

Aqa Gcse Biology Student Book

New student book to prepare lower-ability students for completing AQA Entry Level Certificate in Science or Foundation Combined Science: Trilogy. Carefully designed to break core concepts down into manageable chunks, with regular progress checks to build student confidence and identify those that are ready to move onto Combined Science: Trilogy.

The AQA GCSE Biology Student Book develops students' scientific knowledge and understanding and helps create lively and relevant science lessons.

The UK's bestselling GCSE Science series has been updated and specifically tailored for the 2016 AQA GCSE Sciences (9-1) specifications. These brand new workbooks are the perfect companion for the series and support your Higher students on their journey from KS3 to success in the new AQA GCSE.

A new series of bespoke, full-coverage resources developed for the 2015 GCSE English qualifications. Approved for the AQA 2015 GCSE English Literature specification, this print Student Book is designed to help students develop whole text understanding and written response skills for their closed-book exam. The resource provides scene-by-scene coverage of Priestley's play as well as a synoptic overview of the text and its themes. Short, memorable quotations and striking images throughout the book aid learning, while in-depth exam preparation includes practice questions and sample responses. See also our An Inspector Calls print and digital pack, which comprises the print Student Book, the enhanced digital edition and a free Teacher's Resource.

The only textbook that completely covers the Oxford AQA International GCSE Biology specification (9201), for first teaching in September 2016. Written by experienced authors, the enquiry-based, international approach ensures a thorough understanding of the underlying principles of biology and provides exam-focused practice to build assessment confidence. It fully covers the 5 required practicals in the specification, enabling your students to build the investigative and experimental skills required for assessment. This textbook helps students to develop the scientific, mathematical and practical skills and knowledge needed for the Oxford AQA International GCSE Biology exams and provides an excellent grounding for A Level study.

Exam Board: AQA Level & Subject: GCSE Combined Science: Trilogy First teaching: September 2016 First exams: June 2018 AQA approved GCSE Science is changing and AQA GCSE (9-1) Biology from Collins has been developed to embed the skills your students need to succeed in all three assessment objectives, while providing a clear and supportive route through the new, more challenging GCSE content. * Each spread starts with language and ideas at a lower level and increases in complexity, engaging students of all ability levels * Key concept spreads highlight knowledge that students must grasp before they can move on * Dedicated pages on analysing, interpreting and evaluating all the required practicals, so students are fully prepared for the indirect assessment. * Maths activities at the appropriate level are embedded throughout, along with Maths skills pages that focus on developing the skills needed for each topic * Prepare students for the demands of the new specification with differentiated questions, worked examples and lots of opportunities to practice * Co-teach both Foundation and Higher tier with a single book
