Buckle your seatbelts for three high-flying aviation thrillers—written by experienced pilots including a New York Times—bestselling author. Lockout Whoever has electronically disconnected the flight controls of Pangia Flight 10 as it streaks toward the volatile Middle East may be trying to provoke a nuclear war. With time and fuel running out, the pilots are forced to put animosities aside and risk everything to wrest control from the electronic ghost holding them on a course to disaster. “A wild ride through the night sky.” —Capt. “Sully” Sullenberger, #1 New York Times—bestselling author Paper Wings When a boat is found adrift off Fort Lauderdale, the investigation leads to more than murder—the evidence points to an “accident” that downed a passenger jet in Bermuda. Capt. Hart Lindy’s role in the NTSB investigation puts him on a flight path to danger trying to determine what really happened to Flight 63. “A masterful melange of deadly mysteries and desperate acts.” —John J. Nance, New York Times—bestselling author The Strait Upon learning that Swede Bergstrom, the hero who saved his life, has been killed during the commission of a crime, pilot Jake Silver agrees to follow Swede’s mysterious and beautiful sister, Christina, on a search to clear her brother’s name. Their odyssey will take them into the heart of darkness itself, dodging death every step of the way . . . “The Strait interrupted my normal sleep cycle . . . a page-turner for sure.” —Donald J. Porter, aviation historian and author of Flight Failure

The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis – all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.

Jason Conrad, a man with the wealth of Bill Gates, decides to preserve for posterity the seeds of as many animal and plant species as possible in a vast and remote underground facility, taking the world's legitimate seed banks and "frozen zoos" to a whole new level. Conrad's secret doomsday complex, though, is staffed by a combination of environmental experts and mercenaries who will stop at nothing to achieve their once-noble ambitions. After a fellow police officer is murdered and his award-winning German shepherd disappears, Montreal Sergeant-Detective Irina Drach and her young partner, Sergeant-Detective Hudson, connect the crime with a seed bank raid in Ardingly, England, and the kidnapping of a Triple Crown Thoroughbred named Zarathustra. Soon it becomes apparent that highly organized, ruthless abduction teams are raiding seed banks around the world, as well as scooping up the finest animal specimens from zoos, nature preserves, and the wild. Despite the global implications and ballooning media interest, however, Irina never forgets that her foremost aim is to solve the murder of a friend and fellow officer. Rob Krane and his associates planned on investigating part of his unusual partner, Burak Demir's international criminal network in exotic Bulgaria - what they didn't plan on was rescuing the renowned Williamson family from their sinking yacht and the attention that generates.

Ryan D'Agostino, former senior editor at Money, wanted to know how the wealthiest in America got that way. So he asked. Knocking on 500 doors in some of the most affluent zip codes in America, D'Agostino met with men and women who welcomed him in and shared their most difficult financial decisions, toughest setbacks, greatest strategies, most triumphant moments, and deepest insights. In Rich Like Them, he weaves together what he learned and offers maxims for achieving wealth, such as "Never Let Pride Get in the Way of Profit," and "When you fail miserably, be thankful." Filled with inspiring stories and straight-up advice, Rich Like Them is a lively and practical get-rich guide that any reader can follow.

Decisions split paths. Bad decisions compound and suddenly you are no more than variations of yourself. Marina Sorensen rots in a prison of her own making. The bars are the thick arms and meaty hands of Brödraskapet thugs who make money selling her body. Her guilt is the unbreakable shackle. Loneliness is her ever tightening noose. Trading her life for the survival of another is her only salvation.? For Base Branch operative Oliver Knight an eliminate and rescue

