

## Aqa Gcse Chemistry Revision

Exam Board: AQA Level: GCSE Subject: Chemistry First Teaching: September 2016 First Exam: Summer 2018 Unlock your students' full potential with these revision guides from our best-selling series My Revision Notes With My Revision Notes your students can: - Manage their own revision with step-by-step support from experienced teachers with examining experience. - Apply scientific terms accurately with the help of definitions and key words. - Prepare for practicals with questions based on practical work. - Focus on the key points from each topic - Plan and pace their revision with the revision planner. - Test understanding with end-of-topic questions and answers. - Get exam ready with last minute quick quizzes available on the Hodder Education Website.

Endorsed and approved by AQA, this GCSE series aims to provide a match to each of the GCSE science awards. Working together with AQA, it offers printed and electronic resources that seek to work together to provide you with all the support you need to teach the specifications.

AQA GCSE Chemistry 8462/8464 Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by subject specialists, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are essential to good preparation, improving understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential ingredients for getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book. Covers separate Chemistry and Trilogy at Foundation and Higher levels Over 1100 marks worth of examination style questions Answers provided for all questions within the book Illustrated topics to improve memory and recall Specification references for every topic Examination tips and techniques

AQA approved. Expand and challenge your students' knowledge and understanding of Chemistry with this textbook that guides students through each topic, the 8 required practical activities and assessment requirements of the new 2016 AQA GCSE Chemistry specification. - Provides support for all 8 required practicals, along with extra tasks for broader learning - Tests understanding and consolidate learning with Test Yourself questions, Show you Can challenges, Chapter review questions and synoptic practice questions - Supports Foundation and Higher tier students, with Higher tier-only content clearly marked - Builds Literacy skills for the new specification with key words highlighted and practice extended answer writing and spelling/vocabulary tests

All-in-one Collins Revision Guides and Workbooks give you everything you need to improve your exam grade in GCSE AQA Chemistry. Accessible content, practical guidance and sample questions with detachable answers help you revise and practise, check your progress and improve your level.

Chemistry by Example is the second book in a GCSE revision guide series. Along with Physics by Example it is a proven successful way of consolidating and reaffirming scientific facts and concepts for students who are studying GCSE Chemistry. My books are aimed at the AQA courses in particular, but the areas covered cover all other exam boards as well. My guides are unique in that they are based upon using example questions of which each book has over 200 questions, and they are broken down into specific topic areas. Students will find around

10 example questions for every topic, with the questions being varied in style. Importantly the answers are included and broken down, step by step so they can be easily followed and understood. At the end of each chapter there is a self-testing section with space provided for workings and then followed by the answers.

Questions, including those that require longer text answers, give students plenty of practice on all types of exam questions. Stretch questions and take it further sections provide the right level of a challenge for the higher tier.

Packed full of GCSE-style questions to test understanding, this AQA Chemistry revision and classroom companion is designed to help students revise everything they need to know, and familiarise themselves with the types of questions that they may come across in the exam. Endorsed by AQA, this Chemistry revision and classroom companion provides in-depth coverage of all the externally assessed course content for the GCSE AQA course. Clear explanations and supporting diagrams ensure understanding and help students to prepare for the exam with confidence. Included in this book:

- \* in-depth coverage that provides everything required for thorough exam preparation
- \* detailed explanations and diagrams to help consolidate and build on knowledge throughout the course
- \* clear design and direct references to the specification to provide structured revision and maximum assurance
- \* separate units differentiated by colour and labelling
- \* topic summaries provide at-a-glance topic overviews
- \* exam-style questions at the end of each unit
- \* How Science Works overview

Based on principles of cognitive science, this three-step approach to effective revision combines knowledge, retrieval and interleaving, and extensive exam-style practice to help students master knowledge and skills for GCSE success. UK schools save 50% off the RRP! Discount will be automatically applied when you order on your school account.

A student-friendly approach to revision. This revision guide provides concise coverage of the GCSE AQA Chemistry specification. The guide offers a student-friendly approach to the core content with succinct notes and practice questions that focus on the essential content needed for the exams.

Exam Board: Edexcel Level: GCSE 9-1 Subject: Physical Education First Teaching: September 2016, First Exams: June 2018 Suitable for the 2020 autumn and 2021 summer exams

Our Revision Workbooks help you develop vital skills throughout your course in preparation for the exam

GCSE Chemistry AQA Complete Revision & Practice

Chemistry Revision guide for C1 AQA GCSE

GCSE Biology Revision Guide (with online edition)

Aiming for your very best grades in AQA GCSE Chemistry? This revision guide will support you every step of the way. My Revision Notes (for A\* to C): AQA GCSE Chemistry will help you revise effectively in the way you want to, allowing you to plan and pace your revision according to your learning needs, and to adapt and personalise with your own notes. Written by experienced teachers and examiners, you can be

confident that this guide will cover only the facts and ideas you will be expected to recall and be able to use. With My Revision Notes (for A\* to C): AQA GCSE Chemistry, essential facts are organised into memorable portions to make revising easier. Each double-page spread summarises a key topic for AQA GCSE Chemistry and is packed with questions and quick-fire quizzes so you can test your understanding and track your progress. Exam tips and hints then show you how to avoid losing marks and get the best grades. With additional online support and advice on using terms and applying your scientific skills, this guide will help you prepare for your top grades.

Specifically tailored for the new 2016 AQA GCSE Science (9-1) specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. This series help students and teachers monitor progress, while supporting the increased demand, maths, and new practical requirements.

Exam Board: AQA Level & Subject: GCSE Chemistry First teaching: September 2016 First exams: June 2018 Revise tricky topics in a snap Collins Snap Revision helps you focus on the areas of your revision that you find tricky or need extra practice in. Spaced practice opportunities allow you to test, revisit and review your understanding throughout your revision, a method proven to improve your performance in the exam. \* Focussed revision in tricky areas of the exam \* Targeted practice in specific areas where more support may be needed \* Ideal to use at home

Following the latest AQA GCSE Science specifications, this Revision Guide uses an accessible and concise approach to recap the essential knowledge students need to succeed. A checklist at the end of each unit clearly lists what students need to know and breaks revision down into manageable sections, while practice questions and study tips help prepare students for the exams. Mathematical skills that are needed for the exams are highlighted and supported with short, visual explanations.

### AQA GCSE Chemistry Revision Guide

Produced in partnership with OCR, the University of York Science Education Group and the Nuffield Foundation, these second editions of the Twenty First Century Science resources provide the best support for the new specifications and make the transition as smooth as possible. Online Homework covers all your students' home learning needs.

For those who want the ease of not printing this yourself here it is! The extended edition includes 4 books in total, so you can buy them cheaper and have everything in one place. In here there is... Maths and Calculator skills for science students; Maths (the chemistry bits) for science students; Maths (the physics bits) for science students; knowledge checklists for each topic in easy to understand language so you can check you haven't missed anything out; links to YouTube video that explain parts you don't understand; quick fire questions for each topic with links to a YouTube video working through the answers; lists of equations and units that are essential to learn for physics; lists of ions, equations and formula that are essential to learn for chemistry; diagrams to label; key word lists and crosswords. This will be updated July 2018
