Because the journey is every bit as important as the destination. Chronicling your trip, from the moment you decided to buy those air tickets to when you set foot on your door back home, is what makes those getaways twice as fun - and memorable. And even though you can always use apps in your phone or tablet to track the details of your travel, there's still something infinitely satisfying about the act of taking out your pen and jotting down memorable quotes you heard from chatty locals, keywords that struck you in a moment of inspiration while sipping a cup of espresso, or a new foreign phrase you've just picked up. But in the frenzy of planning your itinerary, to last-minute packing, to hopping from one connecting flight to another, it can be hard to remember
