

Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

ONE OF THE MOST LOVED NOVELS OF THE DECADE. A long-lost book reappears, mysteriously connecting an old man searching for his son and a girl seeking a cure for her widowed mother's loneliness. Leo Gursky taps his radiator each evening to let his upstairs neighbor know he's still alive. But it wasn't always like this: in the Polish village of his youth, he fell in love and wrote a book...Sixty years later and half a world away, fourteen-year-old Alma, who was named after a character in that book, undertakes an adventure to find her namesake and save her family. With virtuosic skill and soaring imaginative power, Nicole Krauss gradually draws these stories together toward a climax of "extraordinary depth and beauty" (Newsday).

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

"Feminism, history, literature, politics—this tale has all of that, and a heroine worthy of her own turn in the spotlight." —Therese Anne Fowler, bestselling author of *Z: A Novel of Zelda Fitzgerald* A revelatory new portrait of the courageous woman who saved Dostoyevsky's life—and became a pioneer in Russian literary history In the fall of 1866, a twenty-year-old stenographer named Anna Snitkina applied for a position with a writer she idolized: Fyodor Dostoyevsky. A self-described "emancipated girl of the sixties," Snitkina had come of age during Russia's first feminist movement, and Dostoyevsky—a notorious radical turned acclaimed novelist—had impressed the young woman with his enlightened and visionary fiction. Yet in person she found the writer "terribly unhappy, broken, tormented," weakened by epilepsy, and yoked to a ruinous gambling addiction. Alarmed by his condition, Anna became his trusted first reader and confidante, then his wife, and finally his business manager—launching one of literature's most turbulent and fascinating marriages. *The Gambler Wife* offers a fresh and captivating portrait of Anna Dostoyevskaya, who reversed the novelist's freefall and cleared the way for two of the most notable careers in Russian letters—her husband's and her own. Drawing on diaries, letters, and other little-known archival sources, Andrew Kaufman reveals how Anna warded off creditors, family members, and her greatest romantic rival, keeping the young family afloat through years of penury and exile. In a series of dramatic set pieces, we watch as she navigates the writer's self-destructive binges in the casinos of Europe—even hazarding an audacious turn at roulette herself—until his addiction is conquered. And, finally, we watch as Anna frees her husband from predatory contracts by founding her own publishing house, making Anna the first solo female publisher in Russian history. The result is a story that challenges ideas of empowerment, sacrifice, and female agency in nineteenth-century Russia—and a welcome new appraisal of an indomitable woman whose legacy has been nearly lost to literary history.

A 2014 report issued by the White House Council on Women and Girls included the alarming statistic that one in five female college students in the United States experience some form of campus sexual assault. Despite more than fifty years of anti-rape activism and over two decades of federal legislation regarding campus sexual violence, sexual assault on American college and university campuses remains prevalent, underreported, and poorly understood. A principal reason for this lack of understanding is that the voices of women who have experienced campus sexual assault have been largely absent from academic discourse about the issue. In *Campus Sexual Assault*, Lauren J. Germain focuses attention on the post-sexual assault experiences of twenty-six college women. She reframes conversations about sexual violence and student agency on American college campuses by drawing insight directly from

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

the stories of how survivors responded individually to attacks, as well as how and why peers, family members, and school, medical, and civil authorities were (or were not) engaged in addressing the crimes. Germain weaves together women's narratives to show the women not as victims per se but as individuals with the power to overcome these traumatic experiences. "Campus Sexual Assault provides in-depth insight into the post-assault experiences of college women. It frames women as agentic beings who conceptualize their experiences and cope with their assault in a multitude of ways. By highlighting the individual pathways for recovery, readers are offered a deeper understanding of how women adapt and move forward following sexual assault."—PsyncCRITIQUES "Lauren Germain has written a powerful, important, and timely book that helps the reader understand the devastation caused by campus sexual assault. A must read for educators!"—Choice "Stigma, sexism, and additional forms of oppression frequently result in survivors' voices being absent from the dialogue about how to respond to sexual violence on campus. Lauren J. Germain sought to address this void by centering the lived experiences of student women survivors. Her book . . . provides insight into the ways that college women respond in the aftermath of sexual assault, highlighting an understanding of empowerment and agency among survivors of sexual assault."—NASPA Journal About Women in Higher Education "A concise and coherent book on identity and identity management, following [college women's] reported sexual assaults at their places of study. Intelligently written and planned."—Metapsychology

A narrative report by a woman who grew up near the Rocky Flats nuclear weapon facility describes the dark secrets that dominated her childhood, the strange cancers that afflicted her neighbors, her brief employment at Rocky Flats and the efforts of residents to achieve legal justice. 30,000 first printing.

