

Associated Press Guide To News Writing The Resource For Professional Journalists

More people write for The Associated Press than for any newspaper in the world, and writers-nearly two million of them-have bought more copies of The AP Stylebook than of any other journalism reference. It provides facts and references for reporters, and defines usage, spelling, and grammar for editors. There are separate sections for journalists specializing in sports and business, and complete guidelines for how to write photo captions, file copy over the wire, proofread text, handle copyrights, and avoid libel. This edition of The AP Stylebook keeps pace with world events, common usage, and AP procedures. Originally available only to Associated Press members, this is the definitive guide to writing and delivering the news on radio, television, and other broadcast media. While the focus throughout is on the art of finding, researching, writing, editing, producing, and delivering authoritative, accurate, and exciting news stories, it also provides a wealth of information on key technical aspects involved, such as how to handle a microphone and how many tape recorders to carry in the field. An indispensable resource for students and experienced broadcast journalists alike, this Handbook also includes a comprehensive, quick-reference style guide covering the established norms and practices in punctuation, tone, diction, use of foreign terms, references, and much more.

NEW YORK TIMES BESTSELLER "I come from a family forged by tragedies and bound by a remarkable, unbreakable love," Hunter Biden writes in this deeply moving memoir of addiction, loss, and survival. When he was two years old, Hunter Biden was badly injured in a car accident that killed his mother and baby sister. In 2015, he suffered the devastating loss of his beloved big brother, Beau, who died of brain cancer at the age of forty-six. These hardships were compounded by the collapse of his marriage and a years-long battle with drug and alcohol addiction. In Beautiful Things, Hunter recounts his descent into substance abuse and his tortuous path to sobriety. The story ends with where Hunter is today—a sober married man with a new baby, finally able to appreciate the beautiful things in life. Over the course of a thirty-year career, Samuel Freedman has excelled both at doing journalism and teaching it, and he passionately engages both of these endeavors in the pages of this book. As an author and journalist, Freedman has produced award-winning books, investigative series, opinion columns, and feature stories and has become a specialist in a wide variety of fields. As a teacher, he has shared his expertise and experience with hundreds of students, who have gone on to succeed in both print and broadcast media. In Letters to a Young Journalist, Freedman conducts an extended conversation with young journalists—from kids on the high school paper to graduates starting their first jobs. Whether he's talking about radio documentaries or TV news shows, Internet blogs, or backwater beats, shoeleather research or elegant prose, his goal is to explore the habits of mind that make an excellent journalist. It is no secret that journalism's mission is seriously imperiled these days, and Freedman's provocative ideas and fascinating stories offer students and journalists at all levels of experience wise guidance and professional inspiration.

The perfect book for all student journalists, this young readers adaptation of the New York Times bestselling She Said by Pulitzer Prize winning reporters' Jodi Kantor and Megan Twohey will inspire a new generation of young journalists. Soon to be a major motion picture! Do you want to know how to bring secrets to light? How journalists can hold the powerful to account? And how to write stories that can make a difference? In Chasing the Truth, award-winning journalists Jodi Kantor and Megan Twohey share their thoughts from their early days writing their first stories to their time as award-winning investigative journalists, offering tips and advice along the way. Adapted from their New York Times bestselling book She Said, Chasing the Truth not only tells the story of the culture-shifting Harvey Weinstein investigation, but it also shares their best reporting practices with readers. This is the perfect book for aspiring journalists or anyone devoted to uncovering the truth. Praise for the New York Times bestseller She Said: "Exhilarating...Kantor and Twohey have crafted their news dispatches into a seamless and suspenseful account of their reportorial journey." -- Susan Faludi, The New York Times "An instant classic of investigative journalism...All the President's Men' for the Me Too era." -- Carlos Lozada, The Washington Post "A vibrant, cinematic read." --Jill Filipovic, CNN "Deeply suspenseful." --Annalisa Quinn, NPR

