If you are interested in understanding more about your true self, the purpose of life and your spiritual path, Esoteric Astrology is the book for you. You will be guided into a deeper dimension of astrology and the spiritual laws behind all life, for example the law of reincarnation and karma. There is a great difference between esoteric astrology that interprets the horoscope from the viewpoint of the soul, and traditional astrology that often is preoccupied with outer events and the desires and reactions of the outer self. An esoteric astrologer looks for the purpose of the soul, and the inner causes behind what happens to you in life. What are your talents and limitations, so that you can make use of and increase your good sides and eliminate or limit the bad habits. The book is written in a simple language, it is a beginner's guide to astrology. You will need no previous knowledge about astrology to read this book. This book is meant for anyone who is interested in spirituality and astrology. But it is also recommended for you who have studied astrology and wish to add a spiritual dimension to the subject. This book includes many important areas, such as: human relations, how to cast a horoscope, diseases, the purpose of life, and an esoteric interpretation of the signs. The book helps you to understand more about yourself. But to this is added astrology for humanity and nations, how astrological energies are influencing and are determinative for society. From the perspective of a spiritual background, this is indeed an entirely new way of looking at our civilization.

Tempest Mc Tierney is a mother and wife whose family is stalked by "Creepo" when her husband, a doctor, gets unexpected attention in the media. "Creepo" pursues the family relentlessly leading both Tempest and the reader on a roller coaster of emotions, fear, and pain. Finally, murder is the only answer to saving her family.

One of the glories of Elizabethan drama: Marlowe's powerful retelling of the story of the learned German doctor who sells his soul to the devil in exchange for knowledge and power.

Soul-Centered Astrology is a groundbreaking sourcebook. Influenced by Theosophical philosophy, Alice Bailey, and the Ancient Wisdom Teachings, Alan Oken describes the evolutionary process of spiritual self-development with the twelve astrological signs and their soulcentered planetary rulers and the esoteric significance of the planets in the signs. The book features an elevation of the spiritual importance of the ascendant, the incarnational relevance of cardinal, fixed, and mutable crosses, and the correlation between astrology and the Seven Rays. Revealing the soul's path to inner enlightenment and outer fulfillment, it offers a complete course for the serious student of the stars that encompasses and goes beyond birth signs and natal charts. Geared to the student traversing a spiritual path, Alan Oken teaches the secrets of Esoteric Astrology that have been a focus of study for mystics and initiates throughout the ages.

This down-to-earth exploration of natal chart interpretation shows the familial, male-female patterns in the zodiacal signs and the potentials they hold in combination with planetary energies and house symbolism. Our personalities are strongly influenced by what was happening around us when we were infants and whether our needs were met. Lundsted explains that our natal chart is our parent's transit chart, therefore revealing the truth of our childhood family dynamics. Once we understand these dynamics, Lundsted helps us move beyond laying blame on our parents by identifying the compensating

strengths revealed in the chart. She also shows us that the typically classified difficult or hard aspects in the chart actually hold the key to our transformation.

The story of your Nodes trace the trajectory of your Soul through time. Jungian Astrologer, Elizabeth Spring, again brings the North and South Nodes to life, years after writing "North Node Astrology; Re-discovering Your Life Direction and Soul Purpose." What about the South Node? Together the Nodes hold powerful insights into our soul journey; what we got right, what we suffered from, and what we're carrying over into this life, but the South Node specifically addresses what you need to do now to live your best life--and not to repeat the mistakes of the past. The insights are encrypted in the story of the South Node; and you can uncover this karmic story. Understanding the Nodes will keep you from sabotaging yourself and your relationships now. We repeat the past until we make it conscious; or as Carl Jung said: "When a given situation is not made conscious, it happens outside as fate." What do we not know about ourselves? Or our potential partners or children? What are the hidden dynamics in the relationship? Follow the planetary trail from the South Node... For students and astrologers this will be an excellent reference book; both for themselves and their clients, yet it's written for the curious new reader as well. Elizabeth is the author of five astrology books, including the best selling book: "North Node Astrology" Find her at: NorthNodeAstrology.com and on her podcast: *North Node Astrology* on Apple Podcasts "Elizabeth has done it again! Few astrologers can animate their symbols the way she does..." Steven Forrest, author of "The Inner Sky"

