

Assimil Methode German With Ease Lehrbuch

"The pack contains 70 all-inclusive and progressive lessons, 120 exercises with key, irregular verbs summary, 3hrs audio running time."--Publisher.

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com. DIVLogical, developmental presentation includes all the necessary tools for speech and comprehension and features numerous shortcuts and timesavers. Ideal as an introduction, supplement, or refresher. /div

Niveau : (A1-A2) Débutant & Faux-débutant > (B2) Intermédiaire. Méthode d'apprentissage de japonais pour Italiens Voici une nouvelle édition de ce classique de la collection Sans Peine. Permettant un véritable démarrage de l'apprentissage du japonais, la méthode Assimil a fait ses preuves même pour cette langue réputée difficile. Au fil des 98 leçons, vous allez acquérir petit à petit les bases de la langue parlée et les "clés" de son écriture. Le but à atteindre est la maîtrise de 900 idéogrammes qui permet de tenir une conversation de la vie de tous les jours.

This book aims to take users from scratch to having a solid base in Italian within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of Italian. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which

users begin to create sentences and imagine themselves in a variety of everyday situations.

This book aims to take users from scratch to having a solid base in Hungarian within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of Hungarian. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

This book aims to take users from scratch to having a solid base in Spanish within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of Spanish. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Grammatical terms - Characteristics of Japanese grammar - Basic conjugations - Verbs - Connection forms of important expressions - Numerals and counters - Compound words.

Globalization, the Internet and an era of mass travel have combined to produce a world with a language mix on a huge scale. Linguanomics explains this multilingualism in a material, economic and cultural sense. What is the effect of this multilingualism on society, organizations and individuals? What are the economic benefits and drawbacks? Should we invest in language skills? Should there be interventionist policies, and if so, at what level? Should there be a global lingua mundi? The debate surrounding multilingualism is often clouded by emotion and misconception. With an analysis devoid of rhetoric, Gabrielle Hogan-Brun takes an objective look at this charged area. The result is Linguanomics: a major step towards a clearer understanding of the market potential of multilingualism, its benefits, costs and points of contention.

Asking significant questions of profound concern to the future of global collaboration, Linguanomics is an essential guide to students, teachers, policy makers and politicians and anyone who cares about the role of language in the modern world.

This is an all-round and accessible description of the Russian language and its historical, social, cultural context. It includes extracts representing the best of the language, by renowned writers such as Pushkin, Gogol', Dostoevsky, Tolstoy, Chekhov, Bulgakov, Mandel'shtam, and Kharms. Setting language learning in an entertaining, real, and enlightening real life framework, the book reveals what most readers want to know about Russian (but are usually too afraid to ask). Learn Russian will not teach you how to buy an ice-cream or ask directions to the Kremlin, but it will give you the opportunity to read some of Russia's greatest literature in the original along with learning something of Russia's rich culture and life.

"Méthode d'apprentissage du français pour anglophones.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

By the end of the course, the learner should be at Common European Framework level (CEFR) B2, and able to interact with fluency and spontaneity, produce clear, concise conversational speech, and have a solid vocabulary.

Contains Book, 4 audio CDs (3hrs 20min) & 1 CD mp3. Arabic is the official language of 22 countries, about 300 million speakers in the world. Includes many Arabic dialects, but there is a modern Arabic as an instrument unification of the language. What is Arabic for *médiaqui* is presented in this method, common language very close to Arabic classical or literal, called "unified modern Arabic". As an anglophone, you learn to master without much effort reading and assimilating number of simple construction and sentences of life while learning to writing, very gradually. Your skills gradually give you way to express yourself and make yourself understood in an Arabic-speaking environment. The advice accompanying lessons guide you step by step on the road to independence, and after this study, you can understand the press and radio and express yourself in all situations of daily life. The MP3 CD allows you to load all or part of the records on your MP3 player and view texts simultaneously.

A comprehensive introduction to the German language that offers effective strategies, exercises, and advice on learning how to speak, write, and understand basic German.

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

This intermediate level text has been developed in accordance with performance-based principles, contextualization, use of authentic materials, function/task-orientedness, and balance between skill getting and skill using. Each topic covers punctuation, grammar and new words and expressions.

For those who find learning a new language daunting, the Teach Yourself Beginner's Language Series is just what the language

teacher ordered. Each friendly and practical course introduces the new language without overwhelming the learner and includes:
Lively dialogues and exercises
A helpful pronunciation section
Manageable lists of practical vocabulary
A glossary of grammar terms
Hints on how to make learning easy
Fascinating language and cultural information
Accompanying dialogue recordings on CD

100 dynamic and humorous lessons to learn German. With this method, only five months, you will be able to express yourself and talk in German. The recordings, made as always by professionals at a gradual pace, will help you feel perfectly comfortable with the language of Goethe