Enough with the infighting, the truth-denying, the wild conspiracy claims, the looking backward, and the refusal to focus on the dangerous Biden agenda. Here's Chris Christie's urgent guide for recapturing Republican glory and winning elections again, told with all the New Jersey frankness and news-breaking insights that have made the two-term governor, Trump early endorser, and presidential candidate an indispensable voice and instant New York Times bestselling author. As governor of New Jersey and a key Trump insider and longtime friend, Chris Christie has always been known for speaking his mind. Now that the depressing 2020 election is finally behind us, he shares his bold insights on how a battered Republican Party can soar into the future and start winning big elections again. The wrong answers are everywhere. Dangerous conspiracy theorists. A tired establishment. Truth deniers and political cowards. In Republican Rescue, Christie reveals exactly how absurd grievances and self-inflicted wounds sabotaged Donald Trump's many successes and allowed Democrats to capture the White House, the House, and Senate in two years—a first for the GOP since the days of Herbert Hoover. In his frank and compelling voice, Christie dissects the last year of the Trump administration—which provoked nothing but conspiracy theories and infighting—and he lays out an honest and hopeful vision, explaining how Republicans can capture the future and save America from today's damaging Democratic excesses. The core Republican values of Abraham Lincoln, Teddy Roosevelt, and Ronald Reagan are as relevant now as they've ever been, Christie writes. Opportunity for all. A strong national defense. Leaders we can all be proud of. Americans in charge of their own lives. A federal government that answers to the people—not the other way around. But these Republican ideals need to be reinvigorated with fresh clarity and open arms. Christie watched in horror as some in his beloved party embraced paranoia and explained away violence. Determined to restore the party's integrity and success, he shows how to build a movement voters will flock to again, a Republicanism that's blunt, smart, conservative, potent, and perfectly suited for the 21st century.

Storytelling—how to catch and hold a reader's interest through artful narration of factual material William E. Blundell, one of the best writers on one of America's best-written papers—The Wall Street Journal—has put his famous Journal Feature-Writing Seminars into this step-by-step guide for turning out great articles. Filled with expert instruction on a complex art, it provides beginners with a systematic approach to feature writing and deftly teaches old pros some new tricks about: · How and where to get ideas · What readers like and don't like · Adding energy and interest to tired topics · Getting from first ideas to finish article · The rules of organization · How—and whom—to quote and paraphrase · Wordcraft, leads, and narrative flow · Self-editing and notes on style ... plus many sample feature articles.

This book provides journalism students with an easy-to-read yet theoretically rich guide to the dialectics, contradictions, problems, and promises encapsulated in the term 'journalism ethics'. Offering an overview of a series of crises that have shaken global journalism to its foundations in the last decade, including the coronavirus pandemic, the Black Lives Matter movement, and the 2020 US presidential election, the book explores the structural and ethical problems that shape the journalism industry today. The authors

discuss the three principle existential crises that continue to plague the news industry: a failing business model, technological disruption, and growing public mistrust of journalism. Other topics covered include social media ethics, privacy concerns, chequebook journalism, as well as a new analysis of journalism theory that critiques the well-worn tropes of objectivity, the Fourth Estate, freedom of the press, and the marketplace of ideas to develop a sophisticated materialist reimagining of journalism ethics. This is a key text for students of journalism, mass communication, and media ethics, as well as for academics, researchers, and communications professionals interested in contemporary journalism ethics.

NWR Nine is the 25th Anniversary Edition of this classic text. Teaching by example, with vivid writing, Mr. Mencher teaches students the fundamentals of reporting and writing news.

Nominee, NAACP Image Award for Outstanding Literary Work “Thomas's body positive, social and economic justice-oriented ethos, rich writing, beautiful photography, and accessible recipes are perfect for anyone looking for an antidote to the typical vegan evangelism that often shames people for their food choices.” - Shondaland By a superstar nineteen-year-old activist and motivational speaker, a unique cookbook and inspiring guide that combines 80 delicious, wholesome, super-powered plant-based recipes with a "7 points of power" manifesto to inspire the next generation of leaders toward self-reflection, critical thinking, and unlearning toxic ideas. When her father developed Type 2 diabetes, eight-year-old Haile Thomas began a journey that would change her family's dietary habits, improve her dad's health, and radically transform her life. Haile's family began looking into ways to improve his condition without having to rely on medication with dangerous potential side effects. Inspired by her mom's research, and fueled by her love of food, Haile learned everything she could about nutrition. After seeing how dramatically she and her family were able to change her dad's health, she chose to expand her reach to make the biggest positive impact possible in the world—particularly in underserved and at-risk communities. At 16, she was the youngest to graduate from the Institute for Integrative Nutrition as a Certified Integrative Nutrition Health Coach. Now a social entrepreneur, speaker, and activist Haile is an advocate for conscious living who promotes resilience, positivity, and a healthy, nourishing lifestyle to young people everywhere. Haile believes that to productively work toward our best selves, we must first fuel the vessel that supports us—our bodies. By incorporating healthy, plant-based dishes into our daily routine, we can boost qualities such as confidence, happiness, and positivity, giving us the energy we need to change our lives and the world. Haile's delicious, nutrition-packed vegan recipes boost brain power, calm the body, and provide energy. Some of the sensational food in Living Lively includes: Golden Dream Turmeric Berry Chia Pudding Fruity Jamaican Cornmeal Porridge Potachos (Potato Nachos) with Green Chile Cheese Sauce Straight Fire Mac N' Cheese Korean Jackfruit Sloppy Jill AB & J Swirl Brownies Shortcut Sweet Potato Pie Boats Living Lively combines these recipes with advice and insights from Haile's life as well as other dynamic, relatable young women, Gen Z leaders who are activating their power every day, including environmentalist and animal rights activist Hannah Testa, dancer and actress Nia Sioux, entrepreneur and mentor Gabrielle Jordan, global activist and sustainable fashion entrepreneur Maya Penn, and self-love advocate Luisa Gaffga. They promote not just physical nutrition but mental and emotional engagement, by paying close attention to the messages we receive from society, our personal relationships, and more to think critically about how they affect us and our outlook on the world. These tools are specifically targeted at positive resistance, growth, and joy in what Haile calls the “7 Points of Power”—wellness, world perspective, media and societal influences, thoughts and spirituality, education, relationships, and creativity and giving. Beautiful and uplifting, Living Lively empowers us to take strong, positive steps to nourish ourselves, each other, our communities, and the planet.