mission in hostile territory against a brotherhood of brutal sons-of-bitches is another adventure. Downtime between missions in foreign locales with exotic women is worth dodging a few bullets. There is also the sense of duty and pride in a job well done. He and his buddy rescue Marina and are blindsided by the striking, broken woman who mistakes them for Stronghold Tech. Before they can figure out how she knows about the elite securities team or find and eliminate their mark, the enemy discovers their hideout. Capture would be a fate worse than death and it looms so close Oliver and Marina can french it. Betrayals meet harsh light and the fun-loving soldier is forced to face cruel reality. His damsel in distress is the one to blame, especially when Stronghold forces show, adding chaos to the kabooms. The dire situation turns deadly and Marina holds the key. If only Oliver can stop loving and hating her long enough to get the answers. From the national bestselling author of *Racing Weight*, Matt Fitzgerald exposes the irrationality, half-truths, and downright impossibility of a "single right way" to eat, and reveals how to develop rational, healthy eating habits. From "The Four Hour Body," to "Atkins," there are diet cults to match seemingly any mood and personality type. Everywhere we turn, someone is preaching the "One True Way" to eat for maximum health. Paleo Diet advocates tell us that all foods less than 12,000 years old are the enemy. Low-carb gurus demonize carbs, then there are the low-fat prophets. But they agree on one thing: there is only one true way to eat for maximum health. The first clue that that is a fallacy is the sheer variety of diets advocated. Indeed, while all of these competing views claim to be backed by "science," a good look at actual nutritional science itself suggests that it is impossible to identify a single best way to eat. Fitzgerald advocates an agnostic, rational approach to eating habits, based on one's own habits, lifestyle, and genetics/body type. Many professional athletes already practice this "Good Enough" diet, and now we can too and ditch the brainwashing of these diet cults for good.

Sci-fi alert! Ian MacDonald, a doctor assigned to work with a Katanga tribe in Namibia, meets a youth named Kimba, who must run through lion and cheetah-infested paths every day on his way to and from school. Kimba's running and academic accomplishments earn him a scholarship to St. Andrews University in Scotland, which happens to be Dr. MacDonald's alma mater. At St. Andrews, Kimba meets and marries Seti, with whom he agrees to use his acquired cloning knowledge to cross-breed cheetah and human DNA strands for her to give birth to a super-fast son that they name Masemba. Kimba and Masemba are challenged to solve Masemba's disqualifying cheetah-genetic predatory instinct of attacking other runners while on his way to winning Olympic gold medals in the 100 meters and marathon races. Masemba is also awarded the Victoria Cross for saving the Queen from an Al-Qaeda assassination attempt. The epilogue continues with Masemba's use of his super-fast speed to help the Chicago Cubs win the World Series and earn him Rookie of the Year and MVP awards, despite his never having swung a bat.

At twenty-one years old, Gennico, aka Juice, and his twin sister, Jennifer, aka Jen, are the envy of all socialites. Being born and raised in a life of crime, these two have always had the best of everything. After the death of their parents, Jen and Juice decide they want to take on their parents' kleptomaniac legacy. With the help of their uncle, Flip, not only have they taken on their parents' legacy, they have created one bad ass reputation of their own. Ruthless, witty, and money hungry and the oldest of the twins, Juice is known for being the ultimate ladies' man. Growing up, Juice's dreams were to be a porn star and a bigger criminal than his father, Nico Rodriguez Sr. If there's money out there, Juice wants it all and will get it by any means necessary. With his sister by his side, Juice has nothing to fear. When his overprotective ways drive a wedge between him and his sister, Juice is left in the mean streets alone with enemies watching and waiting to knock him off his game. The youngest of the Rodriguez twins, smart, outgoing, adventurous, a spontaneous dreamer and a lover of love and probably the only chick in the hood whose hymen is still intact. Under all those beautiful qualities lies a cold-blooded criminal. She loves no one more than her family, but they can be very overbearing. At twenty-one years old, all Jen know is getting money. She has never been on a date and has never had a boyfriend. Never one to ask for much, all she ever wanted was love, but Juice and Uncle Flip have other plans for her. Feeling overwhelmed, Jennifer packs up and leaves town, making herself a target. When she meets Jaseon "Jase" Meyers, she thinks she has met her perfect guy, but that all takes a turn when Jen discovers that everything she thought she knew about him was all a lie. Jaseon has his own legacy that he needs to uphold which includes taking down the Rodriguez twins.