Charting the Soul is a synthesis of knowledge and understanding from the three fields of astrology, psychology and energy healing. The author is a professional astrologer, energy healer and process facilitator and she poses the idea that the three disciplines are three overlapping ways of engaging with a person's Human Energy Field. In the first place, Charting the Soul is based on Wilhelm Reich's psychological model of 'characterology'. Reich spoke of five distinct character types emerging from five stages of child development; the Schizoid, the Oral, the Masochist, the Psychopath and the Rigid. From this foundation, Charting the Soul goes on to make the link between characterology and astrology. The author describes the way in which specific planets are linked to each of the five character types. She shows how the pattern of the planets in the horoscope will indicate the balance of a person's characterology, illuminating both their childhood history and the character types they most identify with. Thus the traditional understanding of the character types is illuminated and expanded by the profound wisdom of astrology. From the spiritual view, this book takes us beyond the traditional psychological interpretation of the character types. Rebekah Hirsch recognises the impact of traumatic childhood experiences but she also sees the light of the divine essence of each living being eternally shining through from the core of all human experience. She suggests that the character types could be seen as five stages of the soul's journey into incarnation, each stage a necessary part of the creative process and bringing through essential gifts of genius, compassion, creativity, courage and wisdom. The main part of the book has been written so as to be understandable by non-astrologers. The focus is on an exploration of the archetypal nature, the core essence of each of the planets in the horoscope. The author also gives an overview of the energy structures of the human energy field. She describes how, using higher sense perception, each of the planets radiates qualities of light, shadow and movement - a distinct energy signature, appearing as a recognisable vibrational pattern in the human energy field. Staying with the theme of the five character types, the final section of the book comprises five case studies of Jimi Hendrix, Marilyn Monroe, Orson Welles, Frida Kahlo, and Pierre Teilhard de Chardin. This section is written for those with a more advanced understanding of astrology. Each case describes how the planets in the horoscope show the development of the character types through childhood as well as indicating the beautiful gifts and talents each soul brought into manifestation in the world of matter. Above all, this book is about awareness; about the divine nature of being alive and the power and beauty of each individual struggling to bring their own unique essence through into the world of matter. This book should be of interest to all students of astrology, particularly psychological astrology; also to a wide range of therapists and practitioners, particularly in the fields of Bio-Energetics, Core Energetics, Brennan Healing Science and Hakomi as well as to all individuals on a path of spiritual and emotional growth.

The Planets Within asks us to return to antiquity with new eyes. It centers on one of the most psychological movements of the prescientific age--Renaissance Italy, where a group of "inner Columbuses" charted territories that still give us today a much-needed sense of who we are and where we have come from, and the right routes to take toward fertile and unexplored places. Chief among these masters of the interior life was Marsilio Ficino, presiding genius of the Florentine Academy, who taught that all things exist in soul and must be lived in its light. This study of Ficino broadens and deepens our understanding of psyche, for Ficino was a doctor of soul, and his insights teach us the care and nurture of soul. Moore takes as his guide Ficino's own fundamental tool--imagination. Respecting the integrity and autonomy of images, The Planets Within unfolds a poetics of soul in a kind of dialogue between the laconic remarks of Ficino and the need to give these remarks a life and context for our day.

When Jeffrey Wolf Green retired and went into seclusion he left his daughter Deva with everything that he had ever written which included drafts of various manuscripts which he had intended to publish at various points. This also included every audio tape, video, dvd, and transcript of his lectures delivered over a lengthy career. He also gave Deva his business and asked her to carry on with it. This book reflects her desire to continue to disseminate his work as widely as possible. In Essays on Evolutionary Astrology: The Evolutionary Journey of The Soul there is a combination of transcribed lectures with parts of various manuscripts, most of which has never been in print before.

