So they carry on in secret until Nasrin's parents suddenly announce that they've arranged for her marriage. Then Sahar discovers what seems like the perfect solution: homosexuality may be a crime, but to be a man trapped in a woman's body is seen as nature's mistake, and sex reassignment is legal and accessible. Sahar will never be able to love Nasrin in the body she wants to be loved in without risking their lives, but is saving their love worth sacrificing her true self?

Now in paperback, two novellas from the Hungarian master László Krasznahorkai—“one of the most mysterious artists now at work” (Colm Toibín) *The Last Wolf* (translated by George Szirtes) is Krasznahorkai in a maddening nutshell—it features a classic obsessed narrator, a man hired (by mistake) to write the true tale of the last wolf in Spain. This miserable experience (being mistaken for another person, dragged about a cold foreign place, and appalled by a species’s end) is narrated—all in a single sentence—as a sad looping tale, a howl more or less, in a dreary Berlin bar to a patently bored bartender. Herman (translated by John Batki), “a peerless virtuoso of trapping who guards the splendid mysteries of an ancient craft gradually sinking into permanent oblivion,” is asked to clear a forest’s last “noxious beasts.” He begins with great zeal, although in time he “suspects that maybe he was ‘on the wrong scent.’” Herman switches sides, deciding to track entirely new game ...

A companion to contemporary German crime fiction for English-speaking audiences is overdue. Starting with the earlier Swiss “classics” Glauser and

Dürrenmatt and including a number of important Austrian authors, such as Wolf Haas and Heinrich Steinfest, this volume will cover the essential writers, genres, and themes of crime fiction written in German. Where necessary and appropriate, crime fiction in media other than writing (TV-series, movies) will be included. Contemporary social and political developments, such as gender issues, life in a multicultural society, and the afterlife of German fascism today, play a crucial role in much of recent German crime fiction. A number of contributions to this volume will comment on the literary reflection of these issues in the texts. The goal of the volume is to make available to English-speaking audiences, to students, teachers and to a wider circle of interested readers, a series of articles on genres, topics, authors, and texts that will help them understand the scope and depth of German crime fiction, its ties to international traditions and also the specificity of the German context, its historical development and contemporary situation. Based on the findings of an interdisciplinary research project, *Transcultural Modernisms* maps out the network of encounters, transnational influences, and local appropriations of an architectural modernity manifested in various ways in housing projects in India, Israel, Morocco, and China. Three case studies, realized in the era of decolonization, form a basis for the project, which further investigates specific social relations and the transcultural character of building discourses at the height of modernism. Rather than building on the notion of modernism as having moved from the North to the South—or from the West to the rest of the

world—the emphasis in Transcultural Modernisms is on the exchanges and interrelations among international and local actors and concepts, a perspective in which “modernity” is not passively received, but is a concept in circulation, moving in several different directions at once, subject to constant renegotiation and reinterpretation. In this book, modernism is not presented as a universalist and/or European project, but as marked by cultural transfers and their global localization and translation. In 1904, a group of Koreans seeks a new life in Mexico, in this “powerful, sweeping” novel based on a little-known chapter in history (List Magazine). In 1904, facing war and the loss of their nation, more than a thousand Koreans leave their homes for the promise of land in unknown Mexico. After a long sea voyage, these emigrants—thieves and royals, priests and soldiers, orphans and families—discover that they have been sold into indentured servitude. Aboard the ship, the orphan Ijeong falls in love with a nobleman’s daughter. When the hacendados claim their laborers and the two are separated, he vows to find her. But after years of working in the punishing heat of the henequen fields, the Koreans are caught in the midst of a Mexican revolution . . . Beautiful, whimsical, and entertaining, this book of illustrations by Britta Teckentrup shows eggs in all their fragility, complexity, and variety. Is there anything as simple as an egg? Is there anything as complex? In this gorgeous picture book, Britta Teckentrup portrays eggs through the eyes of an artist. From hummingbirds to the extinct elephant bird, illustrations of the avian world s smallest and largest eggs demonstrate the variety present in nature. Pastel studies explore the rainbow of soft colors and intricate patterns that make eggs of common

birds seem incredibly striking. In Teckentrup's hands, a scattering of broken egg shells become abstract art; a nest of unhatched eggs suggest the possibility and promise of life. Her studies of songbirds and nests are themselves beautifully composed works of color and line. A lovely meditation on the diversity of eggs, this magnificent book offers hours of lingering pleasure, and becomes fertile ground for conversation and imagination."

