The first book in twenty-five years from "one of our great comic minds" (The Washington Post) features Seinfeld's best work across five decades in comedy. Since his first performance at the legendary New York nightclub "Catch a Rising Star" as a twenty-one-year-old college student in fall of 1975, Jerry Seinfeld has written his own material and saved everything. "Whenever I came up with a funny bit, whether it happened on a stage, in a conversation, or working it out on my preferred canvas, the big yellow legal pad, I kept it in one of those old school accordion folders," Seinfeld writes. "So I have everything I thought was worth saving from forty-five years of hacking away at this for all I was worth." For this book, Jerry Seinfeld has selected his favorite material, organized decade by decade. In this "trove of laugh-out-loud one-liners" (Associated Press), you will witness the evolution of one of the great comedians of our time and gain new insights into the thrilling but unforgiving art of writing stand-up comedy.

There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

"Spurious Correlations ... is the most fun you'll ever have with graphs."--Bustle Military intelligence analyst and Harvard Law student Tyler Vigen illustrates the golden rule that "correlation does not equal causation" through hilarious graphs inspired by his viral website. Is there a correlation between Nic Cage films and swimming pool accidents? What about beef consumption and people getting struck by lightning? Absolutely not. But that hasn't stopped millions of people from going to tyelvigen.com and asking, "Wait, what?" Vigen has designed software that scours enormous data sets to find unlikely statistical correlations. He began pulling the funniest ones for his website and has since gained millions of views, hundreds of thousands of likes, and tons of media coverage. Subversive and clever, Spurious Correlations is geek humor at its finest, nailing our obsession with data and conspiracy theory.

This "profound and disturbing" (New York Times Book Review) bestseller written by a Guantánamo prisoner is now a major feature film starring Tahar Rahim and Jodie Foster. When *The Mauritanian* was first published as *Guantánamo Diary* in 2015—heavily redacted by the U.S. government—Mohamedou Ould Slahi was still imprisoned at the detainee camp in Guantánamo Bay, Cuba, despite a federal court ruling ordering his release, and it was unclear when or if he would ever see freedom. In October 2016 he was finally released and reunited with his family. During his fourteen-year imprisonment the United States never charged him with a crime. Now he is able to tell his story in full, with previously censored material restored. This searing diary is not merely a vivid record of a miscarriage of justice, but a deeply personal memoir—terrifying, darkly humorous, and surprisingly gracious. *The Mauritanian* is a document of immense emotional power and historical importance.