Demonstrates how karmic astrology can explain things about one's life while suggesting courses of action for dealing with old habits, phobias, hidden talents, communication barriers, and manner of handling anger

One of the most important journeys in life is finding your calling, a process of identifying and embracing the best career for personal satisfaction and success. As a child, you may have intuitively identified a career path that felt exciting and right. But it's easy to lose that belief and clarity as you navigate a confusing world. Competing and contradictory advice and expectations from friends, family, and society can make it challenging to identify what you truly want to do in the world, and how to pursue your dreams. In this inspiring, practical, and supportive book, Jan Spiller teaches you how the 10th House - or Midheaven - in your astrological chart can shed light on the tools and gifts you have to achieve success in any area of life. When you embrace and express your natural talents, you more easily enlist others in your success, and events fall into place more smoothly. But more than that, the 10th House shows how you can actualize the part of yourself that seeks a meaningful place in the world, and how to align more closely with your deeper purpose. On all levels - financial, emotional, relational, and spiritual - the 10th House can guide you to fulfillment, authenticity, and success. You'll need your astrology chart to use this book. In this book, Charles Carter (1887-1968) shows how the Zodiac of twelve constellations describes an ideal world. In other words, how the soul - the ideal - reveals itself in astrological terms. In the process, Carter invents a new form of rulerships, based on the traditional exaltations, which includes the outer planets. Carter also teases us with his unpublished system of numerology, which was based on 12, rather than the usual 10. As astrology is based around the numbers 2, 3, 4 and 12 (not 5 or 10), a base-12 number system is of immediate interest. Realizing his subject was abstract and unlikely to appeal to all, Carter also includes innovative ideas on directing, and on transits. The result is a book that fascinates on many levels. Charles E.O. Carter, one of the leading astrologers of the 20th century, was President of the Astrological Lodge at the Theosophical Society from 1920 to 1952. He was first Principal of the Faculty of Astrological Studies, which he helped found in 1948. He edited The Astrologer's Quarterly from 1926 until 1959. The Zodiac and the Soul was first published in 1928, with revisions in 1947, 1960, and 1968, the year of his death.

NATIONAL BOOK AWARD FINALIST • "A masterpiece" (Minneapolis Star Tribune), a "devastating" (The New York Times) meditation on Black performance in America from the MacArthur "Genius Grant" Fellow and bestselling author of Go Ahead in the Rain WINNER OF THE GORDON BURN PRIZE • LONGLISTED FOR THE ANDREW CARNEGIE MEDAL • ONE OF THE TEN BEST BOOKS OF THE YEAR: Chicago Tribune, Publishers Weekly • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Time, Esquire, NPR, and BookRiot "Gorgeous essays that reveal the resilience, heartbreak, and joy within Black performance."—Brit Bennett, author of The Vanishing Half At the March on Washington in 1963, Josephine Baker was fifty-seven years old, well beyond her most prolific days. But in her speech she was in a mood to consider her life, her legacy, her departure from the country she was now triumphantly returning to. "I was a devil in other countries, and I was a little devil in America, too," she told the crowd. Inspired by these few words, Hanif Abdurraqib has written a profound and lasting reflection on how Black performance is inextricably woven into the fabric of American culture. Each moment in every performance he examines—whether it's the twenty-seven seconds in "Gimme Shelter" in which Merry Clayton wails the words "rape, murder," a schoolyard fistfight, a dance marathon, or the instant in a game of spades right after the cards are dealt—has layers of resonance in Black and white cultures, the politics of American empire, and Abdurraqib's own personal history of love, grief, and performance. Abdurraqib writes prose brimming with jubilation and pain, infused with the lyricism and rhythm of the musicians he loves. With care and generosity, he explains the poignancy of performances big and small, each one feeling intensely familiar and vital, both timeless and desperately urgent. Filled with sharp insight, humor, and heart, A Little Devil in America exalts the Black performance that unfolds in specific moments in time and space—from midcentury Paris to the moon, and back down again to a cramped living room in Columbus, Ohio.
