Ark Royal Christopher Nuttall,2014-11-18 If you wish for peace, prepare for war. -Royal Navy Motto Seventy years ago, the interstellar supercarrier Ark Royal was the pride of the Royal Navy. But now, her weapons are outdated and her solid-state armour nothing more than a burden on her colossal hull. She floats in permanent orbit near Earth, a dumping ground for the officers and crew the Royal Navy wishes to keep out of the public eye. But when a deadly alien threat appears, the modern starships built by humanity are no match for the powerful alien weapons. Ark Royal and her mismatched crew must go on the offensive, buying time with their lives And yet, with a drunkard for a Captain, an over-ambitious first officer and a crew composed of reservists and the dregs of the service, do they have even the faintest hope of surviving And returning to an Earth which may no longer be there?

We Lead Christopher G. Nuttall,2017-01-13 The conclusion to the third Ark Royal trilogy! The Second Interstellar War - pitting humans and their Tadpole allies against an enigmatic alien empire - appears to have stalemated. Neither side can push through to the other's core systems without risking substantial losses, neither side can gain a decisive advantage. But when a brilliant human scientist invents a way to jump across the stars without a gravity tramline, an opportunity arises to strike the enemy in their undefended rear. It is an opportunity that cannot be allowed to pass. Now, HMS Vanguard and her crew - and the largest fleet ever assembled by the nations of Earth - heads out on a do-or-die mission to challenge their enemies to one final battle And if they lose, they will never see home again.

Fighting For The Crown Christopher G Nuttall,2021-01-31 HMS Lion and HMS Unicorn have made it home from their first mission against the alien virus, opening the way for humanity to take the offensive. Now, a major fleet is readying itself to depart into enemy space, intent on smashing the virus's ability to wage war and destroy the threat once and for all. And Captains Hammond and Campbell will take the lead. But humanity itself is buckling under the strain of endless war. The stresses of fighting are tearing the fleet apart. And a very personal betrayal threatens to plunge the captains and their crews into a bitter feud, deep in alien territory. The stakes could not be higher And the risk of total defeat has never been so great.

The Empire's Corps Christopher G. Nuttall,2016-08-23 You Should Never Speak Truth To Power... The Galactic Empire is dying and chaos and anarchy are breaking out everywhere. After a disastrous mission against terrorists on Earth itself, Captain Edward Stalker of the Terran Marine Corps makes the mistake of speaking truth to power, telling one of the most powerful men in the Empire a few home truths. As a result, Captain Stalker and his men are unceremoniously exiled to Avalon, a world right on the Rim of the Empire. It should have been an easy posting... Well, apart from the bandits infesting the countryside, an insurgency that threatens to topple the Empire's loose control over Avalon, and a corrupt civil government more interested in what it can extort from the population than fighting a war. The Marines rapidly find themselves caught up in a whirlwind of political and economic chaos, fighting to preserve Avalon before the competing factions tear the world apart. They're Marines; if anyone can do it, they can. The battle to save the Empire starts here.

Sufficiently Advanced Technology Christopher Nuttall,2013-07-12 For the post-singularity Confederation, manipulating the quantum foam - the ability to alter the base code of the universe itself and achieve transcendence - is the holy grail of science. But it seems an impossible dream until their scouts encounter Darius, a lost colony world whose inhabitants have apparently discarded the technology that brought them to the planet in order to adopt a virtually feudal culture. On Darius, the ruling elite exhibits abilities that defy the accepted laws of physics. They can manipulate the quantum foam! Desperate to understand what is happening on Darius, the Confederation dispatches a stealth team to infiltrate the planet's society and discover the truth behind their strange abilities. But they will soon realise that the people on Darius are not all the simple folk that they seem - and they are sitting on a secret that threatens the entire universe ...

The Nelson Touch Christopher G. Nuttall,2019 Ark Royal - the Royal Navy's outdated space carrier - has won a smashing victory against the enigmatic aliens, capturing one of their starships and returning to Earth. Now, Admiral Theodore Smith and his crew are assigned to command a fleet charged with making a deep-penetration raid into alien territory, a fleet made up of carriers from four different nations. But with a crewman who isn't what he seems, untested pilots and international friction - and a new and dangerous alien plan - can Ted and his crew survive their mission ... or will they die, alone and unremarked, hundreds of light years from home?

