From this "fabulous storyteller" (Carolyn Brown, New York Times bestselling author) comes a sweet western romance between a rodeo cowboy and his best friend's ex-wife. What's the saying, bad luck comes in threes? If so, Lily Green is due for something good. First, her divorce is finalized---on her birthday, no less. Then the first job she lands for her catering company turns out to be for her ex-husband's wedding. To top it off, she's stuck working the event with Luke Everett, the sexy-as-hell best man who's never been able to stand her. When can a girl catch a break? For years, Luke has kept his feelings for Lily safely hidden. Hitting on his best friend's ex-wife would definitely break the cowboy code of honor. But ever since an injury sidelined his rodeo riding, the two of them keep getting thrown together. It's only a matter of time until his true feelings come to light. When that happens, it will either be the biggest mistake of his life, or a sign that his luck is about to change. "Cross my heart, this sexy, sweet romance gives a cowboy-at-heart lawyer a second chance at first love and readers a fantastic ride." --- New York Times bestselling author Jennifer Ryan on *Second Chance Cowboy*

'I often ask myself what makes a story work,' wrote the great American author, Flannery O'Connor. 'I have decided that it is probably some action, some gesture of a character... which is both totally right and totally unexpected... one that is both in character and beyond character.' The five stories shortlisted for this year's BBC National Short Story Award with Book Trust all feature people making just such gestures, acting in ways that reach beyond themselves: a woman takes refuge from a disastrous relationship by caring for a morbidly obese man; parents of a missing girl desperately resort to the services of a woman whose talents they barely credit; a middle-class resident of a leafy corner of Windsor finds herself caught at a crossroads in history; a young man attempts to impress his girlfriend's unconventional parents – to excruciating, comic effect; and a young woman attempts to stitch together her own approach to life in the face of love. In each case we see an individual endeavouring to stand up, to make a difference, to be part of something bigger. Now in its tenth year, the BBC National Short Story Award has witnessed a decade of revival for the form, and the stories on this list show just what fine fettle it's in. The shortlist was selected by crime-writer Ian Rankin, novelist Tash Aw, previous winner Sarah Hall, BBC Books Editor Di Speirs, and former BBC correspondent and journalist Allan Little, who chaired the panel and introduces this collection.

The sixth title in the Grand Stand series presents new trends in the ever-changing world of stand design. The scenographic design of space and the creation of a stimulating atmosphere are crucial in shaping human experience. The design of trade fair stands has become increasingly important to exhibiting organizations, and today's designers are playing an essential role in integrating brand identity into fascinating corporate presentations. This inspiring volume covers the creative processes behind 120 temporary spaces, including how to deal with challenges such as restrictions of space and limitations of lighting. The outcome is the realization of transient yet thrilling settings. Divided into nine chapters, including mobility, apparel, and architectural products, many projects are illustrated with sketches and floor plans alongside stunning photography. Each stand is presented on two to four pages with an explanatory text about the design and technical information provided to help further explain the design process from concept to execution. This title is filled with contemporary stand designs that will inspire architects, designers, brand managers, and any individuals interested in the building of ephemeral environments that leave an indelible impression.

From Mark Haddon, author of *The Curious Incident of the Dog in the Night-Time*, *A Spot of Bother*, and *The Red House*, nine dazzling stories diverse in style but united in emotional power. The tales in Mark Haddon's lyrical and uncompromising new collection take many forms—Victorian adventure story, science fiction, morality tale, contemporary realism—but they all showcase his virtuoso gifts as a stylist and the deep well of empathy that made his three bestselling novels so compelling. The characters here are often isolated physically or estranged from their families, yet they yearn for connection. In aggregate the stories become a meditation on the essential aloneness of the human condition but also on the connections, however tenuous and imperfect, that link people to one another. In the title story, an unnamed narrator describes with cool precision a catastrophe that strikes a seaside town, both tearing lives apart and bringing them together. In the prizewinning story "The Gun," a boy's life is marked by the afternoon he encounters a semiautomatic pistol belonging to his friend's older brother; in "The Island," a Greek princess is abandoned on an island by her abductor; in "The Boys Who Left Home to Learn Fear," a group of adventurers travel deep into the Amazonian jungle but discover the gravest danger lurking among their own number; and in "The Woodpecker and the Wolf," a woman wonders whether she has chosen to travel to Mars only to escape the entanglement of human relationships back here on Earth. Drawing inventively from history, myth, folktales, and modern life, *The Pier Falls* showcases Haddon's immense gifts of invention and penetrating insight.

Domain engineering is a set of activities intended to develop, maintain, and manage the creation and evolution of an area of knowledge suitable for processing by a range of software systems. It is of considerable practical significance, as it provides methods and techniques that help reduce time-to-market, development costs, and project risks on one hand, and helps improve system quality and performance on a consistent basis on the other. In this book, the editors present a collection of invited chapters from various fields related to domain engineering. The individual chapters present state-of-the-art research and are organized in three parts. The first part focuses on results that deal with domain engineering in software product lines. The second part describes how domain-specific languages are used to support the construction and deployment of domains. Finally, the third part presents contributions dealing with domain engineering within the field of conceptual modeling. All chapters utilize a similar terminology, which will help readers to understand and relate to the chapters content. The book will be especially rewarding for researchers and students of software engineering methodologies in general and of domain engineering and its related fields in particular, as it contains the most comprehensive and up-to-date information on this topic.

Cowboy to the rescue Once upon a time, Sheriff Cash Hawkins left his simple life for something bigger---and came home with a broken heart. Now he has everything he needs right here in Oak Bluff, California---his job, his dog, and a quiet ranching town best explored on the back of a horse. Olivia Belle believes in fairy tales---just not for herself. So when her boyfriend drops to one knee at his sister's wedding with a proposal that is more business than romance, she high-tails it out of San Francisco in search of the only evidence she knows that true love exists---her grandparents' lost love letters from fifty years ago. When Olivia speeds into his town like a modern-day Cinderella in her ball gown and glass slippers, Cash's careful existence is finally thrown for a loop. Maybe the answer Olivia's looking for is in Oak Bluff, but the life she ran from is more than 200 miles away. As for Cash . . . he knows a thing or two about being left on bended knee. Olivia Belle could be his happily ever after . . . if this runaway bridesmaid doesn't run off with his heart. "A fabulous storyteller who will keep you turning pages and wishing for just one more chapter at the end." --- Carolyn Brown, New York Times bestselling author, on *Second Chance Cowboy* "Cross my heart, this sexy, sweet romance gives a cowboy-at-heart lawyer a second chance at first love and readers a fantastic ride." --- New York Times bestselling author Jennifer Ryan on *Second Chance Cowboy*