The New York Times-bestselling "skeptical environmentalist" argues that panic over climate change is causing more harm than good. Hurricanes batter our coasts. Wildfires rage across the American West. Glaciers collapse in the Arctic. Politicians, activists, and the media espouse a common message: climate change is destroying the planet, and we must take drastic action immediately to stop it. Children panic about their future, and adults wonder if it is even ethical to bring new life into the world. Enough, argues bestselling author Bjorn Lomborg. Climate change is real, but it's not the apocalyptic threat that we've been told it is. Projections of Earth's imminent demise are based on bad science and even worse economics. In panic, world leaders have committed to wildly expensive but largely ineffective policies that hamper growth and crowd out more pressing investments in human capital, from immunization to education. False Alarm will convince you that everything you think about climate change is wrong -- and points the way toward making the world a vastly better, if slightly warmer, place for us all. Emma O'Donovan is eighteen, beautiful, and fearless. It's the beginning of summer in a quiet Irish town and tonight she and her friends have dressed to impress. Everyone is at the party, and all eyes are on Emma. The next morning Emma's parents discover her collapsed on the doorstep of their home, unconscious. She is disheveled, bleeding, and disoriented, looking as if she had been dumped there. To her distress, Emma can't remember what happened the night before. All she knows is that none of her friends will respond to her texts. At school, people turn away from her and whisper under their breath. Her mind may be a blank as far as the events of the previous evening, but someone has posted photos of it on Facebook under a fake account, "Easy Emma"--photos she will never be able to forget. As the photos go viral and a criminal investigation is launched, the community is thrown into tumult. The media descends, neighbors chose sides, and people from all over the world want to talk about her story. Everyone has something to say about Emma. Asking For It is a powerful story about the devastating effects of rape and public shaming, told through the awful experience of a young woman whose life is changed forever by an act of violence.

Soon after the sexual misconduct allegations against film producer Harvey Weinstein became

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

public in late 2017, the #MeToo movement went viral, opening up an explosive conversation about rape culture around the globe. In the US, someone is sexually assaulted every 98 seconds. More than 320,000 Americans over the age of twelve are sexually assaulted each year. Men are victims too. One in thirty-three American men will be sexually assaulted or raped in his lifetime. Yet only 3 percent of rapists ever serve time in jail. Learn about the patriarchal constructs that support rape culture and how to dismantle them: redefining healthy manhood and sexuality, believing victims, improving social and legal systems and workplace environments, evaluating media with a critical eye, and standing up to speak out. Case studies provide a well-rounded view of real people on all sides of the issues.

Jeff Lawson, software developer turned CEO of Twilio, creates a new playbook for unleashing the full potential of software developers in any organization, showing how to help management utilize this coveted and valuable workforce to enable growth, solve a wide range of business problems and drive digital transformation. From banking and retail to insurance and finance, every industry is turning digital, and every company needs the best software to win the hearts and minds of customers. The landscape has shifted from the classic build vs. buy question, to one of build vs. die. Companies have to get this right to survive. But how do they make this transition? Software developers are sought after, highly paid, and desperately needed to compete in the modern, digital economy. Yet most companies treat them like digital factory workers without really understanding how to unleash their full potential. Lawson argues that developers are the creative workforce who can solve major business problems and create hit products for customers—not just grind through rote tasks. From Google and Amazon, to one-person online software companies—companies that bring software developers in as partners are winning. Lawson shows how leaders who build industry changing software products consistently do three things well. First, they understand why software developers matter more than ever. Second, they understand developers and know how to motivate them. And third, they invest in their developers' success. As a software developer and public company CEO, Lawson uses his unique position to bridge the language and tools executives use with the unique culture of high performing, creative software developers. *Ask Your Developer* is a toolkit to help business leaders, product managers, technical leaders, software developers, and executives achieve their common goal—building great digital products and experiences. How to compete in the digital economy? In short: *Ask Your Developer*.

