The easy way to control your home appliances Do you want to control common household appliances and amenities from your smartphone or tablet, wherever you happen to be? Home Automation For Dummies guides you through installing and setting up app-controlled devices in your home, such as heating and air conditioning, lighting, multimedia systems, game consoles, and security and monitoring devices—and even suggests popular products to consider. The saturation of the mobile market with smart devices has led to an upsurge in domestic devices, such as thermostats, refrigerators, smoke detectors, security systems, among others, that can be controlled by those devices. Both Google and Apple offer fully-integrated solutions for connecting mobile devices to home theater and audio systems, and now Google has branched out into smart thermostats and smoke detectors. If you've caught the bug and want to get your feet wet in this cool new phenomenon, Home Automation For Dummies gives you plain-English, step-by-step instructions for tech-ifying your home without breaking a sweat. Provides clear instructions on remotely controlling your home appliances Shows you how to set preferences to automatically adjust lighting or temperature Explores digital "life hacks" that explain how non-app-ready appliances can be controlled via smart phones using third-party go-betweens Covers an emerging segment of the industry that was one of the primary focuses of this year's Consumer Electronic Show If you're looking to find new ways to simplify and better control your home environment using app-driven devices, your phone, or tablet, Home Automation For Dummies makes it easier.

WITH THE SUCCESS OF HIS FIRST BOOK, The 8-Minute Mastermind, Brad Hart follows up by sharing the core of his expertise as a hedge fund manager, financial coach and mastermind facilitator in The 8-Minute Money Manager, sharing closely guarded and little known secrets from the world of banking. Inside he distills five proven approaches to money management for income and growth, including strategies across a spectrum of low to high risk (and reward). In his trademark casual and clear approach to teaching complex subjects and making them simple and easy to understand,

Brad explains some of the most modern and powerful strategies such as creating a solid foundation, life insurance, debt instruments, portfolio investing, high-risk strategies such as cryptocurrency, and many more. And the best part is, with these techniques you can reduce your time involved to roughly 8 minutes per day and still grow your net worth into the millions. In fact that's the whole idea! Buy, read, reread, and share The 8-Minute Money Manager today. You'll only wish you had started sooner!