Two alien invasions. Two heroes. One Story. Collects *EMPIRES: EXTRACTION* and *EMPIRES: INFILTRATION* in one volume! This groundbreaking collaboration between two Gollancz authors tells of the invasion of Earth by two different alien races - at the same time. Two men become aware of the threat, and must work to sabotage the invasion plans and see off the aliens. Each book follows one hero, uncovering the threat to humanity and the world from their point of view. Each book can be read on its own, and will give the reader a complete, kinetic, fast-paced military SF story. But read both books and the reader gets something else - another view of (some of) the same events and crossover points, culminating in a bloody battle at Canary Wharf. The two books can be read in any order, but together they tell the story of humanity caught in the crossfire between two deadly alien races, who have made Earth their battleground...

When an Italian kingpin falls, a battle of successors begins in this “razor-sharp political thriller set in Berlusconi’s Rome” (The New Statesman). Things are changing in Rome. The new Pope, determined to reform the Vatican, proclaims an extraordinary Jubilee year, one “of Mercy.” A new center-left government replaces its disgraced predecessor. And with the underworld kingpin Samurai in jail, his protégé Sebastiano Laurenti plans to establish himself as his designated successor. But to do it, he must reckon with a new generation of gangsters and racketeers edging in on the corrupt profits to be made off the Jubilee’s public works. Meanwhile, Laurenti must also keep an eye on the ambitious newly elected politician Chiara Visone. As the sharks circle and the street-dogs fight, a tenuous hope endures. An incorruptible politician of the old left is about to forge an unlikely alliance with a young bishop who refuses to play the Vatican’s power games. Sharp, dark, and taut, *The Night of Rome* is fiction that sails dangerously close to the wind of current events.

Mike Stratton, a disbarred attorney, recently released from a federal prison, wakes up in jail in Cardiff-by-the-Sea, California, his boyhood hometown, suffering from amnesia and charged with the rape and murder of Diane Lawson. Her half-naked body was found in his Winnebago, parked at a local campground. Stratton is found next to her; unconscious, and with a head and hand injury—his blood alcohol level off the scale. Stratton’s last memory is arriving unannounced at his Encino home, where he discovered his wife, Shiela, playing house with Gordon Heller—his best friend, former law partner, and a co-participant in the insider-trading scheme that sent Stratton to prison. When C. J. Hagerty, the feisty and eccentric female attorney appointed to defend Stratton, wins a bail hearing, Stratton sets out to discover if he, or someone else, killed Diane Lawson. Her twin sister, Laura, stood to inherit a sizable estate. Her ex-husband, whom she dumped, was still in love with her. And then there is her boss, Martin Kolb, President and CEO of Quella Industries, a high-flying local defense contractor, who Diane threatened with a “whistleblower” lawsuit. Set against the background of colorful San Diego, and filled with surprises, this intelligent, tightly-crafted murder mystery and courtroom drama, will leave readers hanging on until the final plot-twisting denouement.

'Gripping subjects, brilliantly drawn characters and a twisty turny journey from beginning to end. A tense, thrilling read and definitely 5 humongous ??? from me' Angela Marsons. Someone stole a baby... One sunny day in July, someone took three-month-old Alicia Owen from her pram outside a supermarket. Her mother, Marie, was inside. No one saw who took Alicia. And no one could find her. They silenced her cry... Fifteen years later, a teenager on a construction site sees a tiny hand in the ground. When the police investigate, they find a baby buried and preserved in concrete. Could it be Alicia? But the truth will always out. When Alicia disappeared, the papers accused Marie of detachment and neglect. The Owens never got over the grief of their child's disappearance and divorced not long after. By reopening the case, DC Beth Chamberlain must reopen old wounds. But the killer may be closer than anyone ever suspected... The latest crime thriller featuring Family Liaison Officer DC Beth Chamberlain, *Hush Little Baby* is tightly plotted, fraught with tension and impossible to put down. 'Jane Isaac writes unmissable quality crime fiction' Michael Wood, author of *For Reasons Unknown*. 'Gripped from the very first page ... and just when you think it's over, it's really only the beginning' June Taylor, author of *Losing Juliet*. 'Brilliantly and intricately plotted, Jane Isaac has produced a terrific page-turner' Lizzie Sirett, *Mystery People*.