American Book Award Winner: A “moving, intimate” account of serving as a translator for undocumented children facing deportation (The New York Times Book Review). Nonfiction Finalist for the Kirkus Prize Finalist for National Book Critics Circle Award for Criticism Structured around the forty questions volunteer worker Valeria Luiselli translates from a court system form and asks undocumented Latin American children facing deportation, *Tell Me How It Ends* humanizes these young migrants and highlights the contradiction between the idea of America as a fiction for immigrants and the reality of racism and fear—here and back home. “Luiselli’s prose is always lush and astute, but this long essay, which borrows its framework from questions on the cold, bureaucratic work sheets with which she became so familiar (for example, ‘Did anything happen on your trip to the U.S. that scared or hurt you?’), is teeming with urgency...In this slim volume about the spectacular failure of the American Dream, she tells the stories of the unnamed children she’s encountered and their fears and desires, as well as her own family’s immigration story.” —Vulture “Worthy of inclusion in a great

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

American (and international) canon of writing about migration.” —Texas Observer “A powerful indictment of American immigration policy, [Tell Me How It Ends] examines a system that has failed child refugees in particular.” —Financial Times “Masterfully blends journalism, auto/biography, and political history into a compelling and cohesive narrative. . . . Luiselli uses the personal to get political but smartly sidesteps identity politics to focus on policy instead.”—The Rumpus

Presents the text of Alice Walker's story "Everyday Use"; contains background essays that provide insight into the story; and features a selection of critical response. Includes a chronology and an interview with the author.

Have you ever heard the phrase "It's easier to ask forgiveness than permission?"

Violating consent isn't limited to sexual relationships, and our discussions around consent shouldn't be, either. To resist rape culture, we need a consent culture—and one that is more than just reactionary. Left confined to intimate spaces, consent will atrophy as theory that is never put into practice. The multi-layered power disparities of today's world require a response sensitive to a wide range of lived experiences. In *Ask*, Kitty Stryker assembles a retinue of writers, journalists, and activists to examine how a cultural politic centered on consent can empower us outside the bedroom, whether it's at the doctor's office, interacting with law enforcement, or calling out financial abuse within radical communities. More than a collection of essays, *Ask* is a testimony and guide on the role that negated consent plays in our lives, examining how we can take those first steps to reclaim it from institutionalized power.

A biography of venture capitalist and entrepreneur Peter Thiel, the enigmatic, controversial, and hugely influential power broker who sits at the dynamic intersection of tech, business, and politics A New York Times Book Review Editors' Choice “Max Chafkin’s *The Contrarian* is much more than a consistently shocking biography of Peter Thiel, the most important investor in tech and a key supporter of the Donald Trump presidency. It’s also a disturbing history of Silicon Valley that will make you reconsider the ideological foundations of America’s relentless engine of creative destruction.”—Brad Stone, author of *The Everything Store* and *Amazon Unbound* Since the days of the dot-com bubble in the late 1990s, no industry has made a greater impact on the world than Silicon Valley. And few individuals have done more to shape Silicon Valley than Peter Thiel. The billionaire venture capitalist and entrepreneur has been a behind-the-scenes operator influencing countless aspects of our contemporary way of life, from the technologies we use every day to the delicate power balance between Silicon Valley, Wall Street, and Washington. But despite his power and the ubiquity of his projects, no public figure is quite so mysterious. In the first major biography of Thiel, Max Chafkin traces the trajectory of the innovator's singular life and worldview, from his upbringing as the child of immigrant parents and years at Stanford as a burgeoning conservative thought leader to his founding of PayPal and Palantir, early investment in Facebook and SpaceX, and relationships with fellow tech titans Mark Zuckerberg, Elon Musk, and Eric Schmidt. *The Contrarian* illuminates the extent to which Thiel has sought to export his values to the corridors of power beyond Silicon Valley, including funding the lawsuit that destroyed the blog Gawker and strenuously backing far-right political candidates, notably Donald Trump for president in 2016. Eye-opening and deeply reported, *The Contrarian* is a revelatory biography of a one-of-a-kind leader and an incisive portrait of a tech industry whose explosive growth and

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

power is both thrilling and fraught with controversy.