Keith Jarrett is one of the great pianists of our times. Before achieving worldwide fame for his solo improvisations, he had already collaborated with Art Blakey, Charles Lloyd and Miles Davis. His 'Köln Concert' album (1975) has now sold around four million copies and become the most successful solo recording in jazz history. His interpretations of the music of Bach, Händel, Bartók or Shostakovich, have also received much attention in later years. Jarrett is considered difficult and inaccessible, and has often abandoned the stage during his concerts due to restless audiences or disturbing photographers. Few writers have come as close to Keith Jarrett as Wolfgang Sandner, who has not only closely followed Jarrett's remarkable career from the 1960s, but has also had the opportunity to visit him in his home in the United States. For this biography, which is full of detailed musical analysis and cross-references to other artistic genres, Sandner has collected new information about Jarrett's family background, much of which is thanks to the translator, Keith Jarrett's youngest brother Chris. The book explores Jarrett's work with other musicians, in particular the members of his American and European Quartets and his Standards Trio, it charts the development of his solo concerts, and it also investigates his work in the classical sphere, as well as the highly original music he has created in his own home studio. It also covers his associations with his various record labels and producers, notably his unparalleled relationship with ECM and its founder Manfred Eicher.

A “mesmerizing” novel of a love triangle and a mysterious disappearance in South Korea (Booklist). In the fast-paced, high-urban landscape of Seoul, C and K are brothers who have fallen in love with the same beguiling drifter, Se-yeon, who gives herself freely to both of them. Then, just as they are trying desperately to forge a connection in an alienated world, Se-yeon suddenly disappears. All the while, a spectral, calculating narrator haunts the edges of their lives, working to help the lost and hurting find escape through suicide. When Se-yeon reemerges, it is as the narrator’s new client. Recalling the emotional tension of Milan Kundera and the existential anguish of Bret Easton Ellis, *I Have the Right to Destroy Myself* is a dreamlike “literary exploration of truth, death, desire and identity” (Publishers Weekly). Cinematic in its urgency, the novel offers “an atmosphere of menacing ennui [set] to a soundtrack of Leonard Cohen tunes” (Newark Star-Ledger). “Kim’s novel is art built upon art. His style is reminiscent of Kafka’s and also relies on images of paintings (Jacques-Louis David’s ‘The Death of Marat,’ Gustav Klimt’s ‘Judith’) and film (Jim Jarmusch’s ‘Stranger Than Paradise’). The philosophy—life is worthless and small—reminds us of Camus and Sartre, risky territory for a young writer. . . . But Kim has the advantage of the urban South Korean landscape. Fast cars, sex with lollipops and weather fronts from Siberia lend a unique flavor to good old-fashioned nihilism. Think of it as Korean noir.” —Los Angeles Times “Like Georges Simenon, [Kim’s] keen engagement with human perversity yields an abundance of thrills as

Their high-spirited and luminous correspondence offers an intimate and often amusing portrait of these two men as they explore the complexities of the here and now and reveal their pleasure in each other’s friendship on every page.

A rich collection of essays tracing the relationship between art and sound. In the 1970s David Toop became preoccupied with the possibility that music was no longer bounded by formalities of audience: the clapping, the booing, the short attention span, the demand for instant gratification. Considering sound and listening as foundational practices in themselves leads music into a thrilling new territory: stretched time, wilderness, video monitors, singing sculptures, weather, meditations, vibration and the interior resonance of objects, interspecies communications, instructional texts, silent actions, and performance art. Toop sought to document the originality and unfamiliarity of this work from his perspective as a practitioner and writer. The challenge was to do so without being drawn back into the domain of music while still acknowledging the vitality and hybridity of twentieth-century musics as they moved toward art galleries, museums, and site-specificity. Toop focused on practitioners, whose stories are as compelling as the theoretical and abstract implications of their works. *Inflamed Invisible* collects more than four decades of David Toop's essays, reviews,

interviews, and experimental texts, drawing us into the company of artists and their concerns, not forgetting the quieter, unsung voices. The volume is an offering, an exploration of strata of sound that are the crossing points of sensory, intellectual, and philosophical preoccupations, layers through which objects, thoughts and air itself come alive as the inflamed invisible.

Brett Milano traveled the U.S. seeking out the most die-hard and fanatical collectors to capture all that it means to be a vinyl junkie. A pitch black, rainy night in a small Iranian town. Inside his house the Colonel is immersed in thought. Memories are storming in. Memories of his wife. Memories of the great patriots of the past, all of them assassinated or executed. Memories of his children, who had joined the different factions of the 1979 revolution. There is a knock on the door. Two young policemen have come to summon the Colonel to collect the tortured body of his youngest daughter and bury her before sunrise. The Islamic Revolution, like every other revolution in history, is devouring its own children. And whose fault is that? This shocking diatribe against the failures of the Iranian left over the last fifty years does not leave one taboo unbroken.
