the lives of people on both sides—and how resilience, friendship, and love translate across cultures and borders no matter the circumstances. Winner of the Canada-Japan Literary Award

The volumes in this set, originally published between 1968 and 1989, draw together research by leading academics in the area of the British Empire and provides an examination of related key issues. The volumes examine slavery in the British Empire, problems encountered in India in the eighteenth and nineteenth century, as well as the Empire at its most powerful. This set will be of particular interest to students of British, colonial, and world history.