"There is no one better to ask than Marion, who is the leading guide in intelligent, unbiased, independent advice on eating, and has been for decades."—Mark Bittman, author of *How to Cook Everything Let's Ask Marion* is a savvy and insightful question-and-answer collection that showcases the expertise of food politics powerhouse Marion Nestle in exchanges with environmental advocate Kerry Trueman. These informative essays show us how to advocate for food systems that are healthier for people and the planet, moving from the politics of personal dietary choices, to community food issues, and finally to matters that affect global food systems. Nestle has been thinking, writing, and teaching about food systems for decades, and her impact is unparalleled. *Let's Ask Marion* provides an accessible survey of her opinions and conclusions for anyone curious about the individual, social, and global politics of food.

The New York Times and USA Today bestseller! "...a hauntingly atmospheric love letter to the first mobile library in Kentucky and the fierce, brave packhorse librarians who wove their way from shack to shack dispensing literacy, hope, and — just as importantly — a compassionate human connection."—Sara Gruen, author of *Water for Elephants* The hardscrabble folks of Troublesome Creek have to scrap for everything—everything except books, that is. Thanks to Roosevelt's Kentucky Pack Horse Library Project, Troublesome's got its very own traveling librarian, Cussy Mary Carter. Cussy's not only a book woman, however, she's also the last of her kind, her skin a shade of blue unlike most anyone else. Not everyone is keen on Cussy's family or the Library Project, and a Blue is often blamed for any whiff of trouble. If Cussy wants to bring the joy of books to the hill folks, she's going to have to confront prejudice as old as the Appalachias and suspicion as deep as the holler. Inspired by the true blue-skinned people of Kentucky and the brave and dedicated Kentucky Pack Horse library service of the 1930s, *The Book Woman of Troublesome Creek* is a story of raw courage, fierce strength, and one woman's belief that books can carry us anywhere—even back home. Additional Praise for *The Book Woman of Troublesome Creek*: "A unique story about Appalachia and the healing power of the written word."—Kirkus "A timeless and significant tale about poverty, intolerance and how books can bring hope and light to even the darkest pocket of history."—Karen Abbott, New York Times bestselling author of *Liar Temptress Soldier Spy* "Emotionally resonant and unforgettable, *The Book Woman of Troublesome Creek* is a lush love letter to the redemptive power of books."—Joshilyn Jackson, New York Times and USA Today bestselling author of *The Almost Sisters*

Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.

The True Story of a Mouse Who Never Asked for It is a visually striking, deeply feminist, contemporary retelling of a Spanish folk tale, rediscovered and brought to new life by author Ana Cristina Herreros and illustrator Violeta Lopiz. In Herreros and Lopiz's version--which sharply diverges from the most mainstream and popularized telling of the story--a mouse is approached by many suitors, rejecting all but one: a cat, whose gentle meow assures her that he won't bring her harm. But one must remember that a kitten always grows up to be a cat...and thusly, will devour the mouse.

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding and respect for female sexual pleasure. In the original edition, feminist, political, and activist writers alike presented their ideas for a paradigm shift from the "No Means No" model--and the result was the groundbreaking shift to today's affirmative consent model ("Yes Means Yes," as coined by this book). With a timely new introduction, refreshed cover, and the timeless contributions of authors from Kate Harding to Jill Filipovic, Yes Means Yes brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently, and ending rape. Yes Means Yes has radical and far-reaching effects: from teaching men to treat women as collaborators and not conquests, encouraging men and women that women can enjoy sex instead of being shamed for it, and ultimately, that our children can inherit a world where rape is rare and swiftly punished.

A Read with Jenna Today Show Book Club Pick! Finalist for the 2020 National Book Award (Fiction) A Best Book of the Year From: The Washington Post * Time * NPR * Elle * Esquire * Kirkus * Library Journal * The Chicago Public Library * The New York Public Library * BookPage * The Globe and Mail * EW.com * The LA Times * USA Today * InStyle * The New Yorker * AARP * Publisher's Lunch * LitHub * Book Marks * Electric Literature * Brooklyn Based * The Boston Globe A magnetic novel about two families, strangers to each other, who are forced together on a long weekend gone terribly wrong. From the bestselling author of Rich and Pretty comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. Leave the World Behind explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place for their families? And are they safe from one other?

