An Introduction to Childhood Studies Mary Jane Kehily, 2008-11-01 This thoughtful book provides expert overviews of historical, sociological, psychological, cultural, legal and rights-informed approaches to childhood. Through these well written, readable chapters, students will be engaged with important debates in childhood studies, and led towards many ideas and problems for further investigation. Investigating Psychology Nicola Brace, Jovan Byford, 2020-07 Investigating Psychology uses a small selection of classic studies to introduce students to a variety of research methods used by psychologists and to the different approaches to the study of mind and behaviour: the emphasis is on how psychologists carry out their investigations and why.

Vikings Hourly History, 2016-04-11 The saga of the Vikings rises and falls on the banks of history, ebbing and flowing with popular opinion and whimsical anecdotes. The Vikings are routinely typecast and labeled anywhere from bloodthirsty tyrants to valiant heroes. They have been condemned as pirates and praised as explorers. We have all heard the stories of the fierce warriors with long ships and horned helmets storming onto the shores of medieval Europe; but who were these men really? Inside your will read about... □ From the Fury of the Northmen □ Retaliation, Royal Ambition, and Bribery □ The

Viking Age of Exploration and Expansion □ Tidings from the East □ The End of the Viking Age □ The Vikings Come to Christ □ The Second Viking Invasion This book helps to unravel the mystery. Helping to finally shed the light on why the Vikings abruptly descended onto the world stage in such dramatic fashion, this book begins to explore the motives of the Viking exodus like no other and takes an in depth evaluation of all the geographical, political, economic and religious underpinnings that led the Viking Age.

The Far Traveler Nancy Marie Brown,2008 Brown's enthusiasm is infectious as she re-teaches us our history.--The Boston Globe Five hundred years before Columbus, a Viking woman named Gudrid sailed off the edge of the known world. She landed in the New World and lived there for three years, giving birth to a baby before sailing home. Or so the Icelandic sagas say. Even after archaeologists found a Viking longhouse in Newfoundland, no one believed that the details of Gudrid's story were true. Then, in 2001, a team of scientists discovered what may have been this pioneering woman's last house, buried under a hay field in Iceland, just where the sagas suggested it could be. Joining scientists experimenting with cutting-edge technology and the latest archaeological techniques, and tracing Gudrid's steps on land and in the sagas, Nancy Marie Brown reconstructs a life that spanned--and expanded--the bounds of the then-known world. She also sheds new light on the society that gave rise to a woman even more extraordinary than legend has painted her and illuminates the reasons for its collapse. Brown rightly leaves scholarly work to scholars. Instead, her account presents an enthusiastic appreciation of her education in how fieldwork and literature offer insights into the past.--The Seattle Times [Brown has] a lovely ear for storytelling.--Los Angeles Times Book Review NANCY MARIE BROWN is the author of *A Good Horse Has No Color* and *Mendel in the Kitchen*. She lives in Vermont with her husband, the writer Charles Fergus.

Miguel Street V. S. Naipaul, 2012-11-13 To the residents of Miguel Street, a derelict corner of Trinidad's capital, their neighbourhood is a complete world, where everybody is quite different from everybody else. There's Popo the carpenter, who neglects his livelihood to build "the thing without a name;" Man-man, who goes from running for public office to staging his own crucifixion; Big Foot, the dreaded bully with glass tear ducts; and the lovely Mrs. Hereira, in thrall to her monstrous husband. Their lives (and the legends their neighbours construct around them) are rendered by V. S. Naipaul with Dickensian verve and Chekhovian compassion in this tender, funny novel.

Perspectives on Childhood Aisling Leavy, Margaret Nohilly, 2021-07-27 This collection brings together various cutting-edge and accessible perspectives and insights into the rich, complex and intriguing stage of life that is childhood. Contributions here relate specifically to the Irish context, with many seamless connections also made to the universal themes of childhood and their relevance within the international context. The chapters are organised into four themes: (1) Children and families in education and special education settings; (2) Children's environment and play spaces; (3) Children's voice in research, classrooms and non-traditional settings; and (4) Children's experiences in STEM education. Across the chapters, the authors identify current best practices and place them within the overall context of current trends in research into childhood. There is a complementary balance of theoretical and practical knowledge presented throughout the volume. Given the variety of perspectives and contributions presented here, it will be of interest to those working in professional practice, such as educators, psychologists, sociologists, and the more general public, including parents and policymakers.