Grave Misfortune: The USS Indianapolis Tragedy Richard A. Hulver,2019-06-03 Dedicated to the Sailors and Marines who lost their lives on the final voyage of USS Indianapolis and to those who survived the torment at sea following its sinking. plus the crews that risked their lives in rescue ships. The USS Indianapolis (CA-35) was a decorated World War II warship

that is primarily remembered for her worst 15 minutes. . This ship earned ten (10) battle stars for her service in World War II and was credited for shooting down nine (9) enemy planes. However, this fame was overshadowed by the first 15 minutes July 30, 1945, when she was struck by two (2) torpedoes from Japanese submarine I-58 and sent to the bottom of the Philippine Sea. The sinking of Indianapolis and the loss of 880 crew out of 1,196 --most deaths occurring in the 4-5 day wait for a rescue delayed --is a tragedy in U.S. naval history. This historical reference showcases primary source documents to tell the story of Indianapolis, the history of this tragedy from the U.S. Navy perspective. It recounts the sinking, rescue efforts, follow-up investigations, aftermath and continuing communications efforts. Included are deck logs to better understand the ship location when she sunk and testimony of survivors and participants. For additional historical publications produced by the U.S. Naval History and Heritage Command, please check out these resources here:

<https://bookstore.gpo.gov/agency/naval-history-heritage-command> Year 2016 marked the 71st anniversary of the sinking and another spike in public attention on the loss -- including a big screen adaptation of the story, talk of future films, documentaries, and planned expeditions to locate the wreckage of the warship.

Cast Adrift Christopher G Nuttall,2021-04-10 Five hundred years ago, the human race discovered it was not alone in the universe when Earth was invaded and forcibly integrated by the Alphan Empire. Over the years, humans have grown used to their position within the empire, serving as soldiers and spacers for alien masters as well as building a place in the universe for themselves. But now, in the aftermath of a violent interstellar war that shattered the power of the Alphans, humanity has rediscovered its pride. Humanity wants to be free.Facing a war they will lose even if they win, the Alphans give humanity its independence once again. Humanity stands alone in a hostile universe, facing alien threats that regard humans as nothing more than servants - or weaklings, easy meat for armed conquest. And if the human race cannot learn to stand on its own two feet, without its masters, it will rapidly discover that it has traded one set of masters for another And if they lose the coming war, all hope of independence will die with it.

The Prince's War Christopher G Nuttall,2021-09-05 Prince Roland - the Childe Roland, Heir to the Imperial Throne - grew up in a gilded cage, surrounded by men who wanted to use his powers while keeping him under tight control. He was growing into a petty sadistic brat until a Marine Pathfinder took him in hand, helping him to overcome his caretakers - jailers - and make something of himself. But it was too late for Earth and, as the planet collapsed into chaos, Roland and his mentor barely escaped before it was too late. He was taken into the care of the Marine Corps and given a chance to go to Boot Camp and forge a new life. But now, unsure what to do with him, his superiors set him a task. Roland has to take command of a training mission and travel to New Doncaster, a planet on the verge of exploding into civil war. His mission is to build an army and stabilise the situation as quickly as possible But, for an untried prince in a snake pit, facing enemies on both sides of the war, it will be far from easy ...

Bookworm Christopher G. Nuttall,2013-10-18 Elaine is an orphan girl who has grown up in a world where magical ability brings power. Her limited talent was enough to ensure a magical training but she's very inexperienced and was lucky to get a position working in the Great Library. Now, the Grand Sorcerer - the most powerful magician of them all - is dying, although initially that makes little difference to Elaine; she certainly doesn't have the power to compete for higher status in the Golden City. But all that changes when she triggers a magical trap and ends up with all the knowledge from the Great Library - including forbidden magic that no one is supposed to know - stuffed inside her head. This unwanted gift doesn't give her greater power, but it does give her a better understanding of magic, allowing her to accomplish far more than ever before. It's also terribly dangerous. If the senior wizards find out what has happened to her, they will almost certainly have her killed. The knowledge locked away in the Great Library was meant to remain permanently sealed and letting it out could mean a repeat of the catastrophic Necromantic Wars of five hundred years earlier. Elaine is forced to struggle with the terrors and temptations represented by her newfound knowledge, all the while trying to stay out of sight of those she fears, embodied by the sinister Inquisitor Dread. But a darkly powerful figure has been drawing up a plan to take the power of the Grand Sorcerer for himself; and Elaine, unknowingly, is vital to his scheme. Unless she can unlock the mysteries behind her new knowledge, divine the unfolding plan, and discover the truth about her own origins, there is no hope for those she loves, the Golden City or her entire world.