"After selling her first novel--a dream she'd worked long and hard for--Stephanie Danler knew she should be happy. Instead, she found herself driven to face the difficult past she'd left behind a decade ago: a mother disabled by years of alcoholism, further handicapped by a tragic brain aneurysm; a father who abandoned the family when she was three, now a meth addict in and out of recovery. After years in New York City she's pulled home to Southern California by forces she doesn't totally understand, haunted by questions of legacy and

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

trauma. Here, she works toward answers, uncovering hard truths about her parents and herself as she explores whether it's possible to change the course of her history." -- back cover.

Twenty-Three Leading Feminist Writers on Protest and Solidarity When 53 percent of white women voted for Donald Trump and 94 percent of black women voted for Hillary Clinton, how can women unite in Trump's America? *Nasty Women* includes inspiring essays from a diverse group of talented women writers who seek to provide a broad look at how we got here and what we need to do to move forward. Featuring essays by REBECCA SOLNIT on Trump and his "misogyny army," CHERYL STRAYED on grappling with the aftermath of Hillary Clinton's loss, SARAH HEPOLA on resisting the urge to drink after the election, NICOLE CHUNG on family and friends who support Trump, KATHA POLLITT on the state of reproductive rights and what we do next, JILL FILIPOVIC on Trump's policies and the life of a young woman in West Africa, SAMANTHA IRBY on racism and living as a queer black woman in rural America, RANDA JARRAR on traveling across the country as a queer Muslim American, SARAH HOLLENBECK on Trump's cruelty toward the disabled, MEREDITH TALUSAN on feminism and the transgender community, and SARAH JAFFE on the labor movement and active and effective resistance, among others.

A GOOD MORNING AMERICA BOOK CLUB PICK "An intense psychological drama that will be embraced by serious book clubs and fans of Lionel Shriver's *We Need to Talk about Kevin*." —Kristin Hannah, #1 New York Times bestselling author "A poetic, propulsive read that set my nerves jangling." —Lisa Jewell, #1 New York Times bestselling author of *Then She Was Gone* A tense, page-turning psychological drama about the making and breaking of a family—and a woman whose experience of motherhood is nothing at all what she hoped for—and everything she feared Blythe Connor is determined that she will be the warm, comforting mother to her new baby Violet that she herself never had. But in the thick of motherhood's exhausting early days, Blythe becomes convinced that something is wrong with her daughter—she doesn't behave like most children do. Or is it all in Blythe's head? Her husband, Fox, says she's imagining things. The more Fox dismisses her fears, the more Blythe begins to question her own sanity, and the more we begin to question what Blythe is telling us about her life as well. Then their son Sam is born—and with him, Blythe has the blissful connection she'd always imagined with her child. Even Violet seems to love her little brother. But when life as they know it is changed in an instant, the devastating fall-out forces Blythe to face the truth. *The Push* is a tour de force you will read in a sitting, an utterly immersive novel that will challenge everything you think you know about motherhood, about what we owe our children, and what it feels like when women are not believed.

"From young activists at the forefront of the movement to end sexual assault on college campuses, a collection of survivor stories that will connect with students and inform and inspire us all Across the U.S. student activists are exposing a

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

pervasive cover-up of sexual assault on college campuses. Every day more survivors come forward. But other survivors choose not to. We Believe You elevates the stories the headlines about this issue have been missing--more than 30 experiences of trauma, healing and everyday activism, representing a diversity of races, economic and family backgrounds, gender identities, immigration statuses, interests, capacities and loves. More than 1 in 5 women and 5 percent of men are sexually assaulted at college, a shocking status quo that might have stayed largely hidden and unaddressed but for the two authors of We Believe You. In 2013, Annie E. Clark and Andrea L. Pino, then 23 and 20, building on the work of earlier activists, outed themselves as assault survivors and filed a federal complaint against the University of North Carolina (Chapel Hill) for mishandling such crimes; within a month, the U.S. government began to investigate UNC. Within a year, dozens of colleges were under federal investigation. But Clark and Pino rightly see themselves as two among many. Students from every kind of college and university--large and small, public and private, highly selective and less so--are sounding alarms and staking claims to justice by filing complaints, by pressing charges, and by simply living beyond the effects of assault and the betrayals of their schools. A sampling of their voices speak out in this book"--

