Communicative Language and Teaching in Action: Putting Principles to Work serves as an engaging and informative guide for second and foreign language teachers in training or for those pursuing a new career as language educators. The text demonstrates principles and practices of communicative and task-based language teaching, equipping readers with an innovative and effective approach to language instruction. The conceptual foundation of the book is based upon theoretical and empirical findings drawn from second language acquisition research, cognitive psychology, and brain research. It emphasizes successful instructional practices in a communicative and task-based approach to language learning. The book features copious examples of learning activities in different languages and lessons developed by experienced language teachers. Dedicated chapters cover the principles of communicative language teaching and task-based instruction; lesson planning; vocabulary and grammar in language learning; feedback and error correction; the development of listening, oral communication, reading, and writing skills; and assessment. The second edition features updated literature review in all chapters, new and dynamic teacher-training tasks, and reorganized and fresh content throughout the text, as well as a new chapter on writing and language learning. Communicative Language Teaching in Action is an ideal resource for courses and programs in foreign language education.

The Caminos Spanish course places emphasis on cultural awareness of Spain and Spanish-speaking countries, providing pupils with an informed insight into the lives and concerns of their peers overseas. The communicative approach of the series means that pupils are encouraged from the start to express themselves, their feelings and opinions in the target language, acquiring all the language skills they need for effective communication.

Health Communication: Strategies and Skills for a New Era provides a practical process model for developing a health communication intervention. The book also explores exposure to media and how it shapes our conceptions of health and illness. Using a life stages and environments approach, the book touches on the patient role and how we 'hear' information from health care providers as well as guidance on how to be a thoughtful consumer of health information.

The book is organized around four sections. The first section is an introduction to the problem of defining the scope and foundations of the development of moral personality and social engagement, in particular, the development of civic and ethical attitudes and prosocial behavior. The second section presents a comparative analysis of education policies in Mexico, Chile and Colombia, in particular the way the curricula of civic and citizenship education is designed and implemented. The section also describes and analyzes the way this subject is taught in the classrooms of the primary, secondary and high school levels in the three countries. The third section includes the results of research projects in Civics and Citizenship Education conducted with different theoretical and methodological models of analysis. This last section includes some of the best practices of Civic Education that have been developed in Mexico, Colombia, and Chile.

Proficiency, this handbook on adult English-as-a-Second-Language (ESL) literacy education represents a synthesis of ideas derived from various sources. It is meant as a resource for teachers who have some experience in teaching but are new to ESL literacy. It contains the following nine chapters: (1) "Adult ESL Literacy: State of the Art," which discusses some of the special features of adult ESL literacy; (2) "Approaches and Materials," which maintains that meaning-based approaches show the greatest promise in helping adults develop full literacy; (3) "Teaching Adult ESL Literacy in the Multilevel Classroom," which shows that group work is the most effective strategy for dealing with multilevel classrooms; (4) "Using Computer and Video Technology in Adult ESL Literacy," which discusses the pros and cons of using technology in ESL literacy teaching; (5) "Native Language Literacy," which demonstrates that using the native language of the learners is a viable approach to introducing literacy to adults who are not literate in their first language; (6) "Learner Assessment," which shows that program-based assessments are superior to standardized tests; (7) "Curriculum," which demonstrates that curriculum decisions are value decisions that mirror a program's philosophy; (8) "Staff Development and Program Issues," which holds that effective staff development should focus on the social context, adult learning, second language acquisition, literacy development, and effective teaching processes; and (9) "Curriculum Modules," which presents 10 teaching units that demonstrate meaning-based teaching.