Will the use of artificial intelligence (AI), algorithms, and smart machines be the end of journalism as we know it—or its savior? In *Newsmakers*, Francesco Marconi, who has led the development of the Associated Press and Wall Street Journal's use of AI in journalism, offers a new perspective on the potential of these technologies. He explains how reporters, editors, and newsrooms of all sizes can take advantage of the possibilities they provide to develop new ways of telling stories and connecting with readers. Marconi analyzes the challenges and opportunities of AI through case studies ranging from financial publications using algorithms to write earnings reports to investigative reporters analyzing large data sets to outlets determining the distribution of news on social media. *Newsmakers* contends that AI can augment—not automate—the industry, allowing journalists to break more news more quickly while simultaneously freeing up their time for deeper analysis. Marshaling insights drawn from firsthand experience, Marconi maps a media landscape transformed by artificial intelligence for the better. In addition to considering the benefits of these new technologies, Marconi stresses the continuing need for editorial and institutional oversight. *Newsmakers* outlines the important questions that journalists and media organizations should consider when integrating AI and algorithms into their workflow. For journalism students as well as seasoned media professionals, Marconi's insights provide much-needed clarity and a practical roadmap for how AI can best serve journalism.

Offers guidelines to capitalization, abbreviations, punctuation, spelling, numerals, usage, and style.

A timely new edition of the classic journalism text, now featuring updated material on the importance of reporting in the age of media mistrust and fake news—and how journalists can use technology to navigate its challenges More than two decades ago, the Committee of Concerned Journalists gathered some of America's most influential newspeople and asked them, “What is journalism for?” Through exhaustive research, surveys, interviews, and public forums, the committee identified the essential elements that define journalism and its role in our society. The result is one of the most important books on media ever written—winner of the Goldsmith Book Prize from Harvard, a Society of Professional Journalists Award, and the Bart Richards Award for Media Criticism from Penn State University. Updated with new material covering the ways journalists can

leverage technology to their advantage, especially given the shifting revenue architecture of news—and with the future of news, facts, and democracy never more in question—this fourth edition of *The Elements of Journalism* is the authoritative guide for journalists, students, and anyone hoping to stay informed in contentious times.

As technological and legal changes have hollowed out the protections that reporters and news organizations have depended upon for decades, information security concerns facing journalists as they report, produce, and disseminate the news have only intensified. From source prosecutions to physical attacks and online harassment, the last two decades have seen a dramatic increase in the risks faced by journalists at all levels even as the media industry confronts drastic cutbacks in budgets and staff. As a result, few professional or aspiring journalists have a comprehensive understanding of what is required to keep their sources, stories, colleagues, and reputations safe. This book is an essential guide to protecting news writers, sources, and organizations in the digital era. Susan E. McGregor provides a systematic understanding of the key technical, legal, and conceptual issues that anyone teaching, studying, or practicing journalism should know. Bringing together expert insights from both leading academics and security professionals who work at and with news organizations from BuzzFeed to the Associated Press, she lays out key principles and approaches for building information security into journalistic practice. McGregor draws on firsthand experience as a Wall Street Journal staffer, followed by a decade of researching, testing, and developing information security tools and practices. Filled with practical but evergreen advice that can enhance the security and efficacy of everything from daily beat reporting to long-term investigative projects, *Information Security Essentials* is a vital tool for journalists at all levels.