First Strike Chris Nuttall,2014-09-24 The best defense... Starting a war with an enemy a hundred times stronger is insane. It's desperate. And it's Earth's only hope. A massive alien power looms over humanity, claiming Earth as its territory and humanity as its slaves. The Hegemony has already taken over one colony, yoking hundreds of thousands under their brutal rule. Every tactical exercise, every wargame and every simulation gives humanity zero chance in a defensive campaign. Earth's only chance to win the coming war - is by striking first. "It's honestly brilliant - a space opera tour de force I want to see the next book of." -Glynn Stewart, author of *Starship's Mage* "A story of alien threats and human resourcefulness that isn't simply a contest of gadgets and ray guns. Nuttall knows the real ingredients of war are from within, greed, treachery, arrogant disdain, devious double crossing and misdirection. Both human and alien." -Mackey Chandler, author of the *Family Law* and *April* series

Bookworm II Christopher G. Nuttall,2014-01-03 Not every ugly duckling becomes a swan... In the wake of the disastrous attack on the Golden City, Lady Light Spinner has become Grand Sorceress and Elaine, the Bookworm, has been settling into her positions as Head Librarian and Privy Councillor. But any hope of vanishing into her books is negated when a new magician of staggering power appears in the city, one whose abilities seem to defy the known laws of magic. Johan is a Powerless, a person born to a magical family yet lacking powers of his own. His dreams of a better life are curbed by his family, who see him as a cripple at best and a burden at worst. But when a political protest goes horrifically wrong, Johan

discovers that his true powers have merely been buried, waiting for their chance to explode into the world. As he comes to grips with his newfound talents, he discovers that he finally has a chance to realise his ambitions But for the Golden City, reeling after the devastation of six months earlier, he may be the greatest threat the city has ever seen. Elaine must unlock the mystery behind his powers before the political factions can kill him ... or use him to unleash a nightmare. Returning to well-loved characters from Christopher G. Nuttall's bestselling *Bookworm* and introducing new ones, *Bookworm II: The Very Ugly Duckling* explores power - and the effect it has on the human mind.

Stark's Command John G. Henry, Jack Campbell, 2001-04-01 HE STARTED A REBELLION. NOW HE'LL HAVE TO LEAD IT. United States military forces on the moon have overthrown the ranking officers and placed Sergeant Ethan Stark in command. Now, in addition to fighting a merciless enemy on the moon's surface, Stark must contend with the U.S. government's reaction to his mutiny. The Moon's American civilian colony has offered to assist the military with food and supplies on one condition: that Stark's troops back the Colony's plea for independence. In order to survive, civilian and soldier must learn to trust one another, as one man's cause becomes a crusade...

The Cruel Stars Christopher Nuttall, 2017-11-28 A stand-alone set during the Ark Royal Era. The Royal Navy never expected to fight a full-scale interstellar war. Everyone knew the Great Powers would never risk everything on armed conflict, when there was plenty of room for everyone in outer space. But when a hostile alien force stumbles across humanity's handful of colony worlds, the Great Powers must set aside their differences and fight to preserve humanity from utter destruction. Desperate for starships and manpower, the Royal Navy embarks upon an ambitious plan of converting freighters into makeshift carriers and recruiting reservists and criminals to fill the ranks. Classed as expendable, the small carriers will be given the most dangerous missions to slow a remorseless alien foe And the pardons their crews have been offered will be meaningless if they die.

A Buccaneer's Atlas Basil Ringrose, 1992-01-01 On July 29, 1681, a band of English buccaneers that had been terrorizing Spanish possessions on the west coast of the Americas captured a Spanish ship, from which they obtained a *derrotero*, or book of charts and sailing directions. When they arrived back in England, the Spanish ambassador demanded that the buccaneers be brought to trial. The *derrotero* was ordered to be brought to King Charles II, who apparently appreciated its great intelligence value. The buccaneers were acquitted, to the chagrin of the king of Spain, who had the English ambassador expelled from the court at Madrid on a seemingly trumped-up charge. The *derrotero* was subsequently translated, and one of the buccaneers, Basil Ringrose, added a text to the compilation and information to the Spanish charts. The resulting atlas, consisting of 106 pages of charts and 106 pages of text, is published in full for the first time in this volume. Covering the coast from California to Tierra del Fuego, the Galapagos, and Juan Fernandez, Basil Ringrose's south sea waggoner is a rich source of geographical information, with observations on navigational, physical, biological, and cultural features as well as on

ethnography, customs, and folklore. After almost exactly three hundred years, this secret atlas is now made available to libraries and individuals. The editors have provided an extensive introduction on historical, geographical, and navigational aspects of the atlas, as well as annotations to the charts and text, and they have plotted the coverage of the charts on modern map bases. Outmanned and outgunned, the confident commando must find a way to eliminate the aliens before they slaughter an entire human colony. Stuck in Magic Christopher Nuttall, 2021-08-06 Elliot Richardson thought he'd lost everything. He'd come home from deployment to find his wife cheating on him, his sons strangers and his life in tatters. Driving away, unsure where he was going, he fell through an interdimensional rift and found himself in a very different world, a city of magic and mystery and dangers beyond his comprehension, a land spinning out of control as innovations from the distant west unsettle the monarchy and challenge the position of the aristocrats and warlords that hold the kingdom in their grasp. Powerless and alone, with no way home, Elliot struggles to survive long enough to make a new life.
