An aptitude test is designed to measure the potential for achievement in an individual, whilst an IQ test is a standardized test designed to measure intelligence. Both are now increasingly encountered in recruitment, selection and assessment procedures. IQ and Aptitude Tests contains over 350 practice questions together with answers, explanations and a guide to assessing performance. The questions are organized into four IQ tests together with verbal, spatial and numerical aptitude tests. These include tests of word meanings, grammar and comprehension, advanced verbal aptitude, logical analysis, mental arithmetic, numerical sequences, and number problems. Invaluable to those who are faced with an aptitude or IQ test, this book will also help anyone who needs to improve their verbal, numerical and reasoning skills. In this book, author Andrea Shavick explains all there is to know about psychometric tests: what they are, what they measure, who uses them, why they're used, how they're changing, how to survive them, and even how to avoid them altogether! It includes 35 different, genuine, practice test from SHL Group plc, the world's biggest test publisher. It has 265 questions covering verbal, numerical, abstract and spatial reasoning; mechanical comprehension; fault diagnosis; acuteness and personality. This book gives you the information, confidence and practice to pass psychometric tests. IQ and Aptitude Tests by How2Become.com contains over 200 pages of comprehensive practice test questions with answers, detailed explanations on how to tackle the types of questions you will come across and an essential tips for gaining high scores in the assessment. IQ and aptitude tests is designed to measure both a candidate's potential for achievement in a particular role whilst also giving an accurate indication of an applicant's level of intelligence. IQ and Aptitude tests are used more and more in recruitment, testing, selection and assessment procedures. Within this book you will encounter different testing areas, including numerical ability, verbal reasoning, spatial tests, diagrammatic reasoning and problem solving.