This is an excellent book on clear, concise writing by an Associated Press editor. A quick and inspiring read that will help tighten up your prose.

A fun and meaningful story about making the world--and your community--better, one action at a time, that asks the question: Who will you help today? Every night when Sonia goes to bed, Mami asks her the same question: How did you help today? And since Sonia wants to help her community, just like her Mami does, she always makes sure she has a good answer to Mami's question. In a story inspired by her own family's desire to help others, Supreme Court Justice Sonia Sotomayor takes young readers on a journey through a neighborhood where kids and adults, activists and bus drivers, friends and strangers all help one another to build a better world for themselves and their community. With art by award-winning illustrator Angela Dominguez, this book shows how we can all help make the world a better place each and every day. Praise for *Just Help!*: "Generosity proves contagious in this personal portrait of community service by Supreme Court Justice Sotomayor." --Publishers Weekly

This lively chronicle of the years 1847–1947—the century when the Jewish people changed how we see the world—is “[a] thrilling and tragic history...especially good on the ironies and chain-reaction intimacies that make a people and a past” (The Wall Street Journal). In a hundred-year period, a handful of men and women changed the world. Many of them are well known—Marx, Freud, Proust, Einstein, Kafka. Others have vanished from collective memory despite their enduring importance in our daily lives. Without Karl Landsteiner, for instance, there would be no blood transfusions or major surgery. Without Paul Ehrlich, no chemotherapy. Without Siegfried Marcus, no motor car. Without Rosalind Franklin, genetic science would look very different. Without Fritz Haber, there would not be enough food to sustain life on earth. What do these visionaries have in common? They all had Jewish origins. They all had a gift for thinking in wholly original, even earth-shattering ways. In 1847, the Jewish people made up less than 0.25% of the world's population, and yet they saw what others could not. How? Why? Norman Lebrecht has devoted half of his life to pondering and researching the mindset of the Jewish intellectuals, writers, scientists, and thinkers who turned the tides of history and shaped the world today as we know it. In *Genius & Anxiety*, Lebrecht begins with the Communist Manifesto in 1847 and ends in 1947, when Israel was founded. This robust, magnificent, beautifully designed volume is “an urgent and moving history” (The Spectator, UK) and a celebration of Jewish genius and contribution.

How does a reporter go about researching a story on the Internet and how does one fact check and cite online sources? What are the copyright issues involved in quoting Internet sources? How does one go about selling a story to Internet sites? How does one physically file a story on-line? Answers to these and many more twenty-first-century journalism questions can be found in *The Associated Press Guide to Internet Research and Reporting*. The final word on the rules of Internet reporting, this comprehensive guide will be the on-line style guide of choice for AP staff, stringers, and journalism students alike.

Written for activists, nonprofit organizations, or any concerned citizen who lacks the big bucks for advertising, "Making the News" explains how to shine the media spotlight on any cause or important issue. New diversity style guide helps journalists write with authority and accuracy about a complex, multicultural world A companion to the online resource of the same name, *The Diversity Style Guide* raises the consciousness of journalists who strive to be accurate. Based on studies, news reports and style guides, as well as interviews with more than 50 journalists and experts, it offers the best, most up-to-date advice on writing about underrepresented and often misrepresented groups. Addressing such thorny questions as whether the words Black and White should be capitalized when referring to race and which pronouns to use for people who don't identify as male or female, the book helps readers navigate the minefield of names, terms, labels and colloquialisms that come with living in a diverse society. *The Diversity Style Guide* comes in two parts. Part One offers enlightening chapters on Why is Diversity So Important; Implicit Bias; Black Americans; Native People; Hispanics and Latinos; Asian Americans and Pacific Islanders; Arab Americans and Muslim Americans; Immigrants and Immigration; Gender Identity and Sexual Orientation; People with Disabilities; Gender Equality in the News Media; Mental Illness, Substance Abuse and Suicide; and Diversity and Inclusion in a Changing Industry. Part Two includes Diversity and Inclusion Activities and an A-Z Guide with more than 500 terms. This guide: Helps journalists, journalism students, and other media writers better understand the context behind hot-button words so they can report with confidence and sensitivity Explores the subtle and not-so-subtle ways that certain words can alienate a source or infuriate a reader Provides writers with an understanding that diversity in journalism is about accuracy and truth, not “political correctness.” Brings together guidance from more than 20 organizations and style guides into a single handy reference book *The Diversity Style Guide* is first and foremost a guide for journalists, but it is also an important resource for journalism and writing instructors, as well as other media professionals. In addition, it will appeal to those in other fields looking to make informed choices in their word usage and their personal interactions. An expert news editor shows how to organize information, avoid jargon and cliches, and write quickly, clearly, and gracefully

