Of all winter sports, none is so widely watched and commented upon by the media as figure skating, which is often considered the Winter Olympics' centerpiece. This critical text examines the ways in which media attention has gradually altered and affected the sport, from the early appearances of Sonja Henie, to skating's gradual audience growth via television, and to the ramifications of the scandals in the 1994 and 2002 Olympics. The topic is illuminated by more than 30 interviews with commentators, skaters, producers, directors and others. In addition to numerous photos, illustrations show the compulsory figures for which "figure skating" got its name, as well as a sample of the charted-out "camera blocking" for TV directors. Appendices include collected anecdotes from early broadcasting experiences; a profile of broadcaster Jim McKay; and commentary from Carol Heiss on her 1961 musical *Snow White and the Three Stooges*.

The Historical Dictionary of Figure Skating relates the history of the sport through a chronology, an introductory essay, an extensive bibliography, and over 800 cross-referenced dictionary entries on hundreds of skaters, past and present, but also on skating countries, governing bodies, skating disciplines, technical elements, skating styles, and many other subjects. This book is an excellent access point for students, researchers, and anyone wanting to know more about the history of figure skating.

The Canadian skaters who won the 2010 Olympic gold medal in ice dancing share their story, from their childhoods to world stardom, and discuss the behind-the-scenes reality of competitive skating.

A heart-pounding, claustrophobic new story from Melissa Grey, the author of *RATED*. Ten years ago, disaster struck the remote town of Indigo Falls. A horrific event drove the residents underground, into shelters that keep them safe from the danger on the surface. No one speaks about what happened that fateful day, but even the youngest still remember the fear and, most of all, the searing pain when sunlight touched their skin. Now, a handful of families inhabit this bunker together, guided by a charismatic leader named Dr. Imogen Moran. There are many rules Dr. Moran has instilled to govern life belowground. You must always tell the truth. You must avoid the light of the sun. You must never touch skin to skin. But the most important rule, the one that was drilled into their heads from the moment the hatch slammed shut all those years ago, was at the very end of the list. It rattled around in their skulls when all was silent, echoing in the quiet, lonely dark. You must never go outside.

A new posse of figure skating superstars has emerged over the last decade, delighting fans around the world. These young athletes--whose skill, power, grace and artistry were so thrillingly displayed at the 2010 Olympics, are celebrated here in glorious images and insightful text. Senft describes how today's skaters are exploring ever-more difficult and dramatic ways of scoring and provides an insider's view of international figure skating at its highest level. More than 140 stunning full-color photographs by renowned photographer Gérard Châtaigneau highlight the talents of the sport's new stars, including Tessa Virtue and Scott Moir, Evan Lysacek, Joannie Rochette, Yu-Na Kim, Johnny Weir, Mao Asada, and many more.

Canada is synonymous with success in figure skating. Taking the Ice tells us about some of the people who have been instrumental in creating the "Ice Dynasty" that we have come to enjoy as Canadians. It all begins with the love affair between Canadians and Barbara Ann Scott, the 1948 Olympic Champion, and the book takes us right up to the stories of the Canadian Champions at the Vancouver 2010 Olympic Games: Patrick Chan, Jessica Dubé and Bryce Davison, Olympic Bronze Medallist Joannie Rochette, and Olympic Champions Tessa Virtue and Scott Moir. Aside from skaters like Cranston, Stojko, Browning, Orser, Magnussen, Manley, Underhill and Martini, and Wilson and McCall, the book talks about the coaches who stood at the boards, including Burka, Galbraith, Leigh, and Perron. You will also get an inside look at choreographers Sandra Bezic, Lori Nichol, and David Wilson. As a PA announcer at the 2002 Olympic Games, Pj Kwong brings thirty seven first-hand personal accounts from people who were there behind the scenes during the judging scandal that rocked the figure skating world. Included are the stories from the athletes Jamie Salé and David Pelletier, coach Jan Ullmark, and NBC radio commentator Elizabeth Manley among many others. The long-awaited memoir by Canada's most celebrated Olympian and advocate for mental health. From one of Canada's most decorated Olympians comes a raw but life-affirming story of one woman's struggle with depression. In 2006, when Clara Hughes stepped onto the Olympic podium in Torino, Italy, she became the first and only athlete ever to win multiple medals in both Summer and Winter Games. Four years later, she was proud to carry the Canadian flag at the head of the Canadian team as they participated in the opening ceremony of the Vancouver Olympic Winter Games. But there's another story behind her celebrated career as an athlete, behind her signature billboard smile. While most professional athletes devote their entire lives to training, Clara spent her teenage years using drugs and drinking to escape the stifling home life her alcoholic father had created in Elmwood, Winnipeg. She was headed nowhere fast when, at sixteen, she watched transfixed in her living room as gold medal speed skater Gaétan Boucher effortlessly raced in the 1988 Calgary Olympics. Dreaming of one day competing herself, Clara channeled her anger, frustration, and raw ambition into the endurance sports of speed skating and cycling. By 2010, she had become a six-time Olympic medalist. But after more than a decade in the gruelling world of professional sports that stripped away her confidence and bruised her body, Clara began to realize that her physical extremes, her emotional setbacks, and her partying habits were masking a severe depression. After winning bronze in the last speed skating race of her career, she decided to retire from that sport, determined to repair herself. She has emerged as one of our most committed humanitarians, advocating for a variety of social causes both in Canada and around the world. In 2010, she became national spokesperson for Bell Canada's Let's Talk campaign in support of mental health awareness, using her Olympic standing to share the positive message of the power of forgiveness. Told with honesty and passion, *Open Heart, Open Mind* is Clara's personal journey through physical and mental pain to a life where love and understanding can thrive. This revelatory and inspiring story will touch the hearts of all Canadians.

During World War II, Canada trained tens of thousands of airmen under the British Commonwealth Air Training Plan. Those selected for Bomber Command operations went on to rain devastation upon the Third Reich in the great air battles over Europe, but their losses were high. German fighters and anti-aircraft guns took a terrifying toll. The chances of surviving a tour of duty as a bomber crew were almost nil. Murray Peden's story of his training in Canada and England, and his crew's operations on Stirlings and Flying Fortresses with 214 Squadron, has been hailed as a classic of war literature. It is a fine blend of the excitement, humour, and tragedy of that eventful era.