Jack Susko is enjoying a quiet life as the owner of a secondhand bookstore, preferably in the company of his cat rather than actual paying customers. But when Hammond Kasprowicz, a crabby but wealthy businessman, offers Jack some easy money, of course Jack doesn't turn down the offer. After all, what problem could there possibly be with locating as many copies as possible of the works of an obscure poet? And who cares what Hammond wants to do with them? For all that Jack cares, he could burn them. Which, in fact, is exactly what Hammond does. But very soon, books aren't the only things disappearing...

The chemicals manufacturing industry is a vibrant, global business that encompasses many important sectors: from commodity chemicals, to specialty chemicals to custom manufacturing. Key products include biochemicals, nanochemicals, polymers, petrochemicals, fertilizers, plastics, coatings, ceramics, solvents, additives, dyes and many other products basic to home and business needs. In addition, the pharmaceuticals industry is often included when discussing chemicals. *Plunkett's Chemicals, Plastics & Coatings Industry Almanac 2007* covers such sectors, providing a market research tool for competitive intelligence, strategic planning, business analysis and even employment searches. Our coverage includes business trends analysis and industry statistics. The almanac also contains a chemicals, plastics and coatings business glossary and a listing of industry contacts, such as industry associations and government agencies. Next, we profile hundreds of leading companies. Our company profiles, nearly 400, include complete business descriptions and up to 27 executives by name and title. A CD-ROM accompanies the book version and enables you to search, filter, view and export selected companies and organizations -- a handy tool for creating mailing lists.

A body in a boat and a deadly emergency landing lead an airline pilot to uncover a conspiracy in this technological thriller. When a boat and its grisly cargo are found adrift off Fort Lauderdale the investigation leads to more than “just” murder. In fact, the evidence points to a connection of an in-flight emergency that resulted in passenger fatalities and forced a diversion of Patriot Airlines Flight 63 to Bermuda. As the accidents investigation chairman of the pilots’ union, Captain Hart Lindy will find himself reluctantly drawn into the National Transportation Safety Board’s inquiry only to discover that someone is going to great lengths—including murder and kidnapping—to prevent the facts from being exposed. But who? And why? These are the questions Lindy will need to answer to get at the truth about what really happened to Flight 63. His task is complicated by his own personal demons, including the horrors of past airline crash investigations, as well as walking a diplomatic tightrope with an eccentric FBI special agent who is barely tolerating protocol, and an ambitious female investigator with eyes for Hart. Written by a veteran airline pilot and aviation analyst, *Paper Wings* will keep you up in the air and on the edge of your seat! “A masterful mélange of deadly mysteries and desperate acts.”—John J. Nance, *New York Times*—bestselling author of *Lockout*