Pulling examples straight from recent headlines, *WRITING AND REPORTING NEWS: A COACHING METHOD*, 8e uses tips and techniques from revered writing coaches and award-winning journalists to help you develop the writing and reporting skills you need to succeed in the changing world of journalism. Full-color photographs and a strong storytelling approach keep you captivated throughout the book. An entire chapter is devoted to media ethics, while ethical dilemmas in each chapter give you practice working through ethical issues before you face them on the job. Offering the most up-to-date coverage available, the Eighth Edition fully integrates multimedia content into the chapters-reflecting the way the news world actually operates. It also includes an all-new book glossary featuring many of the newer terms used in Journalism. Integrating new trends in the convergence of print, broadcast, and online media, *WRITING AND REPORTING NEWS* equips you with the fundamental skills you need for media careers now-and in the future. From dailies, to specialized monthlies and quarterlies, to online journals, there are now more venues for disseminating information than ever before—all of them in need of qualified reporters. Written for a new generation of journalists, this handbook schools readers in the art and science of reporting as practiced at the world's largest and oldest news service. Written by an ace reporter with over 20 years on the job, it provides expert guidance and all the tools needed to successfully investigate and report on newsworthy events, locally, nationally, and internationally, including traditional pencil-and-paper technique as well as cutting-edge computer-assisted reporting technologies. Throughout, the book is enriched by insightful tips and anecdotes from veteran AP reporters such as trial writer Linda Deutsch, national writer and Pulitzer winner Charles J. Hanley, special correspondent Mort Rosenblum, space writer Marcia Dunn, and others.

A commemoration of the 20th anniversary of 9/11 as told through stories and photographs from The Associated Press--covering everything from the events of that tragic day to the rebuilding of the World Trade Center and beyond. This important and comprehensive book commemorates the 20th anniversary of September 11 as told through stories and images from the correspondents and photographers of The Associated Press--breaking news reports, in-depth investigative pieces, human interest accounts, approximately 175 dramatic and moving photos, and first-person recollections. AP's reporting of the world-changing events of 9/11; the heroic rescue efforts and aftermath; the world's reaction; Operation Enduring Freedom; the continuing legal proceedings; the building of the National September 11 Memorial & Museum in New York City as a place of remembrance; the rebuilding of downtown NYC and much more is covered. The book tells the many stories of 9/11--not only of the unprecedented horror of that September morning, but also of the inspiring resilience and hope of the human spirit.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

In July 1997, twenty-five of America's most influential journalists sat down to try and discover what had happened to their profession in the years between Watergate and Whitewater. What they knew was that the public no longer trusted the press as it once had. They were keenly aware of the pressures that advertisers and new technologies were putting on newsrooms around the country. But, more than anything, they were aware that readers, listeners, and viewers — the people who use the news — were turning away from it in droves. There were many reasons for the public's growing lack of trust. On television, there were the ads that looked like news shows and programs that presented gossip and press releases as if they were news. There were the "docudramas," television movies that were an uneasy blend of fact and fiction and which purported to show viewers how events had "really" happened. At newspapers and magazines, celebrity was replacing news, newsroom budgets were being slashed, and editors were pushing journalists for more "edge" and "attitude" in place of reporting. And, on the radio, powerful talk personalities led their listeners from sensation to sensation, from fact to fantasy, while deriding traditional journalism. Fact was blending with fiction, news with entertainment, journalism with rumor. Calling themselves the Committee of Concerned Journalists, the twenty-five determined to find how the news had found itself in this state. Drawn from the committee's years of intensive research, dozens of surveys of readers, listeners, viewers, editors, and journalists, and more than one hundred intensive interviews with journalists and editors, *The Elements of Journalism* is the first book ever to spell out — both for those who create and those who consume the news — the principles and responsibilities of journalism. Written by Bill Kovach and Tom Rosenstiel, two of the nation's preeminent press critics, this is one of the most provocative books about the role of information in society in more than a generation and one of the most important ever written about news. By offering in turn each of the principles that should govern reporting, Kovach and Rosenstiel show how some of the most common conceptions about the press, such as neutrality, fairness, and balance, are actually modern misconceptions. They also spell out how the news should be gathered, written, and reported even as they demonstrate why the First Amendment is on the brink of becoming a commercial right rather than something any American citizen can enjoy. *The Elements of Journalism* is already igniting a national dialogue on issues vital to us all. This book will be the starting point for discussions by journalists and members of the public about the nature of journalism and the access that we all enjoy to information for years to come.
