Instead, the troops are sent far from Gaul to North Africa. Then, in "Asterix and the Chieftain's Shield" with the village chief away, Caesar and his men come to play—and get their hands on a priceless Gaul shield! Asterix must foil their search and protect his village. Then Asterix heads to Greece to participate in the Olympic games. But how do the Gauls register themselves? As Romans? And is their powerful potion an ancient form of performance enhancers? It's an international bout for the ages and just when you think you know what to expect in Asterix, the creators Goscinny and Uderzo throw things at you that you never could've imagined. Includes a new afterword by Alexander Simmons providing historical and cultural context for Asterix, both in 50 B.C. and in the time the classic comics were made addressing various racial depictions