The earth is broken and fragmented, unable to properly function now in the way that was intended. The schism is palpable as people destroy it through their love and fear of imaginary Gods. We need to fix what we have, before we create something new.? She says. I know.? I say, holding her to me as we study the earth. I am Alex Midwinter, From Awakening, to Ascension and finally Divinity The Godhead is Born "Tander Phigg was an asshole, but he was also a Barnburner. Barnburners saved my life. I help them when I can. No exceptions." The job seems simple. Conway Sax, a no-nonsense auto mechanic with a knack for solving difficult problems, has never liked obnoxious blowhard Tander Phigg. But a promise is a promise. Tander's a Barnburner, a member of the unique Alcoholics Anonymous group that rescued Conway, and when a Barnburner has a problem, Conway takes care of it. Besides, all Tander wants is to get back his baby, a vintage Mercedes that's been in a shady auto shop far too long. But Conway soon discovers there's much more to the problem than Tander first let on – especially when Tander turns up dead. Conway was the last person seen with the victim, and on top of that, he has a record, making him the cops' top suspect. He must catch the killer to clear himself, but beyond that, he's a man who honors his promises, even when the guy he made them to is dead. In the tradition of Robert B. Parker and Dennis Lehane, Steve Ulfelder's crackling debut mystery features a gritty, razor-sharp new voice in crime fiction. Conway Sax isn't a hired gun or a wise-cracking urbanite. He's just a mechanic trying to make his way, a blue-collar guy whose ideas about family and loyalty are as deeply held as they are strong. He'll break your heart if you're not careful. Advance Praise for Purgatory Chasm: "Genuine characters and intense action--a serious crime novel with serious edge." – Patrick Lee, New York Times bestselling author of The Breach "Purgatory Chasm grabs you at the gate and doesn't let go, careening through a top-notch whodunit to an ending you don't see coming. A debut this good makes you wonder what Ulfelder's holding back for the next race." –Sophie Littlefield, Edgar Award-nominated author of A Bad Day for Sorry "Holds a hot, ominous idle just until Ulfelder engages gears and hits the gas, pinning you back against the seat, hopeless to leave before the end of the ride. One of those rare debuts that leaves you immediately eager to see what is next." --Michael Koryta, award-winning author of The Silent Hour and The Cypress House "Ulfelder's voice makes the tale as powerful and true as rocketing down the back straight at Martinsville Speedway. He's given us living proof that scars are sometimes the only legacy we can pass down from one generation to the next." -- Louise Ure, Shamus Award winning author of Liar's Anonymous Retired Detective Inspector Frank Elder struggles with guilt when his teenage daughter deteriorates into reckless behavior following a rape that he could have prevented, while Detective Sergeant Maddy Birch becomes increasingly uneasy in her suspicions that she is being stalked. By the author of Lonely Hearts. Reprint.

Fans of Terry Pratchett and Shane Kuhn's THE INTERN'S HANDBOOK will love this noir supernatural thriller. hr Death needs a vacation. Badly. But there's a catch: There are people who cheat the system, always falling through the cracks and not dying like they're supposed to. Who's going to take care of them while Death's sipping on sangria? The answer is simple: Death needs an intern, and it doesn't take a rocket scientist to realize that one prospect, Buck Palasinksia—a bankrupt hitman with a roleplaying addiction—might have what it takes. While scoping out his next target, Buck gets drilled in the forehead by a bullet and falls right into Death's lap. If they shove him back into his body, he'll have a few weeks to prove that he has what it takes to be Death's right-hand. All he has to do is take out Public Enemy No. 1, John Dillinger, and quit smoking.

In a world filled with great museums and great paintings, Leonardo da Vinci's Mona Lisa is the reigning queen. Her portrait rules over a carefully designed salon, one that was made especially for her in a museum that may seem intended for no other purpose than to showcase her virtues. What has made this portrait so renowned, commanding such adoration? And what of other works of art that continue to enthrall spectators: What makes the Great Sphinx so great? Why do iterations of The Scream and American Gothic permeate nearly all aspects of popular culture? Is it because of the mastery of the artists who created them? Or can something else account for their popularity? In Famous Works of Art—And How They Got That Way, John B. Nici looks at twenty well-known paintings, sculptures, and photographs that have left lasting impressions on the general public. As Nici notes, there are many reasons why works of art become famous; few have anything to do with quality. The author explains why the reputations of some creations have grown over the years, some disproportionate to their artistic value. Written in a style that is both entertaining and informative, this book explains how fame is achieved, and ultimately how a work either retains that fame, or passes from the public consciousness. From ancient artifacts to a can of soup, this book raises the question: Did the talent to promote and publicize a work exceed the skills employed to create that object of worship? Or are some masterpieces truly worth the admiration they receive? The creations covered in this book include the Tomb of Tutankhamun, Botticelli's Birth of Venus, Raphael's Sistine Madonna, El Greco's The Burial of Count Orgaz, Rodin's The Thinker, Van Gogh's Starry Night, and Picasso's Guernica. Featuring more than sixty images, including color reproductions, Famous Works of Art—And How They Got That Way will appeal to anyone who has ever wondered if a great painting, sculpture, or photograph, really deserves to be called "great."