#1 NEW YORK TIMES BESTSELLER | A REESE WITHERSPOON X HELLO SUNSHINE BOOK CLUB PICK "A great narrative about personal strength and really captures how books bring communities together." —Reese Witherspoon From the author of *The Last Letter from Your Lover*, now a major motion picture on Netflix, a breathtaking story of five extraordinary women and their remarkable journey through the mountains of Kentucky and beyond in Depression-era America Alice Wright marries handsome American Bennett Van Cleve, hoping to escape her stifling life in England. But small-town Kentucky quickly proves equally claustrophobic, especially living alongside her overbearing father-in-law. So when a call goes out for a team of women to deliver books as part of Eleanor Roosevelt's new traveling library, Alice signs on enthusiastically. The leader, and soon Alice's greatest ally, is Margery, a smart-talking, self-sufficient woman who's never asked a man's permission for anything. They will be joined by three other singular women who become known as the Packhorse Librarians of Kentucky. What happens to them--and to the men they love--becomes an unforgettable drama of loyalty, justice, humanity, and passion. These heroic women refuse to be cowed by men or by convention. And though they face all kinds of dangers in a landscape that is at times breathtakingly beautiful, at others brutal, they're committed to their job: bringing books to people who have never had any, arming them with facts that will change their lives. Based on a true story rooted in America's past, *The Giver of Stars* is unparalleled in its scope and epic in its storytelling. Funny, heartbreaking, enthralling, it is destined to become a modern classic--a richly rewarding novel of women's friendship, of true love, and of what happens when we reach beyond our grasp for the great beyond.

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States' overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an "empire," exercising power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Asking for ItThe Alarming Rise of Rape Culture--and What We Can Do about ItDa Capo Lifelong Books

From the winner of the Nobel Prize in Literature, here is the universally acclaimed novel—winner of the Booker Prize and the basis for an award-winning film. This is Kazuo Ishiguro's profoundly compelling portrait of Stevens, the perfect butler, and of his fading, insular world in post-World War II England. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington.

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.

The importance of science and technology and future of education and research are just some of the subjects discussed here.

"A journalist travels the world and investigates current socioeconomic theories of happiness to discover why most modern cities are designed to make us miserable, what we can do to change this, and why we have more to learn from poor cities than from prosperous ones"--

In the era of #metoo, a clear-eyed, sharp look at rape culture, sexual assault, harassment and violence against women--and what we can do about it. "A timely and brilliant book." (Jessica Valenti) Every seven minutes, someone in America commits a rape. And whether that's a football star, beloved celebrity, elected official, member of the clergy, or just an average Joe (or Joanna), there's probably a community eager to make excuses for that person. In *Asking for It*, Kate Harding combines in-depth research with a frank, no-holds-barred voice to make the case that twenty-first-century America supports rapists more effectively than it supports victims. From institutional failures in higher education to real-world examples of rape culture, Harding offers ideas and suggestions for how we, as a society, can take sexual violence much more seriously without compromising the rights of the accused.

A collection of answers to the philosophical questions on people's minds—from the big to the personal to the ones you didn't know you needed answered. Based on real-life questions from his *Ask a Philosopher* series, Ian Olosov offers his answers to questions such as: - Are people innately good or bad? - Is it okay to have a pet fish? - Is it okay to have kids? - Is color subjective? - If humans colonize Mars, who will own the land? - Is ketchup a smoothie? - Is there life after death? - Should I give money to homeless people? *Ask a Philosopher* shows that there's a way of making philosophy work for each of us, and that philosophy can be both perfectly continuous with everyday life, and also utterly transporting. From questions that we all wrestle with in private to questions that you never thought to ask, *Ask a Philosopher* will get you thinking.

From Adi Alsaid, the acclaimed author of *Let's Get Lost*, *Never Sometimes Always*, and *North of Happy* Every year, lock-in night changes lives. This year, it might just change the world. Central International School's annual lock-in is legendary — and for six students, this year's lock-in is the answer to their dreams. The chance to finally win the contest. Kiss the guy. Make a friend. Become the star of a story that will be passed down from student to student for years to come. But then a group of students, led by Marisa Cuevas, stage an eco-protest and chain themselves to the doors, vowing to keep everyone trapped inside until their list of demands is met. While some students rally to the cause, others are devastated as they watch their plans fall apart. And Marisa, once so certain of her goals, must now decide just how far she'll go to attain them. "Engrossing."—Kirkus Reviews, starred review

Edited and with an introduction by Roxane Gay, the New York Times bestselling and deeply beloved author of *Bad Feminist* and *Hunger*, this anthology of first-person essays tackles rape, assault, and harassment head-on. "Roxane Gay is the brilliant girl-next-door: your best friend and your sharpest critic. . . . she is also required reading."—People In this valuable and

Read Book Asking For It The Alarming Rise Of Rape Culture And What We Can Do About It

revealing anthology, cultural critic and bestselling author Roxane Gay collects original and previously published pieces that address what it means to live in a world where women have to measure the harassment, violence, and aggression they face, and where they are “routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied” for speaking out. Contributions include essays from established and up-and-coming writers, performers, and critics, including actors Ally Sheedy and Gabrielle Union and writers Amy Jo Burns, Lyz Lenz, Claire Schwartz, and Bob Shacochis. Covering a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation, this collection is often deeply personal and is always unflinchingly honest. Like Rebecca Solnit’s *Men Explain Things to Me*, *Not That Bad* will resonate with every reader, saying “something in totality that we cannot say alone.” Searing and heartbreakingly candid, this provocative collection both reflects the world we live in and offers a call to arms insisting that “not that bad” must no longer be good enough.

For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands--securing a job in a hospital and educating herself over lunchtime reading in the medical library--that she found an accurate diagnosis of endometriosis. In *Ask Me About My Uterus*, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was, indeed, compromised. Putting her own trials into a broader historical, sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition.

What would happen if we believed women? A groundbreaking anthology offers a potent rallying cry and theory of change Harvey Weinstein. Brett Kavanaugh. Jeffrey Epstein. Donald Trump. The most infamous abusers in modern American history are being outed as women speak up to publicly expose behavior that was previously only whispered about -- and it's both making an impact, and sparking a backlash. From the leading, agenda-setting feminist editors of *Yes Means Yes*, *Believe Me* brings readers into the evolving landscape of the movement against sexual violence, and outlines how trusting women is the critical foundation for future progress. In *Believe Me*, contributors ask and answer the crucial question: What would happen if we didn't just believe women, but acted as though they matter? If we take women's experiences of online harassment seriously, it will transform the internet. If we listen to and center survivors, we could revolutionize our systems of justice. If we believe Black women when they talk about pain, we will save countless lives. With contributions from many of the most important voices in feminism today, *Believe Me* is an essential roadmap for the #MeToo era and beyond.

Often pushed to the margins, queer, transgender and gender non-conforming survivors have been organizing in anti-violence work since the birth of the movement. *Queering Sexual Violence: Radical Voices from Within the Anti-Violence Movement* locates them at the center of the anti-violence movement and creates a space for their voices to be heard. Moving beyond dominant narratives and the traditional “violence against women” framework, the book is multi-gendered, multi-racial and multi-layered. This thirty-seven piece collection disrupts the mainstream conversations about sexual violence and connects them to disability justice, sex

worker rights, healing justice, racial justice, gender self-determination, queer & trans liberation and prison industrial complex abolition through reflections, personal narrative, and strategies for resistance and healing. Where systems, institutions, families, communities and partners have failed them, this collection lifts them up, honors a multitude of lived experiences and shares the radical work that is being done outside mainstream anti-violence and the non-profit industrial complex.

"Poignant and powerful." —Foreword Reviews, starred review ? "One of the most extraordinary books of the year." —BookPage, starred review A sprawling, evocative, and groundbreaking autobiographical novel told in the unforgettable and hilarious voice of a young Iranian refugee. It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? "A patchwork story is the shame of the refugee," Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. EVERYTHING SAD IS UNTRUE (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.

Iconoclastic detective Jackson Brodie returns in a triumphant new novel about secrets, sex, and lies. Jackson Brodie has relocated to a quiet seaside village, in the occasional company of his recalcitrant teenage son and an aging Labrador, both at the discretion of his ex-partner Julia. It's picturesque, but there's something darker lurking behind the scenes. Jackson's current job, gathering proof of an unfaithful husband for his suspicious wife, is fairly standard-issue, but a chance encounter with a desperate man on a crumbling cliff leads him into a sinister network -- and back across the path of his old friend Reggie. Old secrets and new lies intersect in this breathtaking novel by one of the most dazzling and surprising writers at work today. "Thank goodness the long Jackson Brodie hiatus is over." --Janet Maslin, New York Times

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber

Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.
